DATE FILED: May 31, 2022

PROJECT COST: \$134,416

PURPOSE FOR FILING: The establishment of a new home care organization to initiate and provide home health services to 90 counties limited to infusion nursing services

Staff Review

Note to Agency members: This staff review is an analysis of the statutory criteria of Need, Consumer Advantage Attributed to Competition, and Quality Standards, including data verification of the original application and, if applicable, supplemental responses submitted by the applicant. Any Health Facilities Commission Certificate of Need Staff comments will be presented as a "Note to Agency members" in bold italic.

PROJECT DESCRIPTION

TwelveStone Infusion Support, LLC is seeking approval for the establishment of a new home care organization to initiate and provide home health services to 90 counties limited to the administration of home infusion and injection products to patients of pharmacies which are subsidiaries of TwelveStone Holdings, Inc. The new home health

organization's home office will be located at 352 West Northfield Boulevard, Suite 3, Murfreesboro (Rutherford County), Tennessee 37129.

The applicant also plans to serve Grundy, Lake, and Perry Counties which are designated as economically distressed counties and are exempt from CON requirements per Public Chapter 557. The applicant plans to file a licensure application with The Health Facilities Commission to serve those counties.

The counties of Bedford and Smith are excluded from the service area for the proposed project due to a newspaper publishing error.

Executive Summary

- The applicant proposes to provide home health services limited to home infusion and injection products, and are pharmacy patients of pharmacies which are subsidiaries of TwelveStone Holdings, Inc.
- If approved, the applicant expects to initiate services in the requested counties by September 2022.
- Please see original application Item 1E. on page 5 for the applicant's executive summary overview that includes additional information regarding project description, ownership, service area, existing similar service providers, project cost, and staffing.

Consent Calendar: Yes No

- Executive Director's Consent Memo Attached: Yes **Not applicable**

Facility Information

- The applicant has an option to lease agreement to sublease approximately 500 square feet of administrative space of approximately 32,860 square feet leased by TwelveStone Health Partners, Inc. located at 352 West Northfield Boulevard, Suite 3, Murfreesboro (Rutherford County), TN 37129.

Ownership

- The applicant is wholly owned by TwelveStone Holdings, Inc.
- TwelveStone Holdings, Inc. is owned by Shane Reeves (60.96%), Claristas Capital (26.99%), Executive Team Options (8.20%), and Employee Options and Board Members (3.85%).
- For additional information, please refer to Attachment 7A. which includes an ownership chart.

Project Cost Chart

- The total project cost is \$134,416. Of this amount, the highest line item cost of the project are Facility Fair Market Value (\$70,416), Legal, Administrative, and Consulting Fees (\$43,000), and Contingency Fund (\$10,000).

NEED

The applicant provided the following supporting the need for the proposed project:

- Traditional home health agencies are often unable or unwilling to accept patients for specialty medications or medication infused over a lengthy duration. Not having the adequate available home health agencies available for infusion services places unnecessary burden on both patients and providers. Hospital discharges are delayed until home health infusion services are secured, and patients living in rural areas must travel long distances to physician offices or outpatient facilities for infusion therapy.
- There is an inherent risk for immunocompromised patients to visit crowded medical clinics and hospitals. In 2021, 389 of the 1,102 (38%) Twelve Stone Infusion Center patients could have received their infusions at home instead of an infusion center.
- In 2021, out of 521 TwelveStone patients requiring home health infusion services, 65 patients were declined by existing home health agencies. The three most common reasons were the following: lack of qualified staff, lengthy duration of infusion visits, or being out of network with insurance. Twenty-five of the 65 TwelveStone patients returned to physician offices or outpatient facilities for infusion care, while the remaining 40 were referred to competing infusion companies that provide home health services.

(For applicant discussion, see the Original Application, Item 2E., Page 8)

SERVICE SPECIFIC CRITERIA AND STANDARD REVIEW-HOME HEALTH

All applicable criteria and standards were met except for the following:

- Did not meet the standard of **#1. Determination of Need “In a given county, 1.5 percent of the total population will be considered as the need estimate for home health services in that county. This 1.5 percent formula will be applied as a general guideline, as a means of comparison within the proposed Service Area.”** *This project proposes to initiate home health services in a ninety (90) county service area, which cumulatively show a surplus of (74,164) home health admissions according to the standard of (1.5%) of the total population of the counties included in the project service area. Moore County is the only county indicating a need (3 admissions) for home health services. See Supplemental #1, Attachment 1.N.5, Home Health Services Standards and Criteria, Pages 14-17.*

Note to Agency members: The current home health need formula includes calculations that includes all services that are provided by home health providers. This application includes infusion services that represents only a segment of the home health services involved in the need formula. There is currently no need formula in the home health criteria and standards that specifically addresses home health infusion services.

- **4. County Need Standard:** The applicant should demonstrate that there is a need for home health services in each county in the proposed Service Area by providing documentation (e.g., letters) where: a) health care providers had difficulty or were unable successfully to refer a patient to a home care organization and/or were dissatisfied with the quality of services provided by existing home care organizations based on Medicare’s system Home Health Compare and/or similar data; b) potential patients or providers in the proposed Service Area attempted to find appropriate home health services but were not able to secure such services; c) providers supply an estimate of the potential number of patients that they might refer to the applicant.
 - *The applicant provided referral letters from hospitals, physician practices, specialty clinics, and individual physicians. The referral letters did not specify the area or counties represented by those entities. It is unclear if all 90 counties in the proposed service area were represented in the submitted referral letters.*

Attached to the summary is Attachment 1N-Home Health Services which includes a full listing of the criteria and standards and the applicant’s responses.

Service Area Demographics

The proposed service area consists of 90 Tennessee Counties. The counties of Bedford, Grundy, Lake, Perry, and Smith are not included in this CON application.

(See Supplemental #1 Attachment 1N for a county-level map).

(See Attachment 3N in Supplemental #1 for more demographic detail.)

Service Area- Historical Utilization

Home health infusion utilization trends for the proposed service area (90 counties) are reflected in the following table:

# Agencies	2019		2020		2021		% Change 19-21	
	Visits	Hrs.	Visits	Hrs.	Visits	Hrs.	Visits	Hrs.

- Please refer to Supplemental #1, Question #10, Page 6 for a complete listing of each provider's specific three-year home health infusion utilization in the proposed service area.

Applicant's Historical and Projected Utilization

The following table indicates the applicant's projected utilization.

Year 1 2023 Patients/Visits	Year 2 2024 Patients/Visits
220 Pts/440 Visits	325 Pts/650 Visits

Source: CN2205-025, TwelveStone Infusion Support, LLC, Original Application, Page 13

- The applicant projects a 47% increase in home infusion therapy visits from Year 1 (2023) to Year 2 (2024) and an increased number of patients from 220 to 325.
- There is no historical data to report since the applicant is establishing a new service.
- The applicant based Year One (2023) and Year Two (2024) projections on 2021 Joint Annual Report data that reflects a utilization average of 2 home health infusion visits per patient.

Projected Utilization by Duration of Infusion Services Year 1 (2023) and Year 2 (2024)

	Year 1		Year 2	
	Visits	Hours	Visits	Hours
Infusion services greater than 2 hours	220	660	325	975
Infusion services less than 2 hours	220	220	325	325

Source: CN2205-025, TwelveStone Infusion Support, LLC, Supplemental #1, Item 11, Page 8

- The majority (75%) of patient visits for home infusion therapy services are projected to last longer than 2 hours in both Year 1 (2023) and Year 2 (2024) of the proposed project.

CONSUMER ADVANTAGE ATTRIBUTED TO COMPETITION

Charges

- The proposed net charge per visit of \$160 in Year One and in Year Two are based on revenue listed in the projected data chart by the applicant.

	Projected Data Chart	
	Year 1 (2023)	Year 2 (2024)
Gross Charges	\$200	\$200

- Please refer to Item 10C. in the Consumer Advantage section of the application for specific Payor Mix information.
- Charity Care will equal a total of \$13,200 in Year One and \$19,500 in Year Two.

Agreements

- The applicant does not list any transfer agreements related to this project.
- In the event of an emergency patients will be transferred to the nearest emergency department.

Staffing

The applicant's Year One proposed staffing includes the following:

	Year One
Direct Patient Care Positions	3.0 FTEs
Non-Patient Care Positions	1.0 FTE
Contractual Staff	1.0 FTE
Total	5.0 *FTEs

CRITERION AND
STANDARDS

Original Application

NOTE: Supplemental responses to criterion and standards follows in the supplemental attachments.

ATTACHMENT 1N

STATE OF TENNESSEE

STATE HEALTH PLAN CERTIFICATE OF NEED STANDARDS AND CRITERIA

FOR

HOME HEALTH SERVICES

The Health Services and Development Agency (HSDA) may consider the following standards and criteria for applications seeking to provide home health services. Rationale statements for each standard are provided following the standard. Existing providers of home health services are not affected by these standards and criteria unless they take an action that requires a new certificate of need (CON) for such services.

These standards and criteria are effective immediately upon approval and adoption by the Governor. However, applications for certificates of need to provide home health services that are deemed complete by HSDA prior to the approval and adoption of these standards and criteria by the Governor shall be considered under the Guidelines for Growth, 2000 Edition.

Definitions

Home Health Service: “Home health service” is defined by Tennessee Code Annotated § 68-11-201. This definition is included in HSDA Rule 0720-9-.01. As set out in the statute, home health services include skilled nursing care; physical, occupational, or speech therapy; medical social services; home health aide services; and the provision of certain medical supplies and medical appliances. For the purposes of these standards and criteria, a “home health service” shall be performed by a “home care organization.” Please see Note 1 for information regarding Professional Support Services and Personal Support Services.

Home Care Organization: “Home care organization” is defined by Tennessee Code Annotated § 68-11-201 and includes an entity that provides home health services.

Service Area: Refers to the county or contiguous counties in which the applicant intends to provide home health services.

Joint Annual Reports (JARs): The JARs prepared and submitted by home care organizations shall be identified by the Health Services and Development Agency (HSDA) as the primary source of data regarding home health services performed in Tennessee. The Tennessee Department of Health (TDH) maintains the JARs and is responsible for generating reports utilizing TDH data as required by the Certificate of Need program.

Private Duty Services: Refers to those skilled nursing and CNT services under physician orders provided in the home or community setting.

Intermittent Care Services: Refers to those nursing services provided by an RN or an LPN, therapist, social worker, or aide under physician orders that are normally no more than one visit per day of a maximum duration of two hours.

Standards and Criteria

1. **Determination of Need:** In a given county, 1.5 percent of the total population will be considered as the need estimate for home health services in that county. This 1.5 percent formula will be applied as a general guideline, as a means of comparison within the proposed Service Area.

Rationale: After much effort, the Division has determined that limitations of the data obtained from the current JAR form do not permit a revision of the Need formula, and that there are no more accurate data sources available. Consequently, it has at this time been decided to retain the current Need formula from the Guidelines for Growth and has repeated it herein. The Division commits to working with stakeholders to assess the data needs of the HSDA, the TDH, and stakeholders and to revise the JAR form accordingly. Once sufficient data are collected, a review of the Need formula will be undertaken.

The existing Need formula is admittedly a conservative one. The Division’s research regarding Medicare-Medicaid fraud and abuse in the home health services industry supports a conservative Need formula. In 2012, the Government Accountability Office reported that 40% of all fraud convictions initiated by a group of Medicaid fraud-control units were for home health services — the biggest category of providers convicted through the Medicaid units’ efforts. The Centers for Medicare and Medicaid Services (CMS) states that home health agencies offer services and supplies “vulnerable to fraud.”

Response:

Please Refer to Standard No. 3 below.

2. The need for home health services should be projected three years from the latest available year of final JAR data.

Note: The Division recognizes that a home care organization can be established within a 12–15-month period of time, and that ideally a one-year planning horizon would be used. However, in this instance a three-year planning horizon is used

because final JAR data lag significantly behind the current date. Final 2012 JAR data became available in May 2014, thus providing data for need to be projected in 2015 but not for any other future full calendar year. Should a change occur that enables TDH to provide final JAR data significantly earlier, the Division would propose a change in the planning horizon.

Response:

Please Refer to Standard No. 3 below.

3. The use rate of existing home health agencies in each county of the Service Area will be determined by examining the latest utilization rate as calculated from the JARs of existing home health agencies in the Service Area. Based on the number of patients served by home health agencies in the Service Area, an estimation will be made as to how many patients could be served in the future.

Rationale: This Standard is carried over from the Guidelines for Growth.

Response:

The TwelveStone application is for establishing a new home care organization, limited to providing and administering home infusion and injection products to patients requiring nursing and administration in the home. Upon approval, this CON will serve the medically fragile population requiring home infusion services in all 95 counties. At this time, home health services for specialized infusions, infusion visits of longer duration and home infusion patients requiring home health services in general remain underserved. However, comparing the 2021 JARs to the Projected Growth Data 2021-2025, it appears home health patients requiring traditional home health care services are being adequately served by existing home health agencies.

In order to serve each home infusion patient, TwelveStone bases the service area on the location of the patient, rather than the location of the hospital, clinic, or physician’s office. Because of this, it is necessary to be able to serve patients in each county of the state. One cannot reasonably forecast the precise location of each patient needing infusion therapy services. For this reason, TwelveStone seeks a 95-county license. Please notice the signatures and addresses on each of the 41 Letters of Support. There are large physician practices, individual physicians, case managers from large hospital systems and small county hospitals, social workers, clinic prescribers and nurses, various specialty offices, and pharmaceutical companies. Also, please notice the address of each Letter of Support - they are from all over the state, not just concentrated in one area. Additionally, as demonstrated in section 2E of the main application, TwelveStone served patients in 94 counties in 2021.

PROJECTED DATA CHART				
		Year 1	Year 2	Year 3
A.	Utilization Data	220 Pts/ 440 Visits	325 Pts/ 650 Visits	480 Pts/ 960 visits

4. **County Need Standard:** The applicant should demonstrate that there is a need for home health services in each county in the proposed Service Area by providing documentation (e.g., letters) where: a) health care providers had difficulty or were unable successfully to refer a patient to a home care organization and/or were

dissatisfied with the quality of services provided by existing home care organizations based on Medicare's system Home Health Compare and/or similar data; b) potential patients or providers in the proposed Service Area attempted to find appropriate home health services but were not able to secure such services; c) providers supply an estimate of the potential number of patients that they might refer to the applicant.

Rationale: This Standard seeks to promote State Health Plan Principle 2 concerning Access to Care. The Division believes that if the Need formula is not met, a pattern of problems with referring patients successfully to home care organizations should be demonstrated by the applicant. If no such pattern can be established, there is likely not a need for a new home care organization.

Response:

As explained in section 2E of the main application, the 2021 TwelveStone volume for infusion patients categorized into 3 specific groups, shown below, totaling 558 patients. The three infusion groups with volume levels are as follows:

1. 389 Infusion Center patients,
2. 65 Home Infusion Therapy patients
3. 104 patients with specialty medications

Each patient above qualified for home health, but none of those patients received home health services, due to inability to coordinate nursing with an established home health agency.

Also, please refer to:

Attachment 2 E - Rationale for Approval: Cover Letter for Letters of Support
Attachment 2 E - Letters of Support

5. **Current Service Area Utilization:** The applicant should document by county: a) all existing providers of home health services within the proposed Service Area; and b) the number of patients served during the most recent 12-month period for which data are available. To characterize existing providers located within Tennessee, the applicant should use final data provided by the JARs maintained by the Tennessee Department of Health. In each county of the proposed Service Area, the applicant should identify home health agencies that have reported serving 5 or fewer patients for each of the last three years based on final and available JAR data. If an agency in the proposed Service Area who serves few or no patients is opposing the application, that opponent agency should provide evidence as to why it does not serve a larger number of patients.

Rationale: From comments expressed by many stakeholders, the Division is aware that a home care organization may be licensed to provide services in a county/Service Area but may serve few or no patients there. The Division believes this situation may unreasonably impede the expansion of home health services in a county/Service Area and that any such home care organization that is opposing an application should provide evidence that supports its low market penetration.

Response:

According to the Tennessee Joint Annual Reports there were 147 licensed home

health agencies reporting in 2021. These agencies served 276,258 patients completing 4,446,909 visits. Ten agencies reported serving patients in need of infusion services. The total for these agencies was 3,111 home infusion visits and 2,492 infusion hours.

Response:

Please see attachment: 5 Current Service Area Utilization – “2021 JAR – HHA”

6. **Adequate Staffing:** Using TDH Licensure data, the applicant should document a plan demonstrating the intent and ability to recruit, hire, train, assess competencies of, supervise, and retain the appropriate numbers of qualified personnel to provide the services described in the application and document that such personnel are available to work in the proposed Service Area. The applicant should state the percentage of qualified personnel directly employed or employed through a third-party staffing agency.

Rationale: This Standard seeks to promote State Health Plan Principle 5 concerning a sufficient and quality health care work force. Home care organization workers do not necessarily need to live in the county in which they work. However, in the short term, the number of possible workers in a general area is unlikely to change quickly. In order to promote economic efficiencies and access to health care through reduced personnel cost, applicants should demonstrate that they have a plan to recruit sufficient workforce in the general area within reasonable commuting distance of the proposed Service Area. Moreover, the applicant should present its long-term plans to ensure an adequate supply of quality home care workers is available to meet future needs.

Response:

It is the intent and ability of TwelveStone to recruit, hire, train, assess competencies, supervise, and retain the appropriate numbers of qualified personnel to provide the services described in the application and document that such personnel are available to work in the proposed Service Area. TwelveStone plans to directly hire qualified personnel at 100% and does not plan to use a third-party staffing agency.

TwelveStone Health Partners currently employs approximately 200 employees, throughout the state of TN, as well as GA and VA. TwelveStone is a rapidly growing healthcare organization who hires extremely qualified and experienced clinical personnel. Of the employees we currently have within our company, there are 52 licensed pharmacists, 63 certified pharmacy technicians, 48 registered nurses, 25 nurse practitioners, 2 licensed dieticians and 2 physicians. Approximately 90% of the RNs and Nurse Practitioners currently employed have Infusion experience with specialty medications and traditional infusion products. TwelveStone plans to recruit and hire RNs in each area of the state to administer medications based on volume and need. Recruiting is done in many ways, including but not limited to social media, online software, word of mouth, internal referrals, etc. TwelveStone provides initial and annual compliance training. TwelveStone also provides and requires initial and ongoing clinical training, competencies, and documentation for those involved with caring for patients. **Please see attachments 4C**

7. **Community Linkage Plan:** The applicant should provide a community linkage plan

that demonstrates factors such as, but not limited to, referral arrangements with appropriate health care system providers/services (that comply with CMS patient choice protections) and working agreements with other related community services assuring continuity of care focusing on coordinated, integrated systems. A new provider may submit a proposed community linkage plan.

Rationale: This Standard seeks to promote State Health Plan Principles 3 and 4 concerning Economic Efficiencies and Quality of Care, respectively. In order to promote economic efficiencies and the quality of health care provided in Tennessee, applicants should demonstrate that they have established relationships with other health care providers that will ensure a continuity of care for their patients.

Response:

TwelveStone maintains working relationships with all major health systems in the state as well as physician groups and private physician practices. TwelveStone provides a broad, diverse spectrum of infused medications in the home. The Community Linkage Plan requires a two-prong approach: A) Referrals for patients requiring short-term anti-infective medications are consistently referred from hospital case managers and physician offices. B) Referrals for patients with chronic, complex and rare diseases requiring specialty medications are consistently referred from specialty physicians. The group of specialties include but are not limited to asthma and allergy specialists, dermatology, endocrinology, gastroenterology, immunology, nephrology, neurology, pulmonology, rheumatology and Women’s Health. For example, TwelveStone has received numerous referrals from the University of Tennessee Hemophilia and Thrombosis Center.

TwelveStone does not have formal contracts with providers as the practice impedes patient choice, nor is it a standard practice for traditional or specialty infusion services. However, as evidenced by the large volume of infusion patients being served across the state (Please Refer to **Attachment: 7 Community Linkage Plan: “TwelveStone Volume Comparison to JAR 2021 Competitor Spreadsheet”**) as well as the 41 Letters of Support (Please Refer to **Attachment 2E – “Letters of Support”**) from various types of providers across the state, TwelveStone has built and maintained healthy relationships with prescribers across the state.

8. **TennCare Managed Care Organizations (MCOs) and Financial Viability:** Given the time frame required to obtain Medicare certification, an applicant proposing to contract with the Bureau of TennCare’s MCOs should provide evidence of financial viability during the time period necessary to receive such certification. Applicants should be aware that MCOs are under no obligation to contract with home care organizations, even if Medicare certification is obtained, and that Private Duty Services are not Medicare certifiable services. Applicants who believe there is a need to serve TennCare patients should contact the TennCare MCOs in the region of the proposed Service Area and inquire whether their panels are open for home health services, as advised in the notice posted on the HSDA website, to determine whether at any given point there is a need for a provider in a particular area of the state; letters from the TennCare MCOs should be provided to document such need. See Note 2 for additional information.

Applicants should also provide information on projected revenue sources, including non-TennCare revenue sources.

Rationale: This Standard seeks to promote State Health Plan Principle 3 concerning Economic Efficiencies. This Standard further seeks to promote the orderly development of the health care system by bringing to the forefront issues concerning Medicaid/Medicare certification.

Response:

TwelveStone Infusion Support does not intend to seek Medicare/Medicaid certification.

9. **Proposed Charges:** The applicant's proposed charges should be reasonable in comparison with those of other similar agencies in the Service Area or in adjoining service areas. The applicant should list:
- a. The average charge per visit and/or episode of care by service category, is available in the JAR data.
 - b. The average charge per patient is based upon the projected number of visits and/or episodes of care and/or hours per patient, if available in the JAR data.

Rationale: This Standard seeks to promote State Health Plan Principle 3 concerning Economic Efficiencies through greater marketplace transparency.

Response:

The applicant's proposed charges are reasonable in comparison with those of other similar agencies in the state, which constitutes the entire service area. TwelveStone's proposed rates are \$200.00 per visit (as shown in response to 6C and 9C of the main application). The number of visits and the length of those visits will vary based on the medication being infused. The patients TwelveStone Infusion Support plans to service will require ongoing home health nursing due to a chronic medical condition.

10. **Access:** In concert with the factors set forth in HSDA Rule 0720-11-.01(1) (which lists those factors concerning need on which an application may be evaluated), the HSDA may choose to give special consideration to an applicant that is able to show that there is limited access in the proposed Service Area for groups with special medical needs such as, but not limited to, medically fragile children, newborns and their mothers, and HIV/AIDS patients. Pediatrics is a special medical needs population, and therefore any provider applying to provide these services should demonstrate documentation of adequately trained staff specific to this population's needs with a plan to provide ongoing best practice education. For purposes of this Standard, an applicant should document need using population, service, special needs, and/or disease incidence rates. If granted, the Certificate of Need should be restricted on condition, and thus in its licensure, to serving the special group or groups identified in the application. The restricting language should be as follows: **CONDITION:** Home health agency services are limited to (*identified specialty service group*); the expansion of service beyond (*identified specialty service group*) will

require the filing of a new Certificate of Need application. Please see Note 3 regarding federal law prohibitions on discrimination in the provision of health care services.

Rationale: This Standard seeks to promote State Health Plan Principle 2 concerning Access to Care.

Response:

TwelveStone will promote State Health Plan Principle 2 concerning Access to Care. Access to Care, limited to infusion and/or injection in the home is the purpose of TwelveStone’s home health application. For more than 20 years TwelveStone has cared for patients in every county in Tennessee. From the time it opened its first infusion pharmacy until now, TwelveStone has been 100% dependent on existing home health agencies for: infused medication administration, lab draws, and dressing changes, to remain compliant with State and Federal requirements as well as maintain Standards of Care. Some agencies are owned by competing national pharmacies and others are owned by insurance companies. TwelveStone has worked with existing agencies for many years and have established great relationships. Those relationships remain strong, but agencies can only commit to the services they can reasonably provide on the date of referral. Over the past few years establishing home health services for infusion patients with existing providers has become increasingly more difficult and time consuming particularly in the remote rural counties of the state. TwelveStone recognized this problem prior to the COVID pandemic, however, the concern was greatly compounded by the pandemic and currently remains. Many reasons for home health denial have been provided, with the 3 most common being:

- 1) Lack of staff/Lack of qualified staff,
- 2) Length of infusion time, and
- 3) Not contracted/Out of network with insurance.

As a result, TwelveStone continues having to decline referrals due to the inability to establish home health. Referral sources recognize referring to TwelveStone results in a delay they don’t experience with other home infusion providers. Since TwelveStone does not have an established home health agency, a referral source may choose to send the patient to another pharmacy-based home health provider, simply to streamline the process.

TwelveStone Infusion Support will not compete with existing home health providers. On the contrary, TwelveStone will continue referring patients to existing providers as they are able to accommodate (as has always been done). However, with the increasing number of patients not accepted by existing agencies, TwelveStone proposes TwelveStone Infusion Support to quickly and efficiently accommodate patients with homecare needs for infusion therapy.

Please see attachment: 10 Access: “HSDA Potential Graphs”

11. **Quality Control and Monitoring:** The applicant should identify and document its existing or proposed plan for data reporting (including data on patient re-admission to hospitals), quality improvement, and an outcome and process monitoring system (including continuum of care and transitions of care from acute care facilities). If applicable, the applicant should provide documentation that it is, or that it intends

to be, fully accredited by the Joint Commission, the Community Health Accreditation Program, Inc., the Accreditation Commission for Health Care, and/or other accrediting body with deeming authority for home health services from CMS.

Rationale: This Standard seeks to promote the State Health Plan Principle 4 concerning Quality of Care. The Division recognizes that certain home care organizations are certified by CMS but are not necessarily accredited by the entities listed above.

Response:

TwelveStone Health Partners' quality control and monitoring program is a systematic process designed to ensure that standards and processes are in place to identify, plan, and evaluate quality issues to improve and provide safety in all aspects of patient care. TwelveStone Health Partners is accredited by ACHC and URAC and is recognized by URAC as a "Leader in Performance Measurement."

- 12. Data Requirements:** Applicants should agree to provide the Department of Health and/or the Health Services and Development Agency with all reasonably requested information and statistical data related to the operation and provision of services and to report that data in the time and format requested. As a standard of practice, existing data reporting streams will be relied upon and adapted over time to collect all needed information.

Rationale: This Standard seeks to promote accurate health planning through the availability of accurate and timely data.

Response:

TwelveStone Infusion Support agrees to the Data Requirements stated above.

Notes

1. Professional Support Services and Personal Support Services: It should be noted that an entity providing either "professional support services," as defined by TCA § 68-11-201 (regarding nursing and occupational, physical, or speech therapy services provided to individuals with mental retardation or developmental disabilities pursuant to a contract with the state agency financially responsible for such services), or "personal support services," as set forth in the Rules of the Department of Mental Health and Substance Abuse Services Office of Licensure Chapter 0940-05-38 (regarding self-care assistance, household assistance, personal assistance to access community activities, and education services), does not require a Certificate of Need in order to be licensed by the appropriate department to perform its services.

2. TennCare Medicare Certification: As of the effective date of these standards and criteria, the Rules of the Bureau of TennCare ("TennCare"), the state of Tennessee's Medicaid program, require that any applicant for a Certificate of Need to provide home health services that desires to contract with TennCare's MCOs become Medicare-certified. The process of becoming Medicare-certified can take several months if an agency does not meet Medicare "deemed certified" status through accreditation by national accrediting organizations.

It should be noted that as of the effective date of these standards and criteria, Private Duty Services do not qualify as a Medicare reimbursable service. Thus, an entity that applies for a Certificate of Need should not apply to provide only Private Duty Services if it intends to try to contract with the MCOs as it will not be able to receive Medicare certification. Additionally, applicants should contact TennCare for specific information regarding the ability to contract with MCOs. On the Health Services and Development Agency website (<http://www.tn.gov/hsda/>) An informational letter is available entitled "[Are you thinking about applying for a CON to provide Home Health or Private Duty Nursing Services in Tennessee?](#)"

3. Services not to be Discriminatory in Nature: Some past applications have endeavored to provide home health services to specific populations. It should be noted that federal law prohibits health care providers from providing health care services that discriminate against any population in the areas of race, color, national origin, disability, or age. This prohibition is enforced by the Office for Civil Rights to ensure that eligible persons have equal access to quality health care regardless of race, color, national origin, disability, or age.

RESPONSE:

Approximately 500 square feet of the total leased space of approximately 32,860 square feet leased by TwelveStone Health Partners, Inc. will be sublease to the Applicant to serve as an administrative office for the operations of the Applicant, and the Application will also be allowed various conference rooms, rest rooms and other common areas in the TwelveStone Health Partners, Inc. space. Patient care activities will take place in

the patient's residence and no patient care activities will be provided at the Applicant's office location. A floor plan of the space is included as **Attachment 10A**.

11A. Public Transportation Route

Describe the relationship of the site to public transportation routes, if any, and to any highway or major road developments in the area. Describe the accessibility of the proposed site to patients/clients.

RESPONSE:

Home health services will not be provided at the Applicant's office location, as the office will be used primarily for administrative functions of the Applicant. Patients will receive infusion services in their place of residence with the clinicians traveling to such locations. Clinicians will have access to remote technology which will be used for patient documentation as well as education and communication with the administrative office.

12A. Plot Plan

Unless relating to home care organization, briefly describe the following and attach the requested documentation on a letter size sheet of white paper, legibly labeling all requested information. It **must** include:

- Size of site (in acres);
- Location of structure on the site;
- Location of the proposed construction/renovation; and
- Names of streets, roads, or highways that cross or border the site.

RESPONSE:

The project is a home health agency with its office in a commercial multi-tenant building, therefore acreage is not applicable to this application. **Please see attachments 12A**

TwelveStone Infusion Support, LLC, is a limited liability company which is a wholly owned subsidiary of TwelveStone Holdings, Inc., with the home offices of both being located in Murfreesboro (Rutherford County), Tennessee. TwelveStone Pharmacy, LLC serves patients in all 95 counties of Tennessee, and the Applicant also proposes to serve patients in all 95 counties by establishing a new Home Care Organization and initiating Home Health Services; however, those Home Health Services will be limited to providing and administering home infusion and injection products to patients requiring nursing and administration in the home, and are pharmacy patients of pharmacies which are subsidiaries of TwelveStone Holdings, Inc. All affiliates of TwelveStone Holdings, Inc., including the Applicant are collectively referred to as "TwelveStone."

TwelveStone traces its roots to the 1980 opening of a small drug store in Murfreesboro (Reeves-Powell Saveway Drug Store), which grew into a large pharmacy operating under the name Reeves-Sain Pharmacy, and in 1994 began another business line known as Reeves-Sain Infusion and Extended Care Services. In recent years TwelveStone has expanded its services in multiple ways to better support its partners and patients. Those services now include a comprehensive group of solutions including pharmacy, infusion, and enteral services, designed around the needs of patients and their families. A considerable part of the growth in recent years has been in the area of infusions, providing multiple types of infusion pharmaceuticals through its pharmacy to various channels of healthcare providers, including hospitals, skilled nursing facilities, assisted living facilities, specialty care clinics, hospice (both inpatient and those receiving hospice services at home) and home care. Those specialty care clinics include TwelveStone's own network of infusion centers throughout Tennessee, Georgia and Virginia for patients who need to receive infusions in that type of clinical setting. In the last few years more and more infusions are occurring in the patient's home, due to a variety of reasons further explained in other areas of this application, including improvements in delivery systems for infusible pharmaceuticals, patient/consumer preference, regulatory changes (including the FDA allowing more pharmaceuticals to be infused in a home setting), technological advances, insurer demands and the COVID pandemic.

TwelveStone is an organization that desires to honor God with the services provided to our customers, as well as all other aspects of our operations, that involves staff, fellow healthcare providers, vendors, and the communities we serve. The TwelveStone name is a representation of the Old Testament story from the book of Joshua and his leadership of the Hebrews across the Jordan and into the Promised Land where each of the twelve tribes stacked a stone to commemorate all the obstacles encountered to get there. Our vision and our goal is to practice that same sentiment as it pertains to the services we provide to our patients; we want to be there to help them transition from a place of acute healthcare and navigate as seamlessly as possible to a place of post-acute healthcare. The latter, consisting of all forms of pharmaceutical care, home infusion, home health care, retail and specialty pharmacy, long-term care pharmacy, and out-patient infusion centers that provide comfort and care, like an extension of home.

Ownership structure:

The Applicant will be self-managed. The TwelveStone affiliates operate in Tennessee, as well as Georgia and Virginia under the various names noted on the Organizational Chart attached as **Attachment 7A**. Additionally, TwelveStone's pharmacy division provides pharmaceuticals, including infusion medications and supplies, to providers and patients in 31 states.

