## General Information

The Tennessee Commission on Children and Youth (TCCY) annually awards Title II Federal Formula Grants with funds provided through the Juvenile Justice and Delinquency Prevention Act (JJDP) as amended by the Juvenile Justice and Reform Act (JJRA) of 2018. Grants are awarded for one year and are renewable for up to two additional years. **Renewal is not automatic. All applicants (continuation and new) must submit an application each year.** Programs will be evaluated annually. Depending on the prior success of the program, it may be funded for a second or third year. If a project is approved for funding after the first year, the funding level for the second and third years will be 75% and 50%, respectively, of the first year's budget. **Please understand this is a very competitive process and grant applications must follow strict adherence to the guidelines and instructions in the application. All awards are subject to the availability of U.S. Department of Justice federal appropriations and any modifications or additional requirements that may be imposed by TCCY or by law.**

Federal regulations require that funds be allocated for programs that are part of a comprehensive and coordinated community system of services including collaborative efforts. TCCY will give preference to: 1) programs which provide direct services to youth, particularly for delinquency prevention, 2) programs designed to identify and reduce incidences of youth racial and ethnic disparities in the justice system, 3) programs and services designed to have a statewide impact, and 4) agencies who employ evidence-based programming in their grant project. The term "comprehensive and coordinated system of services" includes the following:

- (A) Ensures that services and funding for the prevention and treatment of juvenile delinquency are consistent with policy goals of preserving families and providing appropriate services in the least restrictive environment so as to simultaneously protect youth and maintain public safety.
- (B) Identifies, and intervenes early for the benefit of young children who are at risk of developing emotional or behavioral problems because of physical or mental stress or abuse, and for the benefit of their families.
- (C) Increases interagency collaboration and family involvement in the prevention and treatment of youth delinquency.
- (D) Encourages private and public partnerships in the delivery of services for the prevention and treatment of youth delinquency in rural areas.

The Department of Justice's Equal Treatment Regulation 28 C.F.R. Part 38 prohibits State administering agencies from making award or grant administration decisions on the basis of an organization's religious character or affiliation, religious name, or religious composition of its board of directors. The regulation also prohibits faith-based organizations from using financial assistance from the Department of Justice to fund inherently religious activities. The Equal Treatment Regulation also makes clear that organizations participating in programs funded by the Department of Justice are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion.

Pursuant to Executive Order 13512 of October 1, 2009, “Federal Leadership on Reducing Text Messaging While Driving,” all Department of Justice (DOJ) recipients and subrecipients are encouraged to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this grant, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers. Texting while driving a vehicle in Tennessee is illegal per Texting While Driving Law (TCA 55-8-199).

Agencies should employ evidence-based programming in their grant project or use best practices (as identified in research) in the implementation of their proposed project.

Agencies or programs which have previously been awarded a Federal Formula Grant from TCCY are not likely to receive additional funds after three years of funding. Any subsequent application will only be approved if it includes a new program or program component which is significantly different from the previously funded grant.

Additionally, all grantees are expected to have contact with the TCCY Regional Coordinator in their area and to participate in Regional Council activities. Statewide grantees should make contact with all nine (9) regional coordinators, and plan to participate in TCCY activities, trainings, events, etc.

During the project period, grantees may be asked to make at least one presentation to the Tennessee Commission on Children and Youth to highlight their program including progress and activities.

The information which follows is intended to facilitate the writing of your grant application. Included are the answers to the most frequently asked questions about the applications content. Also included are guidelines for allowable budget items and specific project components which will not be funded.

### **1. PURPOSE OF FEDERAL FORMULA GRANT PROGRAM:**

The purpose of TCCY's Federal Formula Grant Program is to plan for and implement the Juvenile Justice and Delinquency Prevention Act (JJDP Act) of 1974 (as amended through P.L. 115-385, enacted December 21, 2018); 34 USC §11133 (a) et seq. The Act mandates the following: Deinstitutionalization of status offenders, removal of juveniles from adult jails, separation of juveniles from adult offenders, and identify and reduce the incidences of youth racial and ethnic disparities in the justice system. Grants are awarded to assist Tennessee in complying with these mandates as well as to prevent delinquency and to improve the youth justice system.

