This lease will provide office space for Department of Correction.

This amendment of the uncommenced lease will provide additional office space to accommodate the Department of Correction's 13 additional staff that have been added since this lease was procured. The increase in rent is due to construction of security zones and the costs to renovate additional office space.

A request for waiver of advertisement to amend the uncommenced lease is in the best interest of the State at this time to accommodate programmatic needs.
