# APPROVED HIGH SCHOOL COURSES

3.205

The following courses may be offered for credit in grades 9-12. Some of the approved courses may be substituted for courses required for graduation. For the list of allowable course substitutions, please see the Graduation Substitutions Policy 3.103. In addition to the courses listed below, there are course codes available for Advanced Placement, International Baccalaureate, Cambridge, and Dual Enrollment courses. The Department of Education's Course Code Management System provides the full list of these courses.

Beginning in the 2025-26 school year, Statewide Dual Credit will be phased out over a three-year period. Courses listed in this policy that are set to be phased out are noted in italics. For more guidance, please see the Department of Education's website.

# **APPROVED HIGH SCHOOL COURSES**

3.205

CTE courses are listed below by career cluster. All students who enter high school must earn three (3) credits in an elective focus. If CTE is used to satisfy this requirement, students are required to take three (3) credits in a Department of Education\_ approved program of study or career cluster. Students who are concentrating in CTE must complete three <a href="two">two</a> (23) credits within a single program of study. All courses are aligned to a primary career cluster. Some programs of study may include courses from multiple career clusters, early postsecondary, and/or academic programs.