Service Area:

The Applicant's administrative offices will be located in leased office space in Murfreesboro (Rutherford County), which is geographically central to the state of Tennessee. While the Applicant desires to serve all 95 Counties in Tennessee, Grundy, Lake and Perry Counties are currently exempt from CON requirements. Also, due to publishing errors regarding The Shelbyville Times-Gazette and the Carthage Courier, Bedford County and Smith County will not be included in this CON, if approved. If this CON application is approved, the applicant plans to add Grundy, Lake, and Perry Counties to its service area promptly upon licensure by the Tennessee Department of Health (anticipated in the Project Completion Forecast to be during September 2022), and the applicant would then seek another CON to add Bedford County and Smith County to the service area before the end of 2022.

Staffing:

TwelveStone Health Partners currently employs approximately 200 employees, throughout the state of TN, as well as GA and VA. TwelveStone is a rapidly growing healthcare organization who hires extremely qualified and experienced clinical personnel. Of the employees we currently have within our company, there are 52 licensed pharmacists, 63 certified pharmacy technicians, 48 registered nurses, 25 nurse practitioners, 2 licensed dietitians and 2 physicians. In Year 1 and in year 2, Registered Nurses will be hired and geographically located to ensure appropriate coverage throughout the service area. TwelveStone nurses will receive extensive and ongoing training to support their ability to adequately perform physical assessments, reinforce education regarding disease

process and prescribed therapy, IV access and prescribed medication administration. Recruiting is done in many ways, including but not limited to social media, online software, word of mouth, internal referrals, etc.

2E. Rationale for Approval

A Certificate of Need can only be granted when a project is necessary to provide needed health care in the area to be served, will provide health care that meets appropriate quality standards, and the effects attributed to competition or duplication would be positive for consumers

RESPONSE - ITEM 2E: Rationale for Approval

For years TwelveStone, with its many service lines, has served patients in all 95 counties in Tennessee. With infusion services alone, TwelveStone provided services for patients in 94 counties in 2021. There are 3 specific groups of infusion patients that justify TwelveStone having its own home health agency as shown below:

1). TwelveStone Infusion Center (IC) patients, currently receiving treatment onsite. Often, TwelveStone Infusion Center patients struggle with being immunocompromised either due to chronic, complex, and rare diseases itself or are rendered so by their treatment regimens. There can be inherent risk with visits to crowded medical clinics and hospitals. In 2021, Twelve Stone Infusion Centers infused 1,012 patients in Tennessee. Based on medications given and insurance contracts, 389 of the 1012 patients could have received their infusions at home instead of an infusion center. The 389 patients (38%) reside in 44 counties in Tennessee.

2). TwelveStone Medical patients receiving Home Infusion Therapy (HIT) that require home health and are refused by existing home health agencies. In 2021, TwelveStone received 1,117 referrals for Home Infusion Therapy (HIT). Before discharging from the hospital, 215 referrals were cancelled by the prescriber for various reasons. TwelveStone served 902 HIT patients in 68 Tennessee counties. Of the 902 HIT patients, 521 patients (57%) required home health services, 396 patients (43%) did not require home health as the patient was able to self-administer or had a family member to assist with administration. Of the 521 patients requiring home health services, TwelveStone established home health for 456 patients with existing agencies and 65 patients were declined by existing home health agencies for several reasons - The three most common reasons are: lack of staff/ lack of qualified staff, lengthy duration of infusion visits, or being out-of-network with insurance. With no other alternative available, 25 patients chose to return to MD offices or hospital outpatient facilities for infusion care and 40 patients were referred to competing infusion companies that provide home health services. These 65 patients reside in 28 counties in Tennessee. TwelveStone Medical's HIT growth rate is currently outpacing itself by 50%, as compared to the same date in 2021, demonstrating an obvious rationale for approval.

3) TwelveStone Medical patients referred for infused specialty medications. In 2021, TwelveStone served 104 patients in 44 counties, with infused specialty medications. Patients that fall into this category are often required to travel to the physician's office for infusion administration after TwelveStone dispenses the specialty medication. Lack of localized infusion services presents an unnecessary impediment for the patients. This is a barrier to much needed care for very ill patients and a challenge for their prescribers to manage. TwelveStone Infusion Support would help alleviate the problem for the patients as well as minimize the time and space requirements within a provider's office.

The three groups listed above describe in detail the types and volume of infusion patients served by TwelveStone. The following explains obstacles TwelveStone has experienced serving its infusion population. Patients referred to TwelveStone for home infusion therapy and home health services frequently experience delays in care due to the inability to establish home health. For hospital patients scheduled to discharge home with HIT and home health, the actual discharge does not happen until home health has been confirmed. Delays can range from a few hours to several days before home health is established. This creates additional and unnecessary problems for patients and their families. It also causes additional problems for hospitals, creating unnecessary costs and unnecessary delays in bed turnaround. Patients referred to TwelveStone for infused specialty medications frequently encounter delays starting the new medication due to the inability to establish home health. Traditional home health agencies are often unable or unwilling to accept patients for specialty medications or medications infused over a lengthy duration. Sadly, to begin the required, ongoing, disease-modifying medication, these patients must travel long distances to be infused. The difficulties are more significant for patients living in remote, rural counties as their health and well-being, travel times, travel costs, and distances from care, are the greatest. Not having adequate home health organizations available for infusion therapy is an unnecessary burden on both patients and providers. But ultimately it is the patient that pays the great price, not

just with their time or their resources, but with their health.

In order to serve each home infusion patient, TwelveStone bases the service area on the location of the patient, rather than the location of the hospital, clinic, or physician's office. Because of this, it is necessary to be able to serve patients in each county of the state. One cannot reasonably forecast the precise location of each patient needing infusion therapy services. For this reason, TwelveStone seeks a 95-county license. Please notice the signatures and addresses on each of the 41 Letters of Support. There are large physician practices, individual physicians, case managers from large hospital systems and small county hospitals, social workers, clinic prescribers and nurses, various specialty offices, and pharmaceutical companies. Also, please notice the address of each Letter of Support - they are from all over the state, not just concentrated in one area. Additionally, to summarize numbers 1-3 above, TwelveStone served infusion patients in 94 counties in 2021.

During the first two years of the COVID pandemic, TwelveStone grew 72% in 2020 and 53% in 2021. At the time when many companies were failing and/ or closed, TwelveStone experienced significant growth across all service lines. For 28 years TwelveStone has been 100% dependent on existing home health agencies for patients needing home health services. Combining the obstacles faced in 2021 and our robust growth, it will make establishing home health services for infusion patients even more difficult going forward. Infusion patients and referral sources alike deserve a home health agency with qualified infusion nurses to provide timely care for patients in the convenience of their home. The facts and figures stated above warrant the Rationale for Approval of TwelveStone Infusion Support.

As noted in the "Consumer Advantage" response below, many of the patients described above are unable to transport themselves to an infusion center or other healthcare facility, and must depend on a family member, friend or medical transportation service in order to obtain their treatment. Disease complications and/or sequelae prevent them from driving and still other patients may be limited from driving for several hours after infusions as a precaution in consideration of medication side effects.

Quality Standards

RESPONSE:

Please see attachment 2E

Consumer Advantage – Choice

RESPONSE:

TwelveStone will continue to honor patient choice for home health as it always has. The Consumer Advantage will be an additional home health provider, specializing in home infusion. TwelveStone Infusion Support will accept infusion patients in a prompt timely manner, thereby reducing hospital discharge delays, reducing delays for patients receiving infused pharmaceuticals and reducing time spent trying to establish home health.

Consumer Advantage - Improved access/availability to health care service(s)

RESPONSE:

With Improved access and availability to home health services, the consumer advantage will be for all infusion patients in all counties. All infusion patients, whether immunocompromised, chronic, complex, rare disease or patients receiving short term IV antibiotics, all patients being infused at home will experience:

- Their best healing environment – their home. It is a documented fact that patients heal quicker in their own home than in any other setting.
- More rest and better rest, which is necessary for healing.
- Less risk of exposure to various illnesses, often found in acute care and outpatient facilities, especially at their time of vulnerability.
- Less stress and fatigue. Time traveling, time waiting, and time infusing – all take a toll on a patient's physical and mental health.
- Fewer recurrent MD visits and fewer rehospitalizations, both of which drive up the cost of healthcare and reduce capacity on the healthcare system in general.
- Less dependency on family members/ friends to assist them to and from appointments, which requires taking unplanned time away from their work and family.
- Less personal costs associated with traveling to an acute care facility or out-patient setting.

Consumer Advantage – Affordability**RESPONSE:**

Regarding affordability, the Applicant will treat any home health eligible (and infusion eligible) patient in the Service Area without regard to the person's ability to pay.

The amount used on A.2. above is the higher of (a) the actual rent to be paid during the term of the lease or (b) the value of the property being used. Such calculation resulting in the use of \$70,416 on A.2. According to the records of the Rutherford County Tax Assessor's office the entire building contains 32,250 square feet of space, and with 500 square feet allocated for the Applicant, that is 1.55% of the total space. 1.55% of \$4,541,800 equals \$70,416, which is higher than the rent for this space during the 5-year sublease term (\$21,374).

GENERAL CRITERIA FOR CERTIFICATE OF NEED

In accordance with TCA §68-11-1609(b), “no Certificate of Need shall be granted unless the action proposed in the application for such Certificate is necessary to provide needed health care in the area to be served, will provide health care that meets appropriate quality standards, and the effect attributed to completion or duplication would be positive for consumers.” In making determinations, the Agency uses as guidelines the goals, objectives, criteria, and standards adopted to guide the agency in issuing certificates of need. Until the agency adopts its own criteria and standards by rule, those in the state health plan apply.

Additional criteria for review are prescribed in Chapter 11 of the Agency Rules, Tennessee Rules and Regulations 01730-11.

The following questions are listed according to the three criteria: (1) Need, (2) the effects attributed to competition or duplication would be positive for consumers (Consumer Advantage), and (3) Quality Standards.

NEED

The responses to this section of the application will help determine whether the project will provide needed health care facilities or services in the area to be served.

1N. Provide responses as an attachment to the applicable criteria and standards for the type of institution or service requested. A word version and pdf version for each reviewable type of institution or service are located at the following website. <https://www.tn.gov/hsda/hsda-criteria-and-standards.html> 1N)

Please see attachments 1N.

2N. Identify the proposed service area and provide justification for its reasonableness. Submit a county level map for the Tennessee portion and counties bordering the state of the service area using the supplemental map, clearly marked, and shaded to reflect the service area as it relates to meeting the requirements for CON criteria and standards that may apply to the project. Please include a discussion of the inclusion of counties in the border states, if applicable. **Please see attachments 2N.**

3N. A. Describe the demographics of the population to be served by the proposal.

B. Provide the following data for each county in the service area:

- Using current and projected population data from the Department of Health. (www.tn.gov/health/health-program-areas/statistics/health-data/population.html);
- the most recent enrollee data from the Division of TennCare (<https://www.tn.gov/tenncare/information-statistics/enrollment-data.html>),
- and US Census Bureau demographic information (<https://www.census.gov/quickfacts/fact/table/US/PST045219>).

Be sure to identify the target population, e.g., Age 65+, the current year and projected year being used.

Please see attachments 3N.

4N. Describe the special needs of the service area population, including health disparities, the accessibility to consumers, particularly those who are uninsured or underinsured, the elderly, women, racial and ethnic minorities, TennCare or Medicaid recipients, and low-income groups. Document how the business plans of the facility will take into consideration the special needs of the service area population.

Not applicable

5N. Describe the existing and approved but unimplemented services of similar healthcare providers in the service area. Include utilization and/or occupancy trends for each of the most recent three years of data available for this type of project. List each provider and its utilization and/or occupancy individually.

Inpatient bed projects must include the following data: Admissions or discharges, patient days. Average length of stay, and occupancy. Other projects should use the most appropriate measures, e.g., cases, procedures, visits, admissions, etc.

Response:

According to the Tennessee Joint Annual Reports there were 147 licensed home health agencies reporting in 2021. These agencies served 276,258 patients completing 4,446,909 visits. 10 agencies reported serving patients in need of infusion services. The total for these agencies was 3,111 home infusion visits and 2,492 infusion hours.

- 6N.** Provide applicable utilization and/or occupancy statistics for your institution's services for each of the past three years and the project annual utilization for each of the two years following completion of the project. Additionally, provide the details regarding the methodology used to project utilization. The methodology must include detailed calculations or documentation from referral sources, and identification of all assumptions.

Response:

Please refer to Item 2E and 6C. Details the 2021 TwelveStone volume for infusion patients categorized into 3 specific groups: The three infusion groups with volume levels are as follows: 1). 389 Infusion Center patients, 2). 65 Home Infusion Therapy patients, and 3). 104 patients with specialty medications, totaling 558 patients. Each patient qualified for home health, but no patient received home health services. TwelveStone Infusion Support Services expects to conservatively capture 40% (approximately 220 patients) of the 558 patients already in the TwelveStone system. TwelveStone has no historical utilization data to draw from. Therefore, utilization data found in 2021 Joint Annual Reports was referenced showing competing home health agencies for infusion utilize an average of 2 visits per patient. However, due to the nature of the various disease states serviced by TwelveStone, we anticipate the number of patient visits to be significantly higher than the 2021 JAR average number.

Year 1 – \$88,000.00 Revenue - 220 Patients / 440 visits at \$200.00 per visit. Charity Care was calculated at 15% of revenue. Bad Debt was calculated at 5% of revenue.

Year 2 - \$1,000.00 Revenue - represents 48% growth. 325 patients/650 visits. Utilization data - 2 visits per patient. Charity Care was calculated at 15% of revenue. Bad Debt was calculated at 5% of revenue.

- 7N. Not applicable**

CONSUMER ADVANTAGE ATTRIBUTED TO COMPETITION

The responses to this section of the application helps determine whether the effects attributed to competition or duplication would be positive for consumers within the service area.

- 1C.** List all transfer agreements relevant to the proposed project.

RESPONSE:

TwelveStone maintains working relationships with all health systems across the state as well as physician groups and private physician practices. These relationships are evident by the number of Letters of Support from various providers and referral sources from across the state of Tennessee.

(See 2E Rationale for Support Cover Letter)

- 2C.** List all commercial private insurance plans contracted or plan to be contracted by the applicant.

RESPONSE:

TwelveStone Medical, a pharmacy with shared ownership, is licensed in 50 states and has contracted with 32 state Medicaid plans. **Please see attachments 2C.**

- 3C.** Describe the effects of competition and/or duplication of the proposal on the health care system, including the impact upon consumer charges and consumer choice of services.

RESPONSE:

There will be no effect on competition as TwelveStone will continue utilizing existing home health agencies as it always has. The only difference will be that TwelveStone will have its own agency to care for patients that are refused by current providers. Consumer charges will be the same regardless of

provider as TwelveStone honors the contracted rates of insurers. Consumer choice will increase due to having an additional home health provider, specializing in home infusion, available in every county.

- 4C.** Discuss the availability of and accessibility to human resources required by the proposal, including clinical leadership and adequate professional staff, as per the State of Tennessee licensing requirements, CMS, and/or accrediting agencies requirements, such as the Joint Commission and Commission on Accreditation of Rehabilitation Facilities.

RESPONSE:

TwelveStone Health Partners currently employs approximately 200 employees, throughout the state of TN, as well as GA and VA. TwelveStone is a rapidly growing healthcare organization who hires extremely qualified and experienced clinical personnel. Of the employees we currently have within our company, there are 52 licensed pharmacists, 63 certified pharmacy technicians, 48 registered nurses, 25 nurse practitioners, 2 licensed dieticians and 2 physicians. TwelveStone will recruit and hire RNs in each area of the state to administer medications based on volume and need. Recruiting is done in many ways, including but not limited to social media, online software, word of mouth, internal referrals, etc. TwelveStone provides initial and annual compliance training. TwelveStone also provides and requires initial and ongoing clinical training, competencies, and documentation for those involved with caring for patients. **Please see attachments 4C.**

- 5C.** Document the category of license/certification that is applicable to the project and why. These include, without limitation, regulations concerning clinical leadership, physician supervision, quality assurance policies and programs, utilization review policies and programs, record keeping, clinical staffing requirements, and staff education.

RESPONSE:

Once the certificate of need has been presented and approved by the TN Health Services and Development Agency, an application will be completed and submitted to the TN Department of Health in order to obtain licensure as a home health agency, in the state of TN. Once approved, all personnel hired to take care of patients in the home, will also be licensed and in good standing with the TN Department of Health.

- 6C.** See INSTRUCTIONS to assist in completing the following tables.

The Applicant has no operating history. Therefore, the Historical Data Chart is not applicable.

	NET OPERATING REVENUE	\$70,400.00	\$104,000.00

RESPONSE:

Please refer to Item 2E Response. It details the 2021 TwelveStone volume for infusion patients categorized

into 3 specific groups: The three infusion groups with volume level are as follows: 389 Infusion Center patients, 65 Home Infusion Therapy patients, and 104 patients with specialty medications, totaling 558 patients. Each patient qualified for home health, but no patient received home health services. TwelveStone Infusion Support Services expects to conservatively capture 40% (approximately 220 patients) of the 558 patients already in the TwelveStone system. TwelveStone has no historical utilization data to draw from. Therefore, utilization data found in 2021 Joint Annual Reports was referenced showing competing home health agencies for infusion utilize an average of 2 visits per patient. However, due to the nature of the various disease states serviced by TwelveStone, we anticipate the number of patient visits to be significantly higher than the 2021 JAR average number.

Year 1 – \$88,000.00 Revenue - 220 Patients / 440 visits at \$200.00 per visit. Charity Care was calculated at 15% of Revenue. Bad Debt was calculated at 5% of Revenue.

Year 2 - \$130,000.00 Revenue - represents 48% growth over year 1(to 325 patients/650 visits, utilization remains at 2 visits per patient). Charity Care was calculated at 15% of Revenue. Bad Debt was calculated at 5% of Revenue.

7C. Please identify the project’s average gross charge, average deduction from operating revenue, and average net charge using information from the Historical and Projected Data Charts of the proposed project.

Project Only Chart

	Previous Year to Most Recent Year	Most Recent Year	Year 1	Year 2	% Change (Current Year to Year 2)
Gross Charge (<i>Gross Operating Revenue/Utilization Data</i>)	No historical data	No historical data	\$200.00	\$200.00	0%
Deduction from Revenue (<i>Total Deductions/Utilization Data</i>)	No historical data	No historical data	\$40.00	\$40.00	0%
Average Net Charge (<i>Net Operating Revenue/Utilization Data</i>)	No historical data	No historical data	\$160.00	\$160.00	0%

8C. Provide the proposed charges for the project and discuss any adjustment to current charges that will result from the implementation of the proposal. Additionally, describe the anticipated revenue from the project and the impact on existing patient charges.

RESPONSE:

The Projected Revenue for Year 1 is \$88,000.00, based on 220 patients/ 440 visits - averaging 2 visits per patient (2021 Joint Annual Reports show competing agencies average about 2 visits per patient). TwelveStone’s proposed project charges for infusions in the home are comparable when compared to the project charges of similar services in the service area/ adjoining service areas, as evidenced by 2021 Joint Annual Reports. In Year 1, TwelveStone plans to hire: 1 Director of Nurses to supervise staff, a minimum of 1 administrative person, RNs with documented infusion experience - a minimum of 1 FTE RN for each division of the state. A TN licensed MD will be secured as Medical Director. Business hours will be 8am until 5pm CST, Monday - Friday. After hours calls will be processed by an in-state answering service and direct patient care calls to the RN on-call. As volume and need warrants, new RN’s and administrative staff will be hired.

9C. Compare the proposed project charges to those of similar facilities/services in the service area/adjoining services areas, or to proposed charges of recently approved Certificates of Need. If applicable, compare the proposed charges of the project to the current Medicare allowable fee schedule by common procedure terminology (CPT) code(s).

RESPONSE:

Comparison of TwelveStone proposed project charges to those of similar services based on 2021 JARs:

Organization	Charges per Visit
TwelveStone Infusion Support	\$200 (projected)
Coram Specialty Infusion Services, Inc.	\$216.71

(Davidson)	\$8 Revenue - \$136,164.00 divided by 857 visits
Intrathecal Care Solutions	\$158.88 (Revenue - \$228,553.00 divided by 1,055 visits)
Option Care Infusion Services, LLC dba Vanderbilt HC/Option Care IV Services	\$145.94 (Revenue - \$181,404.00 divided by 1,243 visits)
Pentec Health, Inc.	\$72.27 (Revenue - \$73,436.00 divided by 1,016 visits)
Coram Alternate Site Services, Inc. (Knox)	\$106.86 (Revenue - \$124,274.00 divided by 1,163 visits)
Implanted Pump Management, Inc.	\$114.03 (Revenue - \$24,860.00 divided by 218 visits)
Accredo Health Group, Inc.	\$302.70 (Revenue - \$177,387.00 divided by 586 visits)
Optum Infusion Services, LLC	\$128.96 (Revenue - \$155,079.00 divided by 1,116 visits)
Coram Alternate Site Services, Inc (Shelby)	\$1,444.32* (Revenue - \$1,541,090.00 divided by 1,067 visits)

*There may be an error in the 2021 JAR report on this number, since it is inconsistent with other Coram numbers above.

Note the \$200 projected above by the applicant for its charges is based upon a review by applicant of the varied amounts above, and a review of various other factors, and may differ slightly from the actual charges once the project begins.

10C. Discuss the project's participation in state and federal revenue programs, including a description of the extent to which Medicare, TennCare/Medicaid, and medically indigent patients will be served by the project. Report the estimated gross operating revenue dollar amount and percentage of project gross operating revenue anticipated by payor classification for the first and second year of the project by completing the table below.

RESPONSE:

TwelveStone does not plan to seek Medicare or Medicaid certification and expects 90% of patients will be commercially insured.

DEVELOPMENT SCHEDULE

TCA §68-11-1609(c) provides that activity authorized by a Certificate of Need is valid for a period not to exceed three (3) years (for hospital and nursing home projects) or two (2) years (for all other projects) from the date of its issuance and after such time authorization expires; provided, that the Agency may, in granting the Certificate of Need, allow longer periods of validity for Certificate of Need for good cause shown. Subsequent to granting the Certificate of Need, the Agency may extend a Certificate of Need for a period upon application and good cause shown, accompanied by a non-refundable reasonable filing fee, as prescribed by rule. A certificate of Need authorization which has been extended shall expire at the end of the extended time period. The decision whether to grant an extension is within the sole discretion of the Agency, and is not subject to review, reconsideration, or appeal.

- Complete the Project Completion Forecast Chart below. If the project will be completed in multiple phases, please identify the anticipated completion date for each phase.
- If the CON is granted and the project cannot be completed within the standard completion time period (3 years for hospital and nursing home projects and 2 years for all others), please document why an extended period should be approved and document the “good cause” for such an extension.

PROJECT COMPLETION FORECAST CHART

Assuming the Certificate of Need (CON) approval becomes the final HSDA action on the date listed in Item 1 below, indicate the number of days from the HSDA decision date to each phase of the completion forecast.

Phase	Anticipated Date (Month/Year)
1. Initial HSDA Decision Date	July 2022
2. Building Construction Commenced	N/A
3. Construction 100% Complete (Approval for Occupancy)	N/A
4. Issuance of License	September 2022
5. Issuance of Service	September 2022
6. Final Project Report Form Submitted (Form HR0055)	October 2022

Note: If litigation occurs, the completion forecast will be adjusted at the time of the final determination to reflect the actual issue date.

(Option to Lease)**

May 31, 2022

Ladies and Gentlemen:

We are pleased to present this option (“Option”) to you for the lease (“Lease”) of a portion of the real property and building described below, on the following terms and conditions:

- Lessor: TwelveStone Holdings, Inc.
- Lessee: TwelveStone Infusion Support, LLC
- Premises: Approximately 500 square feet in an office building known as “Unit 3” in the building located at 352 West Northfield Blvd., Murfreesboro, Tennessee
- Intended Use: Home Health Agency office (the “Agency”)
- Effective Date and Term: The Effective Date of the Lease shall be the first day of the month after the exercise of this Option (as determined below), and the term of the Lease shall commence on the Effective Date and shall terminate and expire at 11:59 p.m. on the date which is five (5) years after the date of licensure of the Agency by the Tennessee Department of Health (the “Licensure Date”).
- Rent: One Dollar (\$1) per month from the Effective Date until the Licensure Date for the Agency, and thereafter the rent shall be \$356.23 per month, payable to Lessor in monthly installments in advance.
- Other Lease Terms: Other terms of the Lease shall be established by the parties at the effective date of the Lease, in the same format and general terms and conditions as the leases for other similar facilities being leased to Lessee, subject to all such terms, conditions and amounts being consistent with fair market values and other then-prevailing market terms and conditions.
- Lease Amenities: This Lease includes rental, utilities, janitorial services, use of kitchen facilities, real and common area property taxes, common area personal property, property and general liability insurance, shared parking, and conference room facilities (by reservation).

In consideration of \$10.00 cash in hand paid, the receipt and sufficiency of which are hereby acknowledged, Lessor grants to Lessee the option described above, which must be exercised within thirty (30) days of the final approval of the Certificate of Need application with regard to the Agency, as is currently pending before the Tennessee Health Services and Development Agency (“HSDA”), to allow the initiation of home health services by the Agency. Upon exercise of the option, the Lessor and Lessee shall in good faith negotiate the definitive terms of a lease agreement, as described above. If such option is not exercised by such date, this Option shall terminate and be of no further force and effect.

Lessor and Lessee acknowledge that Lessor is a master lessee of “Unit 3” in the building located at 352 West Northfield Blvd., Murfreesboro, Tennessee (the “Master Lease”) and as such master lessee will be subleasing approximately one and 55/100 percent (1.55%) [500 square feet] of the total space [32,350 square feet] in the building to Lessee, plus the right to shared use of certain common areas.

Sincerely,

Re: Letter of Support for TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

I am Laura Beth, a Dalvance representative for Abbvie Pharmaceuticals in the Nashville Territory. The process to establish timely home health services for infusion therapy has proven to be extremely difficult due to *the few authorized agencies, their refusal to provide first dose infusion home visits, their inability to handle visits longer than 2 hours when required, their refusal to admit a patient for only 1 or 2 visits, and their inability to staff experienced infusion nurses.* This problem is compounded when the patient resides in a rural county with limited services existing near their home. This lack of services often delays the patient's discharge for days until a post-acute plan can be established, which is extremely costly for the hospital and the patient. With few options in rural counties, the patient must be admitted to a skilled nursing facility for the duration of their infusion therapy or the patient discharges home and is required to travel long distances to the hospital outpatient infusion suite for drug administration and lab draws. From a healthcare and patient perspective, neither is a truly viable option as most patients have an easier recovery at home and incur less financial debt due to traveling to and from their physician's office each week.

I would be very advantageous for infusion patients to have an opportunity to utilize TwelveStone Nursing Solutions-- their sole purpose is to administer infusion therapy in the home by trained and experienced infusion nurses. Additionally, TwelveStone Nursing Solutions' willingness to provide infusion home care to all Tennessee counties, particularly the rural counties, would be a win for patients, caregivers and case managers alike.

For these reasons, please accept this letter of support for TwelveStone Nursing Solutions' application for a Certificate of Need for home health for all counties in Tennessee. Twelvestone's clinical skills and pharmacy knowledge are needed by our patients, especially those in rural areas of Tennessee, that currently incur additional hardship in accessing care. Having TwelveStone Nursing Solutions as a referral option will improve the quality of care for our infusion patients needing home care. Please do not hesitate to contact me with any questions.

Dear Mr. Grant,

I want to express my support for TwelveStone Nursing Solutions' Certificate of Need (CON) application to establish Home Health services for home infusion patients.

Beckman Family Medical is a medical practice of one physician and two nurse practitioners. Several of my patients suffer with challenging medical conditions. Often, these diagnoses do not respond to traditional therapy. In such cases infusion treatments are the best treatment alternative. My practice has utilized TwelveStone Infusion Pharmacy for years and together our practice and TwelveStone Infusion Pharmacy have searched for home health availabilities. However, finding an agency to infuse the medications in the patient's home has proven to be a time consuming and challenging task. Unfortunately, initiating therapy can be delayed, especially for patients in rural counties, due to scheduling availability, travel time and duration of infusion therapy. Most agencies decline due to their lack of available staff, their inability to staff experienced infusion nurses, their inability to provide visits longer than 2 hours when required, their refusal to admit a patient for only 1 or 2 visits, their refusal to provide first dose infusion home visits. Very few agencies will admit a patient for home infusion only. There is a genuine home care need for patients to receive infusion therapy at home. I am certain your approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services in this region as our patient population resides in Middle Tennessee. With TwelveStone Nursing Solutions as a home infusion agency, these problems are resolved immediately.

These are the reasons I submit my letter of support for TwelveStone Nursing Solutions. I respectfully request you approve TwelveStone Nursing Solutions' Certificate of Need application and establish home health services for our home infusion patients and for those of other medical providers in our region. Please contact me if you have questions.

Sincerely,

Dear Mr. Grant,

I, Dr. Chris Bowlin, want to express my support for Twelve Stone Nursing Solutions' Certificate of Need (CON) application to establish Home Health services for our home infusion patients. We are often coming up against a barrier trying to establish home health care for our office patients receiving IV infusions. The local agencies in our rural counties (Claiborne and Hamblen) aren't always able to approve our patients. Some of the declinations are due to lack of insurance coverage, staffing or not wanting to only provide PICC/Midline care. The approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services in this region. The continuity of care by using Twelve Stone Nursing Solutions' will allow the patients to receive their supplies, medications and line care (labs, dressing changes and line pull at the end of the therapy) by one entity.

These are the reasons we request your approval and submit this letter of support for Twelve Stone Nursing Solutions. Feel free to contact me if you have questions.

Respectfully Submitted,

Dr. Chris Bowlin

Re: Letter of Support for TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

My name is Nancy Elaine Atteberry and I am a Registered Nurse. For 11 years I worked at Vanderbilt Medical Center as a RN MSN Case Manager II now retired with a career spanning 43 years of active nursing and patient care. As a Case Manager it has been my responsibility to set up post-acute services prior to patient discharge in a timely manner, ensuring each patient has discharge orders established before leaving the hospital. Establishing timely home health services for infusion therapy has been extremely difficult due to availability of the few authorized agencies, their refusal to provide first dose infusion home visits due to staffing and resources, their inability to handle visits longer than 2 hours when required, their refusal to admit a patient for only 1 or 2 visits, and their inability to staff experienced infusion nurses as soon as needed. Very few agencies will admit patients for home infusion only, requiring ancillary services such as skilled nursing for wound care, and PT and/or OT. The problem is compounded when the patient resides in a rural county due to limited services available. The rural patient represents unique needs in an underserved patient population. The discharge may be delayed for several days until a solution is determined, which is extremely costly for the hospital. This situation occurs far too often and typically results in patients being admitted to a skilled nursing facility for the duration of their infusion therapy or the patient discharges home but required to travel weekly a considerable distance for dressing changes and lab draws. From a healthcare perspective, neither alternative is optimal for the patient. It is common knowledge that patients recover better and faster at home. Neither alternative is optimal for the patient from a financial perspective considering the additional stress, cost, and travel the patient incurs, and the continuing stress placed on family and friends to provide assistance.

Having an option like TwelveStone Nursing Solutions will be very beneficial for home infusion patients – Their sole purpose is to administer infusion therapy in the home by experienced infusion nurses. As a Case Manager, I am very pleased by TwelveStone Nursing Solutions' willingness to provide infusion home care to all Tennessee counties, particularly the rural counties, which many providers cannot do. To find an agency who looks for active and progressive solutions to current patient care needs is rare and very welcome. Dealing with specific patient needs is not only cost effective but is also associated with responsible use of financial resources to both patient and insurance providers.

For these reasons, please accept this letter of support for TwelveStone Nursing Solutions' application for a Certificate of Need for home health. Its clinical skills and pharmacy know how are needed by our patients. Having TwelveStone Nursing Solutions as a referral option will improve the quality of care for our infusion patients needing home care. Please do not hesitate to contact me with any questions.

Sincerely,

Re: TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

Pediatric Gastroenterology at Children's Hospital at Erlanger is a medical subspecialty focused on diagnosing, treating, and managing digestive, liver and nutritional problems in children and adolescents, and is located in Chattanooga, Tennessee. Patients within this specialty can have medical diagnoses that are rare and difficult to manage, often facing a lifetime of treatment with infused biologic therapies. Other patients we serve may need infused antibiotics or total parenteral nutrition for life. At-home administration for first dose, intravenous maintenance training or ongoing infusion therapy is a necessity for such patient groups. However, our ability to obtain home health for our patients is often impossible, especially for those patients residing in rural areas, resulting in Tennesseans facing costly alternatives to receive their infusions. For example, patients may have to be treated at a remote infusion center or they may have to be sent to the hospital unnecessarily when self-management at home could have been utilized. Home health can be a solution for patients suffering physical limitations or other obstacles to compliance with their prescribed medication dosing regimen. Indeed, home health capabilities support patients in managing their chronic conditions and can promote healing outcomes.

