14. Total receipts (add Lines 1 through 13).....		
15. Apportionment ratio (divide total Tennessee receipts by total everywhere receipts; enter here and on Line 2, Schedule F2).....		%

## Instructions: Schedule 170NC, Schedule 170NC1, and Schedule 170SF

### General Information

Every taxpayer that is a member of an affiliated group that has made an election to compute its net worth on a consolidated basis must complete this form.

The consolidated net worth election does not entitle the affiliated group to file a consolidated tax return. Each member of the affiliated group will use the same net worth (reported on Schedule F2, Line 1) in conjunction with its separately calculated apportionment ratio (calculated on this schedule and carried to Schedule F2, Line 2). The numerator values of this ratio are each individual taxpayer's Tennessee property, payroll and/or sales. The denominator values of this ratio are the affiliated group's everywhere property, payroll and/or sales.

Members of a financial institution affiliated group should complete Schedule 170SF. A financial institution affiliated group is an affiliated group in which more than 50% of the group's aggregate gross income, excluding dividends and receipts resulting from transactions between members, comes from conducting the business of a financial institution.

All other taxpayers should complete Schedule 170NC or Schedule 170NC1.

### Schedule 170NC – Consolidated Net Worth Franchise Tax Apportionment

Line 1: Enter the separate entity's total business gross receipts in Tennessee in the first column and the affiliated group's total business gross receipts everywhere in the second column. Divide the first column by the second column to calculate the sales ratio. Enter the result here and on Schedule F2, Line 2.

### Schedule 170NC1 – Consolidated Net Worth Franchise Tax Apportionment - Taxpayers electing to use property, payroll, and triple weighted sales method and Telecom Qualified Members, pursuant to Tennessee Code Annotated, Section 67-4-2111(a)

- Lines 1-3: Complete all four columns for each line using the original cost of the tangible property. Beginning and end of year values are reported in the respective columns for property located in Tennessee and for all property of the affiliated group located everywhere.
- Line 4: Include all types of inventory on this line.
- Line 5: Enter all tangible assets, including those classified as "current assets" or "other assets."
- Line 6: Enter the taxpayer's percentage of ownership (shown on federal Schedule K-1) multiplied by the amount of real and tangible personal property shown on the balance sheet of an entity treated as a partnership for federal tax purposes. Only include on this line the taxpayer's ownership share of a partnership's property if the partnership itself is not required to file its own franchise and excise tax return.
- Line 7: Enter the amount of exempt inventory on this line. Exempt inventory is any amount in excess of \$30,000,000 of finished goods located in Tennessee that would otherwise be included in the franchise tax base. This \$30,000,000 cap on finished goods inventory is calculated on a separate entity basis and is not a single cap that can be applied to the affiliated group as a whole.
- Line 8: Add Lines 1 through 6, and subtract Line 7.
- Line 9: Add Lines 8(a) and (b) and divide by 2.
- Line 10: Enter the year-end value of rented property, determined by multiplying the annual rental rate by eight. The value of owned or leased mobile/moveable property will be determined based on the percentage of time the property was within the state during the tax period. However, the value of an automobile/truck assigned to a traveling employee is entirely sourced to Tennessee if the vehicle is registered in this state or if the employee's compensation is assigned to Tennessee for purposes of the payroll factor.
- Line 11: Add Lines 9 and 10 and enter in the appropriate columns. Divide 11(a) by 11(b) to calculate the property ratio.
- Line 12: Enter the separate entity's total compensation paid during the taxable period in Tennessee on Line 12(a) and the affiliated group's compensation paid everywhere during the taxable period on Line 12(b). Divide 12(a) by 12(b) to calculate the payroll ratio.

- Line 13: Enter the separate entity's total business gross receipts during the taxable period in Tennessee on Line 13(a) and the affiliated group's total everywhere business gross receipts during the taxable period on Line 13(b). Divide 13(a) by 13(b) to calculate the sales ratio.
- Line 14: Add Lines 11 and 12, and Line 13 multiplied by three.
- Line 15: Divide Line 14 by the lesser of five or the number of factors with everywhere values greater than zero. Enter the result here and on Schedule F2, Line 2.

**Schedule 170SF – Financial Institution Non-Unitary Group Member Apportionment Schedule for Franchise Purposes**

- Lines 1-12: Enter the financial institution affiliated group's gross receipts everywhere in Column (b). See Tenn. Code Ann. § 67-4-2118.
- Line 13: Enter the separate entity's total business gross receipts during the taxable period in Tennessee on Line 13(a), and enter the everywhere total business gross receipts during the taxable period of the affiliated group members who are not financial institutions on 13(b). See Tenn. Code Ann. § 67-4-2111 (h)-(k).
- Line 14: Add Lines 1 through 13.
- Line 15: Divide Line 14(a) by Line 14(b). Enter the result here and on Schedule F2, Line 2.
