Comment: The UT Law Enforcement Innovation Center (LEIC) is an agency of the University of Tennessee Institute for Public Service. LEIC expands capabilities of law enforcement personnel by providing training that improves the quality of policing. LEIC’s National Forensic Academy (NFA) is an intensive, highly hands-on, and experience-based course of instruction that requires in person training to achieve the course learning objectives.

The need for fully trained Crime Scene Investigators is critical and continues even in the COVID environment. Utilizing safety protocols and social distancing, LEIC plans to offer three (3) ten (10) week sessions for professionals and one (1) three (3) week session for college students in 2022. Attendees include county, city and state police officers; state bureau of investigation staff; and DOD personnel among others from across the country and internationally. Classes began January 9, 2022 and the last session ends November 18, 2022.

Housing is provided for attendees as part of the cost of the program. The University advertised and solicited proposals for housing accommodations. Corporate Quarters was the only respondent, offering two locations. The nightly rate per person (2-bedroom for $108 per night, equates to $54 per person) is lower than the state per diem rate of $96.00 per night in Anderson County. Corporate Quarters will serve as an intermediary and provide the rooms in an apartment complex that met the bid criteria including location within 20 minutes of the LEIC. For each session, all rooms will be located at the same apartment complex. Corporate Quarters fully furnishes the apartments including linens and kitchen appliances/utensils. The rate includes maintenance, utilities, internet service and cleaning prior to each arrival date.

Either party may terminate this agreement with 30-days prior notice.

Minutes: 10/25/2021 Approved a lease
Acquisition – Lease (Space)

Requested Action: Approval of waiver of advertisement

Transaction Description: Transaction No. 21-10-013

- Proposed Lease
  - Location: University of Tennessee – Knoxville (UTK)
  - Landlord: Walmart Inc.
  - Term: TBD – most likely remaining term of Walmart lease

- Source of Funding: Plant Funds (Aux) (A)
- Procurement Method: Negotiated

Comment: UTK’s Track and Field team currently does not have a permanent practice facility. Recently the team has practiced in warehouse space on campus that is no longer available and in an old convention center site in downtown Knoxville. A functional, permanent practice facility is needed.

Walmart recently closed a store in a retail development known as University Commons on the western edge of campus. The development was built in 2014 and other stores including a Publix and smaller retail tenants remain open. With a large open floorplan and high ceilings, the Walmart space could be suitable for use as a practice facility. The University would sublease the space from Walmart for its remaining term with the intent of acquiring the fee interest in the property from the developer. This property is in UTK’s 2016 Master Plan.

Minutes: 10/25/2021 Approved waiver of advertisement

Comment: The purpose is to lease space to Memphis Symphony Orchestra in the Newport Hall building on the UoM campus. Newport Hall has a total of 14,677 square feet and 10,190 square feet are used for University employees. Memphis Symphony Orchestra has been operating in partnership with UoM at this location since 2016 under a Facilities Use Agreement. This lease will continue the academic partnership between MSO and the students and faculty of the Scheidt School of Music with musical training, assistantships, master classes and auditions. A waiver of advertising is requested because of the anticipated benefits to the UoM students. A qualified State Appraiser has assessed the proposed rent and determined it is Fair Market Value.

Comment: The purpose is to lease space to the University of Memphis Research Foundation (UMRF), a not-for-profit corporation, to be used to foster collaborations with researchers at the University of Memphis and to build employment pipelines for University of Memphis students. UMRF will lease a portion of the Highland Library, (7,783 sf) at $1.00/sf per year. Parking cost for 39 spaces is $15,108.00 annually. The UMRF is a state-approved 501C non-profit entity set up with the state’s approval for the explicit purposes of supporting the mission of the University. The University’s expectations of UMRF are that all surpluses from the Research Park will be reinvested directly into the modernization of the pertinent buildings and the growth of the initiative. Ultimately all revenues generated through this initiative are directly or indirectly, invested into promoting research at the UoM and generating employment opportunities for our students. All renovation work in the leased premises will receive the written approval of the UoM.