We need an organization like TwelveStone Nursing Solutions to meet the demands of our patients' lives. Allowing TwelveStone to extend their resources into home health services would allow our patients and families to be given first-class care in the home. TwelveStone has continued to exceed expectations for pharmacy services and extending their scope into home health services would truly benefit Tennesseans in our area.

As the region's only Children's Hospital, we stand apart with a compassionate, committed team of seven pediatric gastroenterology providers among 4 clinics. Our office is located in Metropolitan Chattanooga but our practice touches lives in many rural communities in East Tennessee and North Georgia. We are very pleased by TwelveStone Nursing Solutions' willingness to provide home care, as so many providers cannot or are not willing to do.

For the aforementioned reasons, we are in support of TwelveStone Nursing Solutions' application for a Certificate of Need. The combination of TwelveStone's pharmacy knowledge and clinical ability will be a great benefit for patients across the state and having them as a referral option will improve the quality of home care we are able to recommend. Thank you for your time and consideration.

Sincerely,

Dear Mr. Grant,

We, the case managers at Fort Loudon Medical Center want to express our support for Twelve Stone Infusion Support Certificate of Need (CON). This application to establish Home Health services for our home infusion patients is greatly needed. We serve multiple counties including Knox, Loudon, Roane and Monroe.

Our hospital has utilized Twelve Stone Infusion Pharmacy because they deliver great service and exceptional care. In our current healthcare crisis, there is a genuine need for patients to be discharged as expeditiously as possible and resume infusion care at home. To this end, there has been an increase demand for home health care services.

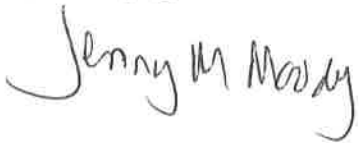

It has become increasingly hard to secure home health care services for our patients. A lot of the agencies in our counties are declining patients due to various reasons. Therefore, delaying discharges. Difficulties we face when securing home health for our patients include decrease staff, refusal for when a patient only needs one or two visits, agencies not servicing the county and occasionally often refuse patient's that are not homebound.

For these reasons, we request your approval for the Twelve Stone Infusion Support application and are certain your approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services in this region.

Feel free to contact us if you have questions.

Sincerely,

Re: TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

The Frist Clinic at TriStar Centennial is a gastroenterology and infectious disease practice focused on diagnosing, treating, and managing digestive, liver, and nutritional problems as well as conditions resulting from all types of infection. We are located in Metropolitan Nashville, TN, but serve all of Middle Tennessee and Southern Kentucky with our family of over 300 providers. Patients within the gastroenterology specialty can have medical diagnoses that are chronic and difficult to manage, often facing a lifetime of treatment with infused biologics. Other patients we serve may need infused antibiotics or total parenteral nutrition for life. At-home administration for first and maintenance dosing, intravenous training or ongoing infusion therapy is a necessity for such patient groups. Home health can be a valuable solution for patients suffering physical limitations or other obstacles to compliance with their prescribed medication dosing regimen. Indeed, home health capabilities support patients in managing their chronic conditions and can promote healing outcomes as evidenced by an article featured in the Journal of Infection (cited below.) The authors conclude that with antibiotics “home IV therapy is well tolerated, is less costly, is not associated with any major disadvantage to QOL or clinical outcomes compared to hospital therapy and is an appropriate treatment option for selected patients.”

However, our ability to obtain home health for our patients is often impossible, especially for those patients residing in rural areas, resulting in Tennesseans facing costly alternatives to receive their infusions. For example, patients may have to be treated at a remote infusion center or they may have to be sent to the hospital unnecessarily when self-management at home could have been utilized. There is a critical need for an organization like TwelveStone Nursing Solutions to meet the demands of our patients’ lives. RE: TwelveStone Nursing Solutions Infusion

Dear Mr. Grant:

I want to express my support for the TwelveStone Infusion support certificate of need (CON) application to establish home health services for our home infusion patients. I am a practicing internist at The Frist Clinic, which is a large multispecialty group near Downtown Nashville. Many of our patients suffer with challenging medical conditions such as inflammatory bowel disease and rheumatoid arthritis. Many times, these diagnoses do not respond to traditional therapy. In such cases, infusion type treatment with a biologic/monoclonal antibody therapy such as Remicade is the best treatment alternative. Our practices utilized TwelveStone Infusion Pharmacy in the past and together our practice and TwelveStone Infusion Pharmacy have searched for home health availabilities. However, finding an agency to infuse the medication in the patient's home has proven to be a time consuming and difficult task. Unfortunately, initiating therapy may be delayed, especially for patients in rural counties, due to scheduling availability, travel time and duration of infusion therapy. Many agencies decline due to their inability to staff experienced infusion nurses, their inability to handle visits for longer than 2 hours when required, their refusal to admit a patient for only 1 or 2 visits or their refusal to provide first dose infusion home visits. Very few agencies will admit a patient for home infusion only. There is a genuine home care need for patients to be infused at home. We are certain your approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services in this region as our patient population resides in middle Tennessee. With TwelveStone Infusion supporting the home infusion agency, these problems are resolved immediately.

These are reasons we submit our letter of support for TwelveStone Infusion nursing solutions. I respectfully request you approve TwelveStone Nursing Solutions Infusion support certificate of need application and establish home health service for our home infusion patients. I appreciate your attention in this matter. Please contact me with any further questions

Re: TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

GastroOne is a gastroenterology practice focused on diagnosing, treating, and managing digestive, liver, and nutritional problems, and is located in Memphis, Tennessee. Patients within this specialty can have medical diagnoses that are rare and difficult to manage, often facing a lifetime of treatment with infused biologics. Other patients we serve may need infused antibiotics or total parenteral nutrition for life. At-home administration for first dose, intravenous maintenance training or ongoing infusion therapy is a necessity for such patient groups. However, our ability to obtain home health for our patients is often impossible, especially for those patients residing in rural areas, resulting in Tennesseans facing costly alternatives to receive their infusions. For example, patients may have to be treated at a remote infusion center or they may have to be sent to the hospital unnecessarily when self-management at home could have been utilized. Home health can be a solution for patients suffering physical limitations or other obstacles to compliance with their prescribed medication dosing regimen. Indeed, home health capabilities support patients in managing their chronic conditions and can promote healing outcomes.

We need an organization like TwelveStone Nursing Solutions to meet the demands of our patients' lives. Not only can they offer specialty pharmacy services but allowing them to practice home health nursing to patients on their service offers the at-home experience coupled with exemplary quality of care. Chronic biologic therapies require an experienced and specially trained nurse who will not only find intravenous access on the patient but may also mix the medicines within the home and conduct patient assessments. Providing TwelveStone Nursing Solutions the ability to perform such medical care would truly benefit Tennesseans. We are the largest group of Gastroenterologists in the West Tennessee area and among the largest in the country, with 33 providers and seven locations. Our office is located in Metropolitan Memphis but our practice touches lives in all rural communities in West Tennessee and North Mississippi. We are not Medicaid providers and on occasion must turn patients away for biologics treatment. We are very pleased by TwelveStone Nursing Solutions' willingness to provide home care, as so many providers cannot or are not willing to do.

Dear Mr. Grant

Re: Letter of Support for TwelveStone Nursing Solutions – Certificate of Need

I would like to voice my support for 12 Stone Health's efforts to obtain a Certificate of Need for home health nursing services.

As a former home infusion nurse and a current nurse educator in the biologic infusion pharmaceutical industry, I have witnessed first hand the need for more home health nursing services in rural Tennessee. This need exists because so many Tennesseans live in rural or remote areas and have great difficulty traveling to more urban areas for infusion therapy. This, with a shortage of home health nursing agencies willing to send staff beyond the suburbs, results in compromised patient care. An increased number of home health nurses in Tennessee will result in enhanced access to appropriate care, greater continuity of care, and an eased burden on an already stretched-thin patient population.

Thank you kindly for your consideration,

Katherine Vaughn MSN, BSN, RN

Dear Mr. Grant,

I am a referral nurse at Knoxville Gastrointestinal Specialists, P.C. and want to express support for TwelveStone Nursing Solutions' Certificate of Need (CON) application to establish Home Health services for our home infusion patients. There is a genuine home care need for patients to be infused at home. Our practice has utilized TwelveStone Infusion Pharmacy for several years because they deliver great service. Finding an agency to infuse the medications in the patient's home has proven to be a time consuming and a difficult task. Most agencies decline due to various reasons, such as lack of available staff.

I am certain your approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services in this region. We request your approval for the TwelveStone Nursing Solutions application. Our patient population resides in Knox County and the surrounding counties around Knox County. It is a considerable effort for patients traveling back and forth to receive infusions. With TwelveStone Nursing Solutions as a home infusion agency, these problems are resolved immediately.

Feel free to contact me at 865-523-6418 if you have questions

Respectfully Submitted,

Re: Letter of Support for TwelveStone Nursing Solutions—Certificate of Need Application

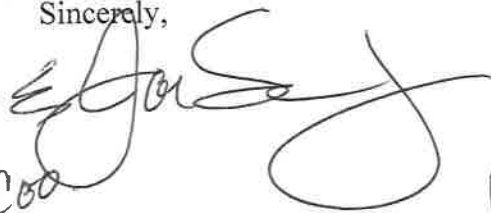

Dear Mr. Grant,

The case managers at KNOX REHAB HOSPITAL wants to express our support for TwelveStone Nursing Solutions' Certificate of Need (CON) application to establish Home Health services for our home infusion patients. There is a genuine home care need for patients to be infused at home. With the increased patient load during the pandemic, it is of great need to discharge patients as quickly and safely as possible. Our hospital has utilized TwelveStone Infusion Pharmacy because they deliver great service and try to deliver exceptional care.

Unfortunately, securing home health for our patients is often difficult and tedious due to most agencies declining resources. This is especially prevalent with rural residents. Other difficulties faced when securing home health for our patients include agencies staff include, HH agencies refuse for when a patient only needs one or two visits, HH agencies do not service the county, HH as severely understaffed, HH agencies prefer traditional Medicare insurance, HH agencies are not contracted with the insurance, and they often refuse patient's that are not homebound, We are certain your approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services in this region. We request your approval for the TwelveStone Nursing Solutions application. We are a regional Rehab Center that services all Tennessee counties.

These are the reasons I submit this letter of support for TwelveStone Nursing Solutions. Feel free to contact us if you have questions.

Dear Mr. Grant,

Lifespan Health OB/GYN, is located in Savannah TN. We offer a variety of Women's health services. Our OB/GYN services include monitoring High Risk patients that may need Makena injections for pre-term labor. The patient should start taking Makena therapy between 16 weeks and 20 weeks of pregnancy.

We work with TwelveStone Health Partners for our patients that need Makena injections for pre-term labor. TwelveStone Health partners communicates with our patients for Makena, serving as the specialty pharmacy. TwelveStone helps to coordinate insurance benefits and helps with co-pay assistance when needed.

Options like TwelveStone Nursing Solutions would be helpful for our patients that need injections given at home due to having a difficult time with transportation into the office or they have difficulty getting someone to inject.

We are in support of TwelveStone Nursing Solutions' application for a Certificate of Need.

Re: Letter of Support for TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

I am Kim Miller, a Registered Nurse working for Macon Community Hospital as Case Manager. As a Case Manager I am charged with addressing post-acute services prior to patient discharge in a judicious manner to ensure that each patient has discharge orders established prior to being released from the hospital. The process to establish timely home health services for infusion therapy has proven to be extremely difficult due to *the few authorized agencies, their refusal to provide first dose infusion home visits, their inability to handle visits longer than 2 hours when required, their refusal to admit a patient for only 1 or 2 visits, and their inability to staff experienced infusion nurses.* This problem is compounded when the patient resides in a rural county with limited services existing near their home. This lack of services often delays the patient's discharge for days until a post-acute plan can be established, which is extremely costly for the hospital and the patient. With few options in rural counties, the patient must be admitted to a skilled nursing facility for the duration of their infusion therapy or the patient discharges home and is required to travel long distances to their physician's office for dressing changes and lab draws. From a healthcare and patient perspective, neither is a truly viable option, as most patients have an easier recovery at home and incur less financial debt due to traveling to and from their physician's office each week.

For infusion patients to have an opportunity like TwelveStone Nursing Solutions, it will be very advantageous since their sole purpose is to administer infusion therapy in the home by trained and experienced infusion nurses. TwelveStone Nursing Solutions' willingness to provide infusion home care to all Tennessee counties, particularly the rural counties, which many providers cannot do, is a win for Case Manager and patients.

For these reasons, please accept this letter of support for TwelveStone Nursing Solutions' application for a Certificate of Need for home health for all counties in Tennessee. Its clinical skills and pharmacy knowledge are needed by our patients, especially those in rural areas of Tennessee. Having TwelveStone Nursing Solutions as a referral option will improve the quality of care for our infusion patients needing home care. Please do not hesitate to contact me with any questions.

Sincerely,

Kimberly P. Miller RN, BSN.

Re: Letter of Support for TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

My name is Melanie Nistad and I am a Registered Nurse. Over the past thirty seven years I have held many position that serve my community including Case Management in which I hold a certification. Also in home health, I have been a Branch Manager, Admission nurse and Educator. In each of these roles I have managed the setting up of post-acute services prior to patient being discharged in a timely manner, ensuring each patient has discharge orders established before leaving the hospital.

Establishing timely home health services for infusion therapy has been extremely difficult due to not being able to provide first dose infusions in the home, acceptance of a home health due to staffing, access or lengthy infusion or short length of stay. The problem is compounded when the patient resides in a rural county due to limited services available. Living in the Middle Tennessee area, I have noted difficulties at time to find services. The discharge may be delayed for several days until a solution is determined, which is extremely costly for the hospital. This situation occurs far too often and typically results in patients being admitted to a skilled nursing facility for the duration of their infusion therapy or the patient discharges home but required to travel weekly a considerable distance for dressing changes and lab draws. From a healthcare perspective, neither alternative is optimal for the patient. It is common knowledge that patients recover better and faster at home. From a financial perspective neither alternative is optimal for the patient considering additional stress, cost and travel.

Having an option like TwelveStone Nursing Solutions will be very beneficial for home infusion patients – Their sole purpose is to administer infusion therapy in the home by experienced infusion nurses. I have been able to work with TwelveStone company in many capacities and am excited that the TwelveStone Nursing Solutions' willingness to provide infusion home care to all Tennessee counties, particularly the rural counties, which many providers cannot do.

For these reasons, please accept this letter of support for TwelveStone Nursing Solutions' application for a Certificate of Need for home health. It's clinical skills and pharmacy know how are needed by our patients. Having TwelveStone Nursing Solutions as a referral option will improve the quality of care for our infusion patients needing home care. Please do not hesitate to contact me with any questions.

Re: TwelveStone Nursing Solutions-Certificate of Need Application

To Whom It May Concern:

This letter is to address the unmet need for home health infusion services for our patients. Mid TN Neurology Associates is a busy practice with three full-time providers seeing patients across the general neurology spectrum. Treatment for our patients include IV infusion medications for multiple sclerosis, chronic inflammatory demyelinating disease, myasthenia gravis, and migraine headaches. Many times, our patients are unable to leave their home making in-home services necessary to maintain a patients' stability and avoid disease flare-ups or exacerbations. There are many cases where our patients have to wait many weeks before receiving medication due to a lack of in-home infusion resources.

TwelveStone Nursing Solutions would be able to meet the needs of a great majority of our patients by providing qualified, home health nurses with the ability to give IV infusion medication. Our office has already established a very successful working relationship with TwelveStone as a specialty pharmacy and look forward to expanding that relationship through a home health, nursing and infusion component.

Based on the above, we unequivocally support TwelveStone Nursing Solutions' application for a Certificate of Need. Please do not hesitate to contact our office if you have any questions.

Dear Mr. Grant,

Mid-South Perinatal Associates, located in Jackson, TN specializes in caring for women with high-risk pregnancies. We focus on Routine and high-risk obstetric ultrasound, genetic counseling, prenatal diagnostic procedures, management of diabetes in patients, consultative or primary management of medical complications in pregnancy.

We often prescribe Makena for our patients who are high risk of pre-term labor. Makena is a progestin indicated to reduce the risk of preterm birth in women who have a history of singleton preterm birth. TwelveStone Health partners helps our patients with ensuring that they receive their medication timely, by processing the Makena injections with insurance and mailing it to our patients. The patient should start taking Makena therapy between 16 weeks and 20 weeks of pregnancy. TwelveStone educates our patients on knowing what to expect with shipments and insurance.

Options like TwelveStone Nursing Solutions would be helpful for our patients that need injections given at home due to having a difficult time with transportation into the office or they have difficulty getting someone to inject.

Dear Mr. Grant,

Southern Tennessee Neurology, located in Winchester TN, is a Neurology practice that focuses on disorders that affect the brain, spinal cord and central nervous system. We specialize in helping patients with stroke, cerebrovascular disease, demyelinating disease of the central nervous system; such as multiple sclerosis and complex headaches. Patients within this specialty can have medical diagnoses that are rare and difficult to manage, often facing treatment with infused biologic therapies.

Medications, such as intravenous immune globulin (IVIG) treatment, is commonly prescribed and challenging for the patient to get therapy setup due to limited Home health services. IVIG is effective treatment with acute and chronic demyelinating neuropathies. Many times, it is difficult for patients to travel to an infusion center to get therapy. It's also a challenge to obtain home health services for patients living in rural counties due to staffing shortages. If therapy is unavailable, it could result in an expensive hospital stay.

Options like TwelveStone Nursing Solutions would be beneficial to our patients when needing specialty pharmacy services and infusion nursing within their homes.

We are in support of TwelveStone Nursing Solutions' application for a Certificate of Need. The combination of TwelveStone's pharmacy experience and knowledge and clinical ability will be a great benefit for patients. Dear Mr. Grant,

The staff of Tenna Foot and Ankle wish to give our support for Twelve Stone Infusion Support Certificate of Need (CON) application. We have offices serving Anderson, Knox, Campbell and Blount Counties. The barriers we face trying to procure home healthcare for our patients is very frustrating for our patients and us. Twelve Stone's desire to establish home health services for our home infusion patients is desperately needed.

It has become increasingly difficult to arrange home health care for our office patients receiving IV infusions. The approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services in this area. The reasons our patients get declined are varied. Some of the declinations are due to staffing of the home health agency, not participating in the insurance plan or not wanting to only provide PICC/Midline care. The continuity of care by using Twelve Stone Infusion Support will allow the patients to receive their supplies, medications and line care (labs, dressing changes and line pull at the end of the therapy) by one entity.

As you can see from the above reasons, we request your approval and submit this letter of support for Twelve Stone Infusion Support. Feel free to contact us if you have any questions.

Dear Mr. Grant,

The case managers at Turkey Creek Medical Center want to express our support for Twelve Stone Infusion Support Certificate of Need (CON) application to establish Home Health services for our home infusion patients. Our hospital has utilized TwelveStone Infusion Pharmacy because they deliver great service and try to deliver exceptional care. In our current healthcare crisis, there is a genuine need for patients to be discharged as expeditiously as possible and resume infusion care at home. To this end, there has been an increase demand for home health care services.

It has become increasingly hard to secure home health care services for our patients. A lot of the agencies in our counties are declining patients due to various reasons. Therefore, delaying discharges. This is true in Knox County and unfortunately is often more prevalent in rural counties. Some of the counties we serve include but are not limited to Knox, Loudon, Anderson Roane and Blount. Difficulties we face when securing home health for our patients include decrease staff, refusal for when a patient only needs one or two visits, agencies not servicing the county and occasionally often refuse patient's that are not homebound.

Dear Mr. Grant:

My name is Ashley Smith, and I am a nurse practitioner at the Tennova Wound Care in Clinton, TN (Anderson County). As a nurse practitioner in a wound center, I frequently have patients that would benefit from IV antibiotics to assist in treating wounds that are refractory to p.o. antibiotics. By doing their therapies at home they require home health care to assist in PICC or Midline care. Establishing home health services for these patients has become increasingly difficult. We serve multiple rural counties such as Morgan, Scott, Campbell and Union. Many home health care agencies in rural counties don't have available RN staff, are not contracted with patient's insurance, or the agencies refuse care the if patient has a history of IV drug use, Due to these issues our patients' treatments are delayed getting started. This creates the additional stress not only for the patient but our office staff.

With Twelve Stone Infusion Support being able to provide a home health nurse it will be very beneficial and helpful for our patients. We are very pleased by Twelve Stone Infusion Supports willingness to provide infusion home care to all Tennessee counties, particularly the rural counties, which many providers cannot do.

With this said, please accept this letter of support for Twelve Stone Infusion Support application for a Certificate of Need for home health. It pleases us to know that we have Twelve Stone Infusion Support as a referral option. Re: Letter of Support for TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

I am Jayma Clark, a NP working for TN Vascular & NOW Wound Care and Limb Preservation. The process to establish timely home health services for infusion therapy has proven to be extremely difficult due to *the few authorized agencies, their refusal to provide first dose infusion home visits, their inability to handle visits longer than 2 hours when required, their refusal to admit a patient for only 1 or 2 visits, and their inability to staff experienced infusion nurses.* This problem is compounded when the patient resides in a rural county with limited services existing near their home. This lack of services often delays the patient's discharge for days until a post-acute plan can be established, which is extremely costly for the hospital and the patient. With few options in rural counties, the patient must be admitted to a skilled nursing facility for the duration of their infusion therapy or the patient discharges home and is required to travel long distances to their physician's office for dressing changes and lab draws. From a healthcare and patient perspective, neither is a truly viable option, as most patients have an easier recovery at home and incur less financial debt due to traveling to and from their physician's office each week.

For infusion patients to have an opportunity like TwelveStone Nursing Solutions, it will be very advantageous since their sole purpose is to administer infusion therapy in the home by trained and experienced infusion nurses. TwelveStone Nursing Solutions' willingness to provide infusion home care to all Tennessee counties, particularly the rural counties, which many providers cannot do, is a win for Case Manager and patients.

For these reasons, please accept this letter of support for TwelveStone Nursing Solutions' application for a Certificate of Need for home health for all counties in Tennessee. Its clinical skills and pharmacy knowledge are needed by our patients, especially those in rural areas of Tennessee. Having TwelveStone Nursing Solutions as a referral option will improve the quality of care for our infusion patients needing home care. Please do not hesitate to contact me with any questions.

Sincerely,

Dear Mr. Grant,

The case management department at Centennial Medical Center would like to express our support for TwelveStone Nursing Solutions' application for a Certificate of Need (CON). By allowing them to establish a home health service, we feel that this would greatly benefit our patients that require a home infusion service. For many years we have relied upon TwelveStone's Infusion Pharmacy to service our patients due to their outstanding service. This type of home health/home infusion service has become a genuine need within the state of Tennessee. Current home health agencies have recently been found to be unable or unwilling to service patients residing throughout the rural areas in Tennessee within the home setting due to staffing shortages and agency decline.

These issues are only compounded when home health services are unwilling to service our patients due to insurance contracting issues, lengthy admissions processes that do adversely affect patient outcomes, or refusal of services due to a patient not being completely non-ambulatory. It is also difficult to schedule home health for patients requiring minor services such as lab drawings or sterile dressing changes when patients do not have home health benefits or have limited benefits. Finally, it should also be noted that the lack of specialized nursing staff particularly within Pediatric and Obstetric specialties negatively impacts patient outcomes in situations where these issues could be avoided with a more properly trained staff. Our patient population resides in all Tennessee counties.

We wholeheartedly support TwelveStone Nursing Solutions, and request you approve this application. This will assuredly improve the care of our patients as well as provide a positive development for healthcare services within Tennessee. It is for these reasons that I submit this letter of support for TwelveStone Nursing Solutions. Please contact me with any questions or concerns.

RE: TwelveStone Nursing Solutions – Certificate of Need Application.

Dear Mr. Grant,

The case management team at Centennial Medical Center would like to support TwelveStone Nursing Solutions' application for a Certificate of Need (CON) for all 95 counties within the state of Tennessee. We have utilized TwelveStone Infusion Pharmacy for many years because they provide exemplary patient care and service. In recent times, the ability to source home health for patients has become exceptionally difficult due to agency decline and staffing shortages amidst the pandemic. This has also negatively affected patients residing in rural areas due to logistics issues.

We believe that upon approval of this application, TwelveStone Nursing Solutions will be an asset for our patients as well as healthcare development within Tennessee. Our practice services patients from every county in Tennessee, and we are elated to hear of TwelveStone Nursing Solutions' ability to provide care to rural residents as well as to provide specialty nursing expertise where it is needed. Sourcing home health is a tedious task. Denials of coverage are primarily due to insurance contracting difficulties, home health agencies being unwilling to serve ambulatory patients, and unwillingness to serve patients needing minor services such as sterile dressing changes or lab drawings.

In addition to the points listed above, the ability to provide specially trained nursing specifically within the specialties of Pediatrics and Obstetrics are vital to positive patient outcomes and treatment adherence. This is something that most home health agencies are unable to provide. Mr. Logan, we emphasize that TwelveStone Nursing Solutions will meet the needs of our patients and we request that this application be approved. Please contact me with any questions.

Sincerely,

Dear Mr. Grant,

The case managers at Centennial Medical Center want to express our support for TwelveStone Nursing Solutions' Certificate of Need (CON) application to establish Home Health services for our home infusion patients. Our practice has utilized TwelveStone Infusion Pharmacy for several years they deliver great service. Unfortunately, securing home health for our patients is often difficult and tedious due to most agencies declining due to lack of staff. This is especially prevalent with rural residents.

Other difficulties faced when securing home health for our patients include agencies lacking specialty staff including obstetrician and pediatric RNs, agencies unable to admit patients until several days after the start of the patient's therapy, agencies are not contracted with patient's insurance, agencies refuse patients that are not homebound, and agencies refuse to admit patients for lab draws and sterile dressing changes if patient has no home health benefit.

We are certain you approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services within this region. We request your approval for the TwelveStone Nursing Solutions application. Our patient population resides in all Tennessee counties.

RE: TwelveStone Nursing Solutions - Certificate of Need Application

Dear Mr. Grant,

The case managers at Centennial Medical Center would like to express our support for TwelveStone Nursing Solutions' application for a Certificate of Need (CON) to provide home health services within the state of Tennessee. Our practice has utilized TwelveStone Health Partners Infusion Pharmacy for many years, as they care for patients with unmet needs and provide outstanding service while doing so. Securing proper home health is becoming an increasingly difficult task, especially for rural residents. Home health agencies are currently strained by lack of staff and general agency decline.

Since our patient population comes for all 95 counties within Tennessee, the difficulties in establishing home health services are as follows: Lengthy onboarding processes that adversely affect treatment regimen and patient outcomes, Insufficient Home Health insurance contracting, Patients requiring minor procedures such as lab draws and sterile dressing changes not being considered admissible by home health services, and finally the lack of specialized staffing to care for patients with rare diseases. This lack of staffing is especially prevalent within the specialties of Obstetrics and Pediatrics.

We are exceptionally pleased by TwelveStone Nursing Solutions' willingness to meet the needs of Tennessee patients, especially in rural counties where establishing home health services is tedious. We request your approval of this CON application. We feel strongly that having TwelveStone Nursing Solutions as a referral option will improve healthcare services within the region as well as for our patients.

For these reasons we support this application. Please reach out with any questions.

RE: TwelveStone Nursing Solutions – Certificate of Need application.

Dear Mr. Grant,

The Tristar Centennial case management team provides our full support for TwelveStone Nursing Solutions' application for a Certificate of Need (CON) within all 95 counties in Tennessee. We have worked with TwelveStone Infusion Pharmacy for many years because of their attention to patient care as well as their fantastic service. The ability to provide adequate home health nursing to our patients has become increasingly difficult recently. This is due to staffing shortages and agency decline.

Situations that can adversely affect patient outcomes are: Insurance contracting, inability to provide basic home health services such as drawing labs or dressing changes, unwillingness to provide service to an ambulatory patient, as well as the lack of specially trained staff when working with patients that have chronic and rare diseases. We believe our patients would be best served with TwelveStone Nursing Solutions as a referral option. Our service area encompasses the entire state. We are pleased by TwelveStone Nursing Solutions' willingness to work with our rural patient population, which is something that current home health agencies are either unable or unwilling to do. Establishing home health services for patients can be exceptionally difficult due to a variety of issues; but patients are most disenfranchised by agencies that do not provide their treatment in a timely manner due to logistics issues or lengthy onboarding.

We kindly request that this application be approved to better serve our patients as well as to improve the development of healthcare services within the region. It is for the reasons contained in this letter that we make this request. Please contact me with any questions.

RE: TwelveStone Nursing Solutions – Certificate of Need Application

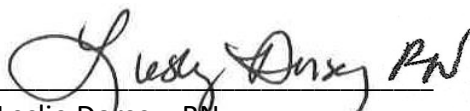

Dear Mr. Grant,

The case management department at Centennial Medical Center would like to provide our support for TwelveStone Nursing Solutions' application for a Certificate of Need (CON) to provide home health services to patients within all Tennessee counties. Our department has used TwelveStone Infusion Pharmacy services routinely, as they have exhibited excellent care and outstanding service to our patients. Securing home health services for patients has become a complicated task due to staffing shortages and agency decline in recent years.

There are many issues within the home health landscape that negatively impact patients and produce adverse patient outcomes. Some of these issues are as follows: contractual difficulties with insurance providers, unnecessarily long onboarding times for patients that need immediate service (especially in rural areas), refusal of service for minor procedures such as sterile dressing changes or lab drawing, as well as refusal of service to patients who are ambulatory. Along with these issues, there are legitimate staffing concerns when it relates to specialty practice. Specifically, medical specialties of Obstetrics and Pediatrics require specially trained nurses that most home health providers cannot provide.

We believe that by approving the CON application of TwelveStone Nursing Solutions, this will greatly improve healthcare services to our patients as well as to positively develop healthcare services within the region. Our patient population comes from all counties within Tennessee, and we are exceptionally pleased by the willingness of TwelveStone Nursing Solutions to care for rural residents. For these reasons, Mr. Grant, we request the approval of this application. Please contact me with any questions.

Re: TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

Centennial Pediatric Specialists – Department of Hematology/Oncology is a physician specialty medical practice that focuses on disorders of the blood and various forms of pediatric cancer. Our office works in conjunction with many other physicians that provide care for a variety of pediatric specialties. Patients with hematological medical diagnoses are extremely rare and exceptionally difficult to manage. In the case of hemophiliacs, clotting factor or other specialty infusion therapy is the only treatment method available. Unfortunately, securing home health is often difficult and tedious for many patients. This is especially prevalent with rural residents. In the case of Hemophiliacs, they will require intravenous infusion therapy for the patient's lifetime. Home health is assuredly required to be able to manage cases where patients may have severe physical limitations or other obstacles that would prevent them from accomplishing their regular infusions. Such patients are best served by having access to this IV therapy within in their homes.

As the provider, our patients need options like TwelveStone Nursing Solutions that can offer specialty pharmacy services as well as infusion nursing within patient homes. Our patients that are on service with TwelveStone Health Partners will be provided a better quality of care through their Nursing Solutions. Providing timely nursing for home infusion therapy can be extremely difficult due to the interval of home health necessary for these patients. Home health nurses need special training to be able to adequately care for a hemophiliac patient with focus on the knowledge of how to mix the patient's IV medications as well as to understand assessment protocols for neurological and muscular symptoms. Providing quick non-emergency nursing is vital for these patients to establish a sustainable quality of life during a time of distress. Making sure that the patient has reliable access to care and the ability to complete infusions can be the differentiator between life and death. This is a requirement that many home health companies are unable to meet. Lifetime patients may require many visits over the course of their therapy and may even require multiple visits weekly in cases where prophylactic treatment is being used. Providing the ability to care for these patients within the home is paramount to a sustainable quality of life. Without treatment at regular dosing intervals, these patients will experience muscular atrophy, severe degenerative joint damage, deformity, and potentially death. To prevent any unnecessary complications, this specific disease state requires experienced and specially trained nurses to care for the patient. Providing TwelveStone Nursing Solutions the ability to perform essential medical care for patients in distress is essential for quality patient care. Our office is in metropolitan Nashville. Since the specialty of Hemophilia treatment is not

even available outside of major cities, our patients come from many different locales (Middle, West, and East) in TN. We are very pleased by TwelveStone Nursing Solutions' willingness to provide home care to our rural counties, which many providers cannot do.

For the reasons listed above, we unequivocally support TwelveStone Nursing Solutions' application for a Certificate of Need. This organization's clinical abilities and pharmacy expertise are necessary for our patients. RE: TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant,

The case management office at Skyline Medical Center would like to express our support for TwelveStone Nursing Solutions' application for a Certificate of Need (CON) to establish home health services for our home infusion patients. There is a genuine need for patients to be infused and cared for at home. Our practice has utilized TwelveStone Infusion Pharmacy for many years, and the service they provide is excellent. Unfortunately, securing home health for our patients is often becoming an arduous process due to agency decline. This has been amplified by staffing shortages amidst the pandemic. Establishing home health services has been the most difficult for patients residing in rural areas of Tennessee.

