STATEWIDE

- 1) Mr. Fitts passed out a revised request to increase funding in the amount of \$2,470,892, in lieu of the original request for a \$2,762,000 increase, of a project for **Management Assistance**, statewide. Secretary Darnell asked Commissioner Goetz to explain the revision. Commissioner Goetz responded that they have all tried to work with this to outline the situation and limit cost. He said they need to bring more people on as State staff rather than relying on contract people. He said they have an increasing number of contracts that they have to oversee in this area and added that some are very complex and, due to their size, they believe this is good protection. Secretary Darnell noted that the original recommendation was to hire four additional at Morgan County prison, but this was for two. Commissioner Goetz discussed the staffing proposed for the Memphis Mental Health project. Charles Garrett stated that they plan on reducing the staff at the Memphis Mental Health Institute and to move the program manager when they bring the Bolivar project forward. He said they have been working with Mental Health to get the Bolivar project within budget. He said he thought that they had it contained as it had become a victim of scope creep.

Secretary Darnell made a motion to approve the request; Commissioner Goetz seconded the motion. Speaker Naifeh said he would like to amend the motion to send it back to the Subcommittee. He said he was not ready to vote, and that he was not comfortable with it. Secretary Darnell amended his original motion to move that it go to the Subcommittee with authority to act. After discussion, the motion was approved with Speaker Naifeh declining to vote.
