**Assignment.**

Except for assignments of reimbursement payable for coverage for hospital, surgical or medical charges, no assignment of any rights or benefits under the plan shall be of any force. To the full extent permitted by law, all rights and benefits accruing under the plan shall be exempt from execution, attachment, garnishment or other legal or equitable process, for the debts or liabilities of any employee.

**Choice of Laws.**

This plan shall be governed, construed, administered and regulated in all respects under the laws of the State of Tennessee, except insofar as they shall have been superseded by the provisions of federal law.

**Conflict of Provisions.**

If any provision or term of this plan is deemed to be substantively at variance with, or contrary to, any law of the United States or applicable state law, the provision of the law shall be deemed to govern.

**Execution of the Plan.**

This document may be executed in any number of counterparts and each fully executed counterpart shall be deemed an original.

**Fraud.**

Fraudulent acts (e.g., misrepresentation of claims, etc.) may subject a covered person to disciplinary action including, but not limited to, the recommendation of the employee's termination of employment, termination of insurance coverage, and/or criminal prosecution.

The plan shall not be deemed to constitute a contract between the employer and any employee or to be a consideration for, or an inducement or condition of, the employment of an employee. Nothing in the plan shall be deemed to give any employee the right to be retained in the service of the employer or to interfere with the right of the employer to discharge any employee at any time; provided, however, that the foregoing shall not be deemed to modify the provisions of any collective bargaining agreements which may be made by the employer with the bargaining representative of any employees.

- (2) If an Employee satisfies all three requirements of A (1) above, the Employee and all Dependents of the Employee are eligible for special enrollment to the Plan.
  - (3) If a Dependent satisfies all three requirements of A (1) above, only that Dependent, the Employee, and other Dependents satisfying the requirements of A (1) above are eligible for special enrollment to the Plan.

## ARTICLE III

### PARTICIPATION DURING APPROVED LEAVE AND REINSTATEMENTS

#### 3.01 Continuation of Coverage during Leave of Absence.

An employee on an approved leave of absence that is not covered under the Family and Medical Leave Act of 1993 (as amended) may continue coverage as described in this subsection. An employee on an approved leave of absence may continue coverage under the plan for two continuous years provided he/she pays the full monthly premium (both the employer and employee portions as described in Article VIII) during such leave of absence. Employees who return to work after a two-year leave of absence must be in a positive pay status for one full calendar month before they may be eligible for a subsequent leave of absence to continue coverage. If an employee does not return to active work status and has completed a two-year leave of absence, coverage will be discontinued, and COBRA continuation coverage will not be offered.

#### 3.02 Coverage for Spouse Who Is an Employee on Leave of Absence.

If an employee and his/her spouse both work for the employer and are both covered under a state sponsored plan, and one spouse goes on a leave of absence, the spouse, as a covered person may change his/her type of coverage pursuant to Section 1.06 in order to cover his/her spouse as a dependent. The employee adding his/her spouse must contact his/her benefits coordinator and change to family coverage by completing the enrollment change application.

#### 3.03 Suspension of Coverage during Leave of Absence.

If the employee decides not to continue coverage while on leave, he/she must apply to suspend coverage by signing the leave without pay insurance options form while the coverage is still active, and premiums are current. Coverage will terminate on the last day of the month in which the employee has paid his/her premium(s). When the employee returns from leave, to re-enroll in coverage, the benefits coordinator must be contacted by the employee and enrollment forms completed and the insurance premium paid. The employee has one full calendar month from the end of the leave to reinstate the coverage; otherwise, the employee will be subject to the late applicant requirements of Section 2.06.

Individuals returning from military leave shall have 90 calendar days from the end of their leave of absence to reinstate coverage.

#### 3.04 Reinstatement of Coverage Following Suspension of Coverage.

In the event an employee has requested a suspension of coverage under the plan and premiums are current while on an approved leave of absence (as defined in Section 3.03), and not covered by the Family and Medical Leave Act of 1993, and such former employee returns to covered employment with the employer, his/her coverage under the plan may be reinstated subject to receipt of premium pursuant to this section. The employee must complete an enrollment application within 31 calendar days of returning to active employment with the employer.

(A) If an employee returns to covered employment with the employer during a time period equal to or less than six months of the date coverage previously suspended, he/she shall have his/her coverage reinstated on the first day of the calendar month following the date the employee returns to work:

- (1) Without being subject to the eligibility date for new employees; and
  - (2) Without satisfying the late applicant requirements of Section 2.06, provided the employee meets the other eligibility requirements of Section 2.01.
- (B) If an employee returns to work with the employer after a period greater than six months of the date coverage previously suspended, he/she shall have coverage reinstated upon satisfying the eligibility requirements of Section 2.01, including the eligibility date for new employees.

3.05 Reinstatement of Coverage Following Termination of Employment.

If employment is terminated with the employer and the employee returns to work with the employer within one full calendar month of insurance termination, the employee may reinstate his/her insurance if all other eligibility requirements are met. This reinstatement will be made and coverage will continue as previously enrolled. The benefits coordinator must be contacted, and enrollment forms completed for coverage to be reinstated.

3.06 Reinstatement for Military Personnel Returning From Active Service.

An employee who returns to the employer's active payroll following active military duty may reinstate insurance coverage on the earliest of the following:

- (A) The first day of the month which includes the date on which the military person was discharged from active duty;
- (B) The first of the month following the date of discharge from active duty;
- (C) The date on which the military person returns to the employer's active payroll; or
- (D) The first of the month following the military person's return to the employer's active payroll. If coverage is reinstated before the employee's return to the employer's active payroll, the employee must pay 100 percent of the total premium, provided the leave for military duty is more than 31 calendar days. In all instances, employees must pay whole month premiums.

Reinstatement of coverage is not automatic. Returning military personnel must comply with Section 3.03 before coverage can be reinstated. No waiting period requirements will apply to this reinstatement.

**SECTION 4**  
**COVERAGE TERMINATION AND CONTINUATION**

4.01 Termination of Covered Person's Participation.

(A) Voluntary Coverage Termination. Voluntary cancellation of a covered person shall not be permitted outside of the annual enrollment transfer period unless the covered person experiences a special qualifying event, family status change, or other qualifying event as approved by Benefits Administration:

- (1) Change in legal marital status – marriage, divorce, legal separation, annulment, or death of spouse;
- (2) Change in number of employee's dependents – birth, adoption, placement for adoption, death of a dependent;
- (3) Change in employment status that affects eligibility – spouse or dependent gains new employment, returns from unpaid leave, or changes from part-time to full-time employment;
- (4) Event causing employee or employee's dependent to satisfy or cease to satisfy dependent eligibility requirements – entitlement to Medicare, Medicaid or TRICARE, attaining a specified age, judgments, decrees, or orders;
- (5) Change in residence or workplace – move out of national service area;
- (6) Change in coverage of spouse or dependent under another employer plan – open enrollment; or
- (7) Marketplace Enrollment – Change in hours worked to less than 30 hours per week on average if the employee and covered family members enroll in another plan providing minimal essential coverage.

Unless otherwise state in this Plan Document, a Covered Person who wishes to re-enroll at a later date will be subject to the late applicant requirements in Section 2.06.

(B) Non-Voluntary Coverage Termination. In addition to the voluntary termination described in Section 4.01(A), and except as otherwise expressly provided in the plan, participation in the plan by a covered employee and/or dependent shall terminate upon the earliest to occur of the following:

- (1) The last day of the month for which the employee's last contribution was applied;
- (2) The date the plan is amended to terminate the coverage of a class of employees of which the employee is a covered person; or
- (3) The date the plan is terminated; or
- (4) The last day of the month in which the local government agency participates in the Local Government Plan.

4.02 Termination of Dependent Participation.

(A) Except as otherwise expressly provided in the plan, participation in the plan by a dependent (as a dependent) shall terminate at the end of the month in which the dependent ceases to be an eligible dependent as defined in Section 1.10. It is the responsibility of the employee to notify the committee's representative of any event that would cause a dependent to become ineligible for coverage. Claims paid in error for any reason will be recovered from the employee.

- (B) If an employee or retiree requests to terminate coverage of a dependent spouse while a divorce case is pending, such termination will be subject to laws and court orders related to the divorce or legal separation. This includes the requirements of Tennessee Code Annotated Section 36-4-106 and the requirement that the employee or retiree provide notice of termination of health insurance to the covered dependent spouse under Tennessee Code Annotated Section 56-7-2366. It is the responsibility of the employee or retiree to make sure that any request to terminate a dependent spouse is consistent with those legal requirements.

#### 4.03 Continuation of Dependent's Health Insurance Upon Death of a Covered Employee.

- (A) If a covered employee dies, dependents covered at the time of the employee's death are entitled to six months of extended coverage without charge. The contribution for this coverage is the sole responsibility of the plan. Participation in the plan during the six months of extended coverage due to death shall be in addition to continued coverage available through the provisions of COBRA pursuant to Section 4.07.
- (B) Health insurance may be continued for eligible surviving dependents after the six months extended coverage if the agency elected to opt in to retiree coverage, and the employee met the eligibility criteria to continue retiree group health coverage as outlined in section 4.05 or 4.06 at the time of his/her passing.
  - (1) If the employee was a member of the Tennessee Consolidated Retirement System (TCRS), election of a monthly pension benefit from the TCRS is required for insurance continuation. The covered dependents do not have to be the pension beneficiaries, but election of a lump sum pension payout by either the employee or the employee's designated pension beneficiary, will forfeit continuation of retiree insurance coverage for the surviving dependents. If insurance is continued, premiums will be deducted from the deceased employee's monthly TCRS pension check. Covered surviving dependents must submit insurance premiums directly to Benefits Administration if the pension check is insufficient to cover the premiums or if the beneficiary of the monthly pension is not a covered dependent.
  - (2) If the employee was not a member of the TCRS, election of a monthly pension option is not a requirement. Monthly premiums must be submitted directly to Benefits Administration.
- (C) If the surviving dependents do not qualify for extended coverage under this section, COBRA will be offered.
- (D) In all cases, dependents must continue to meet all eligibility requirements in order to continue insurance coverage.

