IF YOU ARE ADMITTED

You will be assigned to a patient care unit and a Treatment Team. The members will work with you to design a plan based on your specific needs. A Treatment Team consists of a psychiatrist, nurse, social services staff, psychiatric technician, and adjunctive therapist.

Personal articles: We recommend that any valuables, such as jewelry or important papers, be left with your family and not brought to the hospital. Personal hygiene items, such as toothbrush, toothpaste, comb, and shampoo, will be provided on your unit. Any items brought by your family must be processed through Security.

Clothing: Your needs will vary according to your length of stay, and it may be best to have your family bring or mail what is needed. Casual clothing is needed for daytime wear, and pajamas are desirable for nighttime wear. Patient laundry facilities are available in each unit. Please limit clothing to three (3) changes. All items brought into the hospital must be checked by staff to assure safety and appropriateness.

Meals: Though the schedule for the cafeteria can vary slightly depending on the assigned unit, the schedule is generally:

Breakfast 7:20 a.m. – 8:45 a.m.

Lunch 11:15 a.m. – 12:45 p.m.

Dinner 4:30 p.m. – 5:45 p.m.

When necessary, meals will be served on individual units.

Visiting hours: As visitation is subject to change, please contact the hospital for current visiting days and times.

Telephone services: Available in each unit. Each unit has designated phone times for use by the patients to make personal calls. A video relay service is available for patients hard of hearing who use American Sign Language to make personal calls.

Tobacco: MBMHI is a tobacco-free facility. Tobacco use is NOT allowed anywhere on campus by patients, staff, or visitors.

Televisions: Are provided in the dayroom in each unit for all patients. Hours of TV operations are designated for use not to conflict with other therapeutic activities being offered.

Procedure at discharge: Social Services staff will provide you information about your aftercare, including follow-up appointment. A nurse will meet with you to review discharge instructions, including medications for use after discharge. As part of the discharge process, you will be given the opportunity to tell us what you think about our services. A staff member on your unit will provide a short Inpatient Consumer Survey for your comments and can also assist you with this form. Please return this form to the staff before you are discharged.

HEALTHCARE PROFESSIONALS

Psychiatrist: Your doctor will direct and manage your treatment, including prescribing medications.

Medicine Clinic Staff: Available to assess and treat any physical needs that should arise. You may be transferred temporarily to a medical hospital if your condition warrants it.

Nursing Staff: Nursing staff will work with you daily on your unit to carry out the treatment plans defined with you and your Treatment Team.

Social Services Staff: Will gather necessary information from you and your family that will assist with your treatment planning. They will assist you with community resources for outpatient treatment, housing, and other community support services, and be the primary contact person for family members.

Case Manager: If you have a community case manager, your case manager may come to talk with you and your treatment team while you are in the hospital. If you do not have a case manager, you may be referred for this service.

Patient Rights Advocate: The Patient Rights Advocate is here to represent your interests and to protect your rights. If you have a concern regarding your treatment and cannot get it resolved through the treatment team staff, you can take it to the Patient Rights Advocate.

TREATMENT MALL

The Treatment Mall provides a variety of treatment groups for all MBMHI patients. Groups are designed to assist patients through education, awareness, and recovery, for overall fitness, and a healthy lifestyle.

PATIENT COMPLAINT AND GRIEVANCE PROCEDURE

The intent of this procedure is to:

1. assure a speedy, fair, and just response to your complaint
2. have the complaint resolved by the area or department involved in the complaint as much as possible and
3. provide a process for addressing unresolved complaints or complaints not resolved to the patient's satisfaction

All MBMHI staff members, regardless of position or title, are required to listen to patient or patient representative complaints and take immediate action to correct or resolve the concern to the patient's or patient representative's satisfaction if possible.

Grievance forms are available on each patient unit or may be obtained from the Patient Rights Advocate. All completed grievance forms are submitted to the Patient Rights Advocate.
