PART II. EPP AREAS FOR IMPROVEMENT and STIPULATIONS

EPP Areas for Improvement

STANDARD 3: Clinical Partnerships and Practice

The provider ensures that effective partnerships and high-quality clinical practice are central to preparation so that candidates develop the knowledge, skills, and professional dispositions necessary to demonstrate positive impact on all P-12 students' learning and development.

Areas for Improvement	Rationale
3.2: The EPP provided limited evidence that all candidates demonstrate academic achievement based on CAEP minimum criteria.	While evidence of some candidates' performance on the Miller Analogies Test (MAT) and GRE was provided for the graduate initial licensure programs, the number of scores collected does not constitute a majority of the enrolled candidates for the EPP, and the MAT scores presented do not meet CAEP's minimum criteria.
