Course Description

Criminal Justice Practicum is a capstone course in the *Law Enforcement and Correction Services* program of study that provides a practicum experience for students as they develop an understanding of professional and ethical issues. The capstone course will be based on the knowledge and skills from previous courses in the *Law Enforcement and Correction Services* program of study. Upon completion of the course, students will be proficient in components of

communication, critical thinking, problem solving, information technology, ethical and legal responsibilities, leadership, and teamwork. Instruction may be delivered through school-based laboratory training or through work-based learning arrangements such as cooperative education, mentoring, and job shadowing.

Program of Study Application

This is the fourth course in the *Law Enforcement and Correction Services* program of study. For more information on the benefits and requirements of implementing this program in full, please visit the Law, Public Safety, Corrections, and Security website at <https://www.tn.gov/education/career-and-technical-education/career-clusters/cte-cluster-law-public-safety.html>. **Course Requirements**

This capstone course aligns with the requirements of the Work-Based Learning Framework (established in Tennessee State Board High School Policy), with the Tennessee Department of Education's Work-Based Learning Policy Guide, and with state and federal Child Labor Law. As such, the following components are course requirements:

Course Standards

- 1) A student will have a Personalized Learning Plan that identifies their long-term goals, demonstrates how the Work-Based Learning (WBL) experience aligns with their elective focus and/or high school plan of study, addresses how the student plans to meet and demonstrate the course standards, and addresses employability skill attainment in the following areas:
 - a. Application of academic and technical knowledge and skills (embedded in course standards)
 - b. Career knowledge and navigation skills
 - c. 21st Century learning and innovation skills
 - d. Personal and social skills

Postsecondary and Career Preparation

- 2) Compare the range of credentials one can earn within the Criminal Justice (CJ) system. Investigate both in-state and out-of-state postsecondary programs in a variety of CJ fields. Compile a list of activities that will increase employment opportunities for a criminal justice candidate; include educational opportunities, entry-level job experiences, and volunteer plans for the time between high school graduation and the law enforcement job application at twenty-one years of age.
- 3) Analyze the resumes of CJ professionals retrieved from the websites of systems, companies, organizations, or professional networks. Discuss what is typically included in the resumes of these professionals, compare and contrast several examples, and create a personal resume modeled after elements identified in the search.
- 4) Research and select a criminal justice organization to summarize the following:
 - a. The mission and history of the organization
 - b. Headquarters and organizational structure
 - c. Services provided
 - d. Credentials required for employment and how they are obtained and maintained
 - e. Policies and procedures

- f. Reports, newsletters, and other documents published by the organization
 - g. Website and contact information
- 5) Simulate the experience of conducting a job search by researching local employment options. In preparation for a future career in CJ, complete an authentic job application form and compose a cover letter following guidelines specified in the vacancy announcement.
- 6) Participate in a mock interview. Prior to the interview, research tips on dress and grooming, most commonly asked interview questions, appropriate conduct during an interview, and recommended follow-up procedures. Highlight sample work compiled in the portfolio that illustrates mastery of specific skills attained in the program of study. Upon completion of the interview, write a thank you letter to the interviewer in a written or email format.

Professionalism and Ethics

- 7) Research a case study involving an ethical issue related to criminal justice. Examine a variety of perspectives surrounding the issue, then explain the impact of the issue on those involved.
- 8) Practice effective verbal, nonverbal, written, and electronic communication skills for working with customers, employees, dispatchers, wholesalers, and retailers. Demonstrate the ability to listen attentively, speak courteously and respectfully, discuss client ideas/vision, resolve conflicts, and respond to customer objections or complaints to the customer's satisfaction.
- 9) Research the organizational chart and job descriptions for each of the positions within the work-based learning placement. For each, identify desirable employability skills and character traits for professionals working in that position, including specific technical skills as well as soft skills.
- 10) Investigate current issues surrounding professionalism in criminal justice. Examine a variety of perspectives surrounding the professionalism of officers, then develop an original analysis explaining the impact of the issue on those involved..

Transferring Course Concepts to Practicum

- 11) Apply skills and knowledge from previous courses in an authentic work-based learning internship, job shadow, or classroom-based project. Develop a plan to demonstrate skills outlined in previous courses.
- 12) Create and continually update the personalized learning plan during the practicum and draw connections between the experience and previous course content by reflecting on:
- a. Tasks accomplished and activities implemented
 - b. Positive and negative aspects of the experience
 - c. How challenges were addressed
 - d. Team participation in a learning environment
 - e. Comparisons and contrasts between classroom and work environments
 - f. Interactions with colleagues and supervisors

- g. Personal career development
- h. Personal satisfaction

Portfolio

- 13) Update materials from coursework to add to the portfolio started in *Criminal Justice I* to illustrate mastery of skills and knowledge outlined in the previous courses and applied in the practicum. The portfolio should reflect thoughtful assessment and evaluation of the progression of work involving the application of criminal justice and corrections skills. The following documents will reside in the career portfolio:
- a. The career plan developed and revised in prior courses
 - b. Resume
 - c. List of responsibilities undertaken through the course
 - d. Artifacts of project outcomes
 - e. Periodic journal entries reflecting on tasks and activities
 - f. Feedback from instructor and/or supervisor based on observations
 - g. Transcripts or other evidence of certifications obtained throughout the program of study

Communication of Project Results

- 14) Upon completion of the practicum, develop a technology-enhanced presentation showcasing highlights, challenges, and lessons learned from the experience. The presentation should be delivered orally, but supported by relevant graphic illustrations, such as diagrams, drawings, videos, and photographs. Prepare the presentation in a format that could be presented to both a health care professional and non-health care professional audience, as well as for a career and technical student organization (CTSO) competition.
