

JOB CLUB

Helping Tennesseans with Disabilities Turn Job Searches Into Interview Leads and Employment Offers!

What is Job Club?

Job Club is an opportunity for job seekers with disabilities to share experiences and build job-ready skills on their way to competitive employment. The Division of Rehabilitation Services (DRS) and its Vocational Rehabilitation (VR) program organizes and host Job Club events at no cost to Tennessee workers with disabilities.

How Does Job Club Help Job Seekers?

Job Club helps Tennessee job seekers to:

- Apply for jobs and build employment skills
- Recognize and emphasize their strengths, social skills, and work expertise
- Enhance and update resumes
- Make contacts that lead to jobs and interview opportunities

VR staff work with participants on job search tactics, employment planning and related topics during each meeting. Job Club is also an opportunity to begin the VR [referral process](#) to receive services.

How Much Time Does Job Club Take?

When searching for a job, spending more time to gain job search and job-ready skills can make a difference in success. Participants are encouraged to spend 30 minutes preparing for each Job Club meeting and attend meetings when the topic and schedule are a good fit for the job seeker's interests and goals.
