ATTENTION

This directory contains information on firms that have been prequalified to perform work on and/or bid on TDOT contracts. Prequalification is not a warranty or assurance that a firm is qualified or has the capacity to perform the type(s) of work the owner has represented its firm as competent to perform. Prequalification by TDOT does not relieve the prime contractor of the responsibility for determining if the subcontractors selected are, in fact, qualified to perform the work for which they are engaged.

All Prequalifications have a three month grace period. Contractors are valid for an additional three months from the Expiration Date shown on this report.
