Requested Action: Approval to enter into a lease with waiver of advertisement and appraisals

Description: Davidson County – 100’ x 100’ – 5758 Cane Ridge Road, Antioch, TN – Trans. No. 11-09-015 (Baugh)

Purpose: Acquisition by lease for the location of the site of a 140’ Radio Communication Tower. DOS request a no fee lease to use this site and lease for twenty five (25) years with two (2) additional twenty five (25) years terms.

Estimated Sale Price: No cost

Owner(s): Metro Water Department

SSC Report: 11/14/2011. Jurgen Bailey summarized the transaction. Mike Boshers stated that Safety has agreed to take down a Metro communication’s tower on the site as consideration of the lease. This demolition is estimated $7,000/$8,000. This tower site is component of the Public Safety Interoperability Communication System – SBC # 502/001-01-2011. Staff referred to Sub Committee with recommendation.

ESC Action: 11/21/2011 Jurgen Bailey presented the transaction. Secretary Hargett asked for an update regarding the hiring of the consultant, Buford-Goff. Colonel Trott responded that the process has gone well so far. He stated that Buford-Goff’s expertise has been invaluable to the program and he hoped they will be employed on phase 2. Secretary Hargett stated that that had been his impression as well. He said that Buford-Goff has added a lot to the process and he felt the State was going to wind up with a lot better overall system than what it might have started out with. The request was approved as presented.
Land Transaction

Requested Action: Approval to issue an RFP for a high rope/zip line course and the potential future of a lease

Description: VanBuren County – Falls Creek Falls, TN – Trans. No. 11-10-008 (Jackson)

Purpose: Disposal by lease for the purpose of a vendor at Fall Creek Falls that will be used for a high ropes / zip lines course. It is documented that there is significant revenue in such operation and this falls within TDEC’s mission of outdoor recreation.

Comment: Move forward with a RFP, so TDEC can have necessary discussions with the winner of the RFP. Once TDEC knows the vendor and location, they will come back to Staff committee to provide further updates.

SSC Report: 11/14/2011. Jurgen Bailey summarized the transaction. Mr. Carlton stated that all construction costs for the zip line course, estimated between $60,000-$80,000, would be the responsibility of the successful vendor. All liability for the course would be the vendor’s responsibility and would have to provide proof of liability insurance to the state. This lease would require approximately 40-80 acres of land to construct and operate. Potential annual revenues for the state could be from $20,000 to $50,000. TDEC will bring this transaction back after review of the RFP and successful negotiations with the potential lessee regarding lease terms and conditions. Staff referred to Sub Committee with recommendation.

ESC Action: 11/21/2011 Jurgen Bailey presented the transaction. Treasurer Lillard asked that, whoever is in charge, coordinate with Risk Management regarding the insurance and with the Attorney General’s Office with regard to the terms of the lease document to ensure proper language was included. Commissioner Emkes asked if this has been done before. Assistant Commissioner Mike Carlton responded that this is the first time they have done a zip line, but that there is one at the Harpeth River. He said they hope it creates a revenue stream and that people will stay longer at Fall Creek Falls, benefiting the park. Commissioner Emkes asked if other states have done this at their parks and Commissioner Carlton said he believed that Georgia and South Carolina have. After discussion, the request was approved as presented.

DEPARTMENT OF GENERAL SERVICES

665 Mainstream Drive, Nashville, Davidson County, Tennessee

Requested Action: Approval of a project budget, scope, source(s) of funding and proceeding with process to select a designer, contingent on approval by THDA Board

Project Title: Tenant build-out for Tennessee Housing Development Agency

Project Description: Renovation finishes and associated construction for build-out of remaining office space to accommodate the THDA.

SBC Number: 529/012-01-2011

Total Project Budget: $1,950,000.00

Source of Funding: $1,950,000.00 THDA Funds (O)

Comment: This relates to the Piedmont Gas Building. Project will build-out remaining space to accommodate THDA, including furniture.

Previous SBC Action: 11/10/2011. Assistant Commissioner Peter Heimbach requested, and the Commission approved, that the item be referred to the Subcommittee with authority to act. Secretary Hargett asked that it be contingent upon the Department of General Services advising the members when they anticipate it being placed on the agenda.

SSC Report: 11/14/2011. Assistant Commissioner Peter Heimbach presented the transaction. The current lease expires January 31, 2012, will be doing a lease extension to give time to build-out the space for THDA and move in furniture. The time frame for THDA to take over the facility is July 1, 2012. THDA is expected to be occupying all of the office space in the facility; the warehouse area will not be used and still be available for future needs. Ted Fellman stated that THDA board will meet with Bonds/Finance on the 28th of November then take it to the full board on the 29th of November for the funding to build out and move to the facility. Staff referred to Sub Committee with recommendation.

ESC Action: 11/21/2011. Assistant Commissioner Peter Heimbach presented the request. Treasurer Lillard made a motion to approve the item with the understanding that THDA will pay back the $1,950,000 over some, as yet undetermined, period of time not to exceed the lease term. He stated that they can do it by amortizing as lease hold improvements under the lease or by some other method. Treasurer Lillard said he was not in favor of having a FRF lease hold rate reduction as part of the transaction, but that it needs to come from THDA funds so that the $25 million reserve fund is restored to its level. The motion was properly seconded and passed without objection including the above corrections, as bolded.
