Continuous Learning Plan (CLP)

Technical Application Guide

Tennessee Department of Education | July 2020

Overview of CLP Process

- Intent is to ensure that LEAs and public charters have a plan in place for any learning that needs to happen remotely. Again, it is focused on instruction (not assigning work), regardless of where the child is located.

- By rule, it is NOT intended to be a review of their health and safety plans.

- Aligned with SBE rule and policy, there are a number of sections:
  - Model used
  - Instruction
  - Attendance
  - Technology
  - Professional Development
  - Monitoring
  - Communication

CLP Process

- Rubric aligned with SBE rule and policy
- Plan template focused on artifacts
- Internal norming for review process
- Streamlined communication through ePlan submission and feedback
- Responsive tools and resources