#### 4.04 Continuation after Covered Employee's Work-Related Injury.

An employee who leaves the employer's payroll because of a work-related injury, and who was participating in a state-sponsored health plan at the time the work-related injury occurred, may continue participation in the plan during the period of such temporary disability. If the workers compensation benefits cease or the employer does not provide workers compensation coverage, the employee may continue coverage as described at 3.01. See applicable sections for specific plan provisions.

#### 4.05 Continuation of Coverage for Disabled Employees.

- (A) If a covered employee incurs a disability while enrolled in the PPO or PPO Limited plans and employment is terminated, the former employee may continue coverage, for that condition only, for a period not to exceed one year. Continuation is in lieu of other continuation options under these plans and must be requested, in writing, within 30 calendar days of the date active insurance coverage is terminated. No premium contribution is required by the employee, however, copayment, deductible and coinsurance amounts will apply. This continuation of coverage will only provide benefits for claims associated with the disability as determined by the TPA. Pharmacy charges must be paid at the time of service and reimbursement is subject to the terms and conditions of the plan.
- (B) If a participating employee with less than five years of service with their present participating employer incurs a work-related injury which results in total and permanent disability, the former employee may continue medical coverage, provided that the employer has elected to opt in to offer retiree coverage. The service may be with TCRS or a non-TCRS retirement program sponsored by the participating local government agency from which the employee is retiring. There can be no lapse in medical coverage with the state-sponsored plan. TCRS participants must be approved by the Tennessee Consolidated Retirement System medical panel as being totally and permanently disabled due to a work-related injury and must remain eligible for a disability allowance. For non-TCRS participants, proof of total and permanent disability must be shown by submitting an award letter from the Social Security Administration or approval by TCRS based on physician review of medical records documenting the disability. The required proof must show total and permanent disability existed on or before the date employment terminated. For non-TCRS participants, the employer must also submit written certification that the disability is the result of a work-related injury. The contribution for continued coverage in the Local Government Plan is the responsibility of the former employee and shall be the same premium as required for a retiree. Upon eligibility for Medicare, medical coverage will terminate.
- (C) Disability retirees who were participants in the Local Government Plan at the time of an injury or illness which resulted in their disability may continue coverage provided that the employer has elected to opt in to offer retiree coverage, and provided that no lapse in medical coverage has occurred by meeting either the requirements of Section 4.06(D) or by having at least five years of employment with the employer immediately prior to final termination due to disability. Employees who qualify for disability retirement may continue coverage if they participated in the plan at the time the injury or illness occurred and, for such retirees, the date retirement benefits commence (retirement date) must be on or before the date on which their active state coverage ceased. Proof of total disability must be shown by submitting an award letter from the Social Security Administration or approval by the TCRS medical panel based on physician review of medical records documenting the disability. The required proof must show total disability existed at the time of termination of employment. Upon eligibility for Medicare, medical coverage will terminate.

Disabled retirees who are awaiting approval of the employer-sponsored retirement plan for disability benefits and whose medical coverage has lapsed from their last period of employment may reinstate that medical coverage by having at least five years of employment with the employer immediately prior to final termination due to disability and provided that the employer-sponsored retirement plan determines their date of disability retirement to be on or before the date on which their active coverage

ceased. Disabled retirees whose coverage has lapsed from their last period of employment and whose effective date of disability retirement has been determined by the employer-sponsored retirement plan to be after the date on which their coverage as full-time employees ceased are not eligible for reinstatement of medical coverage.

4.06 Continuation of Health Coverage for Retirees.

(A) Each Local Government Agency must elect, in writing, whether or not to offer retiree coverage to its employees (“opt-in” or “opt-out”). All agencies must elect one of the following choices in writing by the deadline specified in the Retiree Coverage Election form (election form):

- (1) Provide coverage for retirees (or “opt in”). The election to opt in to providing retiree coverage shall be effective as of June 30 of the year in which the agency signs the election form and shall entitle the agency to offer retiree coverage to active employees and to continue to offer retiree coverage to current retirees on the plan. An agency election to opt in will continue to be effective until such election is changed in writing at the time designated for submitting such notice; or
- (2) Not offer coverage for retirees (or “opt out”). The election to opt out of providing retiree coverage is effective as of June 30 of the year in which the agency signs the election form. Agency elections to opt out of offering retiree coverage in the state sponsored plan are permanent and no employees or retirees shall be eligible to enroll in retiree coverage or to continue in retiree coverage after June 30 of the year of the agency’s election to opt out. Once an election has been made to opt out, the agency may not reinstate retiree coverage; or
- (3) Opt out as in (2) above, as to active employees only (or “limited opt out”). The limited election opt-out prohibits the agency from offering retiree coverage to active employees after June 30 of the year in which the agency signs the election form. The agency may continue to offer retiree coverage to its retirees that have insurance coverage on the retiree plan effective on or before June 1 of that year. Coverage starts on the first day of the month, and June 1 of the year in which the election form is signed is the last effective date which will qualify a retiree as a current retiree eligible to continue coverage prior to the June 30 opt out date. As in (2) above, once an election has been made to opt out for active employees the agency may not reinstate active retiree coverage. However, an agency may elect to opt out of continuing coverage for current retirees by selecting “opt-out” (section 4.06 (A) (2)) status in a subsequent plan year by timely submission of the election form.
- (4) Annually, Benefits Administration’s website shall display a list of agencies that have selected option (1) above to opt in to provide retiree coverage, and a list of agencies that have selected option (3) above to continue to offer retiree coverage to existing retirees for that plan year.

(B) For purposes of this Section:

“Continuous Insurance Coverage” is defined as actual participation without a break in coverage for any month. The one and three years of continuous insurance coverage in the plan will be waived for individuals retiring from a newly participating agency when the agency has been in the plan less than three years. The waiver will not apply to agencies that leave the plan and rejoin at a later date.

“Employment with the Employer” is defined as creditable service in a position where the incumbent qualifies for insurance coverage with the local government agency from which the employee is retiring. Service with any other local government agency cannot be combined to meet these requirements. For purposes of this plan, accumulated unused sick leave is defined as employment with the employer.

For the purpose of this plan, the following are *not* defined as employment with the employer: military service that did not interrupt employment, educational leave, leave of absence, employment with an agency participating in the state or local education plans, or services with another local government agency.

Also, if a person cashes out previous service and does not buy it back, they cannot count that service as employment with the employer to establish insurance eligibility.

“Retirement Date” is defined as the date retirement benefits commence according to retirement statutes.

“Termination Date” is defined as the last paid day or last day of leave, whichever is later. All retirees and/or dependents covered under the plan will no longer be eligible to participate should the agency from which he/she retired cease participation in the plan.

- (C) Retirees and their dependents may not continue coverage in the plan:
  - (1) if the employer agency has elected to opt out of retiree coverage and not cover existing retirees; or
  - (2) if they are eligible for Medicare, unless
    - (a) the agency has opted in to covering existing retirees, and
    - (b) the retirees were enrolled when the retiree’s agency joined the plan for the first time, and former section 1.19 of the plan document allowing such enrollment was in effect (prior to June 1, 2016).
- (D) Employees who retire from employment with the employer are eligible to elect continuation of coverage under the plan provided the employer has elected to opt in to retiree coverage or to continue to extend coverage to existing retirees while otherwise opting out and that the requirements of this section are met.
  - (1) For individuals who terminate employment, one of the following conditions must be met for continuation in the plan:
    - (a) The retiree must be age 55 and have at least ten years of employment with the local government agency from which they are retiring, with three continuous years of insurance coverage in the plan immediately prior to final termination for retirement.\* For such retirees, the continuation of insurance must immediately follow the employee’s date of final termination from employment with the employer (retirement date).\* The immediate continuation of insurance requirement will be waived for employees leaving the Local Government Plan and becoming employed by an agency participating in one of the other state-sponsored health plans; or,
    - (b) The retiree must be age 55 and must have at least 20 or more total years of employment with the local government agency from which they are retiring with one year of insurance coverage in the plan immediately prior to final termination for retirement.\* For such retirees, the continuation of insurance must immediately follow the employee’s date of final termination from employment with the employer (retirement

date).\* The immediate continuation of insurance requirement will be waived for employees leaving the Local Government Plan and becoming employed by an agency participating in one of the other state-sponsored health plans; or,

- (c) For those local government agencies that have a retirement system other than the Tennessee Consolidated Retirement System, eligibility for the continuation of health insurance will be made available to those public safety employees (police and fireman) who are age 50 and have at least 25 years of creditable service and have been covered by the Local Government Plan for at least one full year prior to retirement. The individual must be qualified for an unreduced benefit to be eligible to continue insurance coverage.
- (d) The retiree must have at least 30 years of service with the local government agency from which they are retiring and be covered under the plan for one year immediately prior to final termination of retirement. For such retirees, the continuation of insurance must immediately follow the employee's date of final termination from employment with the employer (retirement date).\* This immediate continuation of insurance requirement will be waived for employees leaving the Local Government Plan and becoming employed by an agency participating in one of the other state-sponsored health plans.
- (e) Utility board members are eligible to continue their coverage at the time of retirement. They must have at least 20 years of service as a member of the same utility district from which they retire, must be age 55, and be enrolled in the plan for one full year of coverage immediately prior to retirement or 30 years of service as a member of the same utility district from which they retire and at least one full year of coverage on the plan immediately prior to retirement. The one-year rule will be waived if the agency has not participated in the plan for one year. Coverage must begin immediately upon retirement, unless the retiree goes to work for another agency participating in a state sponsored plan.
- (f) When a local government employee who worked for an agency that participated in the Local Government Plan and participates in TCRS is involuntarily transferred to the state, the time worked at the local government agency may be counted as time worked for the purpose of qualifying the employee for continuation of insurance coverage as a retiree.

