 MACC: \$ 740,000.00  
 Designer Fee: \$ 54,890.00  
 SBC Project No: 166/017-01-2025  
 SBC/OSA Approval: 08/25/2025

Repair and replace existing parking, curbs, sidewalks, storm drains, and related work. Install new traffic signage and traffic calming devices. Provide new drive to the soccer field. Work to be performed at Covington campus.

**1. Burr & Cole Consulting Engineers, Inc.**

This firm has recently completed three very similar paving projects at DSCC’s main campus and is best positioned to complete similar work at the DSCC Covington campus. All of the listed projects were of similar scope and scale and included work at TCAT Jackson and the University of Memphis. The proposed team worked on all of the listed projects together. Proposed consultants include Architectural and MEP.

**2. Allen & Hoshall, Inc.**

Two of this firm’s listed projects were of similar scale. Three other projects listed, although larger in size, were similar in scope and included site improvements and road work. The proposed Project Manager directed all of the listed projects and the rest of the proposed team had experience on most of them. No consultants were listed. All services will be provided in-house.

**3. A2H, Inc.**

Some of this firm’s projects were similar in scale and scope and included work in Covington. The proposal lists two Project Managers, one of which worked on two of the listed projects, and one of which worked on three. The balance of the team did not seem to have experience on the listed projects. No consultants were listed. All services will be provided in-house.
