

Motor Carrier – Trip Permits

72-Hour Trip Permit

An IRP 72-Hour trip permit is required prior to entering a jurisdiction for any vehicle having a registration, but not registered or apportioned for a particular jurisdiction. This permit allows both inter or intra movement in Tennessee.

Temporary Fuel Use Permit

A temporary fuel use permit is available to freight motor vehicles operated over the highways of Tennessee on an occasional or infrequent basis. The permit may be issued for a period of time not to exceed seven consecutive days and shall be valid only for the particular vehicle for which it has been issued. The 7-Day Temporary Fuel Use Permit is required prior to entering Tennessee. In lieu of licensing under the IFTA, persons may elect to satisfy motor fuels use tax obligations on a trip-by-trip basis.
