**POLICY SECTIONS**

- I. **Purpose**
- II. **Approved Local School Board Member Training Courses**

- I. **Purpose**

T.C.A § 49-2-202(a)(6) requires the State Board of Education (State Board) to establish the minimum requirements for the annual training of local school board members. State Board Rule 0520-01-01-.11 sets the process for approval of the training courses and requires the State Board to convene an advisory committee to evaluate and recommend course proposals for approval. Training course approvals are valid for three (3) years, unless otherwise noted in this policy.

This policy lists the training courses recommended by the State Board’s advisory committee and approved by the State Board. The approved courses are available for use by local school board members to meet the training requirements set forth in state law and State Board rule.

- II. **Approved Local School Board Member Training Courses**

The following training courses are approved by the State Board for new and experienced local school board members.

New board members shall complete a minimum of twenty-one (21) credit hours of training courses, with fourteen (14) credit hours from Table 1 and the remaining seven (7) credit hours from Table 2. Experienced board members shall complete a minimum of seven (7) credit hours of training courses from Table 2.

Training courses with an expired approval period and that are no longer approved for credit are included in Table 3.