In addition to the difficulties listed above, other issues include: agency refusal to admit patients that are ambulatory, significant delay in the admissions process creating situations where patients prevented from starting their therapy in a timely manner, patients being denied home health services due to insurance contracting, and also denial of service for minor procedures such as lab draws or sterile dressing changes when patients have no home health benefit. Also, there is a noticeable lack of specialty staffing particularly within Obstetric and Pediatric specialties.

We are certain that your approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services within this region. We request your approval for the TwelveStone Nursing Solutions application. Our patient population resides in all Tennessee counties.

Re: TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

University of Tennessee – Hemophilia and Thrombosis Center is a physician specialty medical practice that focuses on the disease state of Hemophilia and other rare blood disorders. Hemophilia is a lifelong chronic condition and can be exceptionally difficult to manage. Intravenous clotting factor infusion therapy is the primary treatment available to these patients. Having ready and immediate access to this therapy is the only way for these patients to have a sustainable quality of life. Unfortunately, in cases where it is needed, securing home health is often difficult for many patients; particularly those residing in rural areas. Self-management is the preferred method for patients to achieve a sustainable quality of life, but in cases where this is not an option, home health is certainly required. When home health is unwilling to cover this gap in a patient's treatment, these situations often require the clinic to intercede on a patient's behalf by ensuring timely treatment within an infusion center or having the patient unnecessarily visit an emergency room to maintain hemostasis. Another obstacle in providing adequate home health to these patients is the issue of frequency. Since hemophilia is a lifelong condition, home health may be required to perform multiple visits weekly to ensure that patients are able to maintain the proper dosing regimen at various points within the patient's lifetime. The only solution to promote adequate compliance and positive patient outcomes is to have this clotting factor therapy provided to them within their homes.

When patients face times of uncertainty in their health, we need options such as Twelvestone Nursing solutions. The ability to not only provide their specialty pharmacy services but allowing their specially trained home health nurses to assist our patients on their service will facilitate an unrivaled level of care within Tennessee. Our patients deserve to be afforded the quality of care that will ensure their ability to sustain a quality of life that benefits them. When situations arise where patients are not able to properly self-manage their care due to physical disability, location, or other circumstance, providing timely home infusion therapy has been extremely difficult due to the

reasons stated above. Hemophilia specialist practices are limited to the major metropolitan cities in Tennessee. Our clinic is located in metropolitan Memphis, the patients we service come from many different locales within our service area. We service patients from West, TN, Northwest, TN, and even as far as the Mississippi, Arkansas, and Missouri state lines. We are enthused by TwelveStone Nursing Solutions' willingness to provide home care to our rural counties, which many providers cannot do. The specialty of hemophilia requires a specifically trained nursing staff to provide treatment within the homes of patients. Along with providing IV access for administration of factor, it may also be required to mix patient medication, assess patients for neurological abnormalities and musculoskeletal function, as well as to make multiple visits weekly in cases where the patient has been given orders for prophylactic treatment.

It is for the reasons above, we emphatically support TwelveStone Nursing Solutions' application for a Certificate of Need. By our patients having the pharmacy expertise and clinical excellence TwelveStone Nursing Solutions can provide, we affirm that it will be a benefit to patient care within the state of Tennessee. RE: TwelveStone Nursing Solutions - Certificate of Need Application

Dear Mr. Grant,

As a Case Manager at The University of Tennessee Medical Center, I want to express my support for TwelveStone Nursing Solutions' Certificate of Need (CON) application to establish Home Health services for our home infusion patients. There is a genuine home care need for patients to be infused at home. With the increased patient load during the pandemic, it is of great need to discharge patients as quickly and safely as possible. Our hospital has utilized TwelveStone Infusion Pharmacy because they deliver great service and try to deliver exceptional care.

Unfortunately, securing home health for our patients is often difficult and tedious due to most agencies declining resources. The University of Tennessee Medical Center is a level one trauma center and teaching hospital that attracts a diverse population. Difficulties faced when securing home health agencies for our patients include: HH agencies refuse for when a patient only needs one or two visits, HH agencies do not service the county, HH is severely understaffed, HH agencies prefer traditional Medicare insurance, HH agencies are not contracted with insurance, and they often refuse patients that are not homebound. We are certain your approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services in this region. We request your approval for the TwelveStone Nursing Solutions application. We are a regional medical center that services all Tennessee Counties.

These are the reasons I submit this letter of support for TwelveStone Nursing Solutions. Feel Free to contact us if you have any questions.

Dear Mr. Grant,

We at Volunteer Podiatry wish to give our support for Twelve Stone Infusion Support Certificate of Need (CON) application. Their desire to establish home health services for our home infusion patients is desperately needed. It has become increasingly difficult to arrange home health care for our office patients receiving IV infusions. The barriers we face are very frustrating for our patients also. The reasons our patients get declined are varied. Some of the declinations are due to staffing of the home health agency, not participating in the insurance plan or not wanting to only provide PICC/Midline care. The approval of this CON application will improve the care of our patients as well as provide the orderly development of healthcare services in this area. The continuity of care by using Twelve Stone Infusion Support will allow the patients to receive their supplies, medications and line care (labs, dressing changes and line pull at the end of the therapy) by one entity.

For these reasons we request your approval and submit this letter of support for Twelve Stone Infusion Support. Feel free to contact us if you have any questions.

Respectfully Submitted,

Re: Letter of Support for TwelveStone Nursing Solutions – Certificate of Need Application

Dear Mr. Grant:

I am Teresa Shelton, a Registered Nurse working for Vanderbilt Wilson County Hospital as Director of Case Management. As a Case Manager I am charged with addressing post-acute services prior to patient discharge in a judicious manner to ensure that each patient has discharge orders established prior to being released from the hospital. The process to establish timely home health services for infusion therapy has proven to be extremely difficult due to *the few authorized agencies, their refusal to provide first dose infusion home visits, their inability to handle visits longer than 2 hours when required, their refusal to admit a patient for only 1 or 2 visits, and their inability to staff experienced infusion nurses*. This problem is compounded when the patient resides in a rural county with limited services existing near their home. This lack of services often delays the patient's discharge for days until a post-acute plan can be established, which is extremely costly for the hospital and the patient. With few options in rural counties, the patient must be admitted to a skilled nursing facility for the duration of their infusion therapy or the patient discharges home and is required to travel long distances to their physician's office for dressing changes and lab draws. From a healthcare and patient perspective, neither is a truly viable option, as most patients have an easier recovery at home and incur less financial debt due to traveling to and from their physician's office each week.

For infusion patients to have an opportunity like TwelveStone Nursing Solutions, it will be very advantageous since their sole purpose is to administer infusion therapy in the home by trained and experienced infusion nurses. TwelveStone Nursing Solutions' willingness to provide infusion home care to all Tennessee counties, particularly the rural counties, which many providers cannot do, is a win for Case Manager and patients.

For these reasons, please accept this letter of support for TwelveStone Nursing Solutions' application for a Certificate of Need for home health for all counties in Tennessee. Its clinical skills and pharmacy knowledge are needed by our patients, especially those in rural areas of Tennessee. Having TwelveStone Nursing Solutions as a referral option will improve the quality of care for our infusion patients needing home care. Please do not hesitate to contact me with any questions.

Sincerely,

Teresa Shelton, RN

Dear Mr. Grant,

I process referrals at Dr. Jack Scariano's neurology office and am sending this letter of support for TwelveStone Nursing Solutions' Certificate of Need (CON) application to establish home health services for our home infusion patients. Our practice has utilized TwelveStone Infusion Pharmacy for several years—they have shown that they are reputable and their service has always been outstanding. Finding an agency to infuse medications in the patient's home has proven to be a difficult task. Most agencies decline for one reason or another, usually citing lack of available staff.

Unquestionably, your approval of this CON application will improve the care of our patients as well as provide much needed home health services in this region. We request your approval for the TwelveStone Nursing Solutions application. Our patient population resides not only in Knox County, but all the surrounding rural counties of Knox County as well. It can be very difficult for patients traveling back and forth to receive infusions. With TwelveStone Nursing Solutions as a home infusion agency, these problems are resolved immediately.

Feel free to contact me at 865-769-9595 should you have any questions.

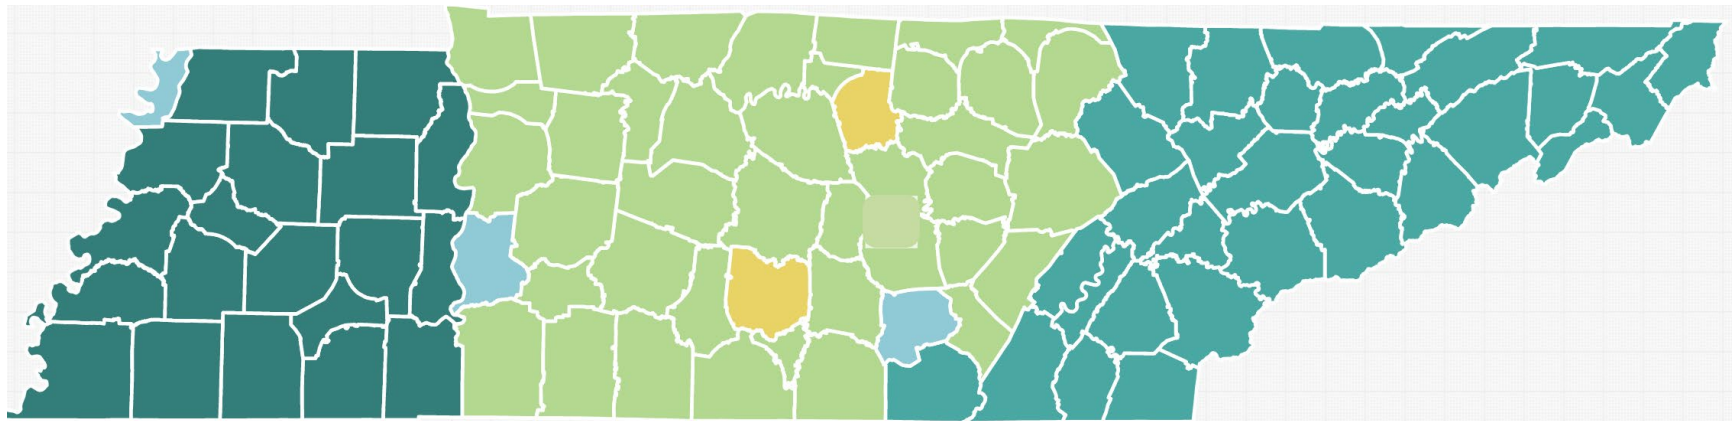

Respectfully Submitted,

Rebecca Scariano

Quality Assurance/Quality Improvement Plan (QA/QI)

The purpose of this document is to outline a step-by-step process for implementing an ongoing, systematic, and objective service quality performance and improvement plan for TwelveStone. Through this process, TwelveStone will monitor, evaluate, and improve the performance of care delivered to its customers, and will be afforded the opportunity to resolve any problems that have been identified in the process.

The QA/QI plan shall consist of ongoing process improvement activities and may include a periodic sampling of activities not initiated solely in response to an identified problem. These ongoing activities shall be specific to the Company's key functions, services, and activities.

The QA/QI plan shall be reviewed by the QA committee and updated at least annually. Revisions will be made as necessary to:

- Ensure that high performance care is provided by all company personnel;
- Identify, track, and resolve problems in customer care, services, and satisfaction to ensure improvement or resolution of problems identified;
- Collect, screen, and evaluate information to identify and pursue opportunities to improve all aspects of care and services and to achieve a high level of clinical excellence and customer satisfaction;
- Ensure that the plan of care of each customer consistently reflects current problems, interventions, and goals that correspond to the service provided and the appropriateness of continuing care;
- Meet state and federal regulatory standards for performance management;
- Ensure that each customer receives the company's rights and responsibilities document

Confidentiality

All personnel participating in QA/QI activities will adhere to the company's confidentiality policies. Results of QA/QI activities and reports will contain identifiable customer and staff information only as necessary. Information, when appropriate, will be coded or reported in aggregate. Identifiable customer information which is pejorative will be destroyed once data is summarized. All information generated by QA/QI activities will be protected by applicable laws or regulation.

Scope and Services:

A comprehensive company-wide QA/QI plan is designed to assess and improve the quality of customer service. This shall include monitoring and evaluation of activities provided and will encompass (1) individuals providing care, (2) types of services, (3) types of customers served, (4) and clinical activities. The scope of activities will be evaluated at least annually and revised as necessary.

Types of Services offered

1. Home Infusion Therapy
2. Specialty Pharmacy
3. Packaged Pharmacy
4. Enteral Nutrition
5. Infusion Centers

Types of Clients:

1. Geriatric
2. Oncology
3. Persons with chronic medical diagnosis
4. Persons with limitations in performing daily activities
5. Persons with acute conditions of chronic illnesses
6. Persons with highly-involved disabilities

Types of Care Activities

1. Preventative maintenance, delivery, and training for equipment
2. Instruction/teaching including, but not limited to:
 - a. Respiratory care
 - b. Infection control
 - c. Safety factors
 - d. Access to company
 - e. Care and maintenance of devices
3. Ongoing monitoring of patient compliance with physician's orders

Important Aspects of Care and Service:

Ongoing monitoring and evaluation activities will focus on important aspects of care and service that are critical enough to warrant ongoing monitoring. These may be key functions, procedures, treatments, processes, or other activities that impact customer care. Important aspects of care and service are prioritized in the following way:

High Risk – Customers are placed at risk of serious consequences or deprived of benefit if care is not provided correctly, not provided when indicated, or provided when not indicated. These activities include the following:

- a. Infection control

- b. Infusion Therapy
- c. Medications
- d. Nutrition

High Volume – Care or service occurs frequently or affects large numbers of customers. These activities include, but are not limited to, the following:

- a. Patient assessment, identification of problems, and care planning
- b. Treatment and procedures
- c. Equipment rental/use

Problem Prone –Care or service tends to produce problems for customers or employees. These activities may include, but are not limited to, the following:

- a. Accounts receivable
- b. Patient/caregiver education
- c. Equipment Mechanical failure.

Indicator Selection and Development:

Indicators are identified to monitor the performance of important aspects of care and service. The QA/QI monitoring and evaluation activities shall address all patient services provided directly and through contract. For services provided under contract, the company may develop indicators related to the contracted service, conduct data collection and evaluation, and initiate action when opportunities for improvement are identified.

At least one relevant indicator will be developed and prioritized to monitor each major category of service provided (equipment, billing, nutrition, medication and infusion) with one additional indicator addressing client satisfaction.

For each important aspect of care and service prioritized, a well-defined, specific, objective, measurable indicator that is based on current knowledge and experience shall be identified. These indicators shall be related to the level and type of care and services provided, as well as to the performance of care, and may include criteria such as clinical standards, practice guidelines, or critical pathways.

The indicators may also reflect structures of care (such as resources), processes of care (such as procedures or techniques), or outcomes of care (such as patient outcomes). Structure indicators describe the foundation that must be in place to support the delivery of patient care in the home. Process indicators shall describe the behavior of the staff/caregiver at the desired level of performance or the actual processes utilized in the delivery of care. Outcome indicators shall describe the results of the care or services in terms of changes in the staff's/patient's or caregiver's short-term or long-term activities or behavior. Outcome indicators that relate to sentinel events are monitored through the

company's incident reporting policy. The aggregate results of the incident reports generated shall be incorporated into the company's QA/QI monitoring and evaluation activities.

The company's QA/QI teams or qualified individuals representing each service shall participate in the development of indicators and the mechanisms by which to trigger further evaluation. They shall also participate in the evaluation of the information collected to identify important problems, pursue opportunities for improvement, and assess performance of care and customer satisfaction. Indicators and mechanisms to trigger evaluation will be revised as indicated and reviewed at least annually.

Mechanisms to Trigger Evaluation:

For each indicator identified, mechanisms to identify levels, patterns, or trends in the indicator that will trigger further evaluation of care of service will be identified. These mechanisms to trigger further evaluation may include, but are not limited to, the following:

1. Setting a threshold for further evaluation;
2. Setting upper and lower control limits;
3. Using statistical data;
4. Identifying patterns or trends.

When the mechanism is triggered, evaluation is used to determine whether an opportunity exists to improve care or service to address the problem.

The following scope and severity levels will be used to determine the potential severity of any clinical care or service concern. It will also be used to guide the staff to further investigative review and documentation/reporting requirements.

- A - Incident did not reach patient- No Harm (Not reported to QA, Incident Report Not Required)
- B - Incident reached patient- No Harm and No Potential for Harm (Report to QA, Incident Report Not Required)
- C - Incident reached patient- Potential for Harm but No Actual Harm (Report to QA, Incident Report Required)
- D - Incident reached patient- Minimal Harm/Adverse Effect (Report to QA, Incident Report Required)
- E - Incident reached patient- Actual Harm but Patient Managed at Home (Report to QA, Incident Report Required)
- F - Incident reached patient- Actual Harm and Patient Hospitalized or Required Additional Medical Treatment (Report to QA, Incident Report Required)

Collection and Organization of Data:

Data will be collected for each indicator, including customer satisfaction, on an ongoing basis. Data collection tools will be appropriate for each indicator, and data concerning the indicators will be collected at specified or regular intervals (at least quarterly). The frequency of data collection for each indicator and the sampling of events or activities will relate to the frequency of the event or activity being monitored, its significance; and the extent to which it has been problem-free.

Sources of information from which data may be collected include, but are not limited to, the following:

1. Retrospective and concurrent clinical record reviews;
2. Client satisfaction surveys;
3. Policies and procedures;
4. Home visits;
5. Infection control data;
6. Incident reports;
7. Equipment maintenance records;
8. Equipment delivery records;
9. On-call telephone records;
10. Written/oral feedback from client or caregiver.

The methods of data collection may include, but are not limited to, the following:

1. Documentation-based reviews (retrospective or concurrent);
2. Satisfaction surveys;
3. Direct observation of care provided;
4. Personal or telephone interviews;
5. Review of report findings from performance improvement meetings;
6. Review of report findings from surveys and data collected; and
7. Peer review.

The sample size will be determined for each indicator to adequately represent the population being monitored. A percentage of the population shall serve as the sampling methodology.

Evaluation of Findings:

For each established indicator, the level of achievement will be determined. The frequency of data analysis and evaluation will be specified for each indicator. Qualified individuals from each service assigned to the performance improvement team and/or those involved in client care shall evaluate the information collected to pursue opportunities for improvement, identify important problems, and assess clinical service and customer satisfaction.

A summary of data will be tabulated at the specified times noted on the company's schedule of mentoring activities. The aggregate level of performance will be compared to the pre-established threshold to trigger evaluation to

determine if further evaluation is required. If the threshold is not triggered, the finding will be evaluated by the Team to determine if a problem or opportunity for improvement exists.

If it is concluded that a problem or opportunity for improvement exists, the indicator will be monitored for additional time (according to need) and actions will be delineated in a written plan for corrective action to be implemented. Performance improvement documentation shall include evaluations of all issues involved and a rationale for the conclusions. If multiple opportunities for improvement are identified, but improvement in all of the identified areas is not feasible, the organization may prioritize the order in which opportunities will be addressed.

If no changes are made in response to a specific identified opportunity to improve care or service, the priority-setting process that led to the decision will be documented. Even when the care or service is consistent with the expected patterns, it may be further evaluated to identify ways to improve it. The performance improvement team will recommend or make corrective actions appropriate to the cause, scope, and severity of the problem or the opportunity for improvement.

The performance improvement team's plan will include the following:

1. The problem and the date identified;
2. Personnel responsible for planning and implementing corrective action;
3. Recommended actions to be taken;
4. Time frame for implementation
5. Monitoring and evaluation activities;
6. How and when results of actions taken will be reported;
7. When data information will be evaluated again with the expected outcome;
8. Effect of actions taken;
9. Additional need for ongoing monitoring.

Effectiveness of Corrective Action:

The QA/QI team will evaluate the effectiveness of actions taken and recommended further action if necessary. Usually, the performance improvement activities that identified the problem will be continued and used to determine (1) if the actions have resolved the problem, (2) if improvement is made and sustained over time, (3) if the problem recurs. The frequency of data collection, reporting and analysis will be appropriately adjusted by the director or team if the scope and severity of the problem identified warrant such adjustments.

All resolved problems will continue to be monitored for an additional period of time (according to need) following resolution to determine that the action taken continues to resolve the problem. A calendar year tickler file will be maintained to ensure reporting completed as determined. If the threshold to trigger evaluation

is not triggered during this timeframe, the monitoring of that specific indicator may be discontinued. If the threshold is triggered, the indicator will be monitored until it is resolved. All follow-up evaluations shall be documented to include the findings, conclusions, recommendations, actions taken, and results of the actions taken.

Accountability for and Implementation of the Performance Improvement Program:

The QA/QI committee is ultimately responsible for the performance and clinical care provided by the company to its customers and for implementation of the QA/QI Plan. The governing body shall also be responsible for ensuring that all key management staff undertakes education concerning the approaches and methods of performance improvement. That governing body shall be responsible for ensuring that adequate resources are available by assigning adequate numbers of staff who are given sufficient time to participate in performance improvement activities and by instituting appropriate information systems for collection, management and analysis of data collected. The Manager of Compliance shall be responsible for reviewing the company's performance, monitoring and evaluation results and presenting them to the governing body for review and approval.

TwelveStone Medical and TwelveStone Pharmacy Disciplinary Action

TwelveStone Medical is licensed in 50 states, as was displayed in 3Q of this application. Late in 2019, this pharmacy had a change in management. Whenever there is a PIC (pharmacist-in-charge) change, all states where the pharmacy holds licensure must be notified of the change. All states were notified as was required by their Boards of Pharmacy; however, the notification wasn't received by Maine within the 10-day window, per their Board regulations. *TwelveStone Medical* was issued a warning and monetary penalty by the Maine Board of Pharmacy.

TwelveStone Pharmacy is a long-term care pharmacy servicing patients in skilled nursing facilities, assisted living facilities and both home and inpatient hospice. The DEA conducted an inspection of this pharmacy in May of 2019 and found few recordkeeping deficiencies (listed in the MOA "Findings of Fact"). *TwelveStone Pharmacy* was issued a Memorandum of Agreement, which will expire on June 30, 2022. The DEA also conducted a reinspection in September of 2020 and found no deficiencies.

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement (MOA) is entered into between the Drug Enforcement Administration (DEA) and Twelvestone Pharmacy, LLC ("Respondent"), 352 W. Northfield Blvd, Suite 3B, Murfreesboro, Tennessee 37129, DEA registration #FT6489137. Respondent is currently registered with the state of Tennessee under License #2942.

FINDINGS OF FACT

1. Respondent, which has an address of 352 W. Northfield Blvd, Suite 3B, Murfreesboro, Tennessee 37129, holds DEA registration #FT6489137 as a retail pharmacy in Schedules II-V controlled substances at the aforementioned address.
2. On May 6, 7, and 9, 2019, investigators of the DEA Nashville District Office conducted an on-site inspection of Respondent. During the course of the inspection, the following recordkeeping deficiencies were found:
 - Failure to maintain complete and accurate records as evidenced by variances discovered during the accountability audit, as required by Title 21, Code of Federal Regulations (CFR) § 1304.21(a) and Title 21, United States Code (U.S.C.) § 827(a)(3), in violation of 21 U.S.C. 842(a)(5).
 - Failure to record the date received on approximately 62 Schedule III-V invoices, as required by 21 CFR 1304.22(c) and 21 U.S.C. 827(a)(3) and (b)(1), in violation of 21 U.S.C. 842(a)(5).
 - Failure to maintain Schedule II prescriptions separately from the Schedule III-V prescriptions as required by 21 CFR 1304.04(h)(1) and 21 U.S.C. 827(a)(3) and (b)(1), in violation of 21 U.S.C. 842(a)(5).
 - Failure to fill prescriptions under the correct practitioner, as required by 21 CFR 1304.21(a) and 21 U.S.C. 829(b), in violation of 21 U.S.C. 842(a)(5).
 - Failure to notate the DEA registration number and address of the supplier on one invoice, as required by 21 CFR 1304.22(c) and 21 U.S.C. 827(a)(3), in violation of 21 U.S.C. 842(a)(5).

- Failure to notate the date and amount shipped on five supplier copy DEA-222 forms, as required by 21 CFR 1305.13(b) and 21 U.S.C. 827(a)(3), in violation of 21 U.S.C. 842(a)(5).
- Failure to mail in Copy 2 of DEA-222 order forms to the Nashville District Office by the end of the month during which the orders were filled, as required by 21 CFR 1305.13(d) and 21 U.S.C. 827(a)(3), in violation of 21 U.S.C. 842(a)(5).
- Failure to notate the quantity prescribed, as required by 21 CFR 1306.05(a) and 21 U.S.C. 827(a)(3), in violation of 21 U.S.C. 842(a)(5).
- Failure to notate the DEA registration number of the prescriber, as required by 21 CFR 1306.05(a) and 21 U.S.C. 827(a)(3), in violation of 21 U.S.C. 842(a)(5).
- A prescription was missing the doctor's signature, as required by 21 CFR 1306.05(a) and 21 U.S.C. 827(a)(3), in violation of 21 U.S.C. 842(a)(5).
- A prescription was missing the date prescribed, as required by 21 CFR 1306.05(a) and 21 U.S.C. 827(a)(3), in violation of 21 U.S.C. 842(a)(5).
- Prescriptions were missing the patient address, doctor address, and doctor DEA registration number, as required by 21 CFR 1306.05(a) and 21 U.S.C. 827(a)(3), in violation of 21 U.S.C. 842(a)(5).
- Prescriptions were missing the patient address, as required by 21 CFR 1306.05(a) and 21 U.S.C. 827(a)(3), in violation of 21 U.S.C. 842(a)(5).

STIPULATIONS AND AGREEMENT

Respondent agrees the above Findings of Fact are true and accurate. Respondent understands and agrees that the Findings of Fact constitute sufficient grounds to deny, restrict or revoke its DEA registration. In lieu of initiating Order to Show Cause (OTSC) proceedings to deny, restrict or revoke its DEA registration, Respondent and the DEA agree to the following:

3. Respondent shall abide by all federal, state and local laws and regulations relating to controlled substances.
4. Respondent shall distribute controlled substances only for legitimate medical purposes and within the scope of its professional practice, as required by 21 CFR 1306.04(a) and 21 U.S.C. 827(c)(1)(A).
5. Respondent shall properly conduct and maintain all necessary inventories as required by 21 CFR 1304.
6. Respondent shall conduct an accountability audit each quarter on four controlled substances. The controlled substances shall include at least one substance in Schedule II, and the audit shall include different controlled substances each quarter. Results of the audit shall be maintained for the duration of this MOA.
7. Respondent shall immediately report to the DEA Nashville District Office, which is within the geographic area of its DEA registered address all patient requests for

controlled substances that give rise to the Respondent's reasonable suspicion that the patient is engaging in or attempting to engage in illegal drug diversion conduct.

8. During the course of this agreement, Respondent shall allow DEA personnel access during regular business hours to its controlled substance records for the purpose of verifying compliance with this MOA, as well as all federal, state, and local laws and regulations relating to controlled substances.
9. The Respondent agrees to permit DEA personnel to enter its registered location at any time during regular business hours without an Administrative Inspection Warrant (AIW), and without prior notification to the Respondent, to verify Respondent's compliance with this MOA.
10. Respondent shall notify the DEA Nashville District Office:
 - a. Prior to attempting to transfer its DEA Certificate of Registration to another address;
 - b. Prior to submitting an application for a new registration within the State of Tennessee;
 - c. Prior to submitting an application for a new registration in any other state.
11. Respondent shall immediately notify the DEA Nashville District Office and surrender its DEA Registration, should its Tennessee State Pharmacy License be placed on probation, suspended or revoked.
12. By executing this MOA, Respondent waives all of its rights to seek judicial review or to challenge or contest the validity of any terms or conditions of this Agreement.
13. The DEA enters into this MOA with the understanding the Respondent will abide by its contents in good faith. Subject to the terms of this MOA, the DEA shall continue to allow the Respondent to be registered to handle controlled substances.
14. Respondent understands and agrees that a violation of any provision of this agreement shall provide grounds for DEA to initiate proceedings to suspend and/or revoke its DEA registration. Respondent further agrees that in lieu of such proceedings the pharmacy will voluntarily surrender its DEA registration as outlined in the following paragraphs:

Surrender For Cause Agreement and Process

15. Respondent voluntarily agrees to sign a DEA Form 104, "Surrender for Cause of DEA Certificate of Registration" (hereinafter "Surrender for Cause" form). A copy of that signed Surrender for Cause form is attached to this agreement. That form will not be executed or enforced by DEA at this time. The terms of this MOA supersede the Surrender for Cause form, and DEA will hold the Surrender for Cause in suspense during the period of this MOA except as provided in this MOA.

16. The DEA will only execute and enforce the Surrender for Cause form after the Diversion Program Manager (DPM) has made a finding, pursuant to the procedures outlined within this MOA, that Respondent has violated the conditions of this MOA.

Procedure for Determining whether the Respondent has violated the conditions of this agreement:

17. Upon knowledge of such potential violation(s), DEA may issue the Respondent a "Notice of Hearing" (DEA-80) (hereinafter "Notice"), via registered mail, return receipt requested. The notice will state the date, time, and place of hearing, and will set forth a short summary of each violation in the "Charge" section. The hearing shall take place within 30 days of the Respondent receiving the Notice.
18. Respondent may contest or accept the alleged violations.
- a. If Respondent contests the violations, Respondent may do so in writing prior to the hearing and/or at the hearing.
 - b. At the hearing, the DPM will consider Respondent's position on each alleged violation as well as the facts supporting the violation(s). The Respondent will also have an opportunity to present its views and proposals for bringing the alleged violations into compliance with the MOA. The DPM will then make a finding that includes: 1) whether the violations occurred, and; 2) whether they involved willfulness or the public health, interest or safety.
 - c. With the concurrence of the Special Agent-in-Charge ("SAC"), the DPM will decide whether to enforce the Surrender for Cause form, or allow Respondent to continue operating under the terms of this MOA. If the DPM allows Respondent to continue operating, any new alleged violations of this MOA could re-initiate the hearing process discussed herein.
 - d. If Respondent accepts the violations, the DEA will enforce the Surrender for Cause form.
19. If the DPM and SAC decide to enforce the Surrender for Cause form, Respondent will have 15 days from written notice thereof to cease all business operations previously authorized under Respondent's registration.
20. Respondent understands that failure to comply with the Controlled Substances Act (CSA), and its implementing regulations could also subject Respondent to civil fines and/or criminal prosecution under Title 21 of the United States Code. Respondent understands that nothing in this agreement relieves Respondent of civil or criminal liability.
21. Respondent understands that violations of the terms of this MOA constitute additional grounds, either by itself or in conjunction with other grounds, for civil fines, criminal charges and the revocation of Respondent's DEA registration.

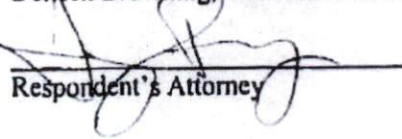

22. This MOA shall take effect on the date it is signed and dated by Respondent and DEA. It shall remain in effect for a term of three years from July 1, 2019, or until Respondent goes out of business or ceases to exist, if earlier. So long as Respondent complies with the terms of this MOA, it shall expire on June 30, 2022. If Respondent materially complies with this MOA for the full term, Respondent's signed Surrender for Cause form will be voided on the date this MOA expires.
23. If during the term of this MOA, provided in paragraph 22, DEA does not enforce the Surrender for Cause form as provided herein, DEA shall (i) release Respondent and its officers, directors, employees, successors, and assigns from all administrative claims within DEA's enforcement authority under 21 U.S.C. §§823 and 824 related to the conduct specified in paragraph 2 herein, and (ii) refrain from taking any administrative action against any of them within DEA's enforcement authority based on such conduct.

TWELVESTONE MEDICAL, INC.)	
)	CONSENT AGREEMENT
Case No. 2020-PHA-16481)	

PARTIES

This document is a Consent Agreement regarding disciplinary action against the mail order prescription pharmacy license of Twelvestone Medical, Inc. (“Twelvestone”) in the State of Maine. The parties to this Consent Agreement are: Twelvestone, the Maine Board of Pharmacy (“the Board”), and the Maine Office of the Attorney General (“the Attorney General”). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

FACTS

1. At all times relevant to this matter, Twelvestone was licensed by the Board as a mail order prescription pharmacy, license no. MO40002502, located at 352 W Northfield Boulevard, Suite 3A in Murfreesboro, Tennessee.
2. On December 19, 2019, David Reed replaced Kevin Norris as the pharmacist in charge (“PIC”) of Twelvestone, thereby requiring Twelvestone to submit a Change of PIC application to the Board within 7 days after the PIC change.
3. Twelvestone, however, did not file a change of PIC application with the Board until January 13, 2020.
4. On June 10, 2020, Board Administrator, Geraldine Betts, filed an administrative complaint with the Board alleging that Twelvestone had failed to file a timely change of PIC application.

