Overview

Performance

This is a measure of an EPP's performance in the four scored domains on the Report Card: Candidate Profile, Employment, Provider Impact, and Candidate Assessment.

Overall Rating**Meets Expectations****What does this mean?**

"Does Not Meet Expectations" means the provider received less than 40% of possible points. "Meets Expectations" means the provider received 40-74.9% of possible points. "Exceeds Expectations" means the provider received 75% or more of possible points.

Why is this important?

Overall Performance indicates how well a provider is doing in the State Board's key priority areas for preparing educators: recruiting strong, diverse candidates to teach in the areas of greatest need; preparing candidates for employment in Tennessee public schools; and preparing candidates to effectively support student learning.

Domains

The metrics in the Report Card are divided into five domains. Four domains are scored and one is unscored.

Candidate Profile**Does Not Meet Expectations****What does this mean?**

The Candidate Profile domain evaluates the provider's ability to recruit a strong, diverse cohort of candidates and prepare them to teach in the content areas of greatest need.

Employment**Exceeds Expectations****What does this mean?**

The Employment domain evaluates a provider's performance in preparing educators to begin and remain teaching in Tennessee public schools.

Provider Impact**Meets Expectations****What does this mean?**

The Provider Impact domain reports on the effectiveness of a provider's cohort members in Tennessee public school classrooms.

Candidate Assessment**Does Not Meet Expectations****What does this mean?**

The Candidate Assessment domain evaluates a provider's performance in preparing candidates to pass the pedagogical and content-area assessments required to obtain a Tennessee teaching license.

Satisfaction**This domain is unscored****What does this mean?**

Candidate Profile

The Candidate Profile domain evaluates the provider's ability to recruit a strong, diverse cohort of candidates and prepare them to teach in the content areas of greatest need.

Performance**Does Not Meet Expectations****What does this mean?**

"Does Not Meet Expectations" means the provider received less than 50% of possible points. "Meets Expectations" means the provider received 50-74.9% of possible points. "Exceeds Expectations" means the provider received 75% or more of possible points.

This metric shows the racial and ethnic composition of the three-year cohort.

Why is this important?

Research indicates that a racially and ethnically diverse teaching force can have a variety of positive impacts on students.

Metrics

This domain includes two scored metrics

(No data is shown for metrics with an n-size smaller than 10.)

EPPs above the scored range receive the maximum points possible. EPPs within the scored range receive partial points. EPPs below the scored range receive zero points.