### **2. ELIGIBILITY OF NEW AND CONTINUATION PROJECTS:**

Entities eligible to apply for initial Federal Formula Grant funds shall include any public and private (non-profit) agency which includes governmental, educational, law enforcement, or other child serving or advocacy organization. To apply, all applicants must first have a valid (active) registration in the System Award Management (SAM.gov) and Unique Entity Identifier (UEI) Number (see appendix 3). If your SAM registration expires you will not be considered for grant funding. Initial funding shall be for a period of not more than twelve (12) months and renewable for up to 3 years. Continuation funding is contingent upon reapplying, satisfactory performance and the availability of funds. Equitable distribution of federal formula grants across regions will be considered, but in some cases, grants may be awarded in the same area. Applicants in the same area are not prohibited from applying. Federal regulations allow states to withhold funds as a sanction for persistent patterns of violations of JJDP/JJRA Act.

### **3. EVIDENCE-BASED PRACTICES:**

**All Federal Formula sub grantee programs/projects are required to be evidence-based/model programs or promising practices.**

#### **Evidence-based**

Evidence-based programs and approaches are defined as strategies and programs demonstrated through research and evaluations to be effective at preventing or intervening in youth delinquency using rigorous scientific research methods.

#### **Promising Practices**

Promising practices are programs and strategies that have shown some positive results and potential for improving desired outcomes. They may have evidence from use in real-world settings, a strong theoretical framework, and/or expert opinion, but have not been fully replicated in scientific studies. Depending on the level of scientific evidence these are sometimes referred to as "evidence-informed," "research-supported," or "emerging" practices.

**The source of the evidence-based program/model program must be documented in the project narrative section of the request for proposal (RFP).** Indicate the name of the evidence-based program being implemented. TCCY will give priority in funding to programs and activities that are evidence-based/model programs/promising practices. Model programs

can come from many valid sources (e.g., *OJJDP's Model Programs Guide, Blueprints, Crime Solutions*, SAMHSA's Model Programs, State model program resources, etc.).

Note: The *Office of Juvenile Justice and Delinquency Prevention Model Programs Guide*, describing evidenced-based delinquency prevention and intervention programs can be found on the MPG website [www.ojjdp.gov/mpg/](http://www.ojjdp.gov/mpg/). Applicants may also find information on evidence-based programs in criminal justice on the website [www.crimesolutions.ojp.gov](http://www.crimesolutions.ojp.gov). Applicants must use the highest degree of fidelity (conformity) in the implementation of the components of the model programs, promising practices, and/or best practices.

#### **4. PERFORMANCE MEASURES:**

**Performance Measures:** The federal funds awarded subsequent to this RFP come to the state from the Office of Juvenile Justice and Delinquency Prevention (OJJDP). OJJDP, like all Federal agencies, must meet the following requirements of Government Performance and Results Act of 1993 (P.L. 103, or "GPRA):

- Develop strategic plans that specify what they will accomplish over a 3 to 5-year period.
- Set performance targets annually related to their strategic plan; and
- Report annually on the degree to which the previous year's targets were met.

All Federal Formula sub grantees are required to collect data to measure the specific outputs and short and long-term outcomes their programs are designed to achieve. There are performance measures outlined in the chart on page 18 for which grantees are required to submit data during the grant period. In the project narrative, applicants must describe their data collection methods. The data collected should support the information submitted on reports and TCCY may periodically request to see the back-up data that supports the information submitted.

An applicant is not required to submit performance data with the application. Rather, performance measure information is included to provide notice that award recipients will be required to submit performance data as part of each award's reporting requirements.

