SCHEDULE SF - Financial Institution Apportionment Schedule for Franchise Tax Purposes

The apportionment schedules below are to be used by financial institutions or unitary groups of financial institutions doing business within and without Tennessee within the meaning of Tennessee statutes who have not elected to compute net worth on a consolidated basis.

In cases of unitary groups of financial institutions filing a combined return, a separate franchise tax apportionment ratio is to be computed for each member of the unitary filing group and applied to the separate net worth of each member of the group to obtain the net worth apportioned to Tennessee. Such apportioned net worth bases for each group member are then combined to obtain the franchise tax net worth base for the unitary filing group (see Schedule F).

APPORTIONMENT SCHEDULE FOR FINANCIAL INSTITUTIONS DOING BUSINESS OUTSIDE TENNESSEE

For Apportionment ratio purposes, receipts from the transaction of business in Tennessee are attributed to the Tennessee factor under the provisions of Tenn. Code Ann. Sections 67-4-2118(c) and 67-4-2013(b). Receipts from the transaction of business in all taxing jurisdictions are determined for the everywhere factor under the same provisions.

Tenn. Code Ann. Section 67-4-2118(c) reads as follows:

- (1) Receipts from the lease or rental of real or tangible personal property shall be attributed to Tennessee if the property is located in Tennessee;
- (2) (A) Interest income and other receipts from assets in the nature of loans or installment sales contracts that are primarily secured by or deal with real or tangible personal property shall be attributed to Tennessee if the security or sale property is located in Tennessee.
If any part of the sale property or property standing as security for the payment of the debt is located part in and part outside the state, only such proportion of the interest income or other receipts shall be attributed to Tennessee as the value of the property in the state bears to the whole property;
(B) "Value" means only that value which the property would command at a fair and voluntary sale. Value shall be determined at the time the loan is made and shall not vary from year to year. In the event additional real or tangible personal property is pledged as security or otherwise covered under a loan or installment sales contract after the time the loan is made, the ratio based on the value of the property in the state compared to the whole property shall be adjusted;
- (3) Interest income and other receipts from the consumer loans not secured by real or tangible personal property shall be attributed to Tennessee if the loan is made to a resident of Tennessee, whether at a place of business, by a traveling loan officer, by mail, by telephone or by other electronic means;
- (4) Interest income and other receipts from commercial loans and installment obligations not secured by real or tangible personal property shall be attributed to Tennessee if the proceeds of the loan are to be applied in Tennessee. If it cannot be determined where the funds are to be applied, the receipts are to be attributed to the state in which the business applied for the loan. As used in this subdivision, "applied for" means initial inquiry including customer assistance in preparing the loan application or submission of a completed loan application, whichever occurs first. For attribution purposes, the term "loan" shall not include demand deposit accounts, federal funds, certificates of deposit and other similar wholesale banking instruments issued by other financial institutions;
- (5) All receipts and fee income from the issuance of letters of credit, acceptance of drafts, and other devices for assuring or guaranteeing a loan or credit shall be attributed in the same manner as interest income and other receipts from the loan are attributed as set out in either subsection (d) (2), (3), or (4);
- (6) Interest income, merchant discount, and other receipts, including service charges from financial institution credit card and travel and entertainment credit card receivables and credit card holders, and fees shall be attributed to the state to which the card charges and fees are regularly billed;
- (7) Receipts from the sales of an asset, tangible or intangible, shall be attributed in the same manner that the income from the asset would be attributed under this section;
- (8) Receipts from the performance of fiduciary and other services shall be attributed in accordance with Tenn. Code Ann. Section 67-4-2111(i);
- (9) Receipts from the issuance of traveler's checks, money orders, or United States savings bonds shall be attributed to the state where such items are purchased;
- (10) Receipts from a participating financial institution's portion of participation loans shall be attributed as otherwise provided under this subsection. A participation loan is any loan in which more than one (1) lender is a creditor to a common borrower.
- (11) Any other receipts of gross income not specifically attributed to Tennessee or to another taxing jurisdiction when applying this subsection (c) shall be attributed to Tennessee in the same proportion that aggregate receipts are attributed to Tennessee under subdivisions (c)(1)-(c)(10).

A financial institution which is not filing a combined report but has business activity both within and without Tennessee and is paying Tennessee franchise tax based on the value of its issued and outstanding stock, surplus and undivided profits and has earnings from business activity both within and without this state shall apportion net worth and business earnings to Tennessee by multiplying the tax base by the quotient of the institution's total receipts attributable to the transaction of business in Tennessee, as determined under Tenn. Code Ann. Section 67-4-2118(c), and Tenn. Code Ann. Section 67-4-2013(b), respectively divided by total receipts from business transacted everywhere.

Schedule S-E Financial Institution Apportionment Schedule for Excise Tax Purposes

The apportionment schedule below is to be used by financial institutions or unitary groups of financial institutions doing business within and without Tennessee within the meaning of Tennessee statutes. For excise tax purposes, unitary filing groups are to combine gross receipts of each member of the filing groups to obtain an apportionment formula for this group as a whole. This combined ratio is then applied to the combined net earnings of the group in Schedule J to obtain the excise tax base for the group.

If necessary, describe source of nonbusiness earnings and explain why such earnings do not constitute business earnings as defined above. Enumerate these items to correspond with items listed above.

*As a general rule, the allowable deductions for expenses of a taxpayer are related to both business and nonbusiness earnings. Such items as administrative costs, taxes, insurance, repairs, maintenance, and depreciation are to be considered. In the absence of evidence to the contrary, it is assumed that the expenses related to nonbusiness rental earnings will be an amount equal to 50 percent of such earnings and that expenses related to other nonbusiness earnings will be an amount equal to 5 percent of such earnings.
