Serious Injuries – Child care agencies are required to report any incidents involving a child in its care (including on and off-site activities) where treatment by a medical professional was necessary. It does not include instances where a medical professional examines the child but determines that no injury occurred, or treatment is not necessary.

Substantiated Instances of Child Abuse - There were six**instances of child abuse substantiated by the Department of Children’s Services in child care agencies during the reporting period:

- Lack of Supervision (1)
- Physical Abuse (5)

Child Deaths – One (1) fatality occurred in a licensed child care center during the period. A 3-month-old child died after being placed on his stomach to nap.

**A final determination is still pending in another case that has not yet completed due process. This report will be revised when that case is resolved.