#### **5. GRANT REVIEW PROCESS:**

All grants shall be reviewed by TCCY Grant Review Committee of the Commission prior to submission to the full Commission for final approval or disapproval and funding level. TCCY will provide for an equitable distribution of the award funds within the state, including rural areas. Several other factors taken into consideration include observations from site visits for continuation grantees, community need, grant scores, availability of funding and progress reports, if applicable. In addition to the quality of each proposal, prior funding history and program outcomes may also be considered in making the funding decisions. A letter will be sent to all applicants within thirty (30) days of the Commission's decision for approval or disapproval. Applications may be approved for full funding, partial funding or denied with no funding. If approved, the letter will indicate any special conditions that must be met before the project(s) can begin. If disapproved, the letter will explain the reason for disapproval and

any deficiencies in the application that prevented the project from being funded. All decisions by the Commission will be final.

**6. FUNDING:**

Applicants can apply for funding up to \$75,000 for the project period of October 1, 2025, to September 30, 2026.

**(b) 20% Budget Flexibility & Budget Revisions**

For the fiscal year 2025-2026, TCCY will allow 20% budget flexibility for any needed adjustment. This means that you can make total adjustments between the **existing line items in your budget**, without prior approval, not to exceed 20% of the total contract budget. (Example: If your total budget is \$50,000, dollars can be moved between line items not to exceed \$10,000 total). This flexibility is meant to be used if needed, but not to be abused. Below are the guidelines in regard to any adjustments you make:

Even though prior permission is not required to make these line-item adjustments within the allowable 20% of the total budget, **you will need to document any adjustments you have made within the quarter and submit this documentation along with your quarterly report** so that we may keep accurate tracking records of your budget for audit purposes. **This flexibility does not include the creation of new line items to your existing budget.** Creating new line items, time extensions, adjustments of more than 20%, any adjustments that will make a cumulative adjustment of more than 20% or any change in total contract amount is a revision and requires prior written approval. A letter of request with supporting documentation and clarifying reason(s) for request must be submitted for consideration of approval.

Only one budget revision exceeding the 20% allowable adjustment will be allowed for the fiscal year 2025-2026. **Under no circumstances will there be any budget revision/adjustment approved after July 31, 2026.** This will allow our fiscal department time to reconcile account balances before the end of the federal fiscal year. Therefore, it is imperative that you carefully review your budget when submitting reports to assess your needs before requesting a revision.

All funds must be obligated and proposal activities must be performed with the project period. Any funds not obligated by the grantee by the end of the award period will lapse and revert back to TCCY. No additional obligations can be incurred after the end of the award period.

**14. PROJECT PROGRESS/ANNUAL REPORTS:**

Each grantee shall submit a quarterly progress report along with their expenditure claim **within 30 days of the end of each quarter**. The purpose of the project progress report is to determine progress and/or deficiencies of sub grantees in meeting the goals and objectives of the grant. This includes quarters which progress is not made or expenses are not incurred.

Grantee will submit the required Annual Project Report no later than 30 days after end of contract period (October 30).

**15. PROJECT SITE VISITS AND PROGRAM MONITORING:**

TCCY staff will make an on-site visit at least once a year to view the program in progress and review program records. The purpose of the visit is to provide technical assistance to ensure that programs are doing well and meeting stated goals and objectives.

The program will also have a CPO Review conducted by TCCY staff. The monitor will examine claims for reimbursement, fiscal records, program records, personnel records and other records, if needed.

Letters of agreement and/or commitment should include in kind resources and services that will be provided to the program by other agencies and/or consultants.

