Commissioner Morrow called the meeting to order at 12:42 p.m. to discuss the consideration of candidates to be interviewed for the position of State Architect. Secretary Hargett asked that his Senior Policy Advisor, Jonathan Rummel, walk everyone through the

process up to that point, and the transparent process they tried to create. He also asked for any comments from staff, as well as the advisors from the private sector who volunteered their time, to offer their thoughts and top three things they were looking for in the next State Architect.

Jonathan Rummel was recognized and stated that the project had been a collaborative effort on the part of all of the staff. He said that on November 10, 2010, the SBC adopted the job description, plan to advertise and process to select a State Architect. Pursuant to these actions, Human Resource professionals and other staff were enlisted to assist the Executive Subcommittee and staff. The advertisement was posted on the Office of the State Architect's website, which served as the primary portal of information about the position. Advertisements were also purchased for the four major newspapers in the state and appeared in online job search engines. Professional groups in the design and construction community were also notified so they could advise their respective memberships of the opportunity.

Mr. Rummel stated that the result of the advertising efforts produced 65 respondents from at least 12 states or territories; 41 were certified by HR professionals on basic qualifications, education, licensure and experience. He said that a group of five voluntary industry consultants was enlisted to advise on the technical and experience representations of the candidates. The consultants included: Lanis Cope, Cope Associates, Inc.; Scott Fleming, Fleming Associates; Rudy Johnson, Rufus Johnson Associates; Jerry Preston, Wiser Company; Russell Skrabut, Genesis Engineering Group. All consultants and staff involved in the process signed conflict of interest disclosures.

Following input from the consultants, Executive Subcommittee staff further met to prepare their recommendation and offered the following candidates for consideration: Peter L. Heimbach, Jr., Douglas A. Johnson, Karengaye M. Johnson, Gregory Mason, Robert E. Oglesby, J. Alan Robertson, and J. Cyril Stewart.

The Subcommittee asked the advisors if they would like to make any comments. Jerry Preston was recognized. He said some of the things the consultants and the committee were looking for were experience in leadership, management, communication and technical ability. He said that this position requires a lot of leadership and the ability to manage and bring consensus to a lot of stake holders. He said they were looking for someone who would bring to the position a vision of the future, as well as managing capital projects and real estate transactions.

Rudy Johnson was recognized. He said he thought it was important for this person to be a leader; to get out in front and to take a stand to lead the departments and agencies. In addition to being a registered architect, he said he thought they should be LEED AP and leading the charge in sustainable design. Mr. Johnson said he thought it should be someone who planned to be here awhile, and not using this position as a stepping stone nor on their way out the door. He said it should be someone who is familiar with institutional architecture and who does the kind of work that the State Building Commission oversees. He felt, as a practitioner, it should be

someone who manages staff, meets a payroll and who understands the travails of leading an architectural firm. He added they should be a good communicator and felt strongly that it should be someone from Tennessee.

Russell Skrabut was recognized and said that he was the sole engineering representative on this consultant team. He said that showing leadership with diplomacy was very important and defines what they are looking for. He said he thought that it should be someone who has been the leader of a firm, but who can also rise to the occasion of meeting in forums and talking to dignitaries such as these. He thought someone who has led a private business could bring something to the table including new technology and trends that the State will have to deal with. Regarding the tenure issue, he thought it was important to have someone in the position for a long time while being able to deal with complicated issues such as contract matters, bidding protests, resolution of very complicated change orders and managing staff that comes with a higher level of experience. So, he thought someone in the 15-20 year range would be an ideal candidate.

Lanis Cope was recognized via teleconference. He concurred that the experience needs to be someone in the 15-20 year range as this profession requires a long learning curve. He thought that having not only architectural or engineering technical aspects were important, but also leadership and diplomacy. He said he would like to see someone on the leading edge of the profession as with a private practitioner or owner representative who sees it from more than one perspective. He thought someone who has the depth of understanding, many years in the business and is used to viewing things from more than one perspective would make a good candidate.

Scott Fleming was recognized via teleconference. He said it's a given that they need to have technical abilities, the understanding of codes, and the whole package. They should be forward thinking visionaries, but also need to be experienced at solving complex problems. He said they should be excellent communicators and be able to work well with others. He added that wisdom is gained from someone who has run a firm from a management perspective.

Comptroller Wilson asked the consultants if any had concern about adequate opportunity and notice being given under this process, and they all responded "no". Treasurer Lillard made a motion to approve the State Architect candidate interview list provided by the State Building Commission staff and to allow SBC staff to begin to schedule interviews following the meeting. The motion was seconded, and passed without objection. Commissioner Morrow thanked all those who volunteered their time to assist the State's effort and, thanks to them, he thought the process was a very good one.

There being no further business, the meeting adjourned at 1:02 p.m.

LEASE AGREEMENT

Review of a request for APPROVAL of the following LEASE AGREEMENT for the rental of real property and WAIVER of ADVERTISEMENT as required by TCA 12-2-115:

Purpose: To provide office and related space for the College of Social Work, Institute of Public Service and the College of Pharmacy.