This rule does not apply to employees of local government agencies that do not participate in TCRS and the Local Government Plan.

- (E) Retirees eligible to continue insurance coverage in the plan, pursuant to this section, must elect to continue coverage within one full calendar month of the expiration date of active insurance coverage or within one full calendar month of meeting the conditions to continue insurance as outlined in this section.\* At the expiration of this one full calendar month period, eligible retirees may continue only if qualified through the special enrollment provisions of Section 2.06 or through the provision of COBRA. In order to enroll through the special enrollment provisions, the retiree must have had medical coverage

at the time they retired and be eligible to continue that coverage by virtue of age, their length of service and length of participation in the plan.

- (F) Special Enrollment for Retirees. If an agency has elected to opt into retiree coverage, its retirees may enroll in medical insurance for themselves and their eligible dependents subject to the special qualifying events, special enrollment period, and special enrollment effective date provided in Section 2.06. The retiree must have been a covered person under a state-sponsored plan at the time they retired and be eligible to continue that coverage by virtue of age, their length of service and length of participation in the plan, as outlined in Tennessee Code Annotated § 8-27-705 and Section 4.06. A retiree who is age eligible for Medicare is not eligible to enroll in the state-sponsored health plan. Retirees who have lost eligibility for the health plan may not enroll dependents in the health plan. Premiums for coverage type selected must be paid before the coverage can be effective. Loss of eligibility does not include a loss due to failure to pay premiums on a timely basis or termination of coverage for cause.
- (G) Premiums.
  - (1) Retirees who will receive a monthly benefit from the Tennessee Consolidated Retirement System shall have premiums deducted from their benefit check provided the agency does not elect to pay a portion of the premium. Retirees whose insurance premiums exceed their monthly benefit or who do not receive a monthly benefit shall submit their premiums directly to Benefits Administration each month provided the agency does not elect to pay a portion of the premium.
  - (2) Agencies that elect to pay all or a portion of their retiree's premiums will be billed by Benefits Administration for the entire premium. The retiree is responsible for paying their portion of the premium to the agency from which they retired.
- (H) Medicare.
  - (1) When a retiree is no longer eligible for the plan because he/she is entitled to Part A of Medicare, his/her covered dependents may continue coverage until the dependents no longer meet the eligibility requirements or until the dependents are entitled to Part A of Medicare.
  - (2) When coverage is discontinued for a retiree due to Medicare entitlement, the retiree shall be given an opportunity to enroll in The Tennessee Plan (supplemental medical insurance for retirees with Medicare) if they receive a monthly pension from TCRS. The retiree's initial employment with a qualifying employer must have commenced prior to July 1, 2015, to be eligible for The Tennessee Plan. Dependents will not be allowed to enroll in The Tennessee Plan if the retiree is not enrolled or enrolling in The Tennessee Plan. The plan will suspend coverage on any participating local government plan retiree who will not provide information to Benefits Administration concerning Medicare eligibility upon request.
- (I) Dependents.
  - (1) If a covered retiree dies, dependents covered at the time of the retiree's death are entitled to up to six months of extended coverage without charge. The contribution for this coverage is the sole responsibility of the plan. Participation in the plan during the six months of extended coverage shall be in addition to continued coverage available through the provisions of COBRA pursuant to Section 4.07
  - (2) Insurance may be continued for eligible surviving dependents after the six months extended coverage provided the dependents continue to meet all eligibility requirements.

- (a) A retiree's eligible surviving spouse and dependent(s) are not required to continue the deceased retiree's pension.
- (b) If the retiree was a member of the Tennessee Consolidated Retirement System, and a pension benefit is continued for surviving dependents, premiums will be deducted from the deceased retiree's monthly TCRS pension check. Premiums must be submitted directly to Benefits Administration if the pension check is insufficient to cover the premiums or if the beneficiary of the monthly pension is not a covered dependent.
- (c) If the retiree was not a member of the TCRS, monthly premiums must be submitted directly to Benefits Administration.
- (3) If coverage is discontinued for a retiree's dependent child because of the plan's eligibility requirements, the dependent may be eligible for continued coverage through the provisions of COBRA or conversion to a direct payment plan offered by the TPA regardless of his/her present health condition. There should be no lapse in coverage.
- (4) In all cases, dependents must continue to meet all eligibility requirements in order to continue insurance coverage.
- (J) (1) Upon retirement, if a retiree's spouse is an active employee of the employer participating in the plan, the active spouse may insure the retiree spouse as a dependent under his/her active coverage until the termination date of the active spouse.
- (2) Upon the active spouse's termination date, the retiree spouse has two possible options for continuing retiree coverage, as follows:
  - (a) If the retiree spouse's former employer has elected to opt in to provide retiree coverage at the time of the active spouse's termination date, the retiree spouse may enroll in retiree group health insurance coverage under his/her own retiree record, provided that the retiree spouse satisfies all eligibility requirements at the time of the active spouse's termination date; or
  - (b) If the active spouse's employer has elected to opt in to provide retiree coverage at the time of the active spouse's termination date, the retiree spouse may enroll as a dependent under the active spouse's retiree record provided that the active spouse satisfies all eligibility requirements at the time of the active spouse's termination date.
- (3) Retirees who are not eligible to continue insurance coverage because of the service requirements or employer opt outs may continue coverage pursuant to Section 4.07 (COBRA) or convert to a direct payment plan offered by the TPA at retirement, pursuant to Section 4.08.

\*For the purpose of determining whether a plan participant meets the plan's length of participation criteria to continue coverage upon termination of employment for the purpose of retirement, the state-sponsored plans will consider COBRA participation toward length of participation in the plan when the COBRA participation immediately follows and immediately precedes periods of employment with a participating employer. This provision is intended to bridge one period of employment to another period of employment with agencies of the state government, local education agencies participating in the Local Education Plan, or entities participating in the Local Government Plan.

#### 4.07 Limited Continuation of Coverage (COBRA).

For purposes of this Section 4.07, a qualified beneficiary is any individual who, on the day before a qualifying event, is covered under the plan by virtue of being on that day either the covered employee, the spouse of the covered employee, or a dependent child of the covered employee.

A qualified beneficiary also includes any child who is born to or placed for adoption with a covered employee during the period of COBRA continuation coverage.

A covered employee for purposes of this Section 4.07 is any individual who is (or was) provided coverage under this group health plan by virtue of being or having been an employee.

(A) A qualified beneficiary may elect to continue coverage under this plan for up to 18 months after the qualifying event if such qualified beneficiary loses coverage due to one of the following qualifying events:

- (1) The covered employee's employment is terminated (for reasons other than the covered employee's gross misconduct); or
- (2) The covered employee's number of work hours is reduced to less than 30 hours per week.

In the case of a qualifying event described in Section 4.07(A)(1) or (2) above that occurs fewer than 18 months after the date the covered employee became entitled (enrolled) to benefits under title XVIII of the Social Security Act, the period of coverage for qualified beneficiaries other than the covered employee shall not terminate before the close of the 36-month period beginning on the date the covered employee became so entitled. The 36-month time period excludes any time covered under a retiree's coverage.

If a qualified beneficiary is determined to have been disabled under Title II or Title XVI of the Social Security Act at any time during the first 60 calendar days of COBRA continuation coverage, any qualified beneficiary will be entitled to elect an additional 11 months (total of up to 29 months from the date of the qualifying event) of COBRA continuation coverage. In the case of a qualified beneficiary who is a child born to or placed for adoption with a covered employee during a period of COBRA continuation coverage, the period of the first 60 calendar days of COBRA continuation coverage is measured from the date of birth or placement for adoption. This same 11-month disability extension applies to each qualified beneficiary entitled to COBRA because of a qualifying event described in Section 4.07(A)(1) or (2) above. To qualify for this extension of coverage, the qualified beneficiary must have been disabled within the time periods described above and must obtain a social security determination to that effect. The qualified beneficiaries affected by the qualifying event in Section 4.07(A)(1) or (2) must notify the committee's representative of the disability determination within 60 calendar days after the date the determination is issued and prior to the expiration of the initial 18-month period.

A qualified beneficiary (other than the covered employee) may elect to continue coverage under this plan for up to 36 months (excluding months covered as a dependent of a retiree) after the qualifying event, if such qualified beneficiary loses coverage due to one of the following qualifying events:

- (1) Death of the covered employee;
- (2) Divorce or legal separation from the covered employee; or
- (3) A dependent child ceases to be a dependent as defined by the plan.

