INSTRUCTIONS

- General:** The term "coal products" shall mean coal ore and any other substance that might be severed from the earth by the process of producing salable coal, by whatever method of severance used. The tax is levied upon the entire production in the state regardless of the place of sale or the fact that delivery may be outside the state. The owner shall become liable at the time the coal products are severed from the earth and ready for sale, whether before processing or after processing as the case may be.
- Due Date:** The return along with the appropriate tax payments are due to be filed on or before the 15th day of the month following the period covered.
- Penalty and Interest:** If filed late, penalty and interest will accrue until the date the return is filed and the payment is made. See the instructions for Lines 4 and 5 below.
- Filing:** Make your check payable to the Tennessee Department of Revenue for the amount shown on Line 6 of the return and mail with the return to: Tennessee Department of Revenue, Andrew Jackson State Office Building, 500 Deaderick Street, Nashville, TN 37242.
- Amended Return:** If this is an "Amended Return", please indicate "Filing Period" and check appropriate box on the front of form.

COMPUTATION OF TAX

- Total number of tons from coal products severed from the earth.
- Multiply the total number of tons (Line 1) by the appropriate rate, as indicated: (1) for reporting periods ending prior to July 1, 2009 - twenty cents per ton; (2) for reporting periods beginning on or after July 1, 2009, through June 30, 2011 - fifty cents per ton; (3) for reporting periods beginning on or after July 1, 2011, through June 30, 2013 - seventy-five cents per ton; (4) for reporting periods beginning on or after July 1, 2013 - one dollar per ton.
- Enter outstanding credit amount from previous Department of Revenue notice(s).
- If the return is filed or payment is made after the due date reflected on the return, compute the amount of penalty due for the number of days delinquent. Penalty is computed as follows: 1 - 30 days = 5%; 31 - 60 days = 10%; 61 - 90 days = 15%; 91 - 120 days = 20%; 121 days and over = 25%. The maximum penalty amount is 25%. The minimum penalty amount is \$15, even if no tax is due.
- If the payment is made after the due date reflected on the return, compute the amount of interest due. Interest is computed using the following formula: (Line 2 minus Line 3) x (current interest rate) x (number of days delinquent) / (365.25).
- Add Lines 2, 4, and 5; subtract Line 3 if applicable.

Check appropriate box and fill in number below:
