The State Building Commission Executive Subcommittee met this day at 11:00 a.m. via WebEx electronic meeting, with the following members and Departments present. Commissioner Eley called the meeting to order at 10:59 a.m. and requested action on the following matters as presented by State Architect Ann McGauran.

MEMBERS PRESENT

Butch Eley, Commissioner, Department of Finance and Administration, participated via electronic communication
Tre Hargett, Secretary of State, participated via electronic communication
David Lillard, State Treasurer, participated via electronic communication
Justin Wilson, Comptroller of the Treasury, participated via electronic communication

Commissioner Eley stated that the purpose of this meeting was to consider the items on the agenda for the October meeting of the Executive Sub-Committee of the State Building Commission. Tennessee Code Annotated §8-44-108 provides that if a quorum of members is not physically present at the meeting, other members may be retained for a vote via electronic or other means of communication if certain statutory requirements are met.

A determination has been made that the electronic communication in this meeting by the members is a necessity based on the following facts and circumstances:

1. The Executive Sub-Committee has regularly scheduled monthly meetings around which agencies and institutions plan, and a delay will cause an operational hardship for certain of the agencies and institutions having time sensitive matters on today’s agenda.
2. The current public health crisis resulting from the COVID-19 virus has resulted in declarations of a “State of Emergency” by the State and local governments.
3. Meeting electronically is necessary to protect the health, safety and welfare of Tennesseans in light of the COVID-19 outbreak

Commissioner Eley, Secretary Hargett, Comptroller Wilson and Treasurer Lillard participated electronically.

At a roll call vote all members voted aye and approved the use of electronic communication.

Acquisition – Lease (Space)

Requested Action: Approval of waiver of advertisement

Transaction Description:

- Proposed Lease
  - Location: University of Tennessee – Knoxville (UTK)
    Knox County – approximately 35,000 sf – UT Research Park, Knoxville TN
  - Landlord: Cherokee Farm Partners GP II
  - Term: 52 years with one (1) forty (40) year option to extend
- Source of Funding: Plant Funds (Non-Aux) (A)
- Procurement Method: Negotiated

Comment:
The University of Tennessee – Knoxville has the need for approximately 35,000 square feet of research space that includes a high-bay conditioned area. The space is needed for use by the Governors Chair in Advanced Composites Manufacturing who also serves as the Director of the Fibers and Composites Manufacturing Facility. This facility will provide space to grow research and development partnerships, collaborate innovation and talent development for the university and State of Tennessee, and serve as an expertise bridge between Oak Ridge National Labs and the Manufacturing Demonstration Facility.

In 2018, an RFP was issued seeking to lease this type of space and no responses were received. A market survey was then conducted and found no space that meet the criteria. A follow-up survey was completed Summer 2020 and again found no space that would meet this need.

As a result, the university requests waiver of advertisement to begin negotiations with a developer that would build an approximately 65,000 +/- square foot facility at the UT Research Park (UTRP) at Cherokee Farm. UT would lease approximately 35,000 +/- square feet of the facility and the remainder would be spec space for future leases by UTRF. Since this building is located on land owned by the University, the building will revert to the University at the end of the lease. Waiver of advertisement is requested due to the unique nature of the space, location, the unavailability of this type of space in the market and opportunity for the space to be built to UTK’s specific needs.

This request is for approval to commence negotiations with the landlord.

Minutes:

10/19/2020 Comptroller Wilson asked for confirmation that this request is for authorization to enter into negotiations and nothing more than that. Executive Director Austin Oakes replied that is correct and they would come back to the Subcommittee before entering into any form of agreement and this request is to waive advertisement in order to enter into negotiations. UT will bring back a lease with their recommendations for the Subcommittee’s review and consideration at that time.

Comptroller Wilson stated that this action would give the Subcommittee the opportunity to examine the agreed upon terms with the Research Park which would be appropriate. Comptroller Wilson stated he thinks this lease is a good idea but will need to review the final terms to confirm it makes sense.
for the future of the University of Tennessee and wants to be sure they are doing this right.

Commissioner Eley stated that it is his understanding as well that UT would bring this back to the Subcommittee or the Commission before the final is approved.

At a roll call vote all members voted aye and approved a waiver of advertisement
Disposal – Reversion Right (Fee)

Requested Action: Approval of disposal of reversion right with waiver of advertisement and one appraisal

Transaction Description: Transaction No. 20-08-005
- Location: Shelby County – 9.692+/- acres – North Bellevue Boulevard and Overton Park Avenue, Memphis, TN
- Grantee: City of Memphis
- Estimated Purchase Price: Fair Market Value
- Source of Funding: City of Memphis (O)

Comment: This property has been determined to be surplus to the Department's needs.

The property was first requested by a non-adjoining landowner. Upon receiving the request, the Department contacted all adjoining landowners at the time, including the City of Memphis. Memphis and one other adjoining landowner expressed interest; however, Memphis requested the property at no cost for public use and therefore, that is how it was conveyed in 2015 pursuant to TCA 12-2-112. Memphis has since determined this property could be better utilized through redevelopment opportunities. In order to release the public use restriction, Memphis is required to pay fair market value.

Proceeds will be deposited into the Highway Fund per TCA 12-2-112.

TDEC previously leased this property from TVA, but that 50-year lease expired in August 2020. TVA has requested the state accept a recreation easement rather than a new lease going forward. The agreement is similar to the previous agreement under which TDEC maintains recreational facilities, activities, security and maintenance at NTSP – POL. TVA has granted TDEC a temporary License to bridge the gap between expiration of the Lease and execution of the proposed easement.

Waiver of advertisement and appraisals are requested because this agreement is with a governmental entity at no cost to the state.