In the event that a qualified beneficiary becomes eligible for continuation of coverage for an 18-month period (or a 29-month period in the case of a disability extension) and subsequently experiences within that 18-month period (or within that 29-month period in the case of a disability extension) a second qualifying event which allows a 36 month extension, then the original 18-month period (or 29-month period in the case of a disability extension) is expanded to be 36 months from the date of the first qualifying event. This only applies to those individuals who were qualified beneficiaries under the group health plan in connection with the first qualifying event and who are still qualified beneficiaries at the time of the second qualifying event.

(B) Election. To continue coverage, the qualified beneficiary must make written election within 60 calendar days after the later of the following dates:

- (1) The date the qualified beneficiary's coverage terminated due to a qualifying event; or
- (2) The date the qualified beneficiary is sent notice of his/her right to elect COBRA continuation coverage.

An election is considered to be made on the date that it is sent to Benefits Administration.

(C) Premiums. The monthly cost of COBRA coverage must be paid by the qualified beneficiary to Benefits Administration. The monthly cost shall be 102 percent of the cost to the plan for coverage of a similarly situated employee whose coverage had not otherwise terminated. When a qualified beneficiary has a special continuation period due to a certified disability, as described in subsection 4.07(A), the monthly cost during the additional 11 months shall be, in general, 150 percent of the cost to the plan.

The qualified beneficiary must pay the required costs for the initial continuation of coverage period within 45 calendar days of the date of the election. The monthly cost for coverage *following* the period after the initial election must be made in monthly payments in the manner prescribed by the committee or its representative. Without further notice from the employer, the qualified beneficiary must pay the monthly cost by the last day of each month for the following month's coverage. No claims will be paid pursuant to this Section 4.07 until Benefits Administration receives the applicable monthly premium for the qualified beneficiary's coverage.

(D) Notice. A covered employee or qualified beneficiary is responsible for notifying the plan administrator of the occurrence of a qualifying event that is either a divorce or legal separation of the covered employee, or a dependent child ceasing to be a dependent as defined by the plan. Notice must be provided to the plan administrator within 60 calendar days after the later of the date of the qualifying event or the date the qualified beneficiary would lose coverage on account of the qualifying event. Failure to report a dependent becoming ineligible to continue coverage within 60 calendar days of the loss of eligibility will result in the dependent not being offered the opportunity to continue coverage under COBRA as their 60-day eligibility period will have lapsed.

(E) Termination. A qualified beneficiary's coverage under this limited continuation of coverage provision shall terminate on the earliest of:

- (1) The date, after the date of the COBRA election, upon which the qualified beneficiary first becomes covered under any other group health plan;
- (2) The end of the applicable 18-month or 36-month period. These periods of time include months enrolled as a dependent of a retiree;

- (3) The end of an additional 11-month disability extension period as described in subsection 4.07(A). The continuation period shall not exceed the first day of the month following one full calendar month after a final determination that the qualified beneficiary is no longer disabled;
- (4) The date, after the date of the COBRA election, upon which the qualified beneficiary first becomes eligible for Medicare benefits;
- (5) The date the qualified beneficiary fails to make timely payment of the monthly premiums. Timely payment shall be considered to be receipt of payment within one full calendar month of the due date; or
- (6) The date on which the employer ceases to provide a group health plan (or successor plans) to any employee.

**SECTION 5**  
**COORDINATION OF MEDICAL BENEFITS**

5.01 General.

The benefits subject to this section are all benefits arising from expenses or charges incurred on or after the effective date.

5.02 Definitions.

The following definitions shall apply throughout this section, unless the context clearly requires a different construction:

- (A) **Allowable Expense(s)** is any necessary healthcare charge, at least a portion of which is covered under at least one or more of the Other Plans covering the person for whom claim is made. When the Other Plans provide benefits in the form of services, the reasonable cash value of each service rendered is deemed to be both an Allowable Expense and a benefit paid.
- (B) **Claim Determination Period** is the calendar year (January 1 through December 31); however, it does not include any part of a year during which a person has no coverage under the Plan.
- (C) **Other Plans** means any plan providing benefits or services for medical care or treatment including but not limited to:
  - (1) Group, blanket or franchise insurance coverage (including State of Tennessee Local Government Plan and State of Tennessee Local Education Plan);
  - (2) Hospital service prepayment plan, a medical service prepayment plan, a group practice and other prepayment coverage, except that for which the subscription charge or premium payment is made directly by the person covered to the organization providing the coverage;
  - (3) Any coverage under labor-management trusted plans, union welfare plans, employer organization plans or employment benefit organization plans;
  - (4) Any coverage under governmental programs, including Medicare, and any coverage required or provided by any statute (an individual eligible for Part B of Medicare shall be deemed to be covered by it, whether or not actually enrolled);
  - (5) In the case of a child, any coverage sponsored by, or provided through, a school or other educational institution; or
  - (6) Any individual insurance policy that covers any covered person.
- (D) **Primary Plan** is the policy that pays its full allowance of benefits first without regard to other coverages or Other Plans.
- (E) **Secondary Plan** is a policy that is not the Primary Plan.
- (F) **This Plan** is the State Insurance Plan created by Tenn. Code Ann. § 8-27-202(a)(1).

5.03 Order of Benefits Rules.

- (A) General. When there is a basis for a claim under This Plan and Other Plans, This Plan is a Secondary Plan which has its benefits determined after those of the Other Plan, unless:
  - (1) The Other Plan has rules coordinating its benefits with those of This Plan; and
  - (2) both those rules and This Plan's rules, in subparagraph (B) below, require This Plan to be the Primary Plan.

- (B) Rules. This Plan determines its order of benefits using the first of the following rules which applies:
- (1) Non-dependent/Dependent. The benefits of a plan which covers the person as an employee, member, or subscriber (that is, other than as a dependent) shall be the Primary Plan and a plan that covers such person as a dependent shall be the Secondary Plan.
    - (a) Medicare Exception. The order of benefits is reversed so that the plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the Other Plan covering the person as a dependent is the Primary Plan when the Covered Person is a Medicare beneficiary, and as a result of the provisions of Title XVIII of the Social Security Act and implementing regulations, Medicare is:
      - (i) secondary to the plan covering the person as a dependent, and
      - (ii) primary to the plan covering the person as other than a dependent (e.g., retired employee).
  - (2) Dependent Child/Parents Not Separated or Divorced. If This Plan and Other Plan(s) cover the same child as a dependent of different persons, called "parents":
    - (a) the benefits of a plan which covers the parent whose birthday comes first in the calendar year shall be the Primary Plan and the plan which covers the parent whose birthday comes later in that year shall be the Secondary Plan;
    - (b) if both parents have the same birthday, the plan which covered the parent longer shall be the Primary Plan and the plan which covered the other parent for a shorter period shall be the Secondary Plan;
  - (3) Dependent Child/Separated or Divorced Parents. If parents are divorced or separated and there is a court decree which establishes financial responsibility for medical expenses for the dependent, the plan covering the dependent of the parent who has that financial responsibility shall be considered the Primary Plan. If there is no court decree, the plan which covers the dependent of the parent with primary custody, shall be the Primary Plan. If there is no court decree and the parent with primary custody has remarried, the order of benefits shall be as follows:
    - (a) The plan of the parent with primary custody shall be the Primary Plan.
    - (b) If the parent with primary custody does not have medical plan coverage, then the plan of the spouse of the parent with primary custody shall be the Primary Plan.
    - (c) If neither the parent or spouse with primary custody has medical plan coverage, then the plan of the parent without primary custody shall be the Primary Plan.
  - (4) Active/Inactive Employee. The plan covering an individual as an employee (or as the employee's dependent) who is neither laid-off nor retired shall be the Primary Plan. The plan covering that individual as a laid-off or retired employee (or as that individual's dependent) shall be the Secondary Plan. If the Other Plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule shall be ignored.
  - (5) Longer/Shorter Length of Coverage. As to plans for which rules (1) through (4) do not establish an order of benefit determination, the benefits of a plan which has covered the person for whom

Allowable Expenses are being coordinated for the longer period of time shall be the Primary Plan and the plan which has covered such person the shorter time shall be the Secondary Plan.

- (C) COBRA. When an individual has simultaneous COBRA coverage and coverage as an employee or a dependent of the employee, the plan covering the individual as an employee, or a dependent of the employee, is the Primary Plan, and COBRA is the Secondary Plan. In the event of conflicting coordination provisions between This Plan and any Other Plan(s), This Plan shall be the Primary Plan for an individual only if This Plan has provided coverage for a longer period. If the Other Plan(s) does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule shall be ignored.
- (D) Medicare Eligible.
  - (1) Upon attaining age 65 or otherwise becoming entitled to Medicare benefits, benefits for active employees shall continue under This Plan and Medicare shall be considered the Secondary Plan for:
    - (a) Active employees; and
    - (b) Dependent spouses of active employees.
  - (2) For individuals who were covered by This Plan as a Covered Person and became Medicare eligible due to end stage renal disease, This Plan shall be the Primary Plan for a period not to exceed 30 months.
  - (3) Notwithstanding the foregoing, to the extent that the provisions of This Plan conflict with the Medicare secondary payer rules in effect at the time benefits are being determined under This plan, the Medicare secondary payer rules shall control.

