**STANDARD 3: Candidate Quality, Recruitment, and Selectivity**

Minor Stipulation	Rationale
<b>3.1:</b> Plan for recruitment: The diversity recruitment plan needs to be expanded and formalized. Resources in addition to the local high school should be identified as possible sources for recruitment with roles and	The recruitment plan included in the evidence was not formalized and lacked detail such as additional resources needed and timeline with follow-up dates.

**STANDARD 5: Provider Quality, Continuous Improvement, and Capacity**

Minor Stipulation	Rationale
<b>5.4:</b> Completer data sharing and actionability: The EPP does not clearly demonstrate measures of completer data are shared widely and are acted upon.	The evidence provided by the EPP for continuous improvement using measures of completer data in self-study and addendum was not sufficiently corroborated during the on-site visit. The EPP did not demonstrate a pattern of sharing and acting upon measures of completer data. The evidence provided and corroborated does not clearly demonstrate measures of Satisfaction of Employers (component 4.3) and Satisfaction of Completers (component 4.4) are shared widely and are acted upon.
