**Administration Item - D. Area of Instruction (page 28-29)**

15. Graduation Requirements

- a. To meet the requirements for graduation, a student shall have attained an approved attendance, conduct, and subject matter record that covers a planned program of education, and this record shall be kept on file in the principal's office.
- b. In order to receive a general academy diploma, a student must demonstrate proficiency in all required coursework. Any student, however, who is certified as a special education student at the beginning of the school year, who has successfully completed the individualized educational program, and for whom, in the judgment of the agency, the test would be an unreasonable burden for reason of the student's psychological or mental disability, will be awarded a special education diploma noting his or her specific accomplishments at the end of the 12<sup>th</sup> grade whether or not the student so certified has earned the required units of credit.
- c. To receive a vocational diploma a student must demonstrate proficiency in all required coursework and demonstrate proficiency in the required skills in the chosen area of emphasis. This diploma is not consider a high school diploma and does not meet Tennessee state requirements for graduation. Any EASEA school offering a vocational diploma must include a written statement in their official materials to this effect.

**Vocational Diploma (page 32)**

~~The following pattern of courses may be adopted as an alternative to or in addition to the General Diploma and the College-Prep Diploma for non-college-bound students or students seeking enrichment. The Vocational Diploma may be adopted for the non-college bound student. This diploma is not consider a high school diploma and does not meet Tennessee state requirements for graduation. Written parental/guardian approval must be on file for students registered to receive a vocational diploma.~~

~~Students seeking vocational enrichment in addition to the General Diploma or the College-Prep Diploma may pursue one or more approved Vocational Certificates.~~

The vocational diploma will be awarded to students who (1) earn 22 units of credit, eight of which may be vocational units, (2) fulfill all of the requirements in any one vocational area, (3) have satisfactory records of attendance and conduct.