#### 5.04 Effect on the Benefits of This Plan

- (A) This section applies when, in accordance with Section 5.03 Order of Benefits Rules, This Plan is a Secondary Plan as to one or more Other Plans. The benefits of This Plan will be reduced when the sum of the following two amounts exceed the Allowable Expenses in a Claim Determination Period:
  - (1) The benefits that would be payable for the Allowable Expenses under This Plan in the absence of this COB provision; and
  - (2) The benefits that would be payable for the Allowable Expenses under the Other Plans, in the absence of provisions with a purpose like that of this COB provision, whether or not claim is made.
- (B) When the sum of (1) and (2) above exceeds the Allowable Expenses in a Claim Determination Period, benefits will be reduced so that the benefits under This Plan and the benefits payable under the Other Plans do not total more than the Allowable Expenses. When the benefits of This Plan are reduced, each benefit is reduced in proportion and is then charged against any applicable benefit limit of This Plan. This Plan will determine its liability for benefits payable in absence of the Other Plan and pay the lesser of: (a) This Plan's Allowable Expenses minus the Other Plan's payment; or (b) This Plan's original liability. In both (a) and (b), the Covered Persons' copayments and deductible/coinsurance under This Plan shall apply.
- (C) Benefits payable under Other Plan(s) include the benefits that would have been payable had the claim been duly made therefor. In the case of a person eligible for, but not enrolled in Medicare, benefits

payable under Other Plans shall include benefits that would have been payable under Parts A and B of Medicare had the person duly enrolled.

5.05 Subrogation Rights.

- (A) The plan assumes and is subrogated to a Covered Person's rights to recovery of any payments made by it for medical expenses where the Covered Person's illness or injury resulted from the action or fault of a third party. Medical expenses shall include all Covered Expenses paid by the Plan. The Plan has the right to recover all amounts equal to its payments from the insurance company of the injured party, from the person who caused the illness or injury or his/her insurance company, or from any other source such as uninsured motorist coverage. The Plan's right to recovery may be exercised by agreement, litigation or settlement.
- (B) In order to facilitate the Plan's right to subrogation, the Covered Person shall promptly notify Benefits Administration if the Covered Person's illness or injury resulted from the action or fault of a third party. The Covered Person shall also provide all information requested by Benefits Administration or its representative and sign all documents requested by Benefits Administration or its representative in order to assist the Plan with asserting its subrogation rights. If the Covered Person hires an attorney to represent them in legal proceedings relating to any injury or illness for which the sums have been or may be paid by the Plan, the Covered Person must inform the attorney of the Plan's subrogation rights, and notify Benefits Administration within 7 business days that an attorney has been hired. The Covered Person shall answer all documentation requests related to the subrogation claims.
- (C) If the Covered Person fails to cooperate or proceeds to negotiate settlements of any claim without the written consent of Benefits Administration, the Plan shall be entitled to recover an amount equal to all medical expense payments made by the Plan plus reasonable attorney's fees and court costs incurred in recovering said amounts from the Covered Person. Failure to comply with this provision, may result in the disenrollment of the Covered Person and their dependents from the Plan. A State Employee who submits false information to the Committee or its representatives may also be subject to disciplinary action.

5.06 Right of Reimbursement.

- (A) If a Covered Person receives payment from a third party specifically for the medical expenses which have been paid by the Plan, the Covered Person shall reimburse the Plan, up to the amount paid by the Plan, from the money such Covered Person (or such Covered Person's family) received. The Covered Person shall reimburse the Plan the amount of money recovered for medical expenses through judgment or settlement from a liable third party (or the insurer of the third party). The Covered Person agrees to cooperate with Benefits Administration or its representative and answer any and all documentation requests related to the Plan's right of reimbursement. The Covered Person shall immediately notify the Plan of any pending or final judgment or settlement from a third party for medical expenses. Failure to respond to Benefits Administration's requests for information or failure to reimburse the Plan for money received for medical expenses, may result in disenrollment of the Covered Person and eligible dependents from the Plan. A State Employee who submits false information to the Committee or its representatives may also be subject to disciplinary action.

- (B) If the Plan makes an error in administering benefits under this Plan, the Plan may provide additional benefits to, or recover any overpayments from any person, insurance company or plan. No such error may be used by a Covered Person to demand benefits greater than those otherwise due under this Plan. The Covered Person shall assist the Plan in enforcing its rights under this provision by signing or delivering all documents requested by Benefits Administration or its representative.

5.07 Recovery of Payment.

If payments are made by the Plan in a total amount, at any time, in excess of the maximum allowable expense for a service or benefit, the Plan shall have the right to recover such overpayments to the extent of such excess from one or more of the following:

- (A) Any person to, or on behalf of whom such payments were made;
- (B) Any insurance company; or
- (C) Any other appropriate organization or entity.

5.08 Dependents Previously Covered as Employees and Employees Previously Covered as Dependents.

All maximum benefits apply to individuals insured under the plan whether they are employees or dependents. If an individual transitions between Employee status and Dependent status within the Plan year, benefit limitations will be applied without consideration of the status changes.

**SECTION 6**  
**PLAN ADMINISTRATION**

6.01 General.

The State Insurance Committee administers the Plan, including determination of premiums, benefits, funding, administrative procedures, eligibility provisions and rules relating to the Plan, as authorized by Title 8, Chapter 27 of Tenn. Code Ann. The Committee may delegate administrative duties to the Division of Benefits Administration as provided by Tenn. Code Ann. § 8-27-101(c).

6.02 Liability of the Committee.

- (A) The State Insurance Committee is an arm of the state government and is entitled to all immunities and defenses from liability applicable to the State of Tennessee.
- (B) Members of the State Insurance Committee are considered “state officers” or “employees” as the meaning is set forth in TCA 8-42-101(3) and are entitled to all applicable immunities and defenses from liability.

6.03 Authority and Powers of the Committee.

The committee shall be responsible for all duties necessary and appropriate to carry out the authority conferred by Title 8, Chapter 27 of Tenn. Code Ann. and other applicable law, including delegation of administrative duties.

- (A) The Committee has delegated authority to perform the following administrative duties to Benefits Administration, unless otherwise required by State or Federal law or otherwise provided in this Plan Document:
  - (1) To interpret and explain the Plan;
  - (2) To decide all questions of Plan eligibility;
  - (3) To establish enrollment procedures for the Plan;
  - (4) To prepare and distribute information explaining the plan;
  - (5) To request information for proper administration of the plan;
  - (6) To receive and maintain records pertaining to the Plan;
  - (7) To provide recommendations to the Committee for the financing of the Plan, including benefit levels and premium rates, in consultation with contractors as needed;
  - (8) To perform all contract procurement functions in a manner consistent with TCA §§ 8-27-101(c) and 103 and CPO Rules and Policies, and arrive upon a proposed award recipient to recommend to the Committee for approval;
  - (9) To manage the contracts procured in subsection (A)(8) and serve as liaison between the Plan and the contractors; and
  - (10) To conduct internal BART appeals as provided in Section 6.04.
- (B) The Committee may vote to delegate administrative duties not listed in (A) above to Benefits Administration.
- (C) At any time, the administrative duties delegated in (A) above may be revised by a vote of The Committee.

6.04 Appeals Provision.

(A) Definitions For the purposes of this section:

- (1) **Appeal** is a formal challenge to or request for review, re-consideration, or reversal of an adverse determination of benefits, payment denial, enrollment decision or premium decision under this Plan. An Appeal must be submitted by the Covered Person (with or without assistance from an Authorized Person) or a Personal Representative of the Covered Person and must follow the rules provided herein as well as any applicable provisions of a Covered Person's Member Handbook.
- (2) **Personal Representative** is an individual or entity, such as a parent, guardian, conservator, representative of an estate, or an attorney, legally acting as the Covered Person. A Personal Representative must have a legal relationship to the Covered Person and does not include a Provider or an assignee of the Covered Person.
- (3) **Authorized Person** is an individual or entity, such as a spouse, relative, or friend, having a Covered Person's permission to help them dispute an issue or file an appeal in the name of the Covered Person. An Authorized Person is different than a Personal Representative because an Authorized Person is not legally acting as the Covered Person. An Authorized Person may only assist the Covered Person, and the Covered Person retains all legal rights.
- (4) **Payment** is the amount paid or not paid by the Plan for Medical Services.
- (5) **Enrollment** is the eligibility, effective dates of coverage, or enrollment status as a Covered Person.
- (6) **Medical Services** are healthcare services delivered on an outpatient or inpatient basis, prescriptions, and medical equipment.
- (7) **Premium** is the amount that a Head of Contract is required to pay for Plan enrollment, and/or the unpaid amount owed by the Head of Contract.
- (8) **Provider** is a person or entity that provides Medical Services to a Covered Person. A Provider has no agreement with the State of Tennessee or the Plan but may be contracted with one or more TPAs to provide Medical Services to Covered Persons.
- (9) **Dispute** is an informal challenge to or request for review, re-consideration, or reversal of an adverse determination of benefits, payment denial, enrollment decision or premium decision under this Plan.

(B) Pre-Appeal Communication.

- (1) To Dispute a decision regarding coverage for Medical Services or a Payment, a Covered Person with or without help from an Authorized Person or Personal Representative should call the TPA at the telephone number listed on the Covered Person's insurance card. If the Covered Person has received related correspondence the Covered Person, Authorized Person, or Personal Representative should call the number provided on the correspondence to discuss the issue. A telephone call does not constitute an Appeal, but a call should be made as soon as possible upon learning of any denial of Payment or Medical Services.
- (2) To Dispute a decision regarding Enrollment or Premium, the Head of Contract with or without help from an Authorized Person or a Personal Representative should call Benefits Administration at 1-800-253-9981 or visit <https://tn.gov/partnersforhealth>. If the Head of

Contract has received related correspondence, the Head of Contract, Authorized Person, or a Personal Representative should mention the correspondence and ask to discuss the issue. A telephone call does not constitute an Appeal, but a call should be made as soon as possible upon learning of any Enrollment or Premium issues.

