

Please note that questions #2, #4 and #11 will limit the number of schools a Soldier can see.

The Advanced Search feature will override these settings. However, if the Soldier still cannot see their desired home school or degree plan, a “VIA Issue” helpdesk case will need to be opened on behalf of the Soldier. (Be sure to include the desired home school and degree plan in the helpdesk case, as well as the original VIA CRM Case # if available...)
