

# FINANCIAL STIMULUS ACCOUNTABILITY GROUP REPORT

Tennessee Community CARES Program

September 1, 2019

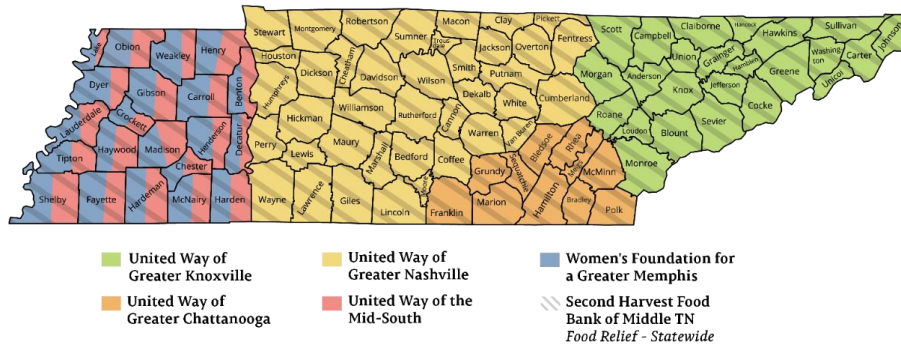

The purpose of this report is to provide a status update on Coronavirus Relief Fund payments distributed via the Tennessee Community CARES Program for members of the Financial Stimulus Accountability Group.

## **BACKGROUND**

On August 1, the State of Tennessee launched the Tennessee Community CARES Program to harness the impact of the state’s non-profit community by providing a financial guarantee for non-profit activities and work that has pivoted towards pandemic response and recovery. The program also provides direct aid for non-profits by reimbursing past response and recovery expenses. The Department of Human Services was tasked with leading this program on an accelerated timeline.

To overcome the key limitations of federal funding restriction and timing, <sup>1</sup> DHS led a process of engagement and education with non-profit “grant-administrators” who helped decentralize the work required over a 30-day period. These grant-administrators were selected on a competitive basis for experience and geographic representation and include: **The United Way of Greater Knoxville, Greater Chattanooga, Greater Nashville, and Mid-South, in addition to the Women’s Foundation for a Greater Memphis and the Second Harvest Food Bank of Middle TN.**

## Tennessee Community CARES Program *Grant Administrators and Coverage Area*

<sup>1</sup> Coronavirus Relief Fund dollars may only be expended on eligible costs incurred from March 1 to December 30.

## **FINANCIAL STIMULUS ACCOUNTABILITY GROUP REPORT**

### **Tennessee Community CARES Program**

#### **PROCESS AND ELIGIBLE PROGRAM ACTIVITIES**

The primary charge of administrators was to ensure that basic eligibility standards and screening was applied, removing ineligible applications from the pool and scoring applications for competitive review. Eligible expenses under this program must be or have been incurred from March 1, 2020 through November 15, 2020 and related to the COVID-19 pandemic. Examples of activities prioritized and encouraged for funding under this program will include:

- Support for school-aged children and families related to education needs created or exacerbated by the COVID-19 outbreak;
- Any of the following activities for individuals or families who have been impacted by a loss of income or economic insecurity as a result of COVID-19:
  - Workforce training;
  - Emergency food assistance;
  - Case management or assistance in accessing an eligible state or federal public benefit;
  - Care for at-risk or vulnerable populations to mitigate COVID-19 effects and/or enable compliance with COVID-19 public health precautions;
  - Emergency financial assistance to prevent homelessness, eviction or foreclosure;
- Other similar services designed to mitigate the negative health or economic impact of the COVID-19 public health emergency.
- Providing uncompensated care or assistance for disabled or other vulnerable population to address new financial, health, or educational challenges that are in response to COVID-19.
- Public Health Support activities such as uncompensated or unreimbursed costs for services or activities dedicated to mitigating or responding to the COVID-19 public health emergency, including but not limited to:
  - Supports, education, and communication for individuals to increase access to testing and reliability of contact tracing;
  - Expenses for technical assistance on mitigation of COVID-19-related threats;
  - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency;
  - Mental and behavioral health services delivered in response to the COVID-19 public health emergency;
  - Expenses associated with supporting the housing or quarantining of COVID-19 positive individuals;
  - Any other expense incurred in relation to non-profit missions to directly support the public health response to COVID-19.

## **FINANCIAL STIMULUS ACCOUNTABILITY GROUP REPORT**

### **Tennessee Community CARES Program**

- Any other non-profit support provided to Tennessee business entities such as:
  - Technical assistance and support in enrolling and participating in a federal, state, or local benefit program;
  - Education on safe practices in response to COVID-19;
  - Acquisition or purchase of personal protective equipment or reimbursing costs associated with mitigating the spread of COVID-19;
  - Expenses related to mitigating the spread of COVID-19;
- Support targeted for any at-risk, vulnerable, or underserved community for any eligible activity;
- Direct Relief by Reimbursing Past Eligible Expenses incurred, including:
  - Reimbursement of unreimbursed expenses incurred by a non-profit due to the COVID19 emergency, including but not limited to increased payroll costs, PPE, or any other measures taken to protect the employees and population served by the non-profit;
  - Past and future reimbursement for the required Non-Federal Cost-Share of Stafford Act assistance for COVID-19-related costs that satisfy the CRF eligibility criteria AND the FEMA Public Assistance eligibility criteria.
  - Reimbursement for any of the eligible costs incurred in the eligible period. (General revenue loss is not an eligible use of program funds.)