- (C) Appeal Deadline. To initiate an Appeal discussed in this Section the Appeal must be submitted by the Covered Person with or without help from an Authorized Person or a Personal Representative within one-hundred, eighty (180) calendar days after receipt of notification of an adverse determination.
- (D) Medical Services and Payment Appeals. Medical Services and Payment Appeals are submitted to and resolved by the TPA administering the benefits of the Covered Person. In addition to the initial internal Appeal initiated within one hundred and eighty (180) calendar days after receipt of notice of an adverse determination, a Covered Person with or without help from an Authorized Person or a Personal Representative may initiate a second internal Appeal to the TPA one hundred and eighty (180) calendar days from receipt of an adverse determination of the initial Appeal. If the benefit determination involved medical judgment, a Covered Person may submit an external Appeal to an Independent Review Organization (IRO) within four months of receipt of notice of an adverse decision of an internal Appeal. The Member Handbooks provide the address where internal and external Appeals must be filed.
- (E) Enrollment and Premium Appeals. A Head of Contract with or without help from an Authorized Person or Personal Representative may file an Enrollment or Premium Appeal. The Appeal is submitted to and decided by the Benefit Administration Review Team (BART) within BA. The Appeal must be timely submitted in writing (which may be electronic mail) to BA at the following address: Benefits.Administration@tn.gov, or State of Tennessee, Department of Finance and Administration, Benefits Administration, 312 Rosa L. Parks Avenue, Suite 1900 William R. Snodgrass Tennessee Tower, Nashville, TN 37243-1102. Enrollment and Premium Appeals are not decided by TPAs and no external administrative Appeal is provided. An Enrollment Appeal cannot be utilized to make mid-year benefit election changes not otherwise permitted by Sections 2.06 and 4.01 of the Plan Document. A retroactive termination of enrollment that meets the definition of “rescission” under 45 CFR 147.128 is appealable and shall be resolved in accordance with Federal law.
- (F) Provider Appeals. The Plan does not provide an Appeal process for Providers, does not review disputes under a Provider/TPA contract, and does not permit Covered Persons to assign Appeal rights to a Provider. A Provider may assist a Covered Person to prepare an Appeal but shall not become a party to such Appeal. In the event of a conflict between this provision and applicable state or federal law explicitly requiring the Plan (as a governmental plan exempt from ERISA) to permit assignment of Appeal rights to a Provider in certain circumstances, the applicable law shall control. Providers may Appeal to TPAs on their own behalf if permitted by an agreement between the Provider and the TPA or state or federal law, and all such appeals are not an appeal or administrative remedy provided by this Plan.

**SECTION 7**  
**CLAIM PROVISIONS**

7.01 Proof of Claim.

Written claim for benefits under the plan must be furnished to the TPA by the covered person or provider, in a format acceptable to the TPA.

7.02 Payment of Benefits.

Benefits shall be payable upon receipt of satisfactory, written proof covering the occurrence, character and extent of the event for which the claim is made. The TPA shall notify the Covered Person in writing of the amount of benefit to which he/she is entitled, the recipient of the payment, and other pertinent information concerning his/her benefit. To be eligible for payment of benefits, claims must be submitted within 13 months of the date the claim was incurred.

7.03 Verification of Request for Medical Services.

The TPAs may verify the basis for requests for medical services under the Plan including a determination of medical necessity when appropriate.

7.04 Overpayments Incorrect, and Fraudulent Payments.

(A) The Plan has the authority to pursue recovery of any benefit payments made in error or in excess of contract liability. The Committee may enter into contracts to collect amounts owed to the Plan.

(B) The Plan shall pursue recovery of all payments and other losses resulting from any fraud against the Plan including misrepresentation of eligibility or expense on the part of a Covered Person. The Plan will coordinate with the Comptroller and other applicable state agencies in identifying and recovering losses due to fraud.

## SECTION 8 CONTRIBUTIONS

### 8.01 Contributions by Covered Persons.

- (A) Covered Persons are required to make premium contributions as a condition of participating in the Plan. By completing an enrollment application, Covered Person shall authorize deduction of the Covered Person's share of the monthly premium from his/her pay or retirement pension.
- (B) Covered Persons who do not receive employee pay or a retiree pension or whose retirement pension is insufficient to cover the required premium contribution shall submit direct payment in an amount equal to the monthly premium contribution. If such payment is returned by the Covered Person's financial institution, the Covered Person may be required to resubmit payment in the form of a money order or cashier's check within the designated timeframe. Should a Covered Person submit two consecutive payments that are not honored by their financial institution, coverage will be terminated retroactively to the last paid date with no provision for reinstatement within the current Plan Year.
- (C) The Plan permits a premium deferral period of a full calendar month for premiums being billed directly to the Covered Person. If the premium is not paid within the deferral period, coverage will be canceled retroactive to the last month for which the premium was paid.  
If coverage for Covered Persons who are billed directly is canceled at the end of the deferral period for failure to pay, the Covered Person has a one-time opportunity for coverage reinstatement. Covered Persons seeking reinstatement of coverage must request reinstatement within 30 days of being notified that coverage was canceled. BA must receive all signed required documentation and all premiums due within 30 days of the request for reinstatement.

### 8.02 Employer Contributions.

For Employees, the Employer (LGA) may contribute to premiums on behalf of the Employee.

### 8.03 Funding Medium.

- (A) The choice of insurance companies or TPAs under the Plan, the timing and amount of any payment to such company, and the timing and amount of any contribution to any fund established under the Plan shall be at the sole discretion of the Committee. The Employer may at its sole discretion, establish one or more trusts to hold such assets to fund its Other Post Employment Benefit liability for current and future retired persons.  
Contributions by the Employer, covered Employees, COBRA participants and retired Employees for insurance premiums shall be made to a dedicated fund established by the State to provide funding of the Plan. All contributions under this Plan shall be applied toward the payment of benefits provided by the Plan and reasonable expenses of administering the Plan.
- (B) Premium refunds.
  - (1) An Employee who fails to provide timely notice about a change in insurance enrollments as required by this Plan is limited to a refund of three months of their portion of the premium, and the agency will receive a refund of all premium contributions. If the Plan paid benefits to or on behalf of an ineligible person before notice of the enrollment change was provided, the

Employee shall be responsible to repay all overpaid benefits, and the premiums paid will be applied to the overpayment of benefits before any refund is made to the Employee.

- (2) If an Employee provides timely notice of an enrollment change as required by this Plan, but the request is not processed properly by the employing agency, the Employee will receive a full refund of premiums paid, and the agency is limited to a refund of three months of premium contributions. If the Plan paid benefits to or on behalf of an ineligible person, the agency shall be responsible for payment of all overpayments of benefits, and the premiums paid will be applied to the overpayment of benefits before any refund is made to the agency.
- (3) An Agency that fails to report Employee separations or terminations is limited to a three-month refund contributions. - (4) Retiree premium refunds and recoupment of benefits paid in error on behalf of Retirees and Retiree Dependents arising from Retiree enrollment notice failures shall be processed in the same manner as is provided in 8.03(B) (1), (2), or (3) above for Employees.
- (5) When the State determines that fraud exists related to enrollment in the Plan, BA will employ applicable offset procedures to the refund of the Employee or Retiree premium contribution. An impacted agency will receive a full refund of its premium contribution.

**SECTION 9**  
**AMENDMENT AND TERMINATION**

9.01 Plan Modification and Amendment of Plan.

- (A) The Plan may be amended by the Committee. The Plan amendment shall be effective at the date of approval, unless another date is required by law, or expressly provided at the time of approval.
- (B) If a provision in the Plan Document is determined to conflict with state or federal law, the conflicting provision of the Plan Document will have no force or effect and the Plan will operate to comply with the applicable law. BA is authorized to amend the provisions of the Plan Document when necessary for compliance with applicable law without approval of the Committee.
- (C) BA is authorized to revise the Plan Document to correct spelling, grammatical, or formatting errors without submitting those revisions to the Committee for approval.

9.02 Plan Termination.

The Plan will continue to operate unless the General Assembly determines to terminate the Plan. In case of termination, the Plan will comply with all federal and state laws and directives of the Plan Sponsor regarding notice to Plan members and termination of the Plan.

9.03 Local Government Agency Termination.

An employer may terminate participation in the plan by providing written notification to the committee or its representative. Notification should be given 60 calendar days prior to the termination date. Any agency that ceases participation with the plan is prohibited from rejoining the plan for 24 months. If an agency ceases to participate in the plan, currently enrolled employees and dependents as well as COBRA participants and retirees associated with that agency once again become the responsibility of that agency. In the event that a participating agency does not formally terminate participation in the plan and does not have any active employees that are eligible for coverage, then the agency is deemed to have withdrawn from the plan.

If it is not feasible to return or destroy all Covered Persons' PHI, the Plan Sponsor will limit (and will cause its subcontractors and agents to limit) the use or disclosure of any Covered Persons' PHI that cannot feasibly be returned or destroyed to those purposes that make the return or destruction of the information infeasible.

**SECTION 11**  
**MEDICAL, MENTAL HEALTH**  
**AND SUBSTANCE USE BENEFITS**

11.01 Amount of Benefits.

The amount of benefits is outlined in Attachment A, “Schedule of Benefits,” which is attached to and made a part of the Plan. Unless otherwise specified as 100% covered, the copayment and deductible and coinsurance amounts outlined reflect a Covered Person’s financial responsibility. The balance of the amount of benefits, up to 100% of the maximum allowable charge for covered expenses, is provided by the plan. The amount of benefits is further subject to the out-of-pocket maximum of Section 11.05.

