**BEP 2.0 Allocations for Fiscal Year 2010 - 2011**

---

**The Background:**

The attached BEP allocations for fiscal year 2010 – 2011 provide funding of the Basic Education Program. Inflationary adjustments to maintain full funding of the BEP are \$82,000,000 for the current fiscal year. This year, funding levels for implementation of BEP 2.0 remain the same as last year.

- BEP instructional positions funded at \$38,000,
- 100% funding for at-risk students in grades K-12,
- Funding for English Language Learners at a ratio of one to thirty (1:30) and one to three hundred (1:300) for teachers and translators.
- 70% of state funds for instructional positions within the classroom component.
- Maintain the 50% reduction of the cost differential factor as originally adopted in fiscal year 2007-2008, moving towards eventual elimination of the CDF,
- Maintain a 50% phase-in for equalization purposes of the ability of local jurisdictions to raise local revenues by measuring the ability to generate local revenues from property tax and local option sales tax. This phase-in ensures that no LEA's measurement of ability to raise local revenue is adjusted by more than thirty percent (30%) within a single year.

**The Master Plan Connection:**

The agenda item supports the sufficient resources component of the State Board of Education's *Master Plan* through improved statewide funding for education via a comprehensive set of formula improvements to the BEP.

**The Recommendation:**

The Department of Education recommends adoption of the 2010 – 2011 fiscal year BEP allocations on final reading. The SBE staff concurs with this recommendation.