5. This administrative complaint was docketed as Case No. 2020-PHA-16481.

6. Under Board Rules Chapter 11, § 3, upon a change of PIC, a mail order prescription pharmacy must file a new application with the Board by registered mail no later than seven (7) days after the change.

7. Pursuant to the Board's delegation of authority dated January 3, 2019, which authorizes Board Staff to offer prescribed consent agreements to resolve first-time violations of PIC change notification requirements, this Consent Agreement is being offered to finally resolve Complaint No. 2020-PHA-16481.

8. Absent acceptance of this Consent Agreement by signing and dating it and returning it to Board of Pharmacy, Complaint Division, Office of Professional and Occupational Regulation, 35 State House Station, Augusta, Maine 04333-0035 by **July 13, 2020**, the Board will resolve this matter by holding an adjudicatory hearing.

COVENANTS

9. Twelvestone admits to the facts as stated above and admits that such conduct constitutes grounds for discipline pursuant to 10 M.R.S. § 8003(5-A)(A)(5) for violating a rule of the Board, specifically Board Rules Chapter 11, § 3, by failing to file a new application with the Board by registered mail no later than 7 days after a change of PIC.

10. As DISCIPLINE for the violation admitted to in paragraph 9 above, Twelvestone agrees to accept the imposition of:

- a. A WARNING; and
- b. A CIVIL PENALTY in the amount of seven hundred fifty dollars (\$750.00).

Payment of the civil penalty shall be made by check or money order payable to the "Treasurer, State of Maine" and delivered to Board of Pharmacy, Complaint Division, Office of Professional and Occupational Regulation, 35 State House

Station, Augusta, Maine 04333, and must be submitted with the signed Consent Agreement.

11. This Consent Agreement is not appealable and is effective until modified or terminated by the parties hereto.

12. Violation of any of the terms or conditions of this Consent Agreement by Twelvestone shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

13. The Board and the Office of the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

14. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408-A.

15. Nothing in this Consent Agreement shall be construed to affect any right or interest of any person not a party hereto.

16. The Board and Twelvestone agree that no further agency action will be initiated against Twelvestone's license by the Board based upon the specific violations admitted to herein, except or unless Twelvestone fails to comply with the terms and conditions of this Consent Agreement. The Board may however consider the conduct described above as evidence of a pattern of misconduct in the event that other allegations are brought against Twelvestone, and this Consent Agreement will be introduced as evidence in any future adjudicatory hearing involving Twelvestone. The Board may also consider the fact that discipline was imposed by this Consent Agreement in determining discipline in any further complaints against Twelvestone.

17. Twelvestone acknowledges by its duly authorized representative's signature hereto that it has had an opportunity to consult with an attorney before executing this Consent Agreement, that

it executes this Consent Agreement voluntarily, and that it agrees to abide by all terms and conditions set forth herein.

The Big Payback' Raised Nearly \$4M for Middle TN Nonprofits

Generosity continues to help define Middle Tennessee. The Big Payback's ninth-annual 24-hour online giving event ended Thursday night with donors contributing nearly \$4 million for participating area nonprofits.

This year's amount—\$3,960,365 in preliminary totals—came from 25,755 total gifts. The total includes funds raised and prizes.

Totals, with the exception of two past-event prizes: most improved and most creative.

There were 6,546 first-time donors, whose gifts to organizations new to them totaled \$567,517. In a new event feature, 632 volunteers have pledged 25,130 hours.

In its history, The Big Payback has helped hundreds and hundreds of area nonprofits raise more than \$29 million—\$29,179,652—from a total of 206,338 cumulative donations.

About 1,000 Middle Tennessee nonprofits—including schools and religious institutions—from 36 counties signed up to participate in this year's The Big Payback, an initiative of The Community Foundation of Middle Tennessee.

"Kindness and generosity are two words that come to mind when I reflect on the last 24 hours," said Michael McDaniel, CFMT Senior Nonprofit Liaison and this year's The Big Payback coordinator.

"On behalf of the participating nonprofits and those they serve, we're grateful to donors for making a vital investment to all of the partici-

ating nonprofits supporting the many needs in our communities. Good things happen as a result."

The Big Payback is a community-wide online giving day designed to give the public the opportunity to pay back the nonprofits that made this a place we are proud to call home.

Starting at 6:00 p.m., Wednesday, May 4, and continuing to 6:00 p.m., Thursday, May 5, there were 24 hours to make donations to a wide array of participating local nonprofits at TheBigPayback.org.

This year's total of non-profits included 79 organizations that participated for the first time. Giving categories included human services, education, community improvement, arts and culture, youth development, animal welfare, health, housing and shelter, and the environment.

The Elephant Sanctuary in Tennessee led all organizations with \$110,064 in donations with 983 unique donations, followed by Proverbs 12:10 Animal Rescue, \$107,249 with 857 unique donations; Wags and Walks, \$90,115 with 666 unique donations; Global Sanctuary for Elephants, \$87,824 with 837 unique donations; and Second Harvest Food Bank of Middle Tennessee, \$87,165 with 385 unique donations.

Rounding out the Top 10 were: Freedom's Promise, \$80,284 with 149 unique donations; Jewish Federation of Nashville and Middle Tennessee, \$64,152 with six unique donations; Nashville Opera Association, \$58,173 with 43 unique donations; Narrow Gate Foundation,

\$56,603 with 93 unique donations; and Global Outreach Developments International, \$55,846 with 644 unique donations.

There were 545 Peer-to-Peer Campaigns that raised \$432,548. These campaigns raised \$10-\$25,750.

A total of 434 of these campaigns raised more than \$10, while 111 raised more than \$1,000.

#RedHotSheliaPepper raised \$26,750 for Compassionate Hands, while CASA Transport Saves Lives raised \$16,005 for Charles Angels Saving Animals, Bridge the Gap in Theological Education - Support College Students in the Third World raised \$11,412 for Global Outreach Developments, Inc.

Gifts to nonprofits from the public were boosted with additional financial prizes from sponsors of The Big Payback, and an online leaderboard tracked donations in real time, both online and on digital billboards throughout the area.

This year's incentive prize pool totaled about \$245,000. Generous sponsors included: Kharis Foundation, The Jane and Richard Eskind and Family Foundation, HCA Healthcare Foundation, Blue Cross Blue Shield of Tennessee, Kraft CPAs, Lipman, Sir Speedy BNA, Jerry and Ernie Williams, and Susan and Luke Simons.

Donors were able to search and select organizations based on mission, location and focus area. Donors also could support multiple nonprofits and make gifts of any size with ease, from \$10 and up.

Oakland Planning Commission Holds Workshop on Land Use and Zoning Types; Approves Various Final Plats and a Construction Plat

The Town of Oakland Planning Commission met on Tuesday, May 3, 2022. Present were Chairman Hayes McLaughlin, Dickey Sullivan, Christina Hall, Mayor Mike Brown, Alderman Frank Cates, Vice-Chairman Stephen Laskowski, and Jack Poole. City planner Ed Courton was unable to attend.

Workshop

The commission met in a workshop with the first item being the land use and transportation growth plan. Chairman McLaughlin reported on the mayor and aldermen's recent workshop meeting where they reviewed the corporate owned rental property in town. There are 200 to 300 properties that are rentals equaling 5% of all the homes in Oakland.

McLaughlin stated that Progress is the company who owns the most with a 150 Oakland Meadows, Hidden Springs, and Fairyway Hills are the subdivisions with the highest percentages. There was discussion on how to slow it down at stop it. City attorney Tom Minor will look into some alternatives throughout the state and on what other surrounding towns are doing.

It was stated if the town can claim they are running a business by having rental houses and if so, what can be done. City planner Ed Courton had stated in other towns he had represented, an rental houses they needed a license to rent houses in a neighborhood and if they didn't meet city requirements, the license would be

revoked. Rezoning was discussed as a potential loss.

Major Road Plan

This was next for discussion. City manager Jay Johnson stated before they start he had news of a TDOT grant the city has received notice of \$70,000 awarded for a new major thoroughfare. The city would have a 10% match. However, the state will select the consultant, the scope of work, and then work with the city. Johnson said he was a little concerned on how they will select the consultant.

On the traffic plan, member Stephen Laskowski has done research and thinks by 2039 Oakland will have 17,000 population. The Ford plant could add more.

Jack Poole stated the mayor and board needs to start looking at widening Riverdale, amending up to Feathers Chapel and eventually to Lambert and Ivy Roads. This would connect Hwy 191 and 196 and receive some traffic off Hwy 64. He pointed out there is an exit ramp off Hwy 196 and there will be a new one off Hwy 194 when extended. Then we could have parallel connector roads, he said.

Johnson was asked when would this grant study on the \$70,000 start and he said he didn't look for it until late fall.

Poole asked has there been discussion on opening up the urban growth boundaries and Jay Johnson said County Mayor Taylor has stated he will be opening it up. He said let's wait until it is opened by the mayor and we be prepared to move forward.

Poole said we as this committee need to figure out what we want to recommend the urban growth boundaries be and also what the projected roadway development would be.

Mayor Brown said we are looking at a special census next March or April because we may be well ahead of what the 2020 census said.

Zoning Classifications

McLaughlin said right now we have 29 zoning designations. He checked with other towns in the county and they have 15 to 20 so we could reduce those. What do we do with the ones already zoned and existing. The city planner has suggested they can be grandfathered in and anything afterwards would have the new designation.

McLaughlin gave the commission a copy of the suggested new zoning. Courton suggested getting rid of the agriculture altogether and have a residential estate of 5 or more acres. R-1 would be 40,000 SF and above with 1 dwelling per acre. R-2 would be 2 buildings per acre at 200,000 SF and R-3 would be 3 homes per acre. Christina Hall asked why would we have 3 homes per acre and McLaughlin said that will be up for discussion.

He said RPD would be residential planned unit development, MPD would be a mixed use development, MID would be a multi-family development, which is apartments. POD would be professional office development, B-1 is general business district, B-2 is neighborhood business, and L for light industrial and H for

Planning Commission members Christina Hall, Chairman Hayes McLaughlin, and Vice-Chairman Stephen Laskowski at last week's meeting.

heavy industrial. Municipal would be general industrial.

Christina asked why would we take out agriculture and said I think we need to keep that. It was suggested to make it a 15 acre minimum. Johnson asked would 2 acres be a better minimum for estates.

Christina asked with our sportsplex, the parks, the golf course, where do those fall. We need a zoning to protect them. It was stated that golf courses fall under agriculture and we could add institutional for the parks and sportsplex.

Alderman Cates stated I don't want anything in Oakland zoned for apartments. Christina Hall told him we are required by the state to have this zoning but we are not required to build them. She asked if we have the mixed use and multi-family use, wouldn't that cover apartments and give us control over it.

It was decided for the commission to look this over until the next work session.

Planning Meeting
The commission then opened their regular meet-

ing. First was Hidden Springs final plat approval of Section D-1 for Waters of approval.

Valleybrook Development requested to amend a Planned Development of 236 lots on Mehane Road. This property has been taken up by another developer and they are asking to change the setback to 25 feet and the number of lots are now 233 on 98.63 acres. The commission voted their approval.

Last was Valleybrook Development requesting a final plat approval for Phase I consisting of 74 lots. It was requested that a part on Mehane Road that will keep some trees and has fencing be part of the homeowners association. The developer's representative asked that the commission approve this final plat to save them by 30 or 60 days waiting for another meeting of the commission and then have to come back to get the plat signed. This has been done before and it must be signed before the plat can be filed. The commission voted to approve this.

Fayette County Observes Sexual Assault Awareness Month with Denim Day

In recognition of Sexual Assault Awareness Month, staff at the Fayette County Health Department participated in Denim Day on April 27, 2022. Denim Day began after a ruling by the Italian Supreme Court where a rape conviction was overturned because the justices felt that since the victim was wearing tight jeans, she must have helped the person who raped her remove her jeans, there-

by implying consent.

Denim Day is a rape prevention education campaign that raises community awareness about the devastating impacts of sexual violence and how to prevent it. Through the Offices of Criminal Justice Programs (OCJP), federal funding is provided to 22 agencies serving survivors of sexual assault throughout the state of Tennessee.

In the last year, these agencies provided support to more than 19,900 survivors of sexual assault. The Sexual Assault Center launched the Tennessee Statewide Sexual Assault Hotline in July of 2020 with OCJP funding.

If you or someone you know has experienced sexual assault, call 866-811-7473 for support. Text chat is available at saccenter.org.

Blackburn, bipartisan colleagues introduce bill to document Russian war crimes in Ukraine

U.S. Senators Marsha Blackburn (R-Tenn.), John Cornyn (R-Texas), Kirsten Gillibrand (D-N.Y.), Rick Scott (R-Fla.), Richard Blumenthal (D-Conn.), Thom Tillis (R-N.C.), Angus King (I-Maine), Susan Collins (R-Maine), Dianne Feinstein (D-Calif.), Gary Peters (D-Mich.), John Boozman (R-Ark.), Tim Kaine (D-Va.), and Jeanne Shaheen (D-N.H.) today introduced the Ukraine Invasion War Crimes Deterrence and Accountability Act, which would ensure the U.S. is undertaking coordinated efforts to collect and maintain evidence of war crimes and atrocities committed during the Russian invasion of Ukraine.

Ukrainians, Men, women, and children from Mariupol to Bucha have lived lifeless in the street, victims of unspeakable atrocities committed by Putin's barbaric invasion. Gathering and analyzing evidence will assist in prosecuting and holding accountable those complicit in these Russian atrocities. The full force of U.S. and international law must be brought to bear," said Sen. Blumenthal.

government collects future war crimes. This evidence of Russian legislation sends an unwavering bipartisan message from the Senate that the U.S. will demand accountability for growing human rights violations across Ukraine's communities."

May 7, 2022. Donnie and Judy Butler of New Johnsonville, TN, visited his mother, Lillian Butler, of Holly Creek, and took her to Preston's in Leoma, for a fish dinner for Mother's day. They had a wonderful evening and loved the food! They also brought her flowers.

Sunday May 8, 2022, Jerry and Sandra Butler, Jeremy and Christy Butler, Brett and Jana Rinehart, Braylyn Rinehart, Joyce Sherrill, Mark and Jennie Butler, Clint Butler, Corey and Case Butler, all came to Lillian Butler's on Holly Creek and ate with her for Mother's Day. They enjoyed KFC chicken and the trimmings, chicken and dumplings, green beans, cornbread, German chocolate cake, and red velvet cake. They brought her more flowers. They enjoyed reminiscing, sharing ideas, and catching up on issues. It was a great mothers day for Lillian. Dennis and Tammy Moore of Columbia visited Lucille Moore in Leoma Saturday, May 7, for Mothers Day. They brought her roses. Then on Sunday, Travis and Diane Moore and Alesha Moore stopped by Lucille's with a fish dinner with all of the trimmings and ate with her. They brought her a hanging basket of flowers. It was a good Mothers Day weekend for her.

Saturday, May 7, 2022, the children of Frances Mashburn of Loretto, gathered at her and Ronald's home, to celebrate Mother's day with her. Those stopping by were: Cindy McLaughlin, Donnie and Renee Cotton, Austin Cotton, and Molly Kate Thomason, Kera, Anna Kate, Roper, and Dakota Lopp, and Jeff and Tina Richier. They feasted on hamburgers, hot dogs, baked beans, potato salad, chips and dip, watermelon, cantaloupe, fresh strawberry pie and homemade strawberry cake. (I was blessed with some of

the strawberry pie and it was better than Shoney's use to be! They can do that again! Lol! I am sure all of these mothers had a great Mothers Day weekend, and were thankful for all of their wonderful families.

Anita Daniel and Jason Daniel of Smyrna, TN visited Pauline Williams on Holly Creek Mother's Day, ate with her and brought her flowers. It was a nice afternoon for all of them.

Happy 86th birthday to Stella Pruitt of Wayne County Health and Rehab Center in Waynesboro, formerly of Peppertown, May 14, 2022. May it be full of excitement and fun for her, as she is thankful for another year to enjoy life and praise the Lord!

Happy Anniversary to Jonathan and Lisa Gamble of Holly Creek who will celebrate their 23rd year of Marriage May 22, 2022. They are blessed with two children, Taylor (Seth) Gamble Chambers and Matt Gamble. Jon is the son of Melvin and Gina Gamble and Lisa is the daughter of Russell and Ann Scott. May they have many more years of Happiness and contentment, as their life is filled with even more success.

Congratulations to Bro. David and Lee Ann Simmerman of Leoma who celebrated their 30th wedding anniversary last weekend. He is pastor of Leoma Baptist Church. Very humble couple, loving the church, their family, encouraging and inspiring and always willing to lend a helping hand, wherever needed. May God bless them with many more happy, healthy years to enjoy life together, and be a great influence to everyone around them.

Don and Deborah Moore Lee of Holly Creek, are happy living in her parents house, the late Charles and Barbara Moore, after a complete make over. They added an additional bathroom, wider doors, new cabinets, a wider carport, etc. and made it handicapped accessible. May they enjoy and make very delightful memories in this home.

Get well wishes to Mr. Jim Gower of Loretto in NHC Scott...Glad Melba Scott of Lawrenceburg, is improving nicely, after a long stay in the hospital. May God bless each one on the sick list, with powerful healing.

A thought. It is only with gratitude that one will become rich.

Ben Cooper Memorial Scholarship

The Lawrence County Education Foundation is pleased to announce a new scholarship available to Lawrence County graduating seniors. On behalf of his family and the Ayers Foundation, the Ben Cooper Memorial Scholarship will honor a young man who had an enormous appreciation for education and service to students entering post-secondary education. Benjamin "Ben" Randall Cooper, 46, of Lawrenceburg, Tennessee passed away on Sunday, May 1, 2022, at his home. He began his work here with TriO Student Support Services, then as the Health Sciences Advisor for Columbia State Community College, before transitioning to become an Ayers Counselor in Lawrence County. In all capacities, he has assisted many of our students entering Columbia State Community College.

His colleagues remember him as a firestorm who hit the ground running and was a master at helping students navigate post-secondary challenges; manage their CharterNet accounts, regis-

ter for classes, explain how classes worked, all of which was most critical during COVID. Ben was known to be straight forward with parents and students, telling them what college would really be like and what to expect. He prided himself at tracking certain students down, helping them maneuver some tough choices of being in college. He was firm, frank and fair and all who knew him

knew he cared and loved them. Anyone wishing to honor Ben's devotion to our graduating seniors by contributing to his scholarship, may do so by sending to THE LAWRENCE COUNTY EDUCATION FOUNDATION, P.O. Our attendance at church is still holding up well. We sure do miss the ones that are not there. Annette Cookkey did another special for us on Sunday. We are so proud of our children taking a part of our service.

Don't forget the estate sale at the Burnt Church Community Center this weekend, May 13 and 14, beginning at 9 a.m. Come early for best selections. All proceeds go to the community center.

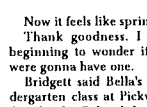

Decorations are going strong in the month of May. I drove out to Mt. Hermon on Sunday afternoon to see the cemetery, it looked so pretty.

Decorations will be at Neill cemetery Sunday, May 15. There will be some very nice flowers. Larrie Cooksey, Annise, and Beckham met her sister Sherry Thompson and Ashtyn at the zoo in Memphis on Saturday. They had a wonderful time.

Saturday, Alice Whitlow, Janet Franks, and Karley Cossey went shopping to buy flowers for Alice's yard for Mother's Day.

Those enjoying Mother's Day with David and Peggy Beckham were Stacey and Melinda Gray, Larrie Cooksey, Annise, and Beckham, also Jim and Sherry Thompson, and Ashtyn, from Tu-

Now it feels like spring! Thank goodness, I was beginning to wonder if we were gonna have one.

Bridgett said Bella's kindergarten class at Pickwick Southside School had a wonderful field trip to the Memphis Zoo last week. I miss the days when Taylor was little like that.

My sister Lisa came in last weekend to visit Mom for Mother's Day and we rode around looking at property (Lisa is wanting to get a second home here - she lives in Franklin) and we went to breakfast at Cream and Sugar Cafe in Luka, Mississippi.

If you have unwanted items, I suggest donating them to the Jirch Mission Store in Counce. They are a great group of volunteers. The store is by Hardin County Bank and does a lot to help people in this community,

as well as internationally. Plus, your donation is tax deductible.

We had a fantastic Mother's Day at the flower shop and I want to thank all of you from the bottom of my heart. I love my job and my customers.

Prayer requests this week: Johnny Odum, the Ann Newell family, Don Walley, Danny Roberts, Chris Lee, Johnny McLean, Ali Edwards, Don Wright, Harold Baker and Jeanette Chancellor.

Happy birthday wishes to twins Donna and Jucci Qualls from Childers Hill on May 15, and Kayla Rinks from Shiloh on May 16. Enjoy your special day, ladies.

Everyone have a blessed week.

Parsons Water System Water Quality Report 2021

Is my drinking water safe? Yes, our water meets all of EPA's health standards. We have conducted numerous tests for over 60 contaminants that may be in drinking water. As you're see in the chart on the back, we only detected seven of these contaminants. We found all of these contaminants at safe levels.

domestic wastewater discharges, oil and gas production, mining, or farming. Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses. Organic chemical contaminants, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems.

Why are these contaminants in my water? Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. Information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-425-4791).

Lead in Drinking Water. If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Parsons Water System makes great efforts to provide high quality drinking water, but cannot control the variety of materials used in plumbing components.

Is our water system meeting other rules that govern our operations? The State and EPA require us to test and report on our water on a regular basis to ensure the safety. We have met all of these requirements. Results of unreported contaminant analyses are available upon request. We want you to know that we pay attention to all the rules.

Water System Security. Following the events of September 2001, we notice that our customers are concerned about the security of their drinking water. We urge the public to report any suspicious activities at any utility facilities, including treatment plants, pumping stations, tanks, fire hydrants, etc. to 731-452-3211.

Water Quality Data

- MCLG - Maximum Contaminant Level Goal, or the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLG is set for a margin of safety.
MCL - Maximum Contaminant Level, or the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLG as feasible using the best available treatment technology.

Table with 8 columns: Contaminant, Violation Yes/No, Level Detected, Range of Detectives, Date of Sample, Unit Measurement, MCL/G, MCL, and Likely Source of Contamination. Rows include Total Coliform, Turbidity, Copper, Fluoride, Lead, Sodium, THHA, Halocarbonates, Halogenic Acids, Total Organic Carbon, and Chlorate.

In 2021, 100% of our samples were below the turbidity limit. During the most recent round of Lead and Copper (Feb. 9 out of 20) based-lead sampling contained concentrations exceeding the action level. We have met all treatment technique requirements for Total Organic Carbon removal.

NOTICE OF TRUSTEE'S SALE

WHEREAS, default has occurred in the performance of the covenants, terms, and conditions of a Deed of Trust Note dated September 30, 2020, and the Deed of Trust of even date securing the same, recorded October 1, 2020, in Book No. 955, at Page 687, in the Register of Deeds for Dyer County, Tennessee, executed by Clint Scobey, conveying certain property therein described to G W Hampton as Trustee for Mortgage Electronic Registration Systems, Inc., as beneficiary, as nominee for Security Bank, its successors and assigns; and the undersigned, Wilson & Associates, P.L.L.C., having been appointed Successor Trustee by Lakeview Loan Servicing, LLC, NOW, THEREFORE, notice is hereby given that the entire indebtedness has been declared due and payable, and that an agent of Wilson & Associates, P.L.L.C., as Successor Trustee, by virtue of the power, duty, and authority vested in and imposed upon said Successor Trustee, by Lakeview Loan Servicing, LLC, will, on June 15, 2022, at or about 11:00 AM, at the Dyer County Courthouse, Dyer, Tennessee, offer for sale certain property hereinafter described to the highest bidder FOR certified funds paid at the conclusion of the sale, or credit bid from a bank or other lending entity pre-approved by the successor trustee. The sale is free from all exemptions, which are expressly waived in the Deed of Trust, said property being real estate situated in Dyer County, Tennessee, and being more particularly described as follows: Situate, lying and being in the Fifteenth (15th) Civil District of Dyer County, Tennessee, and being more particularly described as follows: BEGINNING at an iron pin at the north margin of the north margin of Pierce Street and being at the southeast corner of a tract owned by Cook's, thence with Wright's east line, North a distance of 161 feet to a concrete monument at the northeast corner of the north-east corner of the south lines of tracts owned by Nicholas and Thompson, East a distance of 112 feet to an iron pin at the northwest corner of a tract owned by Cook, thence with Cook's west line, South a distance of 160 feet to an iron pin on the north margin of Pierce Street; thence with the north margin of Pierce Street, West a distance of 112 feet to the POINT OF BEGINNING. ALSO KNOWN AS: 634 Pierce Street, Triñble, TN 38259. This sale is subject to all matters shown on any applicable recorded plat; any unpaid taxes; any rents, easements, or setback lines that may be applicable; any restrictive covenants, or setback lines that may be applicable; any statutory rights of redemption of any governmental agency, state or federal; any prior liens or encumbrances as well as any priority created by a future filing; and to any matter that an accurate survey of the premises might disclose. In addition, the following parties may claim an interest in the above-referenced property: CLINT SCOBEY. The sale held pursuant to this Notice may be rescinded at the Successor Trustee's option at

any time. The right of this notice is to be deemed the day of the sale to another day, time, and place certain without further publication, upon announcement at the time and place for the sale set forth above. In the event of a change of time, or, the trustee hereby announces that the sale will be postponed for a period of two weeks. In such situations, notices will be mailed to interested parties of record. W&A No. 352-153 DATED May 3, 2022

SUPPLEMENTAL RESPONSE FROM TWELVESTONE ON JUNE 10, 2022

June 6, 2022

Richard C. Gregory
Director of Sales
TwelveStone Infusion Support, LLC
352 W. Northfield Blvd, Suite 3
Murfreesboro, TN 37129

RE: Certificate of Need Application CN2205-025
TwelveStone Infusion Support, LLC

Dear Mr. Gregory:

This will acknowledge our May 31, 2022, receipt of your application for a Certificate of Need to establish a new home care organization to initiate and provide home health services to 92 counties limited to the administration of home infusion and injection products to pharmacy patients of pharmacies which are subsidiaries of TwelveStone, Holdings, Inc. The new home health organization's home office will be located at 352 West Northfield Boulevard, Suite 3, Murfreesboro (Rutherford County), Tennessee 37129.

The applicant also plans to serve Grundy, Lake, and Perry Counties which are designated as economically distressed counties and are exempt from CON requirements.

Several items were found which need clarification or additional discussion. Please review the list of questions below and address them as indicated. The questions have been keyed to the application form for your convenience. I should emphasize that an application cannot be deemed complete and the review cycle begun until all questions have been answered and furnished to this office.

Please submit responses electronically by 4:00 p.m., Monday June 13, 2022. If the supplemental information requested in this letter is not submitted by or before this time, then consideration of this application may be delayed into a later review cycle.

1. Item 1E., Overview, Service Area

It is noted the applicant has included Grundy, Lake and Perry Counties in the proposed service area. However, Grundy, Lake and Perry Counties are designated as economically distressed counties and are exempt from CON requirements. Please revise page 5 and indicate the three distressed counties are exempt from CON requirements. Please revise and label replacement page 5 as 5R.

If approved, please indicate the timeframe the applicant plans to add Grundy, Lake, and Perry Counties to its service area.

Response:

See replacement page 5R, noting that while the Applicant desires to serve all 95 Counties in Tennessee, Grundy, Lake and Perry Counties are currently exempt from CON requirements. Also, due to publishing errors regarding The Shelbyville Times-Gazette and the Carthage Courier, Bedford County and Smith County will not be included in this CON, if approved. If this CON application is approved, the applicant plans to add Grundy, Lake, and Perry Counties to its service area promptly upon licensure by the Tennessee Department of Health (anticipated in the Project Completion Forecast to be during September 2022), and the applicant would then seek another CON to add Bedford County and Smith County to the service area before the end of 2022.

2. Item 3A., Proof of Publication

Please address the following items as listed in the following chart:

County	Newspaper	Item
Bedford	Shelby-Times Gazette	Provide proof of publication
Blount	The Daily Times	Provide proof of publication
Chester	Chester County Independent	Provide proof of publication
Clay	Dale Hollow Independent	Provide proof of Publication

Unicoi	The Erwin Record	Verify with newspaper that it meets all the requirements to be considered a newspaper of general circulation for Monroe County (provide documentation)
Van Buren	Sparta Expositor	Provide proof of publication
White	Sparta Expositor	Provide proof of publication

Response:

See replacement attachment 3A, addressing all of the noted items. Also, as noted above, due to a publishing error regarding The Shelbyville Times-Gazette and the Carthage Courier, Bedford County and Smith County, will not be included in this CON, if approved. If this CON application is approved, the applicant would then seek another CON to add Bedford County and Smith County to the service area before the end of 2022.

3. Item 9A., Legal Interest in the Site

Please provide a fully executed option to lease agreement between TwelveStone Holdings Inc. and TwelveStone Infusion Support, LLC.

Response:

See replacement Attachment 9A for a fully executed copy of the Option to Lease, at pages R49-R50.

4. Item 10A., Floor Plan

The floor plan is noted. However, please label the dedicated space and submit a revised floor plan.

Response:

See replacement Attachment 10A which now includes colored arrows to designate dedicated spaces for the applicant.

5. Item 1E., Overview

The list of existing home health infusion providers is noted. However, it appears the applicant did not list Advanced Nursing Solutions and Home Care Solutions. Please provide a similar overview of those infusion providers.

Response:

With regard to Advanced Nursing Solutions as an existing similar service provider, the provider listed at the top of Page 6 is "Intrathecal Care Solution, LLC dba Advanced Nursing Solutions," which is the same provider as "Advanced Nursing Solutions."

With regard to Home Care Solutions as an existing similar service provider, the application believes the request relates to Home Care Solutions, Inc., Project Number CN00009-086 for the expansion of a home health agency service area to include Grundy County and to request removal of condition/restriction of services for infusion therapy patients only. Meeting Date 12/13/2000.

Home Care Solutions is owned by LHC Group (Louisiana Health Care Group). Currently LHC Group owns 7 home health agencies and/or has partnerships with 9 other hospital-based home health agencies, for a total of 16 home health agencies with 48 locations across Tennessee. It has been recently announced that Optum, owned by United Healthcare Group, and LHC Group will combine in the second half of 2022.

6. Item 2N., County Level Map

Please provide a county level map that includes all 92 Tennessee Counties subject to CON requirements in Attachment 2N. In Addition, please remove the TwelveStone Emblem from the map.

It is noted the applicant has included Grundy, Lake, and Perry Counties in the proposed service area. However, Grundy, Lake and Perry Counties are designated as economically distressed counties and are exempt from CON

requirements. Please note on the county level map.

Response:

See replacement attachment 2N, with Grundy, Lake and Perry Counties designated as economically distressed counties in blue, and Bedford County and Smith County designated in yellow (due to a publishing error regarding The Shelbyville Times-Gazette and the Carthage Courier, Bedford County and Smith County, will not be included in this CON, if approved, and if this CON application is approved the applicant would then seek another CON to add Bedford County and Smith County to the service area before the end of 2022).

7. Item 3N., Demographic Table

The demographic table in Attachment 3N is noted. However, please highlight Grundy County as a distressed county and submit a revised Attachment 3N.

Response:

See replacement attachment 3N, with Grundy County designated as economically distressed county.

8. Item 5N., Unimplemented Services and Similar Healthcare Providers

Please describe any approved but implemented services of home health providers in the 92-county proposed service area that are subject to CON requirements. In your response, please clarify if those home health agencies will be providing infusion services.

Response:

See Attachment 5A as to approved but unimplemented services of home health providers in the proposed service area that are subject to CON requirements.

9. Item 7N.

Please list question 7N and provide a response underneath.

<u>CON Number</u>	<u>Project Name</u>	<u>Date Approved</u>	<u>Expiration Date</u>
None			

- Complete the above chart by entering information for each applicable outstanding CON by applicant or share common ownership; and
- Describe the current progress and status of each applicable outstanding CON and how the project relates to them.

Response:

There are no outstanding CONs for the applicant or any affiliate of applicant.

10. Item 5N., HHAs in the Proposed Service Area

Please complete the following chart for all home health agencies serving any county in the proposed service area that reports infusion nursing utilization in its 2019-2021 JARs.

*NOTE-the applicant has listed data as reported by Pentec, but questions if the Pentec JARs were completed correctly, given the wide variance from all other providers.

11. Item 6N., Projected Utilization

Please complete the following table for Year One and Year Two

	Year 1		Year 2	
	Visits	Hours	Visits	Hours
Infusion Greater than 2 hours	220	660	325	975
Infusion Services Less than 2 Hours	220	220	325	325

RESPONSE:

See the completed chart above. In addition, the applicant would note that because there are many different infusion medications with differing time requirements for an infusion, and both dosing and the speed of infusion rate can vary by patient and also affect the time requirements, the applicant has made these projections based on information gathered for this project, but the variables involved make it difficult to project an accurate breakdown between less than 2 hours and more than 2 hours.

