

Tennessee Lifetime Wellness Standards Grades 9-12 (High School)

The Tennessee Lifetime Wellness Standards Grades 9-12 document is divided into five components: Personal Wellness (PW); Mental, Emotional, and Social Health (MESH); First Aid and Safety (FAS); Human Growth and Development (HGD); and Substance Use and Abuse (SUA).

Key Ideas:

- 1) The Tennessee Lifetime Wellness Standards Grades 9-12 state skills, knowledge, and behaviors students should demonstrate at end of the high school lifetime wellness experience.
- 2) Each component is divided into subcomponents as a means to organize similar standards.
- 3) The standards need not be taught in the order presented. The component and subcomponent numbers are only for organization and identification.
- 4) The standard is the action, knowledge, or behavior expected, e.g., HS.PW.2 Evaluate personal nutritional and energy needs.
- 5) Unique to the Grades 9-12 Standards is "Component Extension". The component extensions are ideas to further challenge students in a particular subcomponent.