Term: July 1, 2011 thru June 30, 2021 (10 years)

Proposed Amount: 38,966 Square Feet & 150 parking spaces  
Annual Contract Rent Incl. Utility & Janitorial Cost \$510,864.00 @\$13.10 / sf

Current Amount: 38,966 Square Feet & 150 parking spaces  
Annual Contract Rent Incl. Utilities & Janitorial Cost: \$510,864.00 @\$13.10 / sf  
Total Annual Effective Cost (A): \$510,864.00 @\$13.10 / sf

Type: New lease

FRF Rate: \$18.00

Lessor: Nashboro/Polk Avenue, LLC

Comment: Lease can be cancelled at any time for convenience after January 1, 2013 with 180-days notice. In addition, 2,000 sq. ft. can be cancelled for convenience at any time with 90-days notice.

SSC Report: 12-13-10. Robbi Stivers summarized the transaction. In 2000, an RFP for the Lease was publicly bid by the State. The space was build-out to the University's specifications. The proposed rate of \$13.10, including utilities and janitorial, is the same rate that has been paid over the past ten (10) years; no increases. University tenants often share conference rooms, technology resources and equipment, library resources, technology and the telephone system. The cost to relocate will be expensive. Lessor has agreed to replace all floor coverings, paint, replace signage, and make certain other improvements. The Lease can be cancelled at any time for convenience after January 1, 2013 with 180-days notice. In addition, 2,000 sq. ft. can be cancelled for convenience at any time with 90-days notice. Staff referred to Sub Committee with recommendation.

**University of Tennessee – continued:**

SC Action: 12-22-10. Melanie Buchanan presented the transaction. Treasurer Lillard asked if a 10-year lease was an unusually long term under these circumstances. Robbi Stivers responded that, after January 1, 2013, the lease can be cancelled with a six-month notice. Treasurer Lillard asked if the rate was locked in for the 10-year period and if there was an escalating clause. Mr. Stivers responded that the rate was locked in and there was no escalating clause. Subcommittee approved the request as presented.

DEPARTMENT OF LABOR AND WORKFORCE DEVELOPMENT

LEASE AGREEMENT

Review of a request for APPROVAL of the following LEASE AGREEMENT for the rental of real property and WAIVER of ADVERTISEMENT as required by TCA 12-2-115:

Location: **Shelby County – 5368 South Mendenhall Mall, Memphis, TN – Trans. No. 10-11-912 (Lotspiech)**

Purpose: To provide emergency office space until completion of renovations for the new space at Hickory Hill Road.

Term: January 1, 2011 thru December 31, 2011 (1 year)

Proposed Amount: 6,521 Square Feet  
Annual Contract Rent Incl. Utilities &  
Janitorial Cost: \$97,815.00 @\$15.00 / sf  
Total Annual Effective Cost (A): \$97,815.00 @\$15.00 / sf

Current Amount: 6,521 Square Feet  
Annual Contract Rent Incl. Utilities &  
Janitorial Cost: \$88,033.50 @\$13.50 / sf  
Total Annual Effective Cost: \$88,033.50 @\$13.50 / sf

Type: New lease – negotiated

FRF Rate: \$18.00

Lessor: Belz Enterprises

Comment: Lease includes janitorial & utilities at no additional cost to the State. Proposed lease has no cancellation clause except for cause and/or lack of funding. Lessor would not do a one year extension due to increase of rent, no early termination right and no termination for cancellation clause with an extension agreement which is 30 day notice. State law does not allow such changes to an existing lease, thus requiring execution of a new lease agreement. The request for a new one year lease is in the best interest of the State to ensure unnecessary expenses are not incurred. The cost to move these 26 employees to another temporary location would cost approximately \$26,000 just to move them again once the office on Hickory Hill is complete costing another \$26,000. Therefore, approval is requested for a new one year lease on behalf of the Department of Labor & Workforce Development for the office that is currently being leased.

SSC Report: 12-13-10. Loretta Baltz & Angie Lotspiech summarized the transaction. Staff referred to Sub Committee with recommendation.

SC Action: 12-22-10. Melanie Buchanan presented the transaction. Subcommittee approved the request as presented.

## STATE BUILDING COMMISSION

### State Architect Position

- 1) Jonathan Rummel was asked to give a report on the status of the consideration for the State Architect position. He stated that, since the December 2 Executive Subcommittee meeting, interviews were conducted by all four members of the Executive Subcommittee with each of the seven candidates, and that Staff recommended three finalists: Robert E. Oglesby, James Alan Robertson and J. Cyril Stewart. Secretary Hargett stated he was very impressed with the seven candidates that came from a pool of 64 applicants, and that they have a tough decision ahead of them. He made a motion to adopt the Staff's recommendation and to schedule interviews after the first of the year to attempt to give the incoming gubernatorial administration the opportunity to have someone sit in on the interview process so that they can have some level of input in the selection of the new State Architect. Comptroller Wilson asked if it was appropriate to amend the motion to say they may, or may not, choose from one of the three finalists. He said, as a practical matter, it made sense to choose from the three, but he did not want to lock them in. When asked, Janie Porter, Assistant Attorney General, responded they may want to include language in the motion to that effect. The motion was seconded, as amended, and passed without objection. Commissioner Morrow commented that it has been an excellent process there was a large pool of candidates, and he was pleased with where they are.
