
Curriculum Frameworks Policy 3.200

The Background:

The State Board of Education adopted the Curriculum Frameworks Policy in July 1995. This policy, which has not been revised since its initial adoption, outlined the role of the State Board in adopting curriculum frameworks for each subject area.

This policy is now obsolete with the adoption of the Standards Review Policy 3.209 and Chapter 999 of the Public Acts of 2016 which clearly defines the role of the State Board in adopting “academic standards”. As such, it is recommended that this policy be repealed.

The Fiscal Analysis Impact:

Tenn. Code Ann. § 49-1-212 requires that the Department of Education prepare a fiscal analysis of any policy, rule or regulation proposed to the State Board of Education. This item has no financial impact on an LEA.

The Recommendation:

The Department of Education recommends acceptance of this item on first reading. The SBE staff concurs with this recommendation.