12. Item 1C., Transfer Plans

Please list any proposed or existing transfer agreement with hospitals in the proposed service area.

Response:

TwelveStone does not have transfer agreements with hospitals in the proposed service area and does not anticipate having them in the future. When possible, patients requiring transfer will be referred back to the referring prescriber to assure continuity of care. In the event of an emergency patients will be transferred to the nearest emergency department by ambulance.

13. Item 4C., Availability and Accessibility of Human Resources

Please discuss what type of specialized nurse is required in the administration of infusion services including experience. Please indicate if those specialized nurses are available or will be trained by the applicant.

Response:

TWELVESTONE has established special education criteria, experience, or certification requirements for nursing personnel to administer pharmaceuticals and/or to perform special treatments.

TWELVESTONE will provide education necessary for nursing personnel to administer pharmaceuticals and/or perform special treatments. Trainings will be specific to the services, treatment, or drugs required.

Personnel files will contain documentation showing completion of all required education, as well as proof of experience and licensing. Qualifications can be found in the job description.

The Director of Nursing/Nurse Manager will be responsible for ensuring all RNs have the necessary qualifications and competencies completed and documented in the personnel record before assigning any patient care, treatment administration, or other services to a nurse.

The final job description for the Home Health Registered Nurse, lists the following:

Minimum Qualifications:

Education: Bachelor's degree in Nursing, associate degree in Nursing and current, unrestricted RN license in the state of practice

Experience: Minimum of two years' experience providing nursing care required. Infusion experience preferred; Telephone, MS Office and computer/keyboard skills required. Previous EMR experience preferred.

Functional Competencies: Conducting accurate assessments, prioritization, time management, multitasking, critical thinking, dependability, innovation, problem solving, flexibility, collaboration, cooperation, teamwork.

14. Item 5C., Category of License / Certification

Does the applicant intend to participate in the Medicare Quality Initiatives, Outcome and Assessment Information Set, Home Health Compare, or other nationally recognized accrediting organization, for Home Health projects?

Response:

TwelveStone does not intend to participate in the Medicare program, Medicare Quality Initiatives or other accrediting organizations for Home Health projects, as it is anticipated approximately 90% of home infusion patients will be commercially insured. TwelveStone Medical is currently accredited with ACHC and URAC. TwelveStone has established extensive quality standards, programs, practices and teams in order to assure the highest quality services are delivered to all the patients we serve. TwelveStone Infusion Support will adhere to the same quality standards, programs and practices as all other TwelveStone entities, regardless of accreditation status.

15. Item 7C., Project Only Chart

The chart in 7C is noted. However, the chart is calculated incorrectly. Please calculate using visits as the utilization data.

Response:

	Previous Year to MostRecent Year	Most Recent Year	<u>Year 1</u>	<u>Year 2</u>	% Change (Current Year to Year 2)
Gross Charge <i>(Gross Operating Revenue/Utilization Data)</i>	No historical data	No historical data	\$88,000.00 440 visits	\$130,000.00 650 visits	48% (Difference of 210 visits)
Deduction from Revenue <i>(Total Deductions/Utilization Data)</i>	No historical data	No historical data	\$17,600.00 88 visits	\$26,000.00 130 visits	48% (Difference of 42 visits)
Average Net Charge <i>(Net Operating Revenue/Utilization Data)</i>	No historical data	No historical data	\$70,400.00 352 visits	\$104,000.00 520 visits	48% (Difference of 168 visits)

16. Item 9C., Proposed Charges

It appears the Project Cost information under Item 9C. is misplaced. Please clarify.

Response:

The Project Cost information under Item 9C is also appropriately placed under the Project Cost Chart (4E), so it has been removed from 9C. See attached replacement page R7.

17. Item 10C., Accreditation, Certification and licensure

Please provide a copy of the applicant's license with the Tennessee Board of Pharmacy.

Response:

While TwelveStone Infusion Support does not have a pharmacy license, two of its affiliates, TwelveStone Medical and TwelveStone Pharmacy do have such licenses, which are collectively attached as Attachment 10C.

18. Item 8Q, Staffing Chart

The staffing chart on page 17 is noted. However, please specify the direct and indirect positions in the chart and submit a replacement page (labeled as 17R).

Please clarify how the applicant will employ a Medical Director, Director of Nursing, and Quality Improvement Nurse. If so, please include in replacement page 17R.

Response:

Upon initial approval of the CON application and licensure, TwelveStone will contract the Medical Director position with a local physician, utilize a current experienced RN (already on staff and working in affiliate TwelveStone divisions) as Director of Nursing until the business volume justifies hiring full time for this role. Using the same methodology TwelveStone would utilize a current experienced RN (already on staff and working in affiliate TwelveStone divisions) for day-to-day quality purposes until a QA nurse is needed on a more full-time basis.

Please see the direct and indirect positions corrected in the chart shown on attached Replacement Page R17.

Please respond to the following project specific questions in an attachment. In your attachment, please list each question and response.

19. Item 1N., Project Specific Criteria (Home Health), Item #1

Please contact the Department of Health, Health Statistics, for a copy of the report that identifies home health need by county and provide a home health need calculation for each of the proposed service area counties.

Response:

See Attachment 1N.

20. Item 1N., Project Specific Criteria (Home Health), Item #3

Attachment 2E is noted. However, please provide a chart that includes each proposed service area county, the number of infusion visits, patients, and total visits according to each licensed home health agency.

Response:

See Attachment 1N-3 as to each licensed home health agency for all 95 counties, proposed service area county, including the number of infusion visits, patients, and total visits.

21. Item 1N., Project Specific Criteria, County Need Standard (Home Health), Item #4

It is noted the applicant has included letters from several area referrals sources. The guideline indicates each letter should include the following for each county in the proposed service area: a) health care providers had difficulty or were unable successfully to refer a patient to a home care organization and/or were dissatisfied with the quality of services provided by existing home care organizations based on Medicare's system Home Health Compare and/or similar data; b) potential patients or providers in the proposed Service Area attempted to find appropriate home health services but were not able to secure such services; c) providers supply an estimate of the potential number of patients that they might refer to the applicant. Furthermore, it is noted in the chart located in Attachment 2E the letter of support and the counties served by the provider. However, a portion of the letters did not state the counties served. How did the applicant determine the counties served by providers if it was not listed in every letter? Please clarify.

Response:

TwelveStone requested Letters of Support from prescribers with whom we have established working relationships with and that have proven to be consistent referral sources. Those referral sources included hospitals, large physician practices, specialty clinics and individual physicians. If the referral sources did not indicate the counties of their patient population in the contents of their letter, a list

of counties of each writer's patient population was derived from the TwelveStone patient database.

22. Item 1N., Project Specific Criteria, County Need Standard (Home Health), Item #5

Your response to this item is noted. Please respond to the following:

The applicant should document by county: a) all existing providers of home health services within the proposed Service Area; and b) the number of patients served during the most recent 12-month period for which data are available. To characterize existing providers located within Tennessee, the applicant should use final data provided by the JARs maintained by the Tennessee Department of Health. In each county of the proposed Service Area, the applicant should identify home health agencies that have reported serving 5 or fewer patients for each of the last three years based on final and available JAR data.

Response:

See Attachment 1N-5 as to all existing providers of home health services within the proposed Service Area, including the number of patients served during the most recent 12-month period.

In accordance with Tennessee Code Annotated, §68-11-1607(c) (5), "...If an application is not deemed complete within sixty (60) days after initial written notification is given to the applicant by the agency staff that the application is deemed incomplete, the application shall be deemed void." **For this application the sixtieth (60th) day after written notification is August 5, 2022. If this application is not deemed complete by this date, the application will be deemed void.** Agency Rule 0720-10-.03(4) (d) (2) indicates that "Failure of the applicant to meet this deadline will result in the application being considered withdrawn and returned to the contact person. Re-submittal of the application must be accomplished in accordance with Rule 0720-10-.03 and requires an additional filing fee." Please note that supplemental information must be submitted timely for the application to be deemed complete prior to the beginning date of the review cycle which the applicant intends to enter, even if that time is less than the sixty (60) days allowed by the statute. The supplemental information must be submitted with the enclosed affidavit, which shall be executed and notarized; please attach the notarized affidavit to the supplemental information.

If all supplemental information is not received and the application officially deemed complete prior to the beginning of the next review cycle, then consideration of the application could be delayed into a later review cycle. The review cycle for each application shall begin on the fifteenth day of the month after the application has been deemed complete by the staff of the Health Services and Development Agency.

Any communication regarding projects under consideration by the Health Services and Development Agency shall be in accordance with T.C.A. ' 68-11-1607(d):

No communications are permitted with the members of the agency once the Letter of Intent initiating the application process is filed with the agency.

Communications between agency members and agency staff shall not be prohibited. Any communication received by an agency member from a person unrelated to the applicant or party opposing the application shall be reported to the Executive Director and a written summary of such communication shall be made part of the certificate of need file.

Should you have any questions or require additional information, please do not hesitate to contact this office.

Sincerely,

Phillip Earhart

The Big Payback' Raised Nearly \$4M for Middle TN Nonprofits

Generosity continues to help define Middle Tennessee. The Big Payback's ninth-annual 24-hour online giving event ended Thursday night with donors contributing nearly \$4 million for participating area nonprofits.

This year's amount—\$3,960,365 in preliminary totals—came from 25,755 total gifts. The total includes funds raised and prizes. Totals, with the exception of two past-event prizes: most improved and most creative.

There were 6,546 first-time donors, whose gifts to organizations new to them totaled \$567,517. In a new event feature, 632 volunteers have pledged 25,130 hours.

In its history, The Big Payback has helped hundreds and hundreds of area nonprofits raise more than \$29 million—\$29,179,652—from a total of 206,338 cumulative donations.

About 1,000 Middle Tennessee nonprofits—including schools and religious institutions—from 36 counties signed up to participate in this year's The Big Payback, an initiative of The Community Foundation of Middle Tennessee.

"Kindness and generosity are two words that come to mind when I reflect on the last 24 hours," said Michael McDaniel, CFMT Senior Nonprofit Liaison and this year's The Big Payback coordinator.

"On behalf of the participating nonprofits and those they serve, we're grateful to donors for making a vital investment to all of the partici-

ating nonprofits supporting the many needs in our communities. Good things happen as a result."

The Big Payback is a community-wide online giving day designed to give the public the opportunity to pay back the nonprofits that made this a place we are proud to call home.

Starting at 6:00 p.m., Wednesday, May 4, and continuing to 6:00 p.m., Thursday, May 5, there were 24 hours to make donations to a wide array of participating local nonprofits at TheBigPayback.org.

This year's total of non-profits included 79 organizations that participated for the first time. Giving categories included human services, education, community improvement, arts and culture, youth development, animal welfare, health, housing and shelter, and the environment.

The Elephant Sanctuary in Tennessee led all organizations with \$110,064 in donations with 983 unique donations, followed by Proverbs 12:10 Animal Rescue, \$107,249 with 857 unique donations; Wags and Walks, \$90,115 with 666 unique donations; Global Sanctuary for Elephants, \$87,824 with 837 unique donations; and Second Harvest Food Bank of Middle Tennessee, \$87,165 with 385 unique donations.

Rounding out the Top 10 were: Freedom's Promise, \$80,284 with 149 unique donations; Jewish Federation of Nashville and Middle Tennessee, \$64,152 with six unique donations; Nashville Opera Association, \$58,173 with 43 unique donations; Narrow Gate Foundation,

\$56,603 with 93 unique donations; and Global Outreach Developments International, \$55,846 with 644 unique donations.

There were 545 Peer-to-Peer Campaigns that raised \$432,548. These campaigns raised \$10-\$25,750.

A total of 434 of these campaigns raised more than \$10, while 111 raised more than \$1,000.

#RedHotSheliaPepper raised \$26,750 for Compassionate Hands, while CASA Transport Saves Lives raised \$16,005 for Charles Angels Saving Animals, Bridge the Gap in Theological Education - Support College Students in the Third World raised \$11,412 for Global Outreach Developments, Inc.

Gifts to nonprofits from the public were boosted with additional financial prizes from sponsors of The Big Payback, and an online leaderboard tracked donations in real time, both online and on digital billboards throughout the area.

This year's incentive prize pool totaled about \$245,000. Generous sponsors included: Kharis Foundation, The Jane and Richard Eskind and Family Foundation, HCA Healthcare Foundation, Blue Cross Blue Shield of Tennessee, Kraft CPAs, Lipman, Sir Speedy BNA, Jerry and Ernie Williams, and Susan and Luke Simons.

Donors were able to search and select organizations based on mission, location and focus area. Donors also could support multiple nonprofits and make gifts of any size with ease, from \$10 and up.

Oakland Planning Commission Holds Workshop on Land Use and Zoning Types; Approves Various Final Plats and a Construction Plat

The Town of Oakland Planning Commission met on Tuesday, May 3, 2022. Present were Chairman Hayes McLaughlin, Dickey Sullivan, Christina Hall, Mayor Mike Brown, Alderman Frank Cates, Vice-Chairman Stephen Laskowski, and Jack Poole. City planner Ed Courton was unable to attend.

Workshop

The commission met in a workshop with the first item being the land use and transportation growth plan. Chairman McLaughlin reported on the mayor and aldermen's recent workshop meeting where they reviewed the corporate owned rental property in town. There are 200 to 300 properties that are rentals equaling 5% of all the homes in Oakland.

McLaughlin stated that Progress is the company who owns the most with a 150. Oakland Meadows, Hidden Springs, and Fairy Way Hills are the subdivisions with the highest percentages. There was discussion on how to slow it down at stop it. City attorney Tom Minor will look into some alternatives throughout the state and on what other surrounding towns are doing.

It was stated if the town can claim they are running a business by having rental houses and if so, what can be done. City planner Ed Courton had stated in other towns he had represented, an rental houses they needed a license to rent houses in a neighborhood and if they didn't meet city requirements, the license would be

revoked. Rezoning was discussed as a potential loss.

Major Road Plan

This was next for discussion. City manager Jay Johnson stated before they start he had news of a TDOT grant the city has received notice of \$70,000 awarded for a new major thoroughfare. The city would have a 10% match. However, the state will select the consultant, the scope of work, and then work with the city. Johnson said he was a little concerned on how they will select the consultant.

On the traffic plan, member Stephen Laskowski has done some research and thinks by 2039 Oakland will have 17,000 population. The Ford plant could add more.

Jack Poole stated the mayor and board needs to start looking at widening Rivendale, amending up to Feathers Chapel and eventually to Lambert and Ivy Roads. This would connect Hwy 191 and 196 and receive some traffic off Hwy 64. He pointed out there is an exit ramp off Hwy 196 and there will be a new one off Hwy 194 when extended. Then we could have parallel connector roads, he said.

Johnson was asked when would this grant study on the \$70,000 start and he said he didn't look for it until late fall.

Poole asked has there been discussion on opening up the urban growth boundaries and Jay Johnson said County Mayor Taylor has stated he will be opening it up. He said let's wait until it is opened by the mayor and we be prepared to move forward.

ward. Poole said we as this committee need to figure out what we want to recommend the urban growth boundaries be and also what the projected roadway development would be.

Mayor Brown said we are looking at a special census next March or April because we may be well ahead of what the 2020 census said.

Zoning Classifications

McLaughlin said right now we have 29 zoning designations. He checked with other towns in the county and they have 15 to 20 so we could reduce those. What do we do with the ones already zoned and existing. The city planner has suggested they can be grandfathered in and anything afterwards would have the new designation.

McLaughlin gave the commission a copy of the suggested new zoning. Courton suggested getting rid of the agriculture altogether and have a residential estate of 5 or more acres. R-1 would be 40,000 SF and above with 1 dwelling per acre. R-2 would be 2 buildings per acre at 20,000 SF and R-3 would be 3 homes per acre. Christina Hall asked why would we have 3 homes per acre and McLaughlin said that will be up for discussion.

He said RPD would be residential planned unit development, MPD would be a mixed use development, MID would be a multi-family development, which is apartments. POD would be professional office development, B-1 is general business district, B-2 is neighborhood business, and L for light industrial and H for

Planning Commission members Christina Hall, Chairman Hayes McLaughlin, and Vice-Chairman Stephen Laskowski at last week's meeting.

heavy industrial. Municipal would be general industrial.

Christina asked why would we take out agriculture and said I think we need to keep that. It was suggested to make it a 15 acre minimum. Johnson asked would 2 acres be a better minimum for estates.

Christina asked with our sportsplex, the parks, the golf courses fall under agriculture and we could add institutional for the parks and sportsplex.

Alderman Cates stated I don't want anything in Oakland zoned for apartments. Christina Hall told him we are required by the state to have this zoning but we are not required to build them.

It was decided for the commission to look this over until the next work session.

The commission then opened their regular meeting.

First was Hidden Springs final plat approval of Section D-1 for Winters of approval.

Valleybrook Development requested to amend a Planned Development of 236 lots on Mehane Road. This property has been taken up by another developer and they are asking to change the setback to 25 feet and the number of lots are now 233 on 98.63 acres. The commission voted their approval.

Last was Valleybrook Development requesting a final plat approval for Phase 1 consisting of 74 lots. It was requested that a part on Mehane Road that will keep some trees and has fencing be part of the homeowners association. The developer's representative asked that the commission approve this final plat to save them by 30 or 60 days waiting for another meeting of the commission and then have to come back to get the plat signed. This has been done before and it must be signed before the plat can be filed. The commission voted to approve this.

Fayette County Observes Sexual Assault Awareness Month with Denim Day

In recognition of Sexual Assault Awareness Month, staff at the Fayette County Health Department participated in Denim Day on April 27, 2022. Denim Day began after a ruling by the Italian Supreme Court where a rape conviction was overturned because the justices felt that since the victim was wearing tight jeans, she must have helped the person who raped her remove her jeans, there-

by implying consent. Denim Day is a rape prevention education campaign that raises community awareness about the devastating impacts of sexual violence and how to prevent it. Through the Offices of Criminal Justice Programs (OCJP), federal funding is provided to 22 agencies serving survivors of sexual assault throughout the state of Tennessee.

In the last year, these agencies provided support to more than 19,900 survivors of sexual assault. The Sexual Assault Center launched the Tennessee Statewide Sexual Assault Hotline in July of 2020, with OCJP funding.

If you or someone you know has experienced sexual assault, call 866-811-7473 for support. Text chat is available at [saccenter.org](https://www.saccenter.org).

Blackburn, bipartisan colleagues introduce bill to document Russian war crimes in Ukraine

U.S. Senators Marsha Blackburn (R-Tenn.), John Cornyn (R-Texas), Kirsten Gillibrand (D-N.Y.), Rick Scott (R-Fla.), Richard Blumenthal (D-Conn.), Thom Tillis (R-N.C.), Angus King (I-Maine), Susan Collins (R-Maine), Dianne Feinstein (D-Calif.), Gary Peters (D-Mich.), John Boozman (R-Ark.), Tim Kaine (D-Va.), and Jeanne Shaheen (D-N.H.) today introduced the Ukraine Invasion War Crimes Deterrence and Accountability Act, which would ensure the U.S. is undertaking coordinated efforts to collect and maintain evidence of war crimes and atrocities committed during the Russian invasion of Ukraine.

"Vladimir Putin and his soldiers are war criminals," said Sen. Blackburn. "Intentionally targeting civilians and willfully causing widespread destruction in a sovereign nation cannot be enabled by the freest country in the world's silence. This legislation will keep a close record of the evidence necessary for a war crimes conviction and deter perpetrators from engaging in this horrific violence."

"The reports of Russian war crimes coming out of Ukraine are sickening, and we must ensure these atrocities are properly documented," said Sen. Cornyn. "The House of Representatives passed this legislation nearly unanimously, and it is imperative that the Senate quickly do the same so we can prosecute these criminals to the fullest extent of the law."

"Through Putin's unjustified and unprovoked invasion of Ukraine, Russian commanders and troops have committed innumerable horrific war crimes and atrocities against innocent civilians and they must be held accountable," said Sen. Gillibrand, member of the Senate Armed Services Committee and Senate Select Committee on Intelligence. "I am proud to join the bipartisan Ukraine Invasion War Crimes Deterrence and Accountability Act, which will ensure the U.S. is collecting and analyzing evidence of Russia's war crimes, as well as identifying those responsible, in an effort to hold them accountable and possibly deter additional atrocities. We stand united in our efforts to bring these war criminals to justice."

Sen. Rick Scott said, "It's clear that Russian forces, under the control of Vladimir Putin, are committing murder, rape and genocide. These atrocities are war crimes and cannot go unpunished. I am proud to join Senator Cornyn and our colleagues on this good bill and make clear that America stands for human rights and will be relentless in our work to hold Putin and his thugs accountable."

"This effort is an important step in exposing Putin's campaign of war crimes against innocent

Ukrainians. Men, women, and children from Mariupol to Bucha have laid lifeless in the street, victims of unspeakable atrocities committed by Putin's barbaric invasion. Gathering and analyzing evidence will assist in prosecuting and holding those responsible for these Russian atrocities. The full force of U.S. and international law must be brought to bear," said Sen. Blumenthal.

"White Russian troops at the direction of Putin are invading a sovereign country and committing heinous crimes against the Ukrainian people. President Biden and Congress must work together on a coordinated response to war crimes," said Sen. Tillis. "This legislation will require a report to Congress on everything the United States is doing to respond to the Russian invasion and keep a record of any evidence of war crimes. We must hold Putin's regime accountable for the war against a free and sovereign democracy and spilling the blood of innocent people."

"Russia's barbaric invasion has devastated Ukraine, demolished cities, and killed an untold number of Ukrainians who want nothing more than to leave peacefully in their home country. This unprovoked assault is horrific, and it is absolutely essential that those responsible pay the consequences," said Sen. King. "Our bipartisan bill is an important step to hold Vladimir Putin and his accomplices accountable for their atrocities and puts the world on notice that the world is watching their every step."

"The world has watched in horror as Putin has used military force in an attempt to subjugate the peaceful country of Ukraine, killing countless innocent civilians in the process," said Sen. Collins. "From Bucha to Mariupol, the abject cruelty and viciousness of the Russian occupation have been on full display. Our bill would help ensure that these atrocities are identified and preserved, exposing war crimes committed by Putin, Russian generals, and soldiers. As we continue to support the Ukrainians in their fight to defend their freedom and democracy, this effort will place additional pressure on Russia to bring an end to this terrible war."

"Vladimir Putin and the Russian troops under his command must be held accountable for the heinous war crimes being committed against innocent Ukrainians. Our bill will ensure that evidence is preserved so war crimes can be brought to justice and these atrocities are never forgotten," said Sen. Feinstein.

"The atrocities we are seeing every single day being committed against innocent Ukrainians are horrendous and unacceptable and Vladimir Putin and the Russian military must be held accountable for

these crimes," said Sen. Peters, former Lieutenant Commander in the U.S. Navy Reserve and member of the Senate Armed Services Committee and Senate Ukrainian Caucus. "This bipartisan legislation will ensure we have the evidence needed so that the Russian government cannot hide behind their crimes. I'm proud to stand with the Ukrainian people against the Russian government's illegal invasion and will continue working to make sure we have a strong, unified front with Ukraine."

"The world has watched Russia's barbaric invasion of Ukraine unfold with brutal and devastating effect. Vladimir Putin, his cabinet members, and his lieutenants must be held accountable for the destruction and suffering they have caused. This legislation will help ensure the record is crystal clear and these perpetrators do not escape responsibility for the atrocities they have directed, committed and

lauded," Sen. Boozman said.

"Since Putin's illegal war in Ukraine began, there has been overwhelming evidence that Russia has been committing serious war crimes, including indiscriminately targeting civilians," said Sen. Kaine. "This bipartisan bill is an important step to hold perpetrators accountable for their actions. We must send a strong message to Putin and authoritarians who are committing these crimes will not be tolerated."

"A month and a half into Russia's bloody invasion of Ukraine, alarming reports of war crimes and grave human rights violations continue to mount. Putin must be held to account for these gross atrocities - to do so, the U.S. must contribute to efforts to collect and review evidence to properly assess the human toll of this war," said Sen. Shaheen. "I'm proud to help introduce bipartisan legislation to ensure our

government collects future war crimes. This evidence of Russian legislation sends an unwavering bipartisan message from the Senate that the U.S. will demand accountability for growing human rights violations across Ukraine's communities."

REQUEST FOR PROPOSALS

**JAMESTOWN MUNICIPAL AIRPORT
ENTRANCE ROAD, PARKING LOT, AND
APRON REHABILITATION**

Sealed construction proposals for the Entrance Road, Parking Lot, and Apron Rehabilitation Project for the Jamestown Municipal Airport will be received by Jamestown City Hall, 314 East Central Ave, Jamestown, TN 38556 until 1:00 p.m. local time on May 25, 2022. Bids which are delivered in advance by any means shall be delivered to: Jamestown City Hall, 314 East Central Ave, Jamestown, TN 38556. Attention: Gail Dishmon, City Recorder. They shall be clearly labeled: Bid for Entrance Road, Parking Lot, and Apron Rehabilitation Project - Jamestown Municipal Airport - **DO NOT OPEN**.

The work generally consists of the reconstruction of the FBO Hangar apron via full depth reclamation (FDR) with new asphalt on top. Also included is the rehabilitation of the aged parking lot (2-inch mill and overlay, crack sealing, & pavement markings), the upgrade of the main gate to an electrically operated automatic sliding gate, and some light grading. Additive alternatives include the rehabilitation of the entrance road (2-inch mill and overlay & crack sealing) and the construction of a new parking lot west of the FBO hangar.

It is the sole responsibility of each prospective bidder to notify the Engineer (Neel-Schaffer, Inc., 210 25th Avenue North, Suite 800, Nashville, TN 37203, 205.912.8549, joshua.stump@neel-schaffer.com) that you are a plan holder in order to receive addenda. Each prospective bidder shall provide and maintain the following current information with the Engineer: company name, contact person, mailing address, e-mail, and telephone number. Complete sets of digital drawings and digital specifications can be e-mailed to prospective bidders at no charge. To receive the plans and specifications, prospective bidders need to call (205-912-8549) or send an e-mail request to joshua.stump@neel-schaffer.com with the information required for registration. May 7, 2022. Donnie and Judy Butler of New Johnsonville, TN, visited his mother, Lillian Butler, of Holly Creek, and took her to Preston's in Leoma, for a fish dinner for Mother's day. They had a wonderful evening and loved the food! They also brought her flowers.

Sunday May 8, 2022, Jerry and Sandra Butler, Jeremy and Christy Butler, Brett and Jana Rinehart, Braylyn Rinehart, Joyce Sherrill, Mark and Jennie Butler, Clint Butler, Corey and Case Butler, all came to Lillian Butler's on Holly Creek and ate with her for Mother's Day. They enjoyed KFC chicken and the trimmings, chicken and dumplings, green beans, cornbread, German chocolate cake, and red velvet cake. They brought her more flowers. They enjoyed reminiscing, sharing ideas, and catching up on issues. It was a great mothers day for Lillian. Dennis and Tammy Moore of Columbia visited Lucille Moore in Leoma Saturday, May 7, for Mothers Day. They brought her roses. Then on Sunday, Travis and Diane Moore and Alesha Moore stopped by Lucille's with a fish dinner with all of the trimmings and ate with her. They brought her a hanging basket of flowers. It was a good Mothers Day weekend for her.

Saturday, May 7, 2022, the children of Frances Mashburn of Loretto, gathered at her and Ronald's home, to celebrate Mother's day with her. Those stopping by were: Cindy McLaughlin, Donnie and Renee Cotton, Austin Cotton, and Molly Kate Thomason, Kera, Anna Kate, Roper, and Dakota Lopp, and Jeff and Tina Richier. They feasted on hamburgers, hot dogs, baked beans, potato salad, chips and dip, watermelon, cantaloupe, fresh strawberry pie and homemade strawberry cake. (I was blessed with some of

The beauty of the lawn
From dusk to early dawn,
The birds singing sweet
Oh, what a beautiful treat,
Made in God's holy design
For a moment it is mine,
Green leaves, garden flowers,
Uplift the heart for hours,
Butterflies and Honey bees
Squirrels and rabbits running free,
Sunshine and brisk breeze
We are blessed to have these,
All on the lovely lawn
From the hand of a great God!

the strawberry pie and it was better than Shoney's use to be! They can do that again! Lol! I am sure all of these mothers had a great Mothers Day weekend, and were thankful for all of their wonderful families.

Anita Daniel and Jason Daniel of Smyrna, TN visited Pauline Williams on Holly Creek Mother's Day, ate with her and brought her flowers. It was a nice afternoon for all of them.

Happy 86th birthday to Stella Pruitt of Wayne County Health and Rehab Center in Waynesboro, formerly of Peppertown, May 14, 2022. May it be full of excitement and fun for her, as she is thankful for another year to enjoy life and praise the Lord!

Happy Anniversary to Jonathan and Lisa Gamble of Holly Creek who will celebrate their 23rd year of Marriage May 22, 2022. They are blessed with two children, Taylor (Seth) Gamble Chambers and Matt Gamble. Jon is the son of Melvin and Gina Gamble and Lisa is the daughter of Russell and Ann Scott. May they have many more years of Happiness and contentment, as their life is filled with even more success.

Congratulations to Bro. David and Lee Ann Simmerman of Leoma who celebrated their 30th wedding anniversary last weekend. He is pastor of Leoma Baptist Church. Very humble couple, loving the church, their family, encouraging and inspiring and always willing to lend a helping hand, wherever needed. May God bless them with many more happy, healthy years to enjoy life together, and be a great influence to everyone around them.

Don and Deborah Moore Lee of Holly Creek, are happy living in her parents house, the late Charles and Barbara Moore, after a complete make over. They added an additional bathroom, wider doors, new cabinets, a wider carport, etc. and made it handicapped accessible. May they enjoy and make very delightful memories in this home.

Get well wishes to Mr. Jim Gower of Loretto in NHC Scott...Glad Melba Scott of Lawrenceburg, is improving nicely, after a long stay in the hospital. May God bless each one on the sick list, with powerful healing.

A thought. It is only with gratitude that one will become rich.

Ben Cooper Memorial Scholarship

The Lawrence County Education Foundation is pleased to announce a new scholarship available to Lawrence County graduating seniors. On behalf of his family and the Ayers Foundation, the Ben Cooper Memorial Scholarship will honor a young man who had an enormous appreciation for education and service to students entering post-secondary education. Benjamin "Ben" Randall Cooper, 46, of Lawrenceburg, Tennessee passed away on Sunday, May 1, 2022, at his home. He began his work here with TriO Student Support Services, then as the Health Sciences Advisor for Columbia State Community College, before transitioning to become an Ayers Counselor in Lawrence County. In all capacities, he has assisted many of our students entering Columbia State Community College.

His colleagues remember him as a firestorm who hit the ground running and was a master at helping students navigate post-secondary challenges; manage their CharterNet accounts, regis-

ter for classes, explain how classes worked, all of which was most critical during COVID. Ben was known to be straight forward with parents and students, telling them what college would really be like and what to expect. He prided himself at tracking certain students down, helping them maneuver some tough choices of being in college. He was firm, frank and fair and all who knew him

knew he cared and loved them. Anyone wishing to honor Ben's devotion to our graduating seniors by contributing to his scholarship, may do so by sending to THE LAWRENCE COUNTY EDUCATION FOUNDATION, P.O. BOX 961, LAWRENCEBURG, TN 38464. Ben's signature farewell to students and colleagues, "Go be Awesome!"

Ian Pigg Inducted Into Phi Beta Kappa

Ian Pigg, of Clifton, TN, graduating with a B.A. in Public Policy Leadership, was among the more than 80 University of Mississippi students who were inducted into Phi Beta Kappa, the nation's oldest and most prestigious undergraduate honors organization in the liberal arts. The university held an induction ceremony on April 8, 2022, at the Gertrude C. Ford Ole Miss Student Union Ballroom on campus.

"Phi Beta Kappa embodies the ideal of a liberal arts education - an education suited for free people," said Neil Manson, professor of philosophy and 2022 president of the Beta of Mississippi chapter. "Rather than training merely to be specialists, members have shown a desire to become broadly educated across an array of humanistic disciplines. In addition to being intrinsically worthwhile, public and

private sector employers see such an education as a valuable commodity." Manson said he remembered his own induction 32 years ago as one of the proudest moments of his educational career.

Phi Beta Kappa membership is an honor conferred upon fewer than 10% of each graduating class. Students do not apply for membership but are elected by the chapter after a review of the academic records of each eligible candidate.

Election is based on good character and a distinguished record of scholarly performance in courses that demonstrate a broad exposure to the liberal arts, i.e., the fine arts, humanities, languages, mathematics, natural sciences and social sciences, as well as substantial work in areas outside the major.

While students are usually selected for membership during their senior year, juniors or graduate students may also be chosen.

The University of Mississippi chapter of Phi Beta Kappa was chartered on April 6, 2001, and is in an elite group of fewer than 300 colleges and universities in the nation that shelter a chapter.

