

# TENNESSEE STATE BOARD OF EDUCATION

## EDUCATOR EVALUATION POLICY

5.201

### Policy Sections:

- I. General Requirements
- II. Observation Pacing and Support
- III. Alternate Observation Models
- IV. Student Surveys
- V. Approved Achievement Measures
- VI. Alternative Growth Models

### **I. General Requirements**

- (1) Local boards of education and charter schools shall implement annual evaluations for educators in accordance with T.C.A. § 49-1-302, State Board Rules 0520-02-01 Evaluations, and this policy. This policy serves to further define State Board Rules 0520-02-01 Evaluations.<sup>1</sup> The primary purpose of educator evaluation is to identify and support instruction through feedback and transparency that will lead to high levels of student achievement.
- (2) Evaluations shall be a factor in employment decisions, including, but not limited to, individual and group professional development plans, hiring, assignment, attainment of tenure status, promotion, retention, termination/dismissal, and compensation.

### **II. Observation Pacing and Support**

- (1) Observation pacing for teachers, school services personnel, and library media specialists shall meet the requirements included in the chart below:

<sup>1</sup>Definitions contained in State Board Rule 0520-02-01 Evaluations also apply to this policy.

# TENNESSEE STATE BOARD OF EDUCATION

## EDUCATOR EVALUATION POLICY

**5.201**

Licensure Status	Previous Year Individual Growth or Level of Overall Effectiveness <sup>2</sup>	Minimum Required Observations*	Minimum Required Observations per Domain*	Minimum Number of Minutes per School Year
Practitioner	Levels 1-4	All domains observed, with a minimum of three (3) domains observed in each semester and a minimum of three (3) formal observations.	3 Instruction 2 Planning 2 Environment	90 minutes
	Level 5	One (1) formal observation covering all domains first semester; two (2) walk-throughs second semester.	1 Instruction 1 Planning 1 Environment	60 minutes
Professional	Level 1	All domains observed, with a minimum of three (3) domains observed in each semester and a minimum of three (3) formal observations.	3 Instruction 2 Planning 2 Environment	90 minutes
	Levels 2-4	All domains observed with a minimum of two (2) domains observed in each semester and a minimum of two (2) formal observations.	2 Instruction 1 Planning 1 Environment	60 minutes
	Level 5	One (1) formal observation covering all domains first semester; two (2) walk-throughs second semester.	1 Instruction 1 Planning 1 Environment	60 minutes

<sup>2</sup> LEAs may elect to base pacing on a teacher's previous year individual growth or on level of overall effectiveness, pursuant to local policy.

- (2) An LEA or charter school using the TEAM model may choose to allow observers to combine domains during classroom observations provided the requisite minimum time, semester, distribution, and notice (announced versus unannounced) are met.
- (3) The number of required observations for educators who received a partial year exemption (PYE) in the previous year, shall be determined by their performance level in the school year immediately preceding the PYE year.
- (4) Any non-PYE educator without an LOE in the previous year shall have the maximum number of observations conducted based on the educator's license type.
- (5) School administrators shall have at least two (2) onsite observations annually, conducted by the director of schools or designee. The evaluation process for school administrators shall align to the Tennessee Instructional Leadership Standards Policy 5.106 including, but

not limited to a review of the quality of the school administrators' implementation of teacher evaluations, and school climate and/or teaching and learning conditions surveys.

The Department of Education shall monitor observation scores each year and ensure consistent application of observation standards across districts pursuant to State Board Evaluations Rule 0520-02-01. In the event that the average of all teacher observation scores assigned by an observer differs by three (3) or more from the average student growth score for the same group of teachers, those results may be considered outside the acceptable range of alignment for observers. The top ten percent (10%) of schools with observers whose observation trends fall outside the acceptable range of results may be required to participate in additional training and support as determined by the Department. Training and support provided by the Department shall not require or imply that individual observation results must align with TVAAS growth data.

### **III. Alternate Observation Models**

- (1) In lieu of the state observation model (TEAM), LEAs and state special schools may select an alternate observation model from a State Board-approved list pursuant to State Board Educator Evaluation Rule 0520-02-01. Public charter schools or charter management organizations, if applicable, may select the state observation model, an alternate observation model approved by the State Board for LEAs, or a charter school alternate observation model from a State Board-approved list (Appendix A) pursuant to State Board Evaluations Rule 0520-02-01.
- (2) The list of currently approved alternate observation models for LEAs, state special schools, and charter schools includes:
  - (a) The Teacher Instructional Growth for Effectiveness and Results (TIGER)
  - (b) Project COACH
  - (c) Teacher Effectiveness Model (TEM)
  - (d) Classroom Assessment Scoring System (CLASS) (for pre-K only)
- (3) The list of currently approved alternate school administrator observation models includes:
  - (a) Project COACH Administrator

# TENNESSEE STATE BOARD OF EDUCATION

## EDUCATOR EVALUATION POLICY

5.201

- (4) Any evaluation model from which results will be counted as professional development points for purposes of licensure renewal or advancement shall be approved by the State Board.

### IV. Student Surveys

- (1) LEAs and charter schools may use a State Board-approved student survey instrument weighted in accordance with the approved observation model.
- (2) Currently approved student survey instruments are:
  - (a) Tennessee School Climate Survey
  - (b) Tripod Survey
  - (c) My Student Survey
  - (d) Panorama
- (3) Additional surveys instruments may be granted approval by the State Board for use as part of an approved evaluation model via the following process:

**Step 1:** Potential vendor secures an LEA to pilot their instrument.

**Step 2:** Vendor works with the Department of Education to determine the appropriate number of survey administrations and/or pilot participants.

