

Coordinated School Health Policy 4.204

The Background:

Coordinated School Health Policy 4.204 outlines the minimum standards and requirements of the Coordinated School Health (CSH) program for LEAs to use in developing guidelines and procedures that address the health needs of their students and improve student opportunities for academic achievement.

In the 2022 legislative session, Governor Lee and the Tennessee General Assembly passed the Tennessee Investment in Student Achievement (TISA) Act which will transition the state to a student-based funding approach starting in the 2023-24 school year. Due to the passage of TISA, this item proposes changes to the Coordinated School Health Policy 4.204 to remove specific references to the Basic Education Program (BEP) from the policy and align language with TISA.

There are no changes between first and final reading.

The Fiscal Analysis Impact:

T.C.A. § 49-1-212 requires that the Department prepare a fiscal analysis of any policy, rule, or regulation proposed to the State Board of Education. This item has no financial impact on an LEA.

Policy Justification:

T.C.A. § 4-5-230 requires that justification for adopting an item as a policy instead of a rule be submitted to the chair of the Government Operations Committee. This item is proposed to be adopted as a policy because it defines or explains the meaning of a statute or rule and/or concerns only the internal management of state government that does not affect private rights or privileges.

Connection to the [Master Plan](#):

This item supports the State Board's strategic focus on Engagement and Accountability outlined in the Master Plan by ensuring the policy aligns with changes in law to ensure the effective implementation of education policy.

The Recommendation:

The Department of Education recommends approval of this item on final reading. The SBE staff concurs with this recommendation.