SUNRISE

By David Coy

The Farewell

There is a song sung by Roger Whittaker entitled, "The First Hello, The Last Goodbye" wherein there is a line that says, "The way you gain a lover you lose to lose a friend."

"That's the end of the beginning, the beginning of the end, they say the moment that you're born is when you start to die." There is truth in that line. When we are born, we do not know how long we will live, but we may grow older, and will die. How do or will we measure our

life? Some people do so by the people they left behind. Some people do so in faith. Some people by love, and others feel that life does not have any meaning at all. I do not think those who deal with a terminal illness think that their life has no meaning, at least I hope not.

Every life has purpose and meaning and matters. Do we think about that one day we will not be here and wonder what we are leaving behind? Do we think about preparing for our existence beyond this physical life? I suspect that those facing their mortality do. Scripture says, "Inasmuch as it is awaiting us to die once, and after this judgment" (Hebrews 9:27) we should prepare for our future as well as those close to us that we love and esteem highly. We do not like to talk about our farewell, our death, but we should as it is normal and a date we all will meet. My father-in-law died several years ago and before he died with lung cancer that would shorten his life, he made elaborate detailed plans for that eventuality. We all should prepare for that date we will all keep. Relationships are vital as we are social creatures created for interaction and companionship. If there is a need, repair relationships. Otherwise cherish and keep them close and current. - David.

Hope to see you in grief support group this month.

Our attendance at church is still holding up well. We sure do miss the ones that are not there. Annette Cookkey did another special for us on Sunday. We are so proud of our children taking a part of our service.

Don't forget the estate sale at the Burnt Church Community Center this weekend, May 13 and 14, beginning at 9 a.m. Come early for best selections. All proceeds go to the community center.

Decorations are going strong in the month of May. I drove out to Mt. Hermon on Sunday afternoon to see the cemetery, it looked so pretty.

Decorations will be at Neill cemetery Sunday, May 15. There will be some very nice flowers. Larrie Cooksey, and Jim and Sherry Thompson, and Ashtyn, on Thursday, May 14, and Sunday, May 15 to receive donations for the upkeep of

Now it feels like spring! Thank goodness, I was beginning to wonder if we were gonna have one.

Bridgett said Bella's kindergarten class at Pickwick Southside School had a wonderful field trip to the Memphis Zoo last week. I miss the days when Taylor was little like that.

My sister Lisa came in last weekend to visit Mom for Mother's Day and we rode around looking at property (Lisa is wanting to get a second home here - she lives in Franklin) and we went to breakfast at Cream and Sugar Cafe in Luka, Mississippi. If you have unwanted items, I suggest donating them to the Jirch Mission Store in Counce. They are a great group of volunteers. The store is by Hardin County Bank and does a lot to help people in this community,

as well as internationally. Plus, your donation is tax deductible.

We had a fantastic Mother's Day at the flower shop and I want to thank all of you from the bottom of my heart. I love my job and my customers.

Prayer requests this week: Johnny Odom, the Ann Newell family, Don Walley, Danny Roberts, Chris Lee, Johnny McLean, Ali Edwards, Don Wright, Harold Baker and Jeanette Chancellor.

Happy birthday wishes to twins Donna and Jucci Qualls from Childers Hill on May 15, and Kayla Rinks from Shiloh on May 16. Enjoy your special day, ladies.

Everyone have a blessed week.

Cemetery notices **GAMALIEL (KY)**—The Gamaliel Cemetery is in need of donations for the upkeep of the cemetery. Donations may be dropped in the drive-thru donation box in the cemetery or mailed to PO Box 99, Gamaliel, KY 42140. Follow us on Facebook at "Friends of Gamaliel Cemetery."

CUMBERLAND COUNTY (KY)—Anyone with family or loved ones buried at Shorts Chapel Cemetery are encouraged to make donations to the cemetery fund. We strive to keep the cemetery appealing and unlike most cemeteries there has never been a charge for anyone to be buried at Shorts Chapel. We would like to keep it that way. Flowers & decorations are nice but please remember to make donations for mowing. You are also welcome to take a turn in mowing the cemetery

instead of contributing to the cemetery fund. This would be equally appreciated.

Please place flowers on grave stones and hanging metal rods if possible. Any flowers that are placed on the ground will be removed after July 4th.

All donations are greatly appreciated and can be made or mailed to: Citizens Bank of Cumberland County, Shorts Chapel Cemetery Fund, and PO Box 810, Burkesville, KY 42717. If it's more convenient for you to make donations to me personally I live beside the cemetery as well. You can reach me, Carla Kerr-Smith,

at 270-433-6981. As always, thank you!

CELINA-Fitzgerald

Cemetery committee members say donations are still needed for ongoing maintenance. Those with loved ones buried in the cemetery are encouraged to support this effort by sending a donation to P.O. Box 117 in Celina or dropping them off at the Bank of Celina.

Parsons Water System Water Quality Report 2021

Is my drinking water safe? Yes, our water meets all of EPA's health standards. We have conducted numerous tests for over 60 contaminants that may be in drinking water. As you'll see in the chart on the back, we only detected seven of these contaminants. We found all of these contaminants at safe levels.

Why are these contaminants in my water? Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. In fact, many substances are natural and some are beneficial to health.

Water Quality Data

- What does this chart mean? MCLG - Maximum Contaminant Level Goal, or the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLG is set for a margin of safety.

Table with 10 columns: Contaminant, Violation Yes/No, Level Detected, Range of Detectable, Date of Sample, Unit Measurement, MCLG, MCL, and Likely Source of Contamination. Rows include Total Coliform, Turbidity, Copper, Fluoride, Lead, Sodium, THHA, Halocarbonates, Halogenic Acids, Total Organic Carbon, and Chlorate.

Advertisement for Bids

Project No. J-6333. The City of Parsons (Owner). Separate sealed bids for Water System Emergency Power 2020 CDBG for the City of Parsons will be received by the City of Parsons City Hall, 535 Tennessee Ave. South, Parsons, TN 38363 until 12:00 o'clock P.M., C.S.T. May 27, 2022, and then at said office publicly opened and read aloud.

In 2021, 100% of our samples were below the turbidity limit. During the most recent round of Lead and Copper (Feb. 9 out of 20 household samples contained concentrations exceeding the action level. We have met all treatment technique requirements for Total Organic Carbon removal.

Current owner(s) of the property: Gina Richards
This sale is subject to all matters shown on any applicable recorded Plat or Plan; and unpaid taxes and assessments; any restrictive covenants, easements or setback lines that may be applicable; rights of redemption, equity, statutory or otherwise, not otherwise waived in the Deed of trust, including right of redemption of any governmental agency, state or federal; and any and all prior deeds of trust, liens, dues, assessments, encumbrances, defects, adverse claims and other matters that may take priority over the deed of Trust upon which this foreclosure sale is conducted or are not extinguished by this foreclosure sale. THE PROPERTY IS SOLD WITHOUT ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, RELATING TO TITLE, MARKETABILITY OF TITLE, POSSESSION, QUIET ENJOYMENT OR THE LIKE AND FITNESS FOR A GENERAL OR PARTICULAR USE OR PURPOSE. The title is believed to be good, but the undersigned will sell and convey only as Trustee.
The right is reserved to adjourn the sale to another time certain or to another day, time, and place certain, without further publication upon announcement on the day, time, and place of sale set forth above or any subsequent adjourned day, time, and place of sale.
If you purchase the property at the foreclosure sale, the entire purchase price is due and payable at the conclusion of the auction in the form of a certified check made payable to or endorsed to Albertelli Law Trust Account. No personal checks will be accepted. To this end, you must bring sufficient funds to outbid the Lender and any other bidders. Insufficient funds will not be accepted. Amounts received, in excess of the winning bid, will be refunded to the successful purchaser at the time the foreclosure deed is delivered.
This property is being sold with the express reservation that the sale is subject to confirmation by the Lender or Trustee. This sale may be rescinded by the Trustee at any time.
THIS IS AN ATTEMPT TO COLLECT A DEBT, AND ANY INFORMATION OBTAINED WILL BE USED FOR THAT PURPOSE.

(Option to Lease)**

May 31, 2022

Ladies and Gentlemen:

We are pleased to present this option (“Option”) to you for the lease (“Lease”) of a portion of the real property and building described below, on the following terms and conditions:

- Lessor: TwelveStone Holdings, Inc.
- Lessee: TwelveStone Infusion Support, LLC
- Premises: Approximately 500 square feet in an office building known as “Unit 3” in the building located at 352 West Northfield Blvd., Murfreesboro, Tennessee
- Intended Use: Home Health Agency office (the “Agency”)
- Effective Date and Term: The Effective Date of the Lease shall be the first day of the month after the exercise of this Option (as determined below), and the term of the Lease shall commence on the Effective Date and shall terminate and expire at 11:59 p.m. on the date which is five (5) years after the date of licensure of the Agency by the Tennessee Department of Health (the “Licensure Date”).
- Rent: One Dollar (\$1) per month from the Effective Date until the Licensure Date for the Agency, and thereafter the rent shall be \$356.23 per month, payable to Lessor in monthly installments in advance.
- Other Lease Terms: Other terms of the Lease shall be established by the parties at the effective date of the Lease, in the same format and general terms and conditions as the leases for other similar facilities being leased to Lessee, subject to all such terms, conditions and amounts being consistent with fair market values and other then-prevailing market terms and conditions.
- Lease Amenities: This Lease includes rental, utilities, janitorial services, use of kitchen facilities, real and common area property taxes, common area personal property, property and general liability insurance, shared parking, and conference room facilities (by reservation).

In consideration of \$10.00 cash in hand paid, the receipt and sufficiency of which are hereby acknowledged, Lessor grants to Lessee the option described above, which must be exercised within thirty (30) days of the final approval of the Certificate of Need application with regard to the Agency, as is currently pending before the Tennessee Health Services and Development Agency (“HSDA”), to allow the initiation of home health services by the Agency. Upon exercise of the option, the Lessor and Lessee shall in good faith negotiate the definitive terms of a lease agreement, as described above. If such option is not exercised by such date, this Option shall terminate and be of no further force and effect.

Lessor and Lessee acknowledge that Lessor is a master lessee of “Unit 3” in the building located at 352 West Northfield Blvd., Murfreesboro, Tennessee (the “Master Lease”) and as such master lessee will be subleasing approximately one and 55/100 percent (1.55%) [500 square feet] of the total space [32,350 square feet] in the building to Lessee, plus the right to shared use of certain common areas.

Sincerely,

TWELVESTONE HOLDINGS, INC.

RE: Certificate of Need Application CN2205-025
TwelveStone Infusion Support, LLC

Dear Mr. Gregory:

This will acknowledge our June 10, 2022, receipt of your supplemental response for a Certificate of Need to establish a new home care organization to initiate and provide home health services to 92 counties limited to the administration of home infusion and injection products to pharmacy patients of pharmacies which are subsidiaries of TwelveStone, Holdings, Inc. The new home health organization's home office will be located at 352 West Northfield Boulevard, Suite 3, Murfreesboro (Rutherford County), Tennessee 37129.

The applicant also plans to serve Grundy, Lake, and Perry Counties which are designated as economically distressed counties and are exempt from CON requirements.

Several items were found which need clarification or additional discussion. Please review the list of questions below and address them as indicated. The questions have been keyed to the application form for your convenience. I should emphasize that an application cannot be deemed complete and the review cycle begun until all questions have been answered and furnished to this office.

Please submit responses electronically by 4:00 p.m., Tuesday June 14, 2022. If the supplemental information requested in this letter is not submitted by or before this time, then consideration of this application may be delayed into a later review cycle.

Response: Please see Attachment 5N with regard to the correction of calculation errors in the previously submitted chart. Additionally, Attachment 5N now includes the total numbers for both reported infusions of less than 2 hours and infusions greater than 2 hours.

3. Item 7C., Project Only Chart

The chart in 7C is noted. However, the chart is calculated incorrectly. Please calculate using visits as the utilization data. Please see the following example:

	Year 1
Gross Charge (Gross Operating Revenue/Utilization Data)	\$88,000/440 Visits=\$377 per visit
Deduction from Revenue (Total Deductions/Utilization Data)	\$17,600/440 visits=\$40 per visit
Average net Chart (Operating Revenue/Utilization Data)	\$70,400/440 visits=\$160.00 per visit

Please correct the chart and submit a replacement page 14 (labeled as 14R).

Response: Please see replacement page R14 (attached) with corrections.

4. Item 9C., Proposed Charges

Please provide the calculations of how the applicant calculated an average charge of \$200.00 per visit.

The applicant references page R7 in the response. However, please remove the project cost information from page 15 and provide a replacement page 15 (labeled as 15-R).

Please respond to the following project specific questions in an attachment. In your attachment, please list each question and response.

Response: Please see replacement page R15 (attached) with corrections and an explanatory note as to how the applicant calculated its average charge of \$200.00 per visit.

5. Item 1N., Project Specific Criteria (Home Health), Item #3

Attachment 1N-2 is noted. However, the applicant only included infusion services less than 2 hours from the Joint Annual Report for home health agencies that provided infusion services. Please revise the attachment 1N-2 to also include infusion nursing greater than 2 hours for all statewide providers.

Response: Please see replacement Attachment 1N-3 (attached) which now includes in the "infusion column" the total numbers for both reported infusions of less than 2 hours and infusions greater than 2 hours. The home health agencies that provided infusion services (as identified elsewhere in this application, including Attachment 5N) are noted on replacement Attachment 1N-3 with an asterisk.

6. Item 1N., Project Specific Criteria, County Need Standard (Home Health), Item #5

Your response to this item is noted. Please respond to the following:

Please provide a chart that lists each home health infusion therapy provider for each county of the proposed service area that includes the following:

- Home health infusion therapy agencies that have reported serving 5 or fewer patients for each of the last three years based on final and available JAR data. This will include the Joint Annual Reporting years of 2019-2021.

The applicant will need to obtain the patient resident by county data from Schedule E of the Joint Annual Report. Please note every proposed service area county by home health infusion therapy provider must be represented in the chart.

Response: Attachment 1N-5 (attached) contains information as to the home health agencies that provided infusion services (as identified elsewhere in this application, including Attachment 5N), which information indicates such agencies which have reported serving 5 or fewer patients in any of the last three years (based on final and available JAR data).

In accordance with Tennessee Code Annotated, §68-11-1607(c) (5), "...If an application is not deemed complete within sixty (60) days after initial written notification is given to the applicant by the agency staff that the application is deemed incomplete, the application shall be deemed void." **For this application the sixtieth (60th) day after written notification is August 5, 2022. If this application is not deemed complete by this date, the application will be deemed void.** Agency Rule 0720-10-.03(4) (d) (2) indicates that "Failure of the applicant to meet this deadline will result in the application being considered withdrawn and returned to the contact person. Re-submittal of the application must be accomplished in accordance with Rule 0720-10-.03 and requires an additional filing fee." Please note that supplemental information must be submitted timely for the application to be deemed complete prior to the beginning date of the review

cycle which the applicant intends to enter, even if that time is less than the sixty (60) days allowed by the statute. The supplemental information must be submitted with the enclosed affidavit, which shall be executed and notarized; please attach the notarized affidavit to the supplemental information.

If all supplemental information is not received and the application officially deemed complete prior to the beginning of the next review cycle, then consideration of the application could be delayed into a later review cycle. The review cycle for each application shall begin on the fifteenth day of the month after the application has been deemed complete by the staff of the Health Services and Development Agency.

Any communication regarding projects under consideration by the Health Services and Development Agency shall be in accordance with T.C.A. ' 68-11-1607(d):

No communications are permitted with the members of the agency once the Letter of Intent initiating the application process is filed with the agency.

Communications between agency members and agency staff shall not be prohibited. Any communication received by an agency member from a person unrelated to the applicant or party opposing the application shall be reported to the Executive Director and a written summary of such communication shall be made part of the certificate of need file.

Should you have any questions or require additional information, please do not hesitate to contact this office.

Sincerely,

Phillip Earhart
HSDA Deputy Director

The Big Payback' Raised Nearly \$4M for Middle TN Nonprofits

Generosity continues to help define Middle Tennessee. The Big Payback's ninth-annual 24-hour online giving event ended Thursday night with donors contributing nearly \$4 million for participating area nonprofits.

This year's amount—\$3,960,365 in preliminary totals—came from 25,755 total gifts. The total includes funds raised and prizes.

Totals, with the exception of two past-event prizes: most improved and most creative.

There were 6,546 first-time donors, whose gifts to organizations new to them totaled \$567,517. In a new event feature, 632 volunteers have pledged 25,130 hours.

In its history, The Big Payback has helped hundreds and hundreds of area nonprofits raise more than \$29 million—\$29,179,652—from a total of 206,338 cumulative donations.

About 1,000 Middle Tennessee nonprofits—including schools and religious institutions—from 36 counties signed up to participate in this year's The Big Payback, an initiative of The Community Foundation of Middle Tennessee.

"Kindness and generosity are two words that come to mind when I reflect on the last 24 hours," said Michael McDaniel, CFMT Senior Nonprofit Liaison and this year's The Big Payback coordinator.

"On behalf of the participating nonprofits and those they serve, we're grateful to donors for making a vital investment to all of the partici-

ating nonprofits supporting the many needs in our communities. Good things happen as a result."

The Big Payback is a community-wide online giving day designed to give the public the opportunity to pay back the nonprofits that made this a place we are proud to call home.

Starting at 6:00 p.m., Wednesday, May 4, and continuing to 6:00 p.m., Thursday, May 5, there were 24 hours to make donations to a wide array of participating local nonprofits at TheBigPayback.org.

This year's total of non-profits included 79 organizations that participated for the first time. Giving categories included human services, education, community improvement, arts and culture, youth development, animal welfare, health, housing and shelter, and the environment.

The Elephant Sanctuary in Tennessee led all organizations with \$110,064 in donations with 983 unique donors, followed by Proverbs 12:10 Animal Rescue, \$107,249 with 857 unique donors; Wags and Walks, \$90,115 with 666 unique donors; Global Sanctuary for Elephants, \$87,824 with 837 unique donors; and Second Harvest Food Bank of Middle Tennessee, \$87,165 with 385 unique donors.

Among the Top 10 were: Freedom's Promise, \$80,284 with 149 unique donors; Jewish Federation of Nashville and Middle Tennessee, \$64,152 with six unique donors; Nashville Opera Association, \$58,173 with 43 unique donors; Narrow Gate Foundation,

\$56,603 with 93 unique donations; and Global Outreach Developments International, \$55,846 with 644 unique donations.

There were 545 Peer-to-Peer Campaigns that raised \$432,548. These campaigns raised \$10-\$25,750.

A total of 434 of these campaigns raised more than \$10, while 111 raised more than \$1,000.

#RedHotSheliaPepper raised \$26,750 for Compassionate Hands, while CASA Transport Saves Lives raised \$16,005 for Charles Angels Saving Animals. Bridge the Gap in Theological Education - Support College Students in the Third World raised \$11,412 for Global Outreach Developments, Inc.

Gifts to nonprofits from the public were boosted with additional financial prizes from sponsors of The Big Payback, and an online leaderboard tracked donations in real time, both online and on digital billboards throughout the area.

This year's incentive prize pool totaled about \$245,000. Generous sponsors included: Kharis Foundation, The Jane and Richard Eskind and Family Foundation, HCA Healthcare Foundation, Blue Cross Blue Shield of Tennessee, Kraft CPAs, Lipman, Sir Speedy BNA, Jerry and Ernie Williams, and Susan and Luke Simons.

Donors were able to search and select organizations based on mission, location and focus area. Donors also could support multiple nonprofits and make gifts of any size with ease, from \$10 and up.

Oakland Planning Commission Holds Workshop on Land Use and Zoning Types; Approves Various Final Plats and a Construction Plat

The Town of Oakland Planning Commission met on Tuesday, May 3, 2022. Present were Chairman Hayes McLaughlin, Dickey Sullivan, Christina Hall, Mayor Mike Brown, Alderman Frank Cates, Vice-Chairman Stephen Laskowski, and Jack Poole. City planner Ed Courton was unable to attend.

Workshop
The commission met in a workshop with the first item being the land use and transportation growth plan. Chairman McLaughlin reported on the mayor and aldermen's recent workshop meeting where they reviewed the corporate owned rental property in town. There are 200 to 300 properties that are rentals equaling 5% of all the homes in Oakland.

McLaughlin stated that Progress is the company who owns the most with a 150. Oakland Meadows, Hidden Springs, and Fairyway Hills are the subdivisions with the highest percentages. There was discussion on how to slow it down at stop it. City attorney Tom Minor will look into some alternatives throughout the state and on what other surrounding towns are doing.

It was stated if the town can claim they are running a business by having rental houses and if so, what can be done. City planner Ed Courton had stated in other towns he had represented, an rental houses they needed a license to rent houses in a neighborhood and if they didn't meet city requirements, the license would be

revoked. Rezoning was discussed as a potential loss.
Major Road Plan
This was next for discussion. City manager Jay Johnson stated before they start he had news of a TDOT grant the city has received notice of \$70,000 awarded for a new major thoroughfare. The city would have a 10% match. However, the state will select the consultant, the scope of work, and then work with the city. Johnson said he was a little concerned on how they will select the consultant.

On the traffic plan, member Stephen Laskowski has done some research and thinks by 2039 Oakland will have 17,000 population. The Ford plant could add more.

Jack Poole stated the mayor and board needs to start looking at widening Riverdale, amending up to Feathers Chapel and eventually to Lambert and Ivy Roads. This would connect Hwy 191 and 196 and receive some traffic off Hwy 64. He pointed out there is an exit ramp off Hwy 196 and there will be a new one off Hwy 194 when extended. Then we could have parallel connector roads, he said.

Johnson was asked when would this grant study on the \$70,000 start and he said he didn't look for it until late fall.

Poole asked has there been discussion on opening up the urban growth boundaries and Jay Johnson said County Mayor Taylor has stated he will be opening it up. He said let's wait until it is opened by the mayor and we be prepared to move forward.

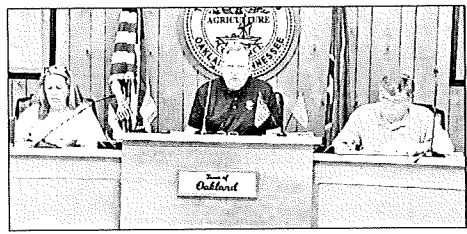

ward. Poole said we as this committee need to figure out what we want to recommend the urban growth boundaries be and also what the projected roadway development would be.

Mayor Brown said we are looking at a special census next March or April because we may be well ahead of what the 2020 census said.

Zoning Classifications
McLaughlin said right now we have 29 zoning designations. He checked with other towns in the county and they have 15 to 20 so we could reduce those. What do we do with the ones already zoned and existing. The city planner has suggested they can be grandfathered in and anything afterwards would have the new designation.

McLaughlin gave the commission a copy of the suggested new zoning. Courton suggested getting rid of the agriculture altogether and have a residential estate of 5 or more acres. R-1 would be 40,000 SF and above with 1 dwelling per acre. R-2 would be 2 buildings per acre at 20,000 SF and R-3 would be 3 homes per acre. Christina Hall asked why would we have 3 homes per acre and McLaughlin said that will be up for discussion.

He said RPD would be residential planned unit development, MPD would be a mixed use development, MID would be a multi-family development, which is apartments. POD would be professional office development, B-1 is general business district, B-2 is neighborhood business, and L for light industrial and H for

Planning Commission members Christina Hall, Chairman Hayes McLaughlin, and Vice-Chairman Stephen Laskowski at last week's meeting.

heavy industrial. Municipal would be general industrial.

Christina asked why would we take out agriculture and said I think we need to keep that. It was suggested to make it a 15 acre minimum. Johnson asked would 2 acres be a better minimum for estates.

Christina asked with our sportsplex, the parks, the golf courses fall under agriculture and we could add institutional for the parks and sportsplex.

Alderman Cates stated I don't want anything in Oakland zoned for apartments. Christina Hall told him we are required by the state to have this zoning but we are not required to build them.

It was decided for the commission to look this over until the next work session.

First was Hidden Springs final plat approval of Section D-1 for Winters of approval.

Valleybrook Development requested to amend a Planned Development of 236 lots on Mehane Road. This property has been taken up by another developer and they are asking to change the setback to 25 feet and the number of lots are now 233 on 98.63 acres. The commission voted their approval.

Last was Valleybrook Development requesting a final plat approval for Phase 1 consisting of 74 lots. It was requested that a part on Mehane Road that will keep some trees and has fencing be part of the homeowners association. The developer's representative asked that the commission approve this final plat to save them by 30 or 60 days waiting for another meeting of the commission and then have to come back to get the plat signed. This has been done before and it must be signed before the plat can be filed. The commission voted to approve this.

Fayette County Observes Sexual Assault Awareness Month with Denim Day

In recognition of Sexual Assault Awareness Month, staff at the Fayette County Health Department participated in Denim Day on April 27, 2022. Denim Day began after a ruling by the Italian Supreme Court where a rape conviction was overturned because the justices felt that since the victim was wearing tight jeans, she must have helped the person who raped her remove her jeans, there-

by implying consent. Denim Day is a rape prevention education campaign that raises community awareness about the devastating impacts of sexual violence and how to prevent it. Through the Offices of Criminal Justice Programs (OCJP), federal funding is provided to 22 agencies serving survivors of sexual assault throughout the state of Tennessee.

In the last year, these agencies provided support to more than 19,900 survivors of sexual assault. The Sexual Assault Center launched the Tennessee Statewide Sexual Assault Hotline in July of 2020 with OCJP funding. If you or someone you know has experienced sexual assault, call 866-811-7473 for support. Text chat is available at saccenter.org.

Blackburn, bipartisan colleagues introduce bill to document Russian war crimes in Ukraine

U.S. Senators Marsha Blackburn (R-Tenn.), John Cornyn (R-Texas), Kirsten Gillibrand (D-N.Y.), Rick Scott (R-Fla.), Richard Blumenthal (D-Conn.), Thom Tillis (R-N.C.), Angus King (I-Maine), Susan Collins (R-Maine), Dianne Feinstein (D-Calif.), Gary Peters (D-Mich.), John Boozman (R-Ark.), Tim Kaine (D-Va.), and Jeanne Shaheen (D-N.H.) today introduced the Ukraine Invasion War Crimes Deterrence and Accountability Act, which would ensure the U.S. is undertaking coordinated efforts to collect and maintain evidence of war crimes and atrocities committed during the Russian invasion of Ukraine.

"Vladimir Putin and his soldiers are war criminals," said Sen. Blackburn. "Intentionally targeting civilians and willfully causing widespread destruction in a sovereign nation cannot be enabled by the freest country in the world's silence. This legislation will keep a close record of the evidence necessary for a war crimes conviction and deter perpetrators from engaging in this horrific violence."

"The reports of Russian war crimes coming out of Ukraine are sickening, and we must ensure these atrocities are properly documented," said Sen. Cornyn. "The House of Representatives passed this legislation nearly unanimously, and it is imperative that the Senate quickly do the same so we can prosecute these criminals to the fullest extent of the law."

"Through Putin's unjustified and unprovoked invasion of Ukraine, Russian commanders and troops have committed innumerable horrific war crimes and atrocities against innocent civilians and they must be held accountable," said Sen. Gillibrand, member of the Senate Armed Services Committee and Senate Select Committee on Intelligence. "I am proud to join the bipartisan Ukraine Invasion War Crimes Deterrence and Accountability Act, which will ensure the U.S. is collecting and analyzing evidence of Russia's war crimes, as well as identifying those responsible, in an effort to hold them accountable and possibly deter additional atrocities. We stand united in our efforts to bring these war criminals to justice."

Sen. Rick Scott said, "It's clear that Russian forces, under the control of Vladimir Putin, are committing murder, rape and genocide. These atrocities are war crimes and cannot go unpunished. I am proud to join Senator Cornyn and our colleagues on this good bill and make clear that America stands for human rights and will be relentless in our work to hold Putin and his thugs accountable."

"This effort is an important step in exposing Putin's campaign of war crimes against innocent

Ukrainians. Men, women, and children from Mariupol to Bucha have laid lifeless in the street, victims of unspeakable atrocities committed by Putin's barbaric invasion. Gathering and analyzing evidence will assist in prosecuting and holding those responsible for these Russian atrocities. The full force of U.S. and international law must be brought to bear," said Sen. Blumenthal.

"White Russian troops at the direction of Putin are invading a sovereign country and committing heinous crimes against the Ukrainian people," President Biden and Congress must work together on a coordinated response to war crimes," said Sen. Tillis. "This legislation will require a report to Congress on everything the United States is doing to respond to the Russian invasion and keep a record of any evidence of war crimes. We must hold Putin's regime accountable for the war against a free and sovereign democracy and spilling the blood of innocent people."

"Russia's barbaric invasion has devastated Ukraine, demolished cities, and killed an untold number of Ukrainians who want nothing more than to leave peacefully in their home country. This unprovoked assault is horrific, and it is absolutely essential that those responsible pay the consequences," said Sen. King. "Our bipartisan bill is an important step to hold Vladimir Putin and his accomplices accountable for their atrocities and puts us back on notice that the world is watching their every step."

"The world has watched in horror as Putin has used military force in an attempt to subjugate the peaceful country of Ukraine, killing countless innocent civilians in the process," said Sen. Collins. "From Bucha to Mariupol, the abject cruelty and viciousness of the Russian occupation have been on full display. Our bill would help ensure that these atrocities are identified and preserved, exposing war crimes committed by Putin, Russian generals, and soldiers. As we continue to support the Ukrainians in their fight to defend their freedom and democracy, this effort will place additional pressure on Russia to bring an end to this terrible war."

"Vladimir Putin and the Russian troops under his command must be held accountable for the heinous war crimes being committed against innocent Ukrainians. Our bill will ensure that evidence is preserved so war crimes may one day be brought to justice and these atrocities are never forgotten," said Sen. Feinstein.

"The atrocities we are seeing every single day being committed against innocent Ukrainians are horrendous and unacceptable and Vladimir Putin and the Russian military must be held accountable for

these crimes," said Sen. Peters, former Lieutenant Commander in the U.S. Navy Reserve and member of the Senate Armed Services Committee and Senate Ukrainian Caucus. "This bipartisan legislation will ensure we have the evidence needed so that the Russian government cannot hide behind their crimes. I'm proud to stand with the Ukrainian people against the Russian government's illegal invasion and will continue working to make sure we have a strong, unified front with Ukraine."

"The world has watched Russia's barbaric invasion of Ukraine unfold with brutal and devastating effect. Vladimir Putin, his cabinet members, and his lieutenants must be held accountable for the destruction and suffering they have caused. This legislation will help ensure the record is crystal clear and these perpetrators do not escape responsibility for the atrocities they have directed, committed and

lauded," Sen. Boozman said.

"Since Putin's illegal war in Ukraine began, there has been overwhelming evidence that Russia has been committing serious war crimes, including indiscriminately targeting civilians," said Sen. Kaine. "This bipartisan bill is a necessary step to hold perpetrators accountable for their actions. We must send a strong message to Putin and authoritarians who think these crimes will not be tolerated."

"A month and a half into Russia's bloody invasion of Ukraine, alarming reports of war crimes and grave human rights violations continue to mount. Putin must be held to account for these gross atrocities - to do so, the U.S. must contribute to efforts to collect and review evidence to properly assess the human toll of this war," said Sen. Shaheen. "I'm proud to help introduce bipartisan legislation to ensure our

government collects future war crimes. This evidence of Russian legislation sends an unwavering bipartisan message from the Senate that the U.S. will demand accountability for growing human rights violations across Ukraine's communities."

To receive the plans and specifications, prospective bidders need to call (205-912-8549) or send an e-mail request to joshua.stump@neel-schaffer.com with the information required for registration. Printed hard copy sets will not be issued.

The City of Jamestown, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000D to 2000D-4, and Title 49, Code of Federal Regulations, Department of Transportation Subtitle A, Office of the Secretary, Part 21, Non-Discrimination in Federally-Assisted Programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that each Bidder must affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, creed, sex, handicap, or national origin in consideration of an award.

Each proposal must be accompanied by a Bidder's Bond on the form contained in the Proposal Book from a surety company acceptable to the City of Jamestown or a cashier's check or certified check made payable to the City of Jamestown for not less than five percent (5%) of the total amount of the bid. A 100% Contract Bond will be required of the successful Contractor.

Liquidated damages for delay in contract completion shall be as stated in the Proposal.

All Bidders shall be licensed Contractors as required by the Contractors Licensing Act of 1976 of the General Assembly of the State of Tennessee, and all amendments thereto in effect on the date of receipt of bids. The proposal, which shall be enclosed in a sealed envelope shall be clearly labeled on the outside of the envelope with the name of the project, contractor's name and address and license number, classification, expiration date, and the date and time of the Bid Opening (so as to guard against premature opening of any bid). Failure to show these items on the outside of the envelope will result in the bid being returned to the Bidder unopened.

All Bidders shall complete and certify the enclosed Drug Free Workplace Affidavit.

Withdrawal of Bid: Any Bidder, upon his and his authorized representative's written request, will be given permission to withdraw his proposal not later than the time set for opening thereto. At the time of opening of proposals, provided written request has been submitted prior to the time of the opening, when such proposal is reached it will be returned to the Bidder unopened. Unless contrary to the statutes of the State of Tennessee, including local charter provisions, no Bidder may withdraw a bid submitted for a period of sixty (60) days after actual bid opening without Owner's consent.

Award will be made to the lowest responsible qualified Bidder in accordance with Contract documents, if awarded.

Important Notice to Bidders: A pre-bid meeting has been scheduled for 1:00 p.m. local time, May 11, 2022 at the Jamestown Municipal Airport, 125 Airport Road, Jamestown TN 38556 for the purpose of reviewing the bid documents and answering questions. Attendance at this pre-bid meeting is NOT MANDATORY, but strongly encouraged.

THE RIGHT TO REJECT ANY OR ALL BIDS AND TO WAVE TECHNICALITIES IS RESERVED.

Being known and designated as all of Lot No. 6, Hunting Hills Subdivision, as shown on the plat of record in Plat Cabinet 2, Page 134, Register's Office for Troatsdale County, Tennessee.

The legal plat is based on the survey completed by Carroll Carman Surveying on November 5, 2015.

Being the same property conveyed to Christopher S. Hix, by deed from Nathaniel Clay Morris and wife, Andrea Elaine Morris, of record in Record Book 91, Page 754-756, Register's Office for Troatsdale County, Tennessee.

This conveyance is subject to all easements, restrictive covenants and conditions, and other matters of record, including all items set out in the plat of record.

Parcel ID Number: 029-028.06 and 029-028.07
Address: 133 Brown Springs, Castalian Springs, TN 37031
Current Owner(s): Christopher S. Hix
Other Interested Parties(s):

The sale of the property described above shall be subject to all matters shown on any recorded plat; any unpaid taxes or special assessments; any restrictive covenants, easements or setback lines that may be applicable; any prior liens or encumbrances as well as any priority created by a future filing; a deed of trust; and any matter than an accurate survey of the premises might disclose.

All right and equity of redemption, statutory or otherwise, homestead, and dower are expressly waived in said Deed of Trust, and the title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee. The right is reserved to adjourn the day of the sale to another day, time, and place certain without further publication, upon announcement at the time and place for the sale set forth above.

This office is attempting to collect a debt. Any information obtained will be used for that purpose.

SUBSTITUTE TRUSTEE'S SALE

Sale at public auction will be on June 30, 2022 at 12:00PM local time, at the front door, Troatsdale County Courthouse, 200 East Main Street, Hartsville, Tennessee pursuant to Deed of Trust executed by Robert Bergdorff, Jr. and Cory Bergdorff, as Lenders Escrow Service, Trustee, as trustee for Mortgage Electronic Registration Systems, Inc. as nominee for InterLinc Mortgage Services, LLC on May 8, 2020 at Record Book 128, Page 205; conducted by LLC Trustee TN LLC, having been appointed Substitute or Successor Trustee, all of record in the Troatsdale County Register's Office. Default has occurred in the performance of the covenants, terms, and conditions of said Deed of Trust and the entire indebtedness has been declared due and payable.

Party Entitled to Enforce the Debt: WILMINGTON SAVINGS FUND SOCIETY, FSB, AS TRUSTEE OF TAMARACK MORTGAGE LOAN TRUST A, its successors and assigns.

The real estate located in Troatsdale County, Tennessee, and described in the said Deed of Trust will be sold to the highest bidder. The terms of the said Deed of Trust may be modified by other instruments appearing in the public record. Additional identifying information regarding the collateral property is listed and believed to be accurate, but no representation or warrant is intended.

Street Address: 630 Scruggs Ln, Hartsville, Tennessee 37074
Parcel Number: 021 028.10
Current Owner(s) of Property: Robert Bergdorff, Jr. and Cory Bergdorff

This sale is subject to, without limitation, all matters shown on any applicable recorded plat; any unpaid taxes or special assessments; any restrictive covenants, easements, or setback lines that may be applicable; any statutory right of redemption of any governmental agency, state or federal; any prior liens or encumbrances including those created by a future filing or any applicable homeowners' association dues or assessments; all claims or other matters, whether of record or not, which may encumber the purchaser's title and any matter that an accurate survey of the premises might disclose.

The following parties may claim an interest in the above-referenced property to be affected by the foreclosure: any judgment creditor or lien holder with an interest subordinate to the said Deed of Trust or any party claiming by, through, or under any of the foregoing. Such parties known to the Substitute Trustee may include: None.

Terms of Sale will be public auction, for cash, free and clear of rights of homestead, redemption and dower to the extent disclaimed or inapplicable, and the rights of Robert Bergdorff, Jr. and Cory Bergdorff, and those claiming through him/her/them.

Any right of equity of redemption, statutory and otherwise, and homestead are waived in accord with the terms of said Deed of Trust, and the title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee by the Substitute Trustee at any time. If the Substitute Trustee rescinds the sale, the purchaser shall only be entitled to a return of any money paid towards the purchase price and shall have no other recourse. Once the purchaser tenders the purchase price, the Substitute Trustee may deem the sale final in which case the purchaser shall have no remedy. The real property will be sold AS IS, WHERE IS, with no warranties or representations of any kind, express or implied, including without limitation, warranties regarding condition of the property or marketability of title.

This office may be a debt collector. This may be an attempt to collect a debt and any information obtained may be used for that purpose.

The right is reserved to adjourn the day of the sale to another day, time, and place certain without further publication, upon announcement at the time and place for the sale set forth above. If you purchase a property through this sale, you may be required to pay the purchase price and the conclusion of the auction in the form of a certified/bank check made payable to or endorsed to LOGS Legal Group LLP. No personal checks will be accepted. To this end, you must bring sufficient funds to the sale final in which case the purchaser shall have no remedy. Amounts received in excess of the winning bid will be refunded to the successful purchaser at the time the foreclosure deed is delivered.

This property is being sold with the express reservation that the sale is subject to confirmation by the lender or trustee. This sale may be provided only by the Substitute Trustee. If the Substitute Trustee rescinds the sale, the purchaser shall only be entitled to a return of any money paid towards the purchase price and shall have no other recourse. Once the purchaser tenders the purchase price, the Substitute Trustee may deem the sale final in which case the purchaser shall have no remedy. The real property will be sold AS IS, WHERE IS, with no warranties or representations of any kind, express or implied, including without limitation, warranties regarding condition of the property or marketability of title.

This office may be a debt collector. This may be an attempt to collect a debt and any information obtained may be used for that purpose.

May 7, 2022. Donnie and Judy Butler of New Johnsonville, TN, visited his mother, Lillian Butler, of Holly Creek, and took her to Preston's in Leoma, for a fish dinner for Mother's day. They had a wonderful evening and loved the food! They also brought her flowers.

Sunday May 8, 2022, Jerry and Sandra Butler, Jeremy and Christy Butler, Brett and Jana Rinehart, Braylyn Rinehart, Joyce Sherrill, Mark and Jennie Butler, Clint Butler, Corey and Case Butler, all came to Lillian Butler's on Holly Creek and ate with her for Mother's Day. They enjoyed KFC chicken and the trimmings, chicken and dumplings, green beans, cornbread, German chocolate cake, and red velvet cake. They brought her more flowers. They enjoyed reminiscing, sharing ideas, and catching up on issues. It was a great mothers day for Lillian. Dennis and Tammy Moore of Columbia visited Lucille Moore in Leoma Saturday, May 7, for Mothers Day. They brought her roses. Then on Sunday, Travis and Diane Moore and Alesha Moore stopped by Lucille's with a fish dinner with all of the trimmings and ate with her. They brought her a hanging basket of flowers. It was a good Mothers Day weekend for her.

Saturday, May 7, 2022, the children of Frances Mashburn of Loretto, gathered at her and Ronald's home, to celebrate Mother's day with her. Those stopping by were: Cindy McLaughlin, Donnie and Renee Cotton, Austin Cotton, and Molly Kate Thomason, Kera, Anna Kate, Roper, and Dakota Lopp, and Jeff and Tina Richier. They feasted on hamburgers, hot dogs, baked beans, potato salad, chips and dip, watermelon, cantaloupe, fresh strawberry pie and homemade strawberry cake. (I was blessed with some of

The beauty of the lawn
From dusk to early dawn,
The birds singing sweet
Oh, what a beautiful treat,
Made in God's holy design
For a moment it is mine,
Green leaves, garden flowers,
Uplift the heart for hours,
Butterflies and Honey bees
Squirrels and rabbits running free,
Sunshine and brisk breeze
We are blessed to have these,
All on the lovely lawn
From the hand of a great God!

the strawberry pie and it was better than Shoney's use to be! They can do that again! Lol! I am sure all of these mothers had a great Mothers Day weekend, and were thankful for all of their wonderful families.

Anita Daniel and Jason Daniel of Smyrna, TN visited Pauline Williams on Holly Creek Mother's Day, ate with her and brought her flowers. It was a nice afternoon for all of them.

Happy 86th birthday to Stella Pruitt of Wayne County Health and Rehab Center in Waynesboro, formerly of Peppertown, May 14, 2022. May it be full of excitement and fun for her, as she is thankful for another year to enjoy life and praise the Lord!

Happy Anniversary to Jonathan and Lisa Gamble of Holly Creek who will celebrate their 23rd year of Marriage May 22, 2022. They are blessed with two children, Taylor (Seth) Gamble Chambers and Matt Gamble. Jon is the son of Melvin and Gina Gamble and Lisa is the daughter of Russell and Ann Scott. May they have many more years of Happiness and contentment, as their life is filled with even more success.

Congratulations to Bro. David and Lee Ann Simmerman of Leoma who celebrated their 30th wedding anniversary last weekend. He is pastor of Leoma Baptist Church. Very humble couple, loving the church, their family, encouraging and inspiring and always willing to lend a helping hand, wherever needed. May God bless them with many more happy, healthy years to enjoy life together, and be a great influence to everyone around them.

Don and Deborah Moore Lee of Holly Creek, are happy living in her parents house, the late Charles and Barbara Moore, after a complete make over. They added an additional bathroom, wider doors, new cabinets, a wider carport, etc. and made it handicapped accessible. May they enjoy and make very delightful memories in this home.

Get well wishes to Mr. Jim Gower of Loretto in NHC Scott...Glad Melba Scott of Lawrenceburg, is improving nicely, after a long stay in the hospital. May God bless each one on the sick list, with powerful healing.

A thought. It is only with gratitude that one will become rich.

Ben Cooper Memorial Scholarship

The Lawrence County Education Foundation is pleased to announce a new scholarship available to Lawrence County graduating seniors. On behalf of his family and the Ayers Foundation, the Ben Cooper Memorial Scholarship will honor a young man who had an enormous appreciation for education and service to students entering post-secondary education. Benjamin "Ben" Randall Cooper, 46, of Lawrenceburg, Tennessee passed away on Sunday, May 1, 2022, at his home. He began his work here with TriO Student Support Services, then as the Health Sciences Advisor for Columbia State Community College, before transitioning to become an Ayers Counselor in Lawrence County. In all capacities, he has assisted many of our students entering Columbia State Community College.

His colleagues remember him as a firestorm who hit the ground running and was a master at helping students navigate post-secondary challenges; manage their CharterNet accounts, regis-

ter for classes, explain how classes worked, all of which was most critical during COVID. Ben was known to be straight forward with parents and students, telling them what college would really be like and what to expect. He prided himself at tracking certain students down, helping them maneuver some tough choices of being in college. He was firm, frank and fair and all who knew him

knew he cared and loved them. Anyone wishing to honor Ben's devotion to our graduating seniors by contributing to his scholarship, may do so by sending to THE LAWRENCE COUNTY EDUCATION FOUNDATION, P.O. BOX 961, LAWRENCEBURG, TN 38464. Ben's signature farewell to students and colleagues, "Go be Awesome!"

Ian Pigg Inducted Into Phi Beta Kappa

Ian Pigg, of Clifton, TN, graduating with a B.A. in Public Policy Leadership, was among the more than 80 University of Mississippi students who were inducted into Phi Beta Kappa, the nation's oldest and most prestigious undergraduate honors organization in the liberal arts. The university held an induction ceremony on April 8, 2022, at the Gertrude C. Ford Ole Miss Student Union Ballroom on campus.

"Phi Beta Kappa embodies the ideal of a liberal arts education - an education suited for free people," said Neil Manson, professor of philosophy and 2022 president of the Beta of Mississippi chapter. "Rather than training merely to be specialists, members have shown a desire to become broadly educated across an array of humanistic disciplines. In addition to being intrinsically worthwhile, public and

private sector employers seek such an education as a valuable commodity." Manson said he remembered his own induction 32 years ago as one of the proudest moments of his educational career.

Phi Beta Kappa membership is an honor conferred upon fewer than 10% of each graduating class. Students do not apply for membership but are elected by the chapter after a review of the academic records of each eligible candidate.

Election is based on good character and a distinguished record of scholarly performance in courses that demonstrate a broad exposure to the liberal arts, i.e., the fine arts, humanities, languages, mathematics, natural sciences and social sciences, as well as substantial work in areas outside the major.

While students are usually selected for membership during their senior year, juniors or graduate students may also be chosen.

The University of Mississippi chapter of Phi Beta Kappa was chartered on April 6, 2001, and is in an elite group of fewer than 300 colleges and universities in the nation that shelter a chapter.

SUNRISE

By David Coy

The Farewell

There is a song sung by Roger Whitaker entitled, "The First Hello, The Last Goodbye" wherein there is a line that says, "The way when you gain a lover you begin to lose a friend."

"That's the end of the beginning, the beginning of the end, they say the moment that you're born is when you start to die." There is truth in that line. When we are born, we do not know how long we will live, but we may grow older, and will die. How do or will we measure our

life? Some people do so by the people they left behind. Some people do so in faith. Some people by love, and others feel that life does not have any meaning at all. I do not think those who deal with a terminal illness think that their life has no meaning, at least I hope not.

Every life has purpose and meaning and matters. Do we think about that one day we will not be here and wonder what we are leaving behind? Do we think about preparing for our existence beyond this physical life? I suspect that those facing their mortality do. Scripture says, "Inasmuch as it is awaiting us to die once, and after this judgment" (Hebrews 9:27) we should prepare for our future as well as those close to us that we love and esteem highly. We do not like to talk about our farewell, our death, but we should as it is normal and a date we all will meet. My father-in-law died several years ago and before he died with lung cancer that would shorten his life, he made elaborate detailed plans for that eventuality. We all should prepare for that date we will all keep. Relationships are vital as we are social creatures created for interaction and companionship. If there is a need, repair relationships. Otherwise cherish and keep them close and current. - David.

Hope to see you in grief support group this month.

PUBLICATION SUMMONS IN THE CIRCUIT COURT FOR CLARK COUNTY, WISCONSIN

CASE NO. 22CA19
IN RE: THE MARRIAGE OF JOHN MICHAEL SINETTE, PETITIONER AND
GINA MARIE CROSBY, RESPONDENT
THE STATE OF WISCONSIN, TO THE PERSON NAMED ABOVE AS RESPONDENT.

You are notified that the petitioner named above has filed a Petition for divorce or legal separation against you. You must respond with a written demand for a copy of the Petition within 30 days from the day after the first date of publication. The demand must be sent or delivered to the clerk of court at: Clerk of Court, Clark County Courthouse, 517 Court Street, Room 405, Neillsville, WI 54456. Petitioner: John Michael Sinette, 605 South Paul Avenue, Owen, WI 54460.

It is recommended, but not required, that you have an attorney help or represent you.

If you do not demand a copy of the Petition within 30 days, the court may grant judgment against you for the award of money or other legal action requested in the Petition, and you may lose your right to object to anything that is or may be incorrect in the Petition.

A judgment may be enforced as provided by law. A judgment awarding money may become a lien against any real estate you own now or in the future, and may also be enforced by garnishment or seizure of property.

EXHIBIT 3A1-AA

NOTICE OF SUBSTITUTE TRUSTEE'S SALE OF REAL ESTATE
WHEREAS, on June 7, 2018, BRENDA C. WEDDLE, by Deed of Trust of record in Record Book 689, at Page 369, in the Register's Office of Hardin County, Tennessee, caused the following described property in trust to secure the payment of a Promissory Note in the original principal amount of Ten Thousand Eight Hundred Forty-Six and 00/100 Dollars (\$10,846.00), payable to COMMERCIAL BANK AND TRUST COMPANY; and WHEREAS, the Commercial Bank and Trust Company the legal owner and holder of the said Note, by appointment executed on April 21, 2022, and of record in Record Book 797, at Page 748, in the Register's Office of Hardin County, Tennessee; and WHEREAS, default has been made in the payment of said indebtedness and other provisions of the Deed of Trust have been violated, and COMMERCIAL BANK AND TRUST COMPANY, the lawful owner and holder of the indebtedness, has executed the entire amount due and payable as provided by the Deed of Trust in accordance with its terms, and instructed the undersigned to foreclose.

NOW, THEREFORE, the public is hereby notified that the undersigned Substitute Trustee will sell the hereinafter described real estate at public auction, to the highest and best bidder, for cash in hand paid, at the east door of the Courthouse at Savannah, Hardin County, Tennessee, on Tuesday, May 31, 2022, at 10:00 o'clock a.m., said property to be sold in bar of the equity of redemption and subject to lien of all special assessments against it. If the highest bidder cannot pay the bid within a reasonable time to be announced at the sale, the next highest bidder will be deemed the successful bidder.

Lying, and being situate in the 7th Civil District of Hardin County, Tennessee, bounded and described as follows, to-wit:

BEGINNING at the point of intersection of the center line of Straton Drive with the center line of Old Morris Chapel Road, thence running with the center line of Old Morris Chapel Road, North 03 degrees 22 minutes 49 seconds West, 223.96 feet to a Pk nail marking a southeast corner and true point of beginning of the property herein described, thence continuing with the center line of Old Morris Chapel Road, North 02 degrees 28 minutes 27 seconds West, 92.74 feet; and thence North 00 degrees 09 minutes 51 seconds West, 225.02 feet to a Pk nail marking a southwest corner of a remaining portion of J. W. Stanford property described in Deed Book 131, Page 224, ROHC, of which the herein described is a part, thence leaving said road and running with the boundary of Stanford, South 69 degrees 10 minutes 55 seconds East, passing a point in the east right-of-way line of Old Morris Chapel Road at 28.86 feet, continuing with a terrace 145.60 feet, running in all, 174.46 feet; thence continuing with said terrace, South 26 degrees 48 minutes 32 seconds East, 99.29 feet; South 10 degrees 24 minutes 21 seconds East, 152.50 feet to an iron pin, and thence North 64 degrees 07 minutes 46 seconds East, passing a point in the east right-of-way line of Old Morris Chapel Road at 195.05 feet, continuing 25.02 feet, running in all, 220.07 feet to the point of beginning containing 1.277 acres, including 0.195 acres in the right-of-way area of Old Morris Chapel Road. (Description taken from prior deed of record)

It being the same property as that described in a Warranty Deed from Ricky Tuberville to Brenda C. Weddle, dated June 7, 2018, and of record in Record Book 689, page 367, Register's Office of Hardin County, Tennessee, Map 058, Parcel 042.03.

The street address of the above-described property is believed to be 1560 Old Morris Chapel Rd. Adamsville, Tennessee 38361, but such address is not part of the legal description, and in the event of any discrepancy, the legal description herein shall control.

SALE IS SUBJECT TO TENANT(S) RIGHTS IN POSSESSION, IF ANY. This sale is subject to all matters shown on any applicable recorded plat; any unpaid taxes; any existing covenants, easements, or other matters that may be applicable; any statutory rights of redemption of any governmental agency, state or federal; any prior liens or encumbrances as well as any other priority created by a future filing; and to any matter that an accurate survey of the premises might disclose. Other interested parties: None. Title to said property is believed to be good, but the undersigned will sell as Substitute Trustee only and will assign to the purchaser all covenants of warranty contained in said Deed of Trust.

The sale held pursuant to this notice may be rescinded at the Successor Trustee's option at any time. Said sale may be adjourned to another time or may be postponed to another date by public announcement at the appointed time of sale without advertisement.

This office is a debt collector. This is an attempt to collect a debt and any information obtained will be used for that purpose.

I hope all mothers had a good day Sunday.

I really did enjoy the day. Thank go to my family for the meal, flowers, gifts and all the love. You made me feel special.

Congratulations to Krystyn Lambert. She has graduated from the occupational therapy assistant program at Jackson State Community College. She was honored to receive one of two academic excellence awards and the president's award.

Martha Stricklin enjoyed Brian Stricklin treating her to a fish meal at Perryville on Saturday night. Sunday, Chad Stricklin took her sightseeing and to a Mother's Day meal at Waterloo Cafe. Hello to everyone at Park Rest. Thanks to all who took time to visit their loved ones Sunday, and thanks to Diana for the delicious strawberry pies made for the residents and staff. They have more activities going on, and she and Shelby do a good job. Our prayer requests this week are for Leon Baugus, Alba Stricklin and two others. Don't forget Decoration Day at Neill Cemetery this Sunday, May 15.

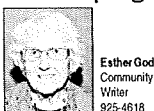

News is short, so call if you have any to report. Hope that everyone will have a blessed week.

NOTICE
The Board of Commissioners of Hardin Medical Center will meet on Thursday, May 26, 2022 at 6:00 p.m. in the Cafeteria for the May meeting.

Our attendance at church is still holding up well. We sure do miss the ones that are not there. Annette Cookkey did another special for us on Sunday. We are so proud of our children taking a part of our service.

Don't forget the estate sale at the Burnt Church Community Center this weekend, May 13 and 14, beginning at 9 a.m. Come early for best selections. All proceeds go to the community center.

Decorations are going strong in the month of May. I drove out to Mt. Hermon on Sunday afternoon to see the cemetery, it looked so pretty.

Decoration will be at Neill cemetery Sunday, May 15. There will be some very nice flowers. Larrie Cooksey, and Melinda Gray, Larrie Cooksey, Anuslee, and Beckham, also Jim and Sherry Thompson, and Ashtyn, from Tu-

Now it feels like spring! Thank goodness, I was beginning to wonder if we were gonna have one.

Bridgett said Bella's kindergarten class at Pickwick Southside School had a wonderful field trip to the Memphis Zoo last week. I miss the days when Taylor was little like that.

My sister Lisa came in last weekend to visit Mom for Mother's Day and we rode around looking at property (Lisa is wanting to get a second home here - she lives in Franklin) and we went to breakfast at Cream and Sugar Cafe in Luka, Mississippi. If you have unwanted items, I suggest donating them to the Jirch Mission Store in Counce. They are a great group of volunteers. The store is by Hardin County Bank and does a lot to help people in this community,

as well as internationally. Plus, your donation is tax deductible.

We had a fantastic Mother's Day at the flower shop and I want to thank all of you from the bottom of my heart. I love my job and my customers. Prayer requests this week: Johnny Odom, the Ann Newell family, Don Walley, Danny Roberts, Chris Lee, Johnny McLean, Ali Edwards, Don Wright, Harold Baker and Jeanette Chancellor.

Happy birthday wishes to twins Donna and Jucci Qualls from Childers Hill on May 15, and Kayla Rinks from Shiloh on May 16. Enjoy your special day, ladies. Everyone have a blessed week.

Michelle Smith met with Sandra Cannon Durham of Spring Hill, formerly of Savannah on Tuesday of last week in Lawrenceburg for lunch, shopping, and catching up with long time friends. Alice Whitlow and Gayle Williams went to Counce Tuesday and visited the mission store. They had lunch at the Mexican restaurant with Diane Harville on Wednesday. Alice and Gayle went to Florence to shop and enjoyed lunch at the Golden Corral.

Larrie Cooksey, Anuslee, and Beckham met her sister Sherry Thompson and Ashtyn at the zoo in Memphis on Saturday. They had a wonderful time.

Saturday, Alice Whitlow, Janet Franks, and Karley Cossey went shopping to buy flowers for Alice's yard for Mother's Day. Those enjoying Mother's Day with David and Peggy Beckham were Stacey and Melinda Gray, Larrie Cooksey, Anuslee, and Beckham, also Jim and Sherry Thompson, and Ashtyn, from Tu-

pelo, Miss. They all brought food and had a great day. Sunday morning Alice Whitlow attended Riverview Baptist Church for the dedication of Lenora Mae Pettie and her parents John Mark and Brooke Pettie. They said it was a sweet service. Cemetery notices **GAMALIEL (KY)**—The Gamaliel Cemetery is in need of donations for the upkeep of the cemetery. Donations may be dropped in the drive-thru donation box in the cemetery or mailed to PO Box 99, Gamaliel, KY 42140. Follow us on Facebook at "Friends of Gamaliel Cemetery."

CUMBERLAND COUNTY (KY)—Anyone with family or loved ones buried at Shorts Chapel Cemetery are encouraged to make donations to the cemetery fund. We strive to keep the cemetery appealing and unlike most cemeteries there has never been a charge for anyone to be buried at Shorts Chapel. We would like to keep it that way. Flowers & decorations are nice but please remember to make donations for mowing. You are also welcome to take a turn in mowing the cemetery

instead of contributing to the cemetery fund. This would be equally appreciated.

Please place flowers on grave stones and hanging metal rods if possible. Any flowers that are placed on the ground will be removed after July 4th.

All donations are greatly appreciated and can be made or mailed to: Citizens Bank of Cumberland County, Shorts Chapel Cemetery Fund, and PO Box 810, Burkesville, KY 42717. If it's more convenient for you to make donations to me personally I live beside the cemetery as well. You can reach me, Carla Kerr-Smith,

at 270-433-6981. As always, thank you!

CELINA—Fitzgerald

Cemetery committee members say donations are still needed for ongoing maintenance. Those with loved ones buried in the cemetery are encouraged to support this effort by sending a donation to P.O. Box 117 in Celina or dropping them off at the Bank of Celina.

Parsons Water System Water Quality Report 2021

Is my drinking water safe? Yes, our water meets all of EPA's health standards. We have conducted numerous tests for over 60 contaminants that may be in drinking water. As you'll see in the chart on the back, we only detected seven of these contaminants. We found all of these contaminants at safe levels.

What is the source of my water? Your water is a surface water, comes from the Tennessee River. Our goal is to protect our water from contaminants and to ensure the State to determine the vulnerability of our water sources to potential contamination. The Tennessee Department of Environment and Conservation (TDEC) has prepared a Source Water Assessment Program (SWAP) Report for the unfiltered water sources serving this water system. The SWAP Report assesses the susceptibility of unfiltered water sources to potential contamination. To ensure safe drinking water, all public water systems that routinely test their water sources have been rated as reasonably susceptible, moderately susceptible or highly susceptible based on geologic factors and human activities in the watershed. The Parsons Water System sources rated as reasonably susceptible to potential contamination.

An explanation of Tennessee's Source Water Assessment Program, the Source Water Assessment summary, susceptibility ratings and the overall TDEC report to EPA can be viewed online at https://www.tn.gov/online-services/programs-and-services/water-quality/assessment-program/parsons-water-system-swap-report.html or you may contact the Water System to obtain copies of specific assessments.

Why are these contaminants in my water? Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. Information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

Este informa contiene información muy importante. Trae consigo a habilidad en español que le ayudará a entenderlo.

For more information about your drinking water, please call Dale by 731-247-7415.

How can I get involved? Our Water Board meets on the first Monday of each month at 8:00 pm at City Hall, which is located at 535 Tennessee Avenue South. Please feel free to participate in these meetings.

Is our water system meeting other rules that govern our operations? The State and EPA require us to test and report on our water on a regular basis to ensure the safety. We have met all of these requirements. Results of unrequired contaminant analysis are available upon request. We want you to know that we pay attention to all the rules.

Other Information. The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, man-made chemicals, and can pick up substances resulting from the presence of animals or from human activity.

Contaminants that may be present in surface water include: Inorganic chemicals, such as nitrates and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.

Organic chemicals, such as solvents and metals, which can be naturally occurring or result from urban stormwater runoff, industrial, or agricultural operations.

domestic wastewater discharges, oil and gas production, mining, or farming. Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses. Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems. Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities. In order to ensure that tap water is safe to drink, EPA and the Tennessee Department of Environment and Conservation prescribe the regulations which limit the amount of certain contaminants in water provided by public water systems. Parsons Water System's water treatment processes are designed to reduce any such substances to levels well below your health concern. FDA regulates establish limits for contaminants in bottled water which must provide the same protection for public health.

Do I Need To Take Special Precautions? Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons such as persons with cancer, undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should take special precautions about drinking water. They should also take special precautions when handling infants and pets from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Lead in Drinking Water. If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Parsons Water System's actions to provide high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at https://www.epa.gov/lead.

Water System Security. Following the events of September 2001, we notice that our customers are concerned about the security of their drinking water. We urge the public to report any suspicious activities at any utility facilities, including treatment plants, pumping stations, tanks, or hydrants, etc. to 731-452-3211.

Think before you flush! Flushing, unseal or expired medication can be harmful to your drinking water. Properly disposing of unused or expired medication helps protect you and the environment. Keep medications out of Tennessee's waterways by disposing in one of our permanent pharmaceutical take back bins. There are nearly 100 take back bins located across the state. To find a convenient location please visit: https://www.tn.gov/retakeback/

Water Quality Data

- MCLG - Maximum Contaminant Level Goal, or the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLG is set for a margin of safety.
- MCL - Maximum Contaminant Level, or the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLG as feasible using the best available treatment technology. To understand the possible health effects described for many regulated contaminants, a person would have to drink 2 liters of water every day at the MCL level for a lifetime to have a one-in-a-million chance of having the described health effect.
- MDL - Maximum Residual Disinfectant Level or MDRDL. The highest level of a disinfectant allowed in drinking water. There is convincing evidence that additional disinfection is necessary for the control of microbial contaminants.
- MRDLG - Maximum Residual Disinfectant Level Goal. The level of a drinking water disinfectant below which there is no known or expected risk to health.
- MRDL - Maximum Residual Disinfectant Level. The level of a disinfectant to control microbial contaminants.
- A1 - Action Level, or the concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
- Below Detection Level (BDL) - laboratory analysis indicates that the contaminant is not present at a level that can be detected.
- Health Effects (HE) - laboratory analysis indicates that the contaminant is not present.
- Pesticide (P) - Pesticide (P) - explained as a ratio to time and money as one part per million corresponds to one minute in two years or a single penny in \$10,000.
- Part per billion (ppb) or Micrograms per liter - explained as a ratio to time and money as one part per billion corresponds to one minute in 2000 years, or a single penny in \$100,000.
- Nephelometric Turbidity Unit (NTU) - nephelometric turbidity unit is a measure of the clarity of water. Turbidity in excess of 5 NTU is not noticeable to the average person.
- T - Treatment Technique, or a regulated process intended to reduce the level of a contaminant in drinking water.
- TRC - Revised Total Coliform Rule. This rule went into effect on April 1, 2016 and replaces the MCL for total coliform with a Treatment Technique Trigger for a system assessment.

Contaminant	Violation Yes/No	Level Detected	Range of Detectives	Date of Sample	Unit Measurement	MCLG	MCL	Likely Source of Contamination
Total Coliform Bacteria (TC/B)	No	0	2021	2021	NTU	n/a	TT	Naturally present in the environment

Self-Acceptance and Exercise

Many of us, who have been working to improve our health and fitness, know better than to compare ourselves to others or engage in self-criticism while we're exercising or anytime.

This feeling could still happen and it can crush our self-esteem and really become a "physical downer." So what can we do when this "inner critic" shows up, while we're taking a nice walk in public or in our Senior Fitness Class? If we listen and believe this "inner critic" it can sabotage our efforts. Keep your mind on your movements and focus on your intentions!

If you begin to compare yourself to others, gently remind yourself to be present and focus on what you are doing. If you are looking around, distracting yourself with how much better, or worse, someone else is doing, you're wasting your workout.

Not only that, you could do yourself actual harm. What do we mean by harm? When we aren't focused, we won't be nearly as strong or effective.

In addition, we can make ourselves miserable. Comparing, competing or judging during a workout session or any other time often leads to emotional distress. We'll also be more prone to injury because we won't be giving ourselves our full attention.

Another important point is that we might be unintentionally insulting other people by being in their "space" instead of our own. Switch roles for a minute. We wouldn't want other people to be judging us while we are just trying to get healthier and feel good. The wisdom of "Do unto others as you would have them do unto you" stands out here.

After reminding yourself to stay present, get back in your body by feeling your breath, your muscles, and your intentions for good health. Focus within and let go of all self-judgement about how fit or unfit you feel. This is your body and your life. Do your best to simply accept it. This becomes your inner workout and is also very important for better health, happiness, and longevity.

Enjoy the movements and discover all over again the reasons why we are committed to our health and well-being. We don't even need to make a list. It's just good to feel it in our muscles, joints, bones, and our entire body! Keep moving and enjoy yourself!

(Remember: sweat is the cologne of fitness!)