**18. SELF-SUFFICIENCY:**

# **STANDARD PROGRAM CATEGORIES**

**The Office of Juvenile Justice and Delinquency Prevention has established “Standard Program Categories” for the use of Title II Federal Formula Grant (FFG) funds. The Standard Program Category that has been allocated funding in Tennessee is presented below. Review of this information provides guidance regarding expectations for projects funded under each category.**

- **Delinquency Prevention Programs**

The term "juvenile delinquency program" means any program or activity related to juvenile delinquency prevention, control, diversion, treatment, rehabilitation, planning, education, training, and research, including drug and alcohol abuse programs; the improvement of the juvenile justice system; and any program or activity designed to reduce known risk factors for youth delinquent behavior, provides activities that build on protective factors for, and develop competencies in, juveniles to prevent, and reduce the rate of, delinquent youth behavior. Gender-specific services and Trauma-informed care programs are included within this category.

Delinquency prevention programs are comprehensive juvenile justice and delinquency prevention programs that meet the needs of youth through the collaboration of the many local systems before which a youth may appear, including schools, courts, law enforcement agencies, child protection agencies, mental health agencies, welfare services, health care agencies, and private nonprofit agencies offering youth services.

## **Budget**

Applicants can apply for funding up to \$75,000 for the project period of October 1, 2025, to September 30, 2026.

## Performance Measures

Performance measurement is a system of tracking progress in accomplishing goals, objectives, and outcomes. It monitors a few vital signs related to program performance and is less rigorous than program evaluation.

Sub grantees need to have performance measurements for each program category to demonstrate compliance with performance accountability provisions of new legislation. Performance measurements are defined as data/information that will be collected at the program level to measure specific outcomes a program is designed to achieve. Therefore, they **must** be developed and included with each program objective. The following are types of performance measurements:

1. **Output Indicators** measure the products of a program's implementation or activities. They are generally measured in terms of the volume of work accomplished, such as amount of service delivered, staff hired, systems developed, sessions conducted, materials developed, policies, procedures, and/or legislation created. Examples include number of juveniles served, number of hours of service provided to participants, number of staff trained, number of detention beds added, number of materials distributed, number of reports written, and number of site visits conducted. They may also be referred to as *process measures*.
2. **Outcomes Indicators** measure the benefits or changes for individuals, the juvenile justice system, or the community as a result of the program. Outcomes may be related to behavior, attitudes, skills, knowledge, values, conditions, or other attributes. Examples are changes in the academic performance of program participants, changes in the recidivism rate of program participants, changes in client satisfaction level, changes in the conditions of confinement in detention, and changes in the county-level juvenile crime rate. There are two levels of outcomes:
  - a. **Short-term outcomes:** The benefits or changes participants experience by the time a youth leaves or completes the program. For direct service programs, they generally include changes in recipients' behavior, attitudes, skills, and knowledge. For programs designed to change the youth justice system, they include changes to the juvenile justice system that occur by the funding's end.
  - b. **Long-term outcomes:** The ultimate outcomes desired for participants, recipients, the youth justice system, or the community. For direct service programs, they generally include changes in recipients' behaviors, attitudes, skills, and knowledge. They also include changes in practice, policy, or decision-making in the youth justice system. They are measured within 6-12 months after a youth leaves or completes the program. They should relate back to the program's goals (e.g., reducing delinquency).

**Performance Measures for Delinquency Prevention:  
(Grantee must be able to track and report on the following Performance Measures)**

<u><b>Output Indicators</b></u>	<u><b>Outcome Indicators</b></u>
<ol style="list-style-type: none"> <li>1. Number of program slots available.</li> <li>2. Number and percent of program staff trained.</li> <li>3. Number of program youth served.</li> </ol>	<p><b>Short-term Outcome</b></p> <ol style="list-style-type: none"> <li>1. Number and percent of program youth who offend during the reporting period.</li> <li>2. Number and percent of program youth who re-offend during the reporting period.</li> <li>3. Number and percent of program youth exhibiting desired change in targeted behaviors (e.g., substance use, school attendance, antisocial behavior, family relationships) during the reporting period.</li> <li>4. Number and percent of program youth completing program requirements.</li> <li>5. Number and percent of program youth satisfied with program.</li> <li>6. Number and percent of program staff with increased knowledge of program area</li> </ol> <p><b>Long-term Outcomes</b></p> <ol style="list-style-type: none"> <li>1. Number and percent of program youth exhibiting desired change in targeted behaviors (e.g., substance use, school attendance, antisocial behavior, family relationships) six months to one year after exiting the program.</li> <li>2. Number and percent of program youth who offend during the reporting period.</li> <li>3. Number and percent of program youth who re-offend during the reporting period.</li> </ol>

**Note:** An applicant is not required to submit performance data with the application. Rather, performance measure information is included to provide notice that award recipients will be required to submit performance data as part of each award's reporting requirements.