All grants will be required to follow the US Department of Treasury's additional guidance on Coronavirus Relief Fund allowable expenditures. The US Department of Treasury is also regularly updating Frequently Asked Questions, which can be found on the Coronavirus Relief Fund webpage.

### **OUTCOMES**

Over the course of August, the Department of Human Services and its non-profit grant administrators successfully executed the first step of incorporating non-profits into the state's pandemic response, fully subscribing the \$150 million in federal funds proposed. This was the result of a competitive process of receiving 1350 applications for nearly \$435 million of proposed expenses. These grants support the service of diverse populations and communities across the state.

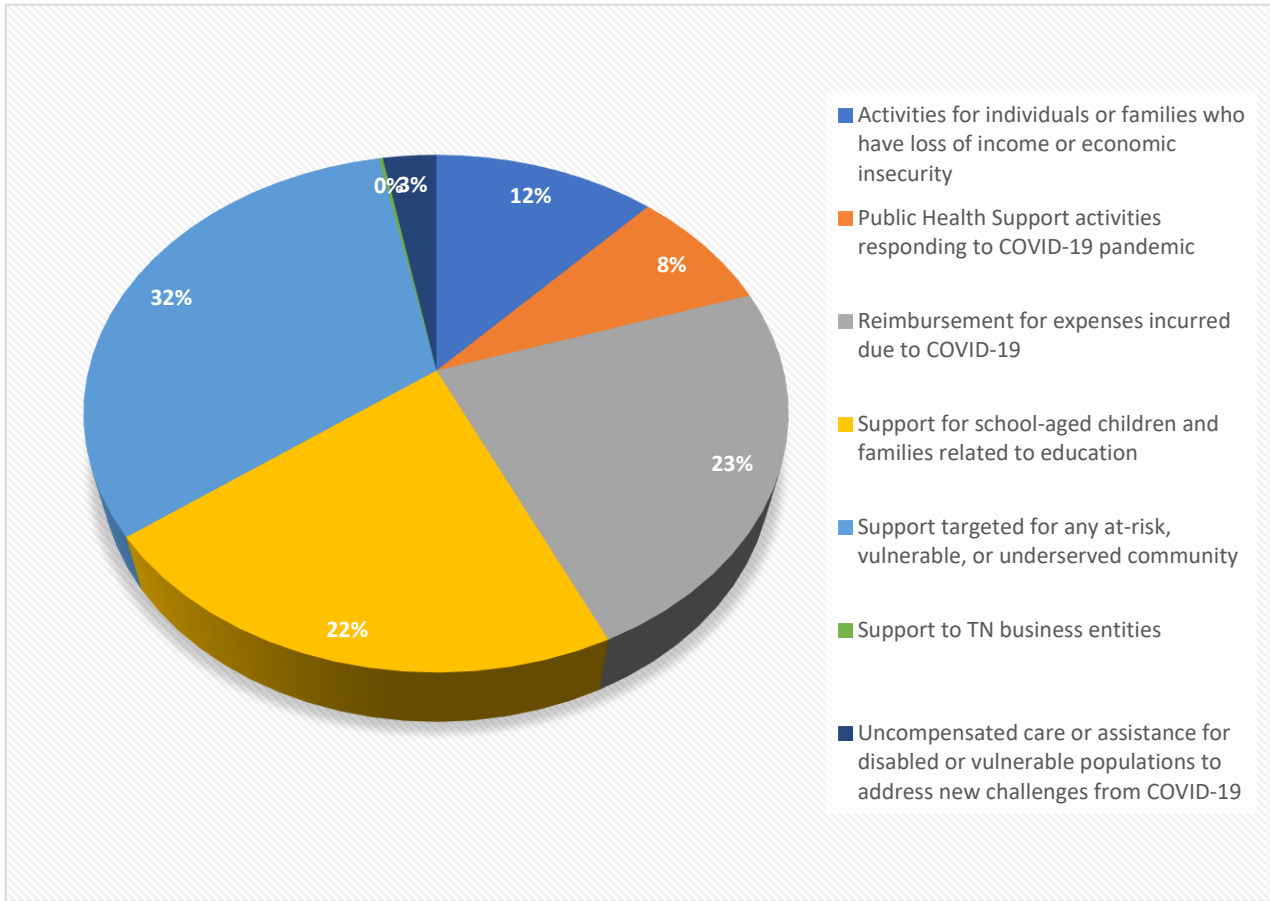

Consistent with federal guidelines and state policies, all expenses must be subject to documentation and verification prior to payment, and reimbursed program activities will be subject to monitoring and oversight.