11.02 Deductible Amount.

The deductible amount is specified in Attachment A and is required to be paid by each Covered Person prior to payment of many covered expenses under the plan. Certain expenses are not subject to a deductible as indicated in Attachment A. For individuals who continue insurance coverage through retirement or the provisions of COBRA, the deductible met while an employee shall be considered when determining the maximum plan year deductible.

(A) Individual Deductible. If the Covered Person has incurred covered expenses equal to the deductible dollar amount (separate deductibles for in-network and out-of-network expenses) shown in the Attachment A in a plan year, such Covered Person shall have satisfied the deductible requirement of the plan for such plan year and shall be entitled to receive reimbursement for additional covered expenses pursuant to Section 11.04. The deductible amount shown in Attachment A is for medical services, pharmacy, and mental health and substance use treatment services combined.

(B) Family Deductible. In the event that Covered Persons of the same family independently incur covered expenses in a plan year so that the total of which would satisfy the family deductible (separate deductibles for in-network and out-of-network expenses) outlined in Attachment A, then the deductible requirement of the plan shall have been satisfied for such plan year and each and every Covered Person of such family shall be entitled to receive reimbursement for additional covered expenses pursuant to Section 11.04. The deductible amount shown in Attachment A is for medical services, pharmacy, and mental health and substance use treatment services combined. (C) Common Accident Deductible. If two or more Covered Persons who are enrolled together in a family plan, incur covered expenses due to injuries sustained in the same accident, only one individual deductible shall be applied to the total of their combined covered expenses related to the accident, incurred during the plan year in which such accident occurred.

11.03 Copayment.

The copayment amount is required to be paid by the Covered Person for certain covered expenses as outlined in Attachment A before the plan will pay the remainder up to the maximum allowable charge.

11.04 Coinsurance.

The plan will pay a percentage (the “applicable coinsurance percentage”) of covered expenses incurred within each plan year as outlined in Attachment A, and which are more than the deductible requirements of Section 11.02.

11.05 Out of Pocket Maximum.

(A) Individual. After the maximum amount (separate cumulative maximums for in-network and out-of-network expenses) of individual out-of-pocket expenses, as indicated in Attachment A, have been incurred by the Covered Person in any plan year, the plan will pay 100 percent of additional covered expenses incurred for the remainder of the plan year by that Covered Person, provided that the guidelines of the utilization management program, as outlined in Section 11.07 have been followed, if applicable.

(B) Family. After the maximum amount (separate cumulative maximum for in-network and out-of-network expenses) of family out-of-pocket expenses as indicated in Attachment A have been incurred by Covered Persons who are in one family in any plan year, the plan will pay 100 percent of additional covered expenses incurred for the remainder of the plan year by every Covered Person in that family, provided that the guidelines of the utilization management program, as outlined in Section 11.07 have been followed, if applicable.

11.06 Lifetime Maximum Benefits.

There is no dollar amount lifetime maximum benefit for medical services and mental health and substance use treatment services under the plan.

11.07 Expenses.

The TPA does not furnish covered services directly but rather pays benefits according to the Plan. The TPA, the committee, the employer and the Plan shall not be responsible for any claims, injuries or damages whatsoever caused by or which arise from the acts or failure to act of any provider. None of the entities listed above shall be liable for a provider’s refusal or failure to render services on behalf of a Covered Person. The ultimate choice of a provider is solely up to each Covered Person. Whether a provider is in-network or out-of-network shall not be taken as a recommendation or endorsement with respect to a particular provider’s qualifications, skills, or competence.

(A) In-Network Expenses. In the event of covered expenses for those services received from and payable to a Provider contracted with the network, the applicable deductible, copayment, and coinsurance percentage shall be the in-network amount indicated in Attachment A, provided that the guidelines of the utilization management program, as outlined in Section 11.04, have been followed, if applicable.

(B) Out-of-Network Expenses. In the event of covered expenses for those services received from and payable to a Provider not contracted with the network, the applicable deductible, copayment, and coinsurance percentage shall be the out-of-network amount indicated in Attachment A, provided that the guidelines of the utilization management program, as outlined in Section 11.04, have been followed, if applicable.

- (C) Expenses Which Are Determined Not to be Medically Necessary and/or Clinically Necessary. If an expense is determined by the TPA not to be medically necessary and/or clinically necessary, the plan will make no benefit payments.
- (D) Ancillary Services. Ancillary services include emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistance surgeon, hospitalist, or intensivist services. In the event of covered expenses incurred with ancillary service providers at in-network facilities, reimbursement will be made at the in-network level of benefits as outlined in Attachment A. The Covered Person will not be responsible for any covered expenses which exceed the maximum allowable charge for any such ancillary service providers at in-network facilities.
- (E) Pharmacy Benefits. Covered Persons shall utilize a pharmacy in the network established by the TPA for pharmacy benefits. If the prescription is filled at a participating retail pharmacy, a participating mail order pharmacy, a participating retail-90 pharmacy, or a participating specialty pharmacy a copayment or coinsurance is required as outlined in Attachment A. A Covered Person should present their pharmacy insurance identification card at the time of purchase, along with the applicable copayment or coinsurance as outlined in Attachment A. When a participating pharmacy is utilized and the pharmacy insurance identification card is presented, the charges for the prescription will be electronically filed with the TPA for pharmacy benefits. If a Covered Person does not use their pharmacy identification card at a participating pharmacy, the claim can be submitted to the TPA for pharmacy benefits by the Covered Person and any amounts exceeding the maximum allowable charge in addition to the amounts listed in Attachment A, are the responsibility of the Covered Person. If a Covered Person utilizes a non-participating pharmacy for a 30- day supply, the claim can be submitted to the TPA by the Covered Person and any amounts exceeding the maximum allowable charge in addition to the amounts listed in Attachment A are the responsibility of the Covered Person. Prescriptions are generally limited to a 30-day supply with some having additional quantity limits, step therapy requirements, and prior authorization requirements. Certain medications can be purchased through participating mail order pharmacies and certain participating retail-90 pharmacies for up to a 90-day supply with a copayment or coinsurance as outlined in Attachment A.
- (F) Emergency Benefits. The TPA will determine benefits for emergency services meeting the definition of Emergency, as outlined in Section 1.13, at the level indicated in Attachment A and all applicable state and federal laws.
- (G) Durable Medical Equipment. If it is determined that a Covered Person requires the use of durable medical equipment, the Covered Person should have a written prescription from a network provider for such durable medical equipment. The level of reimbursement is outlined in Attachment A.
- (H) Detoxification. In the event of covered expenses for a detoxification program, benefits will be paid by the applicable TPA at the level indicated in Attachment A provided that the guidelines of the utilization management program, as outlined in Section 11.04, have been followed, if applicable.
- (I) EAP Benefits. Employee assistance program (EAP) services are available at no cost to all Employees and Retirees enrolled in the health Plan. Eligible Dependents of an enrolled Employee or Retiree do not have to be enrolled in the health plan to receive EAP services. COBRA participants are also eligible, but they must be enrolled in the health plan to receive EAP services. Services consist of short-term counseling (up to five sessions per problem episode) for problems such as marital or family, emotional,

substance use, stress, job and financial loss. Legal and financial consultations via telephone are also available. If an Employee or Dependent is determined to need greater assistance, they will be referred to other resources. All EAP services must be preauthorized.

- (J) Out-of-State Retirees, Employees, Spouses, Dependent Children and COBRA Participants. Covered Persons who permanently reside out of the State, who are stationed outside of the State on a job assignment, or are temporarily residing out of the State, should utilize the out of area network established by the TPA to access in-network Providers, facilities and agencies that participate in each state. Covered Persons who choose a Provider in the TPA's out of state network will receive in-network benefits for covered services as outlined in Attachment A. Covered Persons who choose a provider who does not participate in the TPA's out of state network will receive out-of-network benefits for covered non-emergency services as outlined in Attachment A.
- (K) Out-of-Country Benefits. If expenses are incurred for medically necessary non-emergency and non-urgent services while a Covered Person is out of the country for business or pleasure, benefits shall be paid, subject to out-of-network cost sharing and all other terms and conditions of the plan. Out-of-Country medically necessary emergency services shall be paid according to Section 11.07 (F). No benefits will be paid if a Covered Person travels to another country for the purpose of seeking medical treatment outside the United States. All charges incurred in a non-English speaking country must be translated to standard English at the Covered Person's expense before they are submitted to the TPA. The current exchange rate should also be provided.

#### 11.08 Unique Care.

A unique care exception may be approved when the duration, medical or clinical complexity and/or level of professional skill, training and experience warrant highly specialized treatment and such treatment is not available through a network provider as determined by the TPA. When a unique care exception is pre-approved by the TPA, unique care services may be provided by an out-of-network provider and covered expenses are paid at the in-network level of benefits. The TPA will work with the out-of-network provider to negotiate a single case agreement. Approval of a unique care exception is not a guarantee the out-of-network provider will accept a single case agreement or the maximum allowable charge as payment in full. The Covered Person is responsible for expenses determined not to be medically or clinically necessary and expenses that exceed the maximum allowable charge if the out-of-network provider decides to bill the Covered Person for the balance of the billed charges. If a Covered Person is billed for expenses exceeding the maximum allowable charge, the Covered Person can request a reconsideration of the amount paid by the Plan. If the TPA determines additional reimbursement is consistent with the unique care provided, the TPA may reprocess the claim to pay an allowable amount up to 150 percent of the maximum allowable charge.