## APPEALS PROCESS

### **Criterion for Appeal:**

Appeals will be considered only if:

**The Commission failed to follow established guidelines to assure fairness and uniformity for all applicants.**

### **Procedures for Appeal:**

The awarding of Title II Federal Formula Grant funds from OJJDP is a discretionary act by the Tennessee Commission on Children and Youth. The Commission strives however, to assure that appropriate factions within state and local government, as well as private individuals and agencies, are informed of the availability of funds and have an opportunity to make application for the funds.

### **Established Guidelines:**

TCCY developed the following guidelines to assure fairness and uniformity:

- Announcement of availability of funds;
- Acceptance of grant applications;
- Review of grant applications; and
- Notification of approval/disapproval of applications.

These procedures are adopted by TCCY and reviewed periodically for update and revision. Copies of the procedures can be obtained from the TCCY office.

Therefore, the decisions of TCCY relative to the approval or disapproval of grant funds shall be final, except for the above-mentioned criterion. There is, also, no appeal for the amount awarded.

If the applicant feels that sufficient evidence can be shown to support the criterion, an appeal may be filed **in writing within ten (10) working days** of notification of approval/disapproval of the grant application. TCCY staff shall stamp the appeal with the date and time of receipt.

TCCY staff, as designated by the Executive Director, shall review the appeal and investigate to determine if the evidence presented in the appeal has merit. If the appeal is found to be of merit, the grant application shall be scheduled for review by Grant Review Committee of the Commission. This review shall take place prior to the next regularly scheduled TCCY Commission meeting, and the recommendation of the Grant Review Committee shall be discussed as an agenda item at that meeting. The decision of TCCY on the appeal shall be final with no further appeal.

## **Appendix III**

## Unique Entity Identifier Number

### Unique Entity Identifier Number Requirement

The new Unique Entity Identifier (UEI) is now the primary means of identifying entities registered for federal awards government-wide in the System for Award Management (SAM). The federal government has replaced the DUNS Number with the new unique entity identifier.

### What is a Unique Entity Identifier?

The Unique Entity ID is the official identifier for doing business with the U.S. Government as of April 4, 2022. It is a 12-character alphanumeric ID assigned to an entity by SAM.gov. Any entity that wants to apply for federal contracts or wants to receive federal funds must register with SAM. Entities that use SAM include for profit businesses, nonprofits, government contractors or subcontractors, as well as state and local governments.

If your business or nonprofit is already registered in SAM.gov— whether you are active or not— you already have a Unique Entity ID. You can find it at SAM.gov.

### Is the Unique Entity Identifier the Same as DUNS?

No. Before the UEI was launched as the identifier for use in SAM, small businesses that wanted to do business with the federal government were required to obtain a DUNS number from Dun and Bradstreet. Now they are assigned a UEI managed by the federal government.

### How Do I Get A UEI Number?

If you are registering for the first time at SAM.gov, you will be automatically assigned a UEI during the registration process. New SAM registrants will see two options, both of which will allow them to get a new Unique Entity ID:

- If you want to bid directly on contracts or grants from the federal government, choose “Register Entity.”
- If you are a sub-awardee of a grant or contract who just needs a Unique Entity ID for subaward reporting, choose “Get Unique Entity ID.”

You’ll be asked for your legal business name and physical address. Note that you will not be able to use a P.O. Box as your address.

### Is there a fee for registering for a UEI number?

No. Registration is free.
