Why Get Vaccinated?
To Protect Yourself, Your Coworkers, Your Family, and Your Community

REASON 1:

It's a Team Effort

Building defenses against COVID-19 in this facility and in your community is a team effort. You are a key part of that defense.

REASON 2:

Extra Protection

Getting the COVID-19 vaccine adds one more layer of protection for you, your coworkers, and family.

REASON 3:

You're not Alone

Millions of Americans have already been vaccinated.

REASON 4:

They are Safe

The vaccines are monitored for safety more closely than any other vaccine in US history.

REASON 5:

100% Effective

Vaccines were 100% effective in preventing hospitalization and death from the COVID-19 virus in clinical trials.

REASON 6:

See Your Loved Ones

If you are fully vaccinated you can feel more confident when visiting with high-risk or unvaccinated people.

Together We Can Fight COVID-19
