Notice #21-01 March 2021

Delivery Sales of Electronic Nicotine Delivery Systems (ENDS)

Changes to PACT Act Reports Effective May 10, 2021

In December 2020, the Prevent All Cigarette Trafficking Act ("PACT Act"), also known as the Jenkins Act, was amended to include electronic nicotine delivery systems ("ENDS") in its definition of "cigarette."

The amended PACT Act provides that any person who sells, transfers, or ships for profit ENDS in interstate commerce, or who advertises such products for sale, must: (1) register with the tobacco tax administrator of the state into which the shipment is made and (2) file monthly reports with the tobacco tax administrator no later than the 10th day of each month. The Tennessee Department of Revenue (the "Department") is the tobacco tax administrator for shipments into Tennessee. The PACT Act registration form and filing instructions are available on the Department's website here.

Who Must File These Reports in Tennessee?

Beginning May 10, 2021, and the 10th of every month thereafter, any entity shipping ENDS into Tennessee from another state is required to report all such shipments to the Department.

Anyone located in Tennessee and shipping ENDS within state lines is not required to file PACT Act reports regarding these shipments with the Department.
