Re: Livingston Regional Hospital CN1903-005A

Dear Logan:

On June 26, 2019, Livingston Regional Hospital received an approval for a Certificate of Need at the Agency's regular session. The application was for the expansion of the hospital's ten (10) bed geri-psychiatric unit to sixteen (16) beds located at 315 Oak Street, Livingston (Overton County), Tennessee. The applicant planned to convert four rehabilitation and two medical-surgical beds to geriatric psychiatric beds so there would be no change in the total number of the hospital's 114 licensed beds.

Our client has decided that is no longer the best allocation of the beds and respectfully requests to have all six (6) beds redistributed from the medical-surgical unit, with zero beds being moved from the rehabilitation unit. Construction of the gero-psychiatric unit will be complete this fall.

Please let me know if you have any questions.

Sincerely,

Kim Harvey Looney
