**TO:** Regional Directors/Assistant Chief Engineers  
Headquarters Division Directors  
FHWA  
Contractors and Subcontractors

**FROM:** Brian Egan, PE   
Director of Construction

**RE:** Standard Specifications for Road and Bridge Construction January 1, 2021

TDOT has updated and revised the current Standard Specifications for Road and Bridge Construction dated January 1, 2015.

TDOT will begin utilizing the **Standard Specifications for Road and Bridge Construction, January 1, 2021** for all new contracts advertised on or after this date.

An online, electronic version of the new standard specifications is available on the TDOT Construction Division Website; [Construction Division Resources \(tn.gov\)](https://www.tn.gov/construction). Along with the book, there is a brief summary of the standard specification changes available online.

Printed books are not available currently. Once the new books are available, they will be shipped to the Regional offices for distribution to TDOT staff.

Please share this information as needed.