#### 11.09 Continuous Care

A continuous care exception may be approved when a Covered Person is undergoing an active treatment plan for a serious clinical condition or a serious medical condition, including pregnancy if their treating provider leaves the network. The TPA determines the medical or clinical need and the time frame for which continuous care will be covered. When a continuous care exception is pre-approved by the TPA, the Covered Person may continue to receive services from their treating provider for the approved time frame and covered expenses are paid at the in-network level of benefits. The Covered Person is responsible for expenses determined not to be

medically or clinically necessary and expenses that exceed the maximum allowable charge if the provider decides to bill the Covered Person for the balance.

#### 11.10 Covered Person's Responsibility Regarding Certification and Authorization Requirements.

A Covered Person has the responsibility to notify his/her provider and facility that they are a Covered Person under the plan and that the plan has certification and authorization requirements. This notification by the Covered Person can be by presentation of the plan identification card by the Covered Person or if the Covered Person verbally informs the provider. If the Covered Person notifies a provider or facility that they are a Covered Person under the plan before the admission or services being rendered, it will be the provider's responsibility to contact the TPA for authorization. If a Covered Person, prior to an elective admission or service, does not notify the provider that they are a Covered Person under the plan, does not give the provider correct information or the Covered Person will not admit to being covered by the plan when asked by the provider, the plan will be held harmless if authorization is not obtained. The Covered Person will be responsible for the full payment. If benefits are reduced due to non-compliance with the procedures established for administering the utilization management program, and the Covered Person wishes to dispute such reduction, the Covered Person may follow the appeals process outlined in Section 6.04. The appeal shall ensure that Covered Persons who, in good faith, attempt to comply with the utilization management requirements are provided benefits at the same level as if those procedures had been followed

- (A) In Network Providers. If authorization is not obtained by a network provider, the plan and the Covered Person shall be held harmless from charges resulting from not satisfying the utilization management requirements. Network providers have, by separate contract with the TPA, agreed not to bill the Covered Person if the TPA determines that service(s) were not medically necessary, or if the network provider has not followed applicable utilization management requirements, such as obtaining certification or authorization, unless the Covered Person has signed an advance beneficiary notice for the specific services rendered including the date of service, signed by the member prior to the service being rendered.
- (B) Out of Network Providers. If a Covered Person uses out-of-network providers, it is the Covered Person's responsibility to confirm authorization with the TPA prior to a non-emergency admission or receiving nonemergent services. When using out-of-network providers, benefits for medically necessary non-emergent services will be reduced by half if certification or authorization is required but not obtained, subject to the maximum allowable charge. If services are not medically necessary as determined by the TPA, no benefits will be provided, and services will not be covered or reimbursed by the plan and expenses will be the responsibility of the Covered Person.

#### 11.11 Utilization Management Program.

The TPA shall establish procedures for administering the utilization management program. Utilization management requirements include but are not limited to certifications and authorizations, hospital admissions, emergency admissions, outpatient procedures and services, home health care, mental health and substance use, and case management. These programs are used to determine payment of benefits and not to supersede the physician/patient relationship. The level and duration of medical care is always the patient's decision in conjunction with his/her physician.

(A) **Certifications and Authorizations.** A provider may obtain certifications and authorizations by writing to the TPA (no more than 30 days in advance) or by calling the TPA on the certification toll-free line. It is the responsibility of the provider to obtain certifications and authorizations. It is also the providers responsibility to obtain extension of days for inpatient admissions unless the admission is an emergency. The TPA will approve or deny the provider's requests, unless additional information is needed before a determination can be made. Once all the information is received by the TPA, the provider's request will be denied or approved within required timeframes.

When reviewing requests for elective or emergency admissions or services, the TPA shall use medical personnel under the direction of a physician to determine the medical necessity, timing and setting of the medical care.

When the provider's request, including a certification or Prior Authorization as defined in Section 1.51, is approved or denied, the TPA will send a letter to the Covered Person (or his/her guardian), provider and facility advising them of the approval or denial of the request. This letter will be sent within the required timeframe after the request is denied or approved. When a request is approved, the TPA will notify the provider of the timeframe for the approval and the number of days that are being certified if the approval is for an inpatient stay.

If the admission is in an in- network facility, it will be the facility's responsibility to contact the TPA if the provider wants to request additional inpatient days. If the benefits for additional inpatient days are denied, the TPA will notify the patient, the provider and facility on what date inpatient benefits will cease. If the admission is in a non-network facility, the TPA will contact the facility the day following the last day of certification to confirm the patient has been discharged from the facility. If the provider requests additional inpatient days and the extension of inpatient benefits is denied, the TPA will notify the patient, the provider and facility of what date inpatient benefits will cease.

When determining if additional inpatient days should be certified, the TPA will review the health care services delivered during the admission to make sure they meet industry standards of quality and are consistent with the patient's needs. If the TPA determines that, after reviewing the facility records, the health care is not medically necessary, benefits for the additional inpatient days will be denied.

If a Covered Person is transferred from one facility to another, certification at the second facility must be obtained under the certification guidelines in subsection 11.10(A).

(B) **Hospital Admissions.** To assure the necessity, appropriateness and quality of the hospital care a Covered Person receives, the applicable TPA shall review all hospital admissions to authorize medical necessity and length of stay.

To receive benefits for non-emergency hospital admissions the TPA must review and approve the admission prior to being admitted to the hospital.

To receive benefits for emergency admissions the TPA must review and approve the admission within 24 hours or one working day after admission. If emergency hospital admission review and approval procedures are not followed, they shall be deemed to have been followed if the TPA later determines that the hospital admission was medically necessary.

Procedures and services that can be safely and effectively performed on an outpatient basis will be required to be administered in an outpatient setting to receive benefits under this Plan.

- If the TPA review decision differs from the recommendation of the Covered Person's attending physician, the Covered Person and his/her attending physician shall be notified and the Covered Person can avail themselves of the appeals process described in Section 6.04.
- (C) **Outpatient Procedures and Services.** The Plan requires certain outpatient procedures and services to be reviewed for medical or clinical necessity and receive prior authorization to receive benefits. A prior authorization review of a medical procedure includes a determination of the most appropriate setting for the procedure to be performed (i.e., in the outpatient department of a hospital, an ambulatory surgical center, or a provider's surgical center), unless the TPA determines the procedure should be performed in an inpatient hospital setting. Prior authorization of medical services may include a review to determine if the service should be provided in a free-standing facility, provider's office, or in a home health setting.
  - (D) **Home Health Care.** Covered Persons may receive home health care benefits as outlined in Section 12.03 (F) if Prior Authorization is received from the TPA.
  - (E) **Mental Health and Substance Use.** Inpatient, residential treatment, partial hospitalization/day treatment programs, intensive outpatient therapy, psychological testing, transcranial magnetic stimulation, electroconvulsive treatment, applied behavioral analysis and EAP services must be prior authorized by the applicable TPA to receive benefits.
  - (F) **Case Management.** Case management services provided by the TPA include the identification of and outreach to Covered Persons with high-risk, complex, and chronic conditions. Nurse case managers work with the Covered Person, Providers, and primary caregivers to establish treatment plans and coordinate the most appropriate, cost-effective care and care setting.

The Plan will pay the most prevalent room rate charge when the unit or facility does not provide semi-private rooms. The physician or hospital must obtain preauthorization from the TPA.

For PPO plans, no single family member will be subject to a deductible or out-of-pocket maximum greater than the “employee only” amount. Once two or more family members (depending on premium level) have met the total deductible and/or out-of-pocket maximum, it will be met by all covered family members.

- [1] Subject to maximum allowable charge (MAC). The MAC is the most a plan will pay for a covered service. For non-emergent care from an out-of-network provider who charges more than the MAC, you will pay the copay or coinsurance PLUS the difference between MAC and actual charge, unless otherwise specified by state or federal law.
- [2] The following behavioral health services are treated as “inpatient” for the purpose of determining member cost-sharing: residential treatment, partial hospitalization/day treatment programs and intensive outpatient therapy. In addition to services treated as “inpatient” prior authorization (PA) is required for certain outpatient behavioral health services included, but not limited to, applied behavioral analysis, transcranial magnetic stimulation, electro-convulsive therapy, psychological testing, and other behavioral health services as determined by the Contractor’s clinical staff.
- [3] PPO list of eligible medication classes and a list of participating Retail-90 pharmacies can be found at <https://www.tn.gov/partnersforhealth/health-options/pharmacy.html>.
- [4] Prior authorization (PA) required for non-emergent services. When using out-of-network providers, benefits for non-emergent medically necessary services will be reduced by half if PA is required but not obtained, subject to the maximum allowable charge. If services are not medically necessary, no benefits will be provided.
- [5] Deductible DOES NOT apply to IN-NETWORK PT/ST/OT/ABA and other services as noted.
- [6] Select Substance Use Treatment Facilities are preferred with an enhanced benefit – members won’t have to pay a deductible or coinsurance for facility-based substance use treatment; Copays will apply for standard outpatient treatment services. Call 855-Here4TN for assistance.
- [7] In-network benefits apply to certain out-of-network professional services at certain in-network facilities.

For the CDHP plan, the deductible and out-of-pocket maximum amount can be met by one or more persons but must be met in full before it is considered satisfied for the family. No one family member may contribute more than \$8,700 to the in-network family out-of-pocket maximum total.
