## DEPARTMENT OF ENVIRONMENT & CONSERVATION

### Acquisition – Easement

**Requested Action:** **Approval of acquisition easement**

**Transaction Description:** Transaction No. 25-06-009  
• **Location:** Meigs County – 28.60 +/- acres – 0 State Highway 60, Birchwood, TN  
• **Owner(s):** Meigs County (TVA-fee owner)  
• **Term:** 30 years (July 1, 2023- June 30, 2053) with renewal options up to 30 years

**Comment:** Meigs County is currently managing Cherokee Removal Memorial Park. They are requesting that Tennessee Department of Environment & Conservation (TDEC) take over management of the park. This easement will provide TDEC that authority from Tennessee Valley Authority and create a new state park. This is a 30-year easement with renewal options up to an additional 30-years.

This acquisition supports the development of the Governor's conservation initiative to create new state parks, with both an operational and capital budget having been requested and approved.

A portion of the land that served as the Trail of Tears roadbed is on the National Register of Historic Places.

The park has a visitor center, parking pavilion, outlook platform, and a hiking loop that will continue to be operated and maintained by TDEC. Additionally, TDEC intends to make improvements to the boat launch and parking areas and to add a kayak launch. All of the above expenses can be funded out of the approved operational and capital budget.

The agency does not anticipate making a request within the next 5 years for a budget adjustment or appropriation in the budget to support this acquisition.
