*Per SBC Policy, plaques should include all member names from the time the project was initially approved by the SBC through the dedication. Projects are not required to have Building Plaques however if donors are recognized within a building then a Building Plaque is required. The above font type may vary and lines are not required between sections and other design features may be used to separate sections.*

**All layouts shall be approved by the State Architect prior to fabrication.**

*Please include the date the project was originally approved by the SBC and the expected dedication date when submitting for approval.*
