

2024-25 Priority Schools

CSI/Priority schools are identified when they exhibit low student performance by failing in the bottom five percent of performance or by having a graduation rate less than 67%. Starting 2024-25, an ATSI school can become a CSI/Priority school if the school was identified as ATSI for a given student group in 2022-23, has yet to meet any of the ATSI exit criteria; and is identified as ATSI for the same student group in 2024-25 (i.e., ATSI to CSI/Priority pathway). CSI/Priority schools are identified based on the identification timeline specified in the annual accountability protocol. CSI/Priority schools are eligible for exit evaluation annually.

108 schools are identified as CSI/Priority or CSI schools for the 2024-25 school year as presented in the list below.