**Step 3:** Vendor shares data generated from the pilot with the Department of Education for analysis.

**Step 4:** Vendor proposes rating scale based on pilot data.

**Step 5:** The Department of Education reviews the instrument, rating scale, and analyzes pilot data.

**Step 6:** The Department of Education recommends survey vendors to State Board of Education for final approval.

**Step 7:** LEAs may use the survey instrument for evaluative purpose in the following school year.

### V. Approved Achievement Measures

- (1) Appendix B contains a list of approved achievement measures.
- (2) Teachers assigned to two (2) schools may select the appropriate school-wide score for the school at which they spend the majority of their time. Teachers assigned to three (3) or

# TENNESSEE STATE BOARD OF EDUCATION

## EDUCATOR EVALUATION POLICY

5.201

- (3) more schools may select system- wide state assessment measures or system wide overall TVAAS measures. A feeder/custom option is available for all overall TVAAS measures.
- (4) For classroom, grade, or school-level state assessments, teachers assigned to two (2) schools may select the appropriate school-wide score for the school at which they spend the majority of their time. Teachers assigned to multiple schools may also select system-wide overall TVAAS measures. A feeder/Custom option is available for these measures.
- (5) All early grades TVAAS composites include grade 3 TVAAS data and are available in districts that have administered the grade 2 assessment to their current third (3<sup>rd</sup>) grade students. Additionally, districts shall continue to administer the optional second (2<sup>nd</sup>) grade assessment to their current second (2<sup>nd</sup>) grade students in order to generate an early grades composite in any given year.
- (6) For any off the shelf measure used for pre-K, the district should at least measure the standards that are aligned to TN-ELDS. It is suggested that standards in each math cluster and all ELA standards be measured.
- (7) Achievement measure choices for specific grade levels and/or content are dependent upon the assessments given each year.
- (8) For high school level TVAAS composites, Teachers may select the appropriate school- or system-wide measure.

### VI. Alternative Growth Models

- (1) Pursuant to T.C.A. § 49-1-302 and State Board Evaluations Rule 0520-02-01-.03, for teachers and other educators who do not have individual TVAAS scores, LEAs may choose from an alternative student growth model approved by the State Board of Education in accordance with this policy.
- (2) In order to implement one of the TEAM student growth portfolio models, LEAs shall:
  - (a) Assign a district TEAM portfolio lead to maintain accurate teacher rosters, distribute portfolio-related information and resources, monitor and support timely portfolio submissions for all teachers, and ensure portfolio peer reviewing;
  - (b) Assign a technology lead to provide local platform support;
  - (c) Select and provide TEAM portfolio reviewers in each content area; and
  - (d) Ensure all TEAM portfolio reviewers are trained and certified by the Department to assess student growth according to the portfolio model.

# TENNESSEE STATE BOARD OF EDUCATION

## EDUCATOR EVALUATION POLICY

5.201

- (3) Failure to submit a portfolio shall result in an incomplete evaluation record for the school year, and no level of overall effectiveness (LOE) shall be calculated.
- (4) The following portfolio models have been approved for use by LEAs:
  - (a) Fine Arts TEAM Portfolio Model
  - (b) World Languages TEAM Portfolio Model
  - (c) Physical Education TEAM Portfolio Model
  - (d) Pre-K/Kindergarten TEAM Portfolio Model
  - (e) First grade TEAM Portfolio Model
  - (f) Second grade TEAM Portfolio Model
- (5) Pursuant to T.C.A. § 49-6-105(e)(1) and State Board Rule 0520-02-01-.03, LEAs that receive pre- Kindergarten program approval under T.C.A. §§ 49-6-103 - 49-6-110 shall utilize the pre- K/Kindergarten growth portfolio model approved by the State Board of Education, or a comparable alternative measure of student growth approved by the State Board of Education and adopted by the LEA, in the evaluation of pre-Kindergarten and Kindergarten teachers.
- (6) Pursuant to Chapter 1 and Chapter 3 of the Public Acts of 2021 (1<sup>st</sup> Extraordinary Session), LEAs and public charter schools may establish a policy or procedure to authorize teachers in non-tested grades in pre-Kindergarten through grade two (Pre-K-2) to use the results of the Tennessee universal reading screener, Tennessee universal math screener, or a universal reading screener approved by the State Board as an approved alternative growth model to generate individual growth scores for teachers.
- (7) In order for an alternative growth measure for pre- Kindergarten and/or Kindergarten to be considered for conditional approval by the Commissioner, the measure shall:
  - (a) Be nationally normed;
  - (b) Be evidence-based;
  - (c) Be available in both mathematics and/or English language arts;
  - (d) Have the ability to evaluate all students in pre-Kindergarten and/or Kindergarten;
  - (e) Produce results that represent student growth, not student achievement; and

<b>TENNESSEE STATE BOARD OF EDUCATION</b>	
<b>EDUCATOR EVALUATION POLICY</b>	<b>5.201</b>

- (f) Produce results that can be scaled to differentiate performance into five (5) effectiveness groups in accordance with the guidelines developed by the Department.
  
- (8) In addition to the requirements under paragraph (2), each proposed alternative student growth measure shall, at a minimum, be evaluated by the Department for:
  - (a) Purpose or intended use;
  - (b) Alignment to the Tennessee academic standards;
  - (c) Frequency of administration during a school year; and
  - (d) Modality.
  
- (9) Following the one-year pilot, the Commissioner may recommend to the State Board that the alternate growth measure be approved for continued use. Such recommendation shall be based on the expectations for alternate growth measures set out in paragraphs (2) and (3) of this section.
