
Amendments to the State Board of Education Charter School Agreements

The Background:

During its second quarterly meeting on May 31, 2019, the State Board approved changes to both the Charter School Performance Framework and State Board Policy 6.700 – Charter School Intervention. As both of these items are exhibits of the State Board’s charter agreements for its authorized charter schools, an amendment to the agreement is required.

Each school’s leadership team reviewed their amendment and agreed to the Board’s changes. Approval of these amendments are required in order to complete this year’s annual report and continue the State Board’s general oversight and monitoring of its schools.

The Recommendation:

The SBE staff recommends approval of this item on consent reading.
