3. Why can't my confirmation # be used to find my diversion application? **Confirmation #s are generated and maintained by the Fiscal Department. The Diversion Unit will check your application based on last name and/or social security #. It is helpful to have the date the application was submitted online which is contained in the email you printed out upon application.**

5. Before I waste my time and \$100, will you run an NCIC check on my client to see if he is diversion eligible? **We are not permitted to do this pursuant to FBI rules, regulations and policies.**
6. Can I do the online application on a smartphone and/or iPhone? **No. Our application is not compatible with smartphones, including iPhones. You must use a desktop computer, a laptop or an Ipad.**
7. I accidentally deleted my diversion application twice. What can I do to get my money back? **The diversion unit can give you the information in order to contact our billing department. The billing department can help you get your money back. You will need to have the credit card that you originally used and the date you entered the application(s).**
8. The online application asks for the DA's name, phone and fax number. May I put my information on the application? **You may put your information, but the DA who is handling the case should receive the certification from TBI in order to ensure that applications are not altered.**

However, you may request that your district attorney or local law enforcement office do this for you. TBI will be required to charge the defendant another \$100 if we run an application again.**
