Ed,

The purpose for this email is to let you know that a Public Hearing was held for the SR 18 Environmental Assessment last night at the Malesus Community Center, 5-7pm. The meeting was well attended. There were 117 signed in. Elected officials included, Sen. Delores Gresham, Madison County Commissioner Author Wilson, and Hardeman County Mayor William E. Spencer. Attending for TDOT was Joe Matlock, Derrick Tibbs, Pauline Crum, Karen Bullington, and Steve Chipman. Parsons, consultant, had two representatives, Luke Eggering and associate. As far as I know, no one from the news media attended.

The comments received indicated the public believes there is a need for the project but no preference for an alignment.

Please let me know if you have any questions.

Thank you,
Steve
