Overall Performance

Meets Expectations

What is this metric?

This is a measure of an EPP's overall performance across the three scored domains in the Report Card: Candidate Profile, Employment, and Provider Impact.

Score Over Time

Meets Expectations
2019

Performance Category 2
2018

Performance Category 2
2017

What is this metric?

This metric shows the overall performance category this provider earned on the Report Card in each of the last three years. In previous years, the Report Card scoring framework included four performance categories, numbered 1 through 4, with 4 indicating the highest level of performance. This year, the Report Card uses three performance categories with descriptive names ("Exceeds Expectations," "Meets Expectations," and "Does Not Meet Expectations").

Why is this important?

This shows how this provider has performed over time relative to the State Board's expectations for educator preparation. Changes made to the Report Card scoring framework in 2019 mean that scores on the 2019 Report Card are not directly comparable to scores on earlier Report Cards.
