

# TDOT AERONAUTICS ENGINEERING UPDATE

## UPDATED AIRPORT ASSIGNMENTS FOR PROJECT MANAGERS AND PROGRAM MONITORS

Since the last update, The Aeronautics Division was successful in recruiting several new staff members, which we are very excited about. Under Engineering, we now have two (2) new Project Managers who have been with us for over a month and one (1) new Program Monitor in the Planning Section. The contact info for Ben, Michael, and Jordan is provided below and on our [Staff Page](#).

PROJECT MANAGEMENT		PLANNING
<b>Michael Stultz, E.I.</b> Transportation Associate Office: 615-532-5872 Cell: 615-939-0094 <a href="mailto:Michael.stultz@tn.gov">Michael.stultz@tn.gov</a>	<b>Ben Knack, E.I.</b> Transportation Associate 615-741-6010 office 615-939-0377 cell <a href="mailto:Benjamin.Knack@tn.gov">Benjamin.Knack@tn.gov</a>	<b>Jordan Gunn</b> Transportation Program Monitor 1 p. 615-532-5238 c. 731-445-0458 <a href="mailto:jordan.gunn@tn.gov">jordan.gunn@tn.gov</a>

The additional staff will enable engineering to provide improved service and greater attention to the airports by redistributing the airports across seven (7) project managers and focusing more heavily on planning. In changing some of the airport assignments, there are several factors that we accounted for. These include:

- fostering existing relationships,
- considering PM competencies,
- minimizing disruption,
- balancing workload, and
- reducing geographical spread.

In order for the PMs to efficiently travel and maintain a regular presence at their airports, their assignments need to be closely grouped geographically. This wasn't the case before for several PMs.

The new airport assignments are detailed in the attached PDF. As we make these changes, we recognize the importance of communication and inclusion of all relevant staff. To support that, the list includes the respective Supervisor, Program Monitor, and former PM, if applicable. Please make sure to follow our Courtesy Copy procedures to include all relevant staff in your communications. When applicable, 1) Cc the Project Manager's supervisor and 2) Additionally, Cc the former PM (indicated in **Bold** below the airport name).

The transition period will last as long as is needed to ensure that each PM is knowledgeable about their airports and is capable of executing projects. We suspect this will vary on a case-by-case basis. The transition for the new assignments may seem tough at first, but it is necessary and we're confident that we will all benefit from it in the long run.

Let's work together to all be successful!

Sincerely,

John-Paul Saalwaechter [sawl véktər], P.E. | CE Manager 2

Updated Airport Assignment List - 02/05/2018
