Q: Can we use this grant money to cover the cost of someone going to an instructor class for MACE or PPCT?

A: No, this grant is for training equipment only.

Q: Where can I find my DUNS number or Edison number?

A: Contact your county finance office. The contract will technically be with the county, and so TCI will use their DUNS information and their Edison ID number. You may also look on any contracts that you currently have with OCJP. That information is typically on the “contract cover page”. If you still cannot find your DUNS number, simply enter 0 in the intent to apply field, and when we get to the contracting phase, we will work with you to locate your specific agency’s information.

Q: Can we use this grant to buy wifi equipment (infrastructure) in the inmate areas of the jail?

A: No, this grant is for jail staff and corrections officers and equipment that aids in their training needs. It is not for inmate use. Thus, wifi equipment in the training room would be appropriate, but not in the secure area unless the staff training room is back in the secured area of the jail.

Q: The Intent to Apply asks for the Authorized Official. Is this the Sheriff or the County Mayor? Do I use the name of the person who is in office today, or the name of the person who will be in office when the contract begins?

A: The Authorized Official is the County Mayor or County Executive for your county. We want the contact information for the County Mayor/Executive who will be in office when the contract begins.
