GOVERNOR

MEMORANDUM

DATE: April 5, 2018

TO: Members of the 110th Tennessee General Assembly

FROM: John C. Schroer, Commissioner
Department of Transportation

RE: **Proposed 2019-21 Comprehensive Multimodal Program**

As part of Governor Haslam's state budget, the Department of Transportation is including the attached FY 2019-2021 Comprehensive Multimodal Program for your information. This program contains components for highway projects, bridges, transit, rail, waterway, and aviation projects, as well as statewide initiatives in support of the Department's FY 2019 budget. In addition to the FY 2019 budgeted program are partial plans for years FY 2020 and FY 2021.

The highway project listing component of the program identifies funding for preliminary engineering, right-of-way activities, construction, operations, and statewide initiatives on 143 individual project phases on 116 projects, located in 50 counties across the state. Additionally, the bridge component of the program initiates activities on 80 bridges, 10 on state routes and 70 on local roads, in 52 counties.

The Comprehensive Multimodal Program continues to build on the legacy of the IMPROVE Act, budgeting dollars for 196 of the 962 projects identified in the legislation, accelerating their delivery. This 3 year program will generate work on roads and bridges in 70 of Tennessee's 95 counties. These investments are critical in providing a safe and reliable transportation network for our citizens and for increasing economic development opportunities across the state.

If you have any questions regarding this program, please do not hesitate to contact me.
