**Master Plan Annual Report 2023**

---

**The Background:**

As required in the State Board's Master Plan, the State Board will publicly report progress toward expected outcomes through the production and publication of an annual report. This item is the first annual report for the State Board and includes the 2023 outcomes, actions, and next steps for the Board within each of the four strategic focus areas outlined in the Master Plan: Literacy, Postsecondary and Career, Teachers and Leaders, and Engagement and Accountability.

**Connection to the Master Plan:**

This item publicly reports on the progress and expected outcomes for all four of the the State Board's strategic focus areas.

**The Recommendation:**

This item is for informational purposes only; no action is required.
