## Supplemental Medical Insurance for Retirees with Medicare

### What is The Tennessee Plan?

The Tennessee Plan is a supplemental medical insurance program designed to cover certain expenses not fully paid by your Medicare Part A and B coverage. As a retiree, you may be eligible for The Tennessee Plan. This plan is designed specifically for eligible retired state and higher education employees, local education and local government employees and their eligible spouses and children who are enrolled in Medicare.

If you have Medicare coverage, you likely need The Tennessee Plan to help cover some of the expenses that Medicare does not. **The Tennessee Plan will NOT coordinate or pay any benefits if you are also enrolled in a Medicare Advantage Plan.**

### What kinds of expenses does Medicare not fully pay?

Even with Medicare coverage, your out-of-pocket expenses can add up fast and cause financial difficulty. In 2024, some of the charges Medicare requires you to pay include the following:

- A \$1,632 deductible out of your own pocket each time you are hospitalized.
- Then \$408 a day for the 61st to the 90th day in the hospital and \$816 a day thereafter up to a 60-day lifetime reserve maximum.
- Coinsurance of \$204 per day of each benefit period for days 21 through 100 and all costs for days 101 and beyond in a skilled nursing facility.

You may be responsible for any amount over the Medicare-approved charges from providers who do not accept Medicare assignment.

### Who is eligible to enroll in The Tennessee Plan?

Individuals hired prior to July 1, 2015, who are enrolled in Medicare Part A and meet the following requirements:

- Individual retiree of the state of Tennessee or a local education agency drawing a benefit from the Tennessee Consolidated Retirement System or who participates in a state higher education optional retirement plan pursuant to Tennessee Code Annotated 8-27-209 and 8-27-310
- Individual retiree who was a county judge, county official or employee of an employer participating in TCRS and is drawing a monthly retirement allowance from TCRS pursuant to TCA 8-27-706

If you are enrolled, you may also apply to cover your legally married spouse and eligible children who are also enrolled in Medicare. If you qualify and enroll for coverage within 60 days of your initial eligibility, you cannot be denied coverage because of your age or health.

### Who administers The Tennessee Plan?

The plan is sponsored by the state of Tennessee with claims administered by UMR. As the claims administrator, UMR will answer all customer service questions and process all claims and payments. To contact UMR, please call 1-888-477-9307, Monday – Friday, 7 a.m. – 4:30 p.m. CT.

### Will I have to do more paperwork?

With The Tennessee Plan, you don't need to worry about paperwork. Most claims are filed for you by your doctors and hospitals if they have your Medicare and The Tennessee Plan member identification numbers.

Claims are then sent electronically to UMR after Medicare has completed its part. You can look up the status of your claims by visiting [www.umar.com/thetennesseeplaninfo](http://www.umar.com/thetennesseeplaninfo).

### Can I choose my doctors and hospitals?

The Tennessee Plan gives you complete freedom in choosing doctors and hospitals and does not make you choose from a specific list of providers in order to receive benefits. For maximum financial protection, you should always choose a provider who accepts Medicare assignment.

### What is not covered by The Tennessee Plan?

In addition to the exclusions listed in the chart on the following page, The Tennessee Plan does not provide benefits for:

- Services and supplies not covered by Medicare, except those specifically included under the plan,
- Any expense that is paid by Medicare, or
- Any expense if you are enrolled in a Medicare Advantage Plan.

The Tennessee Plan Monthly Premium Amounts	
PLAN YEAR 2024	
<b>Central State Government, State Higher Education, Local Education Teachers</b>	
30+ years of service	\$104.51
20-29 years	\$117.01
15-19 years	\$129.51
Less than 15 years	\$154.51
Dependent (Spouse and/or children)	\$154.51
Local education support staff	\$154.51
Local government	\$154.51

### How much are the premiums?

One of the main advantages of The Tennessee Plan is the lower group premium rates you pay for this coverage. Since the monthly premiums are not based on age, they won’t increase just because you get older. However, premium rates may increase due to increasing costs, which could happen with any plan. If you’re a retired central state government or state higher education employee or school teacher with 15 years or more of service, the state will even pay part of your premium cost for you: \$50 for 30 or more years of service; \$37.50 for 20–29 years of service; and \$25 for 15–19 years of service. Just check the table above to see what your monthly premium will be. The table reflects these reductions. There is no premium support for spouse coverage.

If you are a local government or local education support staff retiree, you will not receive a state contribution toward your premium. Local governments and local education agencies have the option of paying a portion of their retirees’ premiums, but are not obligated to do so.

If you receive a TCRS benefit check, your portion of the premium cost for the program will be deducted automatically from your monthly benefit payment. If your TCRS benefit is not sufficient to cover the cost for the coverage, or you are a higher education optional retirement plan retiree, you will be billed directly. Direct billed retirees can choose automatic payment from their bank account. An additional form is required.

### It’s easy to apply

First, read this document carefully and study the charts that explain The Tennessee Plan benefits. Then, just complete the enclosed application form and submit it as instructed. Be sure to review your application before you mail it to be certain that all information has been properly entered.

### Read your plan booklet carefully

When you’re accepted for coverage under The Tennessee Plan, you’ll receive a plan handbook. Please read the handbook carefully to understand all your rights and responsibilities under The Tennessee Plan. While The Tennessee Plan pays for most of the gaps in your health care left by Medicare, it may not fully cover all of your medical costs. It is your responsibility to review all plan limitations carefully to make sure The Tennessee Plan meets your supplemental Medicare needs. The handbook does not provide all the details of Medicare coverage. For details of your Medicare coverage, contact your local Social Security office for assistance.
