

MetLife Dental Preferred Provider Organization

Dental care can be expensive, but MetLife dental insurance through Partners for Health can help make it easier to plan and pay for your care. The plan covers routine visits like cleanings, X-rays and exams, as well as unexpected dental needs.

Annual Enrollment for 2027 benefits:

- State government and higher education employees can enroll Oct. 1-16.
- Local education and local government employees and retirees can enroll Oct. 1-30.

If you visit an in-network dentist:

- Preventive care is covered at 100%
- Basic services are covered at 80%
- Major services and orthodontics are covered at 50%

The deductible is \$50 per person or \$150 per family. The plan pays up to \$1,500 per person each year. Eligible children also get up to \$1,500 in lifetime orthodontic coverage.

You can choose from more than 478,000 in-network dentists nationwide, including 7,200 in Tennessee. Staying in-network may help you save 35%–50% on dental costs. Cleanings, X-rays and exams cost \$0 out of pocket when using an in-network provider, based on plan rules.

The plan offers teledentistry, learning resources and 24/7 digital support, as well as the helpful Dental Cost Estimator tool.

Use MyBenefits or the MetLife app to check claims, view ID cards and find dentists. Learn more or find a PDP Plus provider on [the MetLife website](#). Questions? Contact the state of Tennessee dedicated customer service line at 855.700.8001, Monday-Friday, 7 a.m.-10 p.m. CT.

Please review plan details carefully.
